Comprehending as without difficulty as covenant even more than additional will meet the expense of each success. adjacent to, the message as skillfully as sharpness of this **Fistitude Five Lessons For Leading Any Team To Success Paperback** can be taken as skillfully as picked to act.

Lessons in Library Leadership: A Primer for Library Managers and Unit Leaders takes on the topic of management positions within libraries and how many of them are filled by candidates with no formalized training. This lack of preparation often leads to added stress as they scramble to learn how to lead, to formulate departmental goals, to conduct effective assessment, to think and plan strategically, to counsel employees, and much more. This book will serve equally as a primer for librarians new to management and those needing a refresher in basic management concepts. Seasoned managers may also look to this guide as a quick reference resource covering multiple management subjects. The contents of the monograph include basic concepts, real word examples/case studies, and bibliographic information for further management skill development. Ideal for both new and currently practicing library managers and leaders Written from a librarian's point of view Includes examples directly related to libraries Combines theory and real-world examples in new and innovative ways The rapid changes in health care including novel technologies as well as the changing economic, political, and social landscapes are all forcing physicians as well as most types of health care practitioners to re-think their role in leadership. This is particularly true in the US in recent years, but the same issues are widely prevalent affecting health care workers around the globe. Developing capable medical leaders who can navigate these challenges will be essential. Physicians and other health care practitioners usually receive little or no leadership training in the course of their education. At the next steps in their training: internship, residency and fellowship, gaining clinical acumen takes precedence over developing other skills that are at the core of leadership training. **Leadership Lessons for Health Care Providers** will allow all types of health professionals to gain a better understanding of what leadership is, how to develop their skills while still early in their careers, how to understand and handle common leadership conundrums and chart a path towards increasing their leadership capabilities as they reach mid-career and beyond. This book will provide a great start for those who are interested in learning more about leadership and includes recommendations for next steps at all stages in leadership work. Discusses and offers practical advice on a number of leadership development topics including levels of leadership, different styles and techniques, dealing with conflict, making hard decisions, and setting priorities Includes valuable insight from leaders and specialists in the health care field Directs readers to additional leadership resources as next steps Focussing on leading change in teacher education, this book includes contributions from international writers who share their reflections and suggestions for a way forward in ever-more challenging circumstances. One of the country's most trusted leaders offers time-tested and real world advice for leading in economic hard times From business giant Bill George, the acclaimed author of Wall Street Journal's bestseller True North, comes the just-in-time guide for anyone in a leadership position facing today's unprecedented economic challenges. The former CEO of Medtronic draws from his own in-the-trenches experience and lessons from leaders (representing an array of companies) who have weathered tough economic storms. With straight talk and clear directions, George shows leaders specifically what they must do to become strong leaders and survive any crisis. His seven lessons include: Face Reality, Starting with Yourself; Never Waste a Good Crisis; and Be Aggressive: This is Your Best Chance to Win in the Market. **Seven Lesson for Leading in Crisis** is a survival kit for anyone in a leadership position. A concise handbook for applying proven leadership lessons in tough times Written by Bill George one of America's most trusted business leaders and author of True North and Authentic Leadership Offers realistic actions leaders can take to put their companies on the right long-term path **Seven Lesson for Leading in Crisis** gives leaders a solid strategy for staying the course. This practical and inspiring guide is for anyone in a managerial or leadership role wishing to improve their leadership skills. It presents 21 examples of real life leadership-in-action scenarios, with a focus on best practices in business leadership, and emphasizing practical and critical leadership skills. The concepts and examples presented in this book provide a solid foundation of what exemplary leadership-in-action looks like, enabling the reader to identify with real life situations to guide them in their quest to be an effective leader. The topic is serious in nature, but there are several humorous anecdotes, and the flow of the book is easy to read. **21 Lessons Learned in Leadership** is the second book in the series, the follow-up to **21 Lessons Learned in Sales Management**. The call to lead and the call to holiness are profoundly intertwined. But in our world today, what does it even mean to be a leader? What does it even mean to be holy? Using the timeless and transcendent wisdom of the saints and the latest findings in business and social science, this book takes an insightful examination of the leadership principles demonstrated in the lives of the saints and their applicability to our modern everyday lives. Faced with challenges where their faith and even their lives hung in the balance, the saints responses exemplify what are authentic, effective, and inspirational models of leadership that we can use to guide us to our eternal destination. Echoing the words of Saint Francis of Assisi, Come along, Ill show you how. Let us call on Francis, Dominic, Ignatius, Francis Xavier, Therese of Lisieux, Teresa of Avila, Maximilian Kolbe, Padre Pio, Mother Teresa, Pope John Paul II, and countless others who have gone before us to be our companions and guides, illuminating the path for us as we step up to lead and move forward to journey towards Christ. Leadership and engagement expert Mark C. Crowley shows how trading in the old business playbook for heart-led leadership strategies will create purpose-driven, dedicated employees and higher levels of performance. Revised and updated to address the needs of those managing Gen Z and millennial employees in addition to the latest global research on employee engagement. In this thoroughly revised and updated edition of his now classic book, visionary Mark C. Crowley provides the roadmap workplace leaders the world over are seeking: How to most successfully and sustainably inspire and manage

