**Garland's magnificent facsimile series of the manuscripts of Percy Bysshe Shelley and Mary Wollstonecraft Shelley in the Bodleian Library, Oxford ( The Bodleian Shelley Manuscripts , 22 volumes, 1986-1997) is now made complete by the publication of its Index-volume. Volume XXIII provides the key to the contents of the Shelleyan notebooks and papers in all their complexity: poems, prose, translations, fragments, calculations, drawing and doodles, addresses and other miscellaneous jottings. The accumulated findings provide a treasure-trove of information about the Shelley's lives: their writings and readings, and echoes of classical and later authors; the people they met, corresponded with, rented houses from, or saw perform; the towns they visited, the very houses in which they lived, the lakes and rivers they sailed and the mountains they climbed. The intellectual and physical data of these manuscripts will help open new vistas for students of their lives, thought and creative writing. Para el padre James Martin, SJ los Santos ison mucho más que estatuas de yeso, son amigos personales! En Mi vida con los Santos James Martin nos presenta una conmovedora experiencia respect a su relación con los Santos -desde María, la madre de Jesús, hasta San Francisco o la Madre Teresa– y la manera personal en la que ha side dirigido por los heroes de la Iglesia a lo largo de toda su vida. El**

padre James nos presenta vívidos y encantadores relatos de los Santos más populares, permitiéndonos ver no solo su santidad, sino su humanidad. A partir de esta experiencia descubrimos la llamada y posibilidad de vivir la santidad en nuestra propia humanidad. James Martin has led an entirely modern life: from a lukewarm Catholic childhood, to an education at the Wharton School of Business, to the executive fast track at General Electric, to ministry as a Jesuit priest, to a busy media career in Manhattan. But at every step he has been accompanied by some surprising friends—the saints of the Catholic Church. For many, these holy men and women remain just historical figures. For Martin, they are intimate companions. “They pray for me, offer me comfort, give me examples of discipleship, and help me along the way,” he writes. The author is both engaging and specific about the help and companionship he has received. When his pride proves troublesome, he seeks help from Thomas Merton, the monk and writer who struggled with egotism. In sickness he turns to Thérèse of Lisieux, who knew about the boredom and self-pity that come with illness. Joan of Arc shores up his flagging courage. Aloysius Gonzaga deepens his compassion. Pope John XXIII helps him to laugh and not take life too seriously. Martin’s inspiring, witty, and always fascinating memoir encompasses saints from the whole of Christian history— from St. Peter to Dorothy Day. His saintly friends include Francis of Assisi, Ignatius of Loyola, Mother Teresa, and other beloved figures. They accompany the author on a lifelong pilgrimage that includes stops in a sunlit square of a French town, a quiet retreat house on a New England beach, the gritty housing projects of inner-city Chicago, the sprawling slums of Nairobi, and a gorgeous Baroque church in Rome. This rich, vibrant, stirring narrative shows how the saints can help all of us find our way in the world. “JUAN XXIII: El Papa Profeta” es un libro excepcional, basado en el que fuera publicado por Pier Carpi, en el año

**1.977, con el título de “Las profecías del Papa Juan XXIII”. Este escritor italiano hizo un buen trabajo, interpretando todo lo que pudo de las Actas, que le dio un anciano de barba blanca y que contenían una quinta parte de los eventos proféticos predichos en 1.935 por Ángelo Roncalli, después Pontífice de la Iglesia Católica. A pesar de su buena labor literaria y de su gran esfuerzo, le quedaron muchas predicciones que no supo o no pudo contestar. Tenía la esperanza de que, en el futuro, otro estudioso lo pudiera conseguir. Pues bien, después de muchos meses de intenso y arduo trabajo, esta obra está **COMPLETAMENTE TERMINADA**. Todo queda claro y cada respuesta ocupa su lugar. Las profecías del Papa de Roma ya tienen todas sus soluciones y nada ha quedado en el tintero, no sólo las referentes a la Iglesia y las relativas al mundo, sino también los 26 nombres enigmáticos, con sus frases proféticas, de personajes de la Tierra, que fueron una de las cosas que Carpi, a pesar de su tesón, no pudo resolver. Desde el inicio de la videncia de Roncalli hasta el año 2.033, en el que fija el final de todo, hay multitud de hechos reveladores de la Historia de esta Humanidad y hasta el momento en el que será renovada. Este ha sido el ímprobo trabajo de José García Álvarez. In a world increasingly characterised by perpetual re-invention through the dynamic flows of capital, persons and ideas, understanding change and transformation is an imperative. The purpose of this book is a first step in a project to engage the dynamics of transformation at the interface of culture and politics, through contextualisation, reflection and a sharing of intellectual resources. Bringing together the work of academics from a range of disciplines, who share an overarching aim to map such transformations, the volume covers themes ranging from popular culture, the Internet, to film and cinema. Casting a contemporary gaze on cultural phenomena, the contributors all seek to trace trajectories of change and continuity from within their own specific field, using a**

range of approaches from theoretical reflection to empirical case studies. Of general interest to students of the humanities and social sciences, and of particular interest for students of cultural studies and communication at all levels, this volume constitutes a unique opportunity to reflect on recent transformations but also on the persistence of certain cultural and political practices. First to ninth reports, 1870-1883/84, with appendices giving reports on unpublished manuscripts in private collections; Appendices after v. [15a] pt. 10 issued without general title. This book offers an analysis of the status and function of the Anglo-Saxon prognostics in their manuscript context, a study of their introduction to and transmission in Anglo-Saxon England, and, for the first time, a comprehensive edition of prognostics in Old English and Latin. Vols. - include the Shorthorn Society's Grading register for beef Shorthorn cattle; v. - include the society's Herd book of poll shorthorns. The first historical appraisal of the astonishing life and times of a controversial twentieth-century saint Padre Pio is one of the world's most beloved holy figures, more popular in Italy than the Virgin Mary and even Jesus. His tomb is the most visited Catholic shrine anywhere, drawing more devotees than Lourdes. His miraculous feats included the ability to fly and to be present in two places at once; an apparition of Padre Pio in midair prevented Allied warplanes from dropping bombs on his hometown. Most notable of all were his stigmata, which provoke heated controversy to this day. Were they truly God-given? A psychosomatic response to extreme devotion? Or, perhaps, the self-inflicted wounds of a charlatan? Now acclaimed historian Sergio Luzzatto offers a pioneering investigation of this remarkable man and his followers. Neither a worshipful hagiography nor a sensationalist exposé, Padre Pio is a nuanced examination of the persistence of mysticism in contemporary society and a striking analysis of the links between Catholicism and

twentieth-century politics. Granted unprecedented access to the Vatican archives, Luzzatto has also unearthed a letter from Padre Pio himself in which the monk asks for a secret delivery of carbolic acid—a discovery which helps explain why two successive popes regarded Padre Pio as a fraud, until pressure from Pio-worshipping pilgrims forced the Vatican to change its views. A profoundly original tale of wounds and wonder, salvation and swindle, Padre Pio explores what it really means to be a saint in our time.
