The Team That Forever Changed Baseball and America Jan 05 2021 Of all the teams in the annals of baseball, only a select few can lay claim to historic significance. One of those teams is the 1947 Brooklyn Dodgers, the first racially integrated Major League team of the twentieth century. The addition of Jackie Robinson to its roster changed not only baseball but also the nation. Yet Robinson was just one member of that memorable club, which included Carl Furillo, Gil Hodges, Pee Wee Reese, Pete Reiser, Duke Snider, Eddie Stanky, Arky Vaughan, and Dixie Walker. Also present was a quartet of baseball's most unforgettable characters: co-owners Branch Rickey and Walter O'Malley, suspended manager Leo Durocher, and radio announcer Red Barber. This book is the first to offer biographies of everyone on that incomparable team as well as accounts of the moments and events that marked the Dodgers' 1947 season: Commissioner Happy Chandler suspending Durocher, Rickey luring his old friend Burt Shotton out of retirement to replace Durocher, and brilliant outfielder Reiser being sidelined after running into a fence. In spite of all this, the Dodgers went on to win the National League pennant over the heavily favored St. Louis Cardinals. And of course, there is the biggest story of the season, where history and biography coalesce: Jackie Robinson, who overcame widespread hostility to become Rookie of the Year—and to help the Dodgers set single-game attendance records in cities around the National League.

*Errol Flynn Apr 19 2022 Errol Flynn set the standard for the modern action hero in films like The Adventures of Robin Hood, Dodge City, and The Sea Hawk. This biography follows Flynn from his birth in Tasmania, Australia, in 1909, to his death in Vancouver, Canada, in 1959. Included is analysis of his films, discussion of the 1943 rape trial that changed his life, a survey of the FBI's infamous surveillance, and the first detailed account of his television appearances in the 1950s. First-hand interviews with Flynn's friends and colleagues are complemented by research from FBI files, correspondence, Flynn's diary, and other sources. Illustrated with rare and previously unpublished photographs, the study also gives attention to the historical backgrounds and cultural influences that contributed to Flynn's fame; the work takes an objective and analytical look at the actor's adventurous life. The study includes two appendices: the first is a collection of quotations from various celebrities, from memories of his talent and style to anecdotes about his wild pool parties. The second appendix is a filmography including all Flynn's work for film, stage, and television, with cast and crew information.*

*Here's the Pitch Dec 28 2022 2020 SABR Baseball Research Award In the mid-nineteenth century, two industries arrived on the American scene. One was strictly a business, yet it helped create, define, and disseminate American culture. The other was ostensibly just a game, yet it soon became emblematic of what it meant to be American, aiding in the creation of a national identity. Today, whenever the AT&T call to the bullpen is heard, fans enter Minute Maid Park, or vote for favorite All-Stars (brought to us by MasterCard), we are reminded that advertising has become inseparable from the MLB experience. Here's the Pitch examines this connection between baseball and advertising, as both constructors and reflectors of culture. Roberta J. Newman considers the simultaneous development of both industries from the birth of the partnership, paying particular attention to the ways in which advertising spread the gospel of baseball at the same time professional baseball helped develop a body of consumers ready for the messages of advertising. Newman considers the role of product endorsements in the creation of the culture of celebrity, and of celebrity baseball players in particular, as well as the ways in which new technologies have impacted the intersection of the two industries. From Ty Cobb to Babe Ruth in the 1920s and 1930s to Mickey Mantle, Yogi Berra, and Willie Mays in the postwar years, to Derek Jeter, Rafael Palmeiro, and David Ortiz in the twenty-first century, Newman looks at many of baseball's celebrated players and shows what qualities made them the perfect pitchers for new products at key moments. Here's the Pitch tells the story of the development of American and an increasingly international culture through the marriage between Mad Men and The Boys of Summer that made for great copy, notable TV advertisements, and lively social media, and shows how baseball's relationship with advertising is stronger than ever.*

Congratulations! You've Been Fired Aug 31 2020 Advises women on how to gain from finding a new job

Congratulations! You're Unemployed!~ Feb 27 2023 A comprehensive guide to finding a job, doing well in an interview and the do's and don'ts of salary negotiation.

Congratulations! Now What? May 01 2023 Just as a spoonful of sugar helps the medicine go down, so a spoonful of humor helps the wisdom go down. In Congratulations! Now What America's funnyman Bill Cosby gently ribs college graduates about their time spent--or lost--in the hallowed halls of the university and postulates what four years of higher education have suited them for: "[If no job offer] ever turns up with a four-day week, a three-hour lunch, and a holiday for Count Basie's birthday, you still might be able to make a few dollars on Jeopardy." But he also assures graduates that their studies were not in vain and bestows advice to job seekers. Those who acquired several piercings while in school are cautioned to make sure the studs and hoops are shined before going to an interview. Those who are buffing their first professional r+sum+ are advised to strike a tone somewhere between "lyrical lying and fanciful fraud." Cosby, whose successful career as a humorist has always turned on his affection for kids, is a regular speaker at college commencements--in the chapter "As I Look Out at Your Foggy Faces," he says it's a hobby of his--and this 130-page book collects bons mots and sage advice from speeches given because he has "a feeling for anesthesiology." Graduates--and their now-broke parents--will find a reason to smile on every page. --Brenda Pittsley
