The standard mode of transportation for decades in Europe, motor scooter was a cult "fun" vehicle in the USA until the past two years. With oil prices soaring and the 20-to-40 set looking for alternative means of commuter (and weekend cruising) travel, motor scooter have exploded across the United States. In 2001, less than 30,000 scooters cruised U.S. roadways. In 2005, over 100,000 are road-bound, and the number is growing by double digits each year. Beginning at \$1,000 and ranging up over \$5,000, dozens of models of scooters are available, as are thousands of accessories. And scooter clubs meet from San Diego to Bangor, Maine. Every year, the largest gathering of motor scooters takes place in Indianapolis, speed capital of the world. The Complete Idiot's Guide to Motor Scooters is the perfect introduction to the wonderful world of motor scooting. DIV Gas prices go up and down, but mostly up, and that trend is likely to continue for the foreseeable future. Because of this, people are increasingly turning to motor scooters. In addition to being entertaining to ride and providing extreme mobility, scooters often travel up to 100 miles for each gallon of gasoline burned. How to Repair Your Scooter is divided into chapters according to the scooter's various mechanical systems. For example, brakes, suspension, intake, exhaust, etc. each have their own chapter. Each chapter begins with a simple explanation of how the subsystem works and what its strengths and weaknesses are. The chapter then takes the reader through a series of common maintenance and repair projects, each illustrated with step-by-step sequential photography with

captions. Content covers two- and four-stroke scooters and is relevant for machines from all markets. /div Fully updated throughout, Electric Vehicle Technology, Second Edition, is a complete guide to the principles, design and applications of electric vehicle technology. "The chief concerns of any retail operation are where to get inventory and how to get the best prices and terms. These are ongoing business challenges that apply as much to eBay sellers as to traditional retailers. eBay Inventory the Smart Way is the first book to look exclusively at the most profitable strategies for finding reliable suppliers and marketable products. Readers will learn how to: * form relationships with wholesalers and obtain dealer status * finance purchases, manage inventory better, and use just-in-time delivery strategies * increase profits with drop shipping and co-op advertising * deal directly with manufacturers and wholesalers, "work" trade shows, and take advantage of trade organizations * research product sales potential, buy closeout merchandise, and tap into pawnbrokers' inventories * and even buy inventory on eBay eBay Inventory the Smart Way covers more than 25 inventory sources and tells how to profit from each. Whether buying in bulk, sourcing one item at a time, or establishing a powerful inventory management system, both established online retailers and newcomers will find this book indispensable."