other human beings in the post-pandemic era. · Nearly 50 million workers quit their jobs in the U.S. alone in 2021—a record number likely to be exceeded in 2022. · While we might imagine that an opportunity to earn greater pay is the key driver of this “Great Resignation,” research shows two-thirds of the reasons people leave jobs boil down to issues related to their engagement and overall well-being. · More specifically, people quit when they feel they aren’t valued, respected, appreciated, coached—or cared about personally—by their manager and organization. · Thanks in large part to the COVID pandemic and a global reset of what matters most to people in their lives, human beings have profoundly evolved in what they need and want in exchange for their work. · Consequently, a radical change in employee expectations demands that organizations and managers rapidly pivot by embracing leadership practices that match the moment. · The remedy to the Great Resignation is to adopt more humane ways of managing people knowing they inherently lead to infinitely greater engagement not to mention optimal employee performance. · In this new and updated version of his seminal and visionary book, Mark C. Crowley draws upon emerging medical and other scientific discoveries which prove it’s the heart, not the mind, that drives human motivation and achievement. · While we’ve long been led to believe that human beings are essentially rational beings, new research shows that feelings and emotions far more often motivate human behavior and what people care about most and commit themselves to in their lives. · In light of this breakthrough understanding, it’s become incumbent upon workplace managers to pay great attention to their employees’ emotional experience at work—far greater attention than any of us ever believed necessary. · Ironically, most of us were told the heart has no place in workplace management. In fact, most of us were taught that the heart acts like Kryptonite in leadership: it inherently undermines a manager’s effectiveness - and lowers performance. · What makes this book so remarkable is that it brilliantly contradicts all those traditional beliefs and proves why people naturally and instinctively respond to managers who care about them personally and support their deep human needs. · To be absolutely clear, there’s nothing soft or weak about the Lead From The Heart philosophy. Instead, it represents the future of workplace management and a roadmap to driving uncommon engagement, productivity and profitability when organizations around the world are wanting it most. · Rich with inspiring stories and illuminating research, this book proves that when you lead people with a greater balance of mind and heart, people naturally follow. And they also excel. A sequel to Porter’s first book, *Leading Ladies*, which explored how the Bible supports women in leadership, this volume delves deeper, providing insights into growing into leadership, leading through adversity, challenging the status quo, and seeing leadership potential in unexpected people. Nine scripturally based studies examine lessons of leadership from specific women of the Bible. From Eve, we discover how to unlock our leadership potential; from Esther, we learn about leadership formation from within. Each chapter includes a summary page of empowerment principles, as well as a series of questions for personal reflection or groups. This newly redesigned edition is expanding to include more than 70 examples from the Gospel of Mark that explore and adapt the individual techniques that made Christ’s leadership so powerful. *Practical Lessons in Leadership* offers career and start-up guidance for aspiring or new leaders, and pragmatic recommendations for leaders who want to develop strong teams and drive outstanding results. *Practical Lessons* is geared for leaders at all stages of the leadership lifecycle (new, early career or experienced) struggling to cope with a hypercompetitive global environment and a rapidly changing, inexperienced and highly mobile workforce. These visible and predictable macro trends require that the need to identify and develop leadership talent is at the top of every organization’s strategy plan. Tomorrow’s knowledge worker will face pressure to lead teams, projects and companies, but will lack the experience and guidance for management that the boomers take with them into retirement. *Practical Lessons* fills a critical gap in existing leadership content, by posing leadership as a conscious choice and then providing the tools and approaches necessary for professionals at all stages of the leadership lifecycle to understand their role, establish fundamental practices, integrate their actions with the organization’s strategy, motivate and inspire their teams, and drive great results. In the opening portion of *Practical Lessons*, the aspiring professional gains a clear vision of the role and responsibilities of a leader, as well as helpful tools to assess whether this difficult role fits with their interests and skills. The remainder and majority of the book arms the new or experienced leader with practical approaches for important topics, including building credibility, starting with a new team, integrating activities with organizational strategy, identifying and developing talent, and creating a culture of innovation and operational excellence. For the early career professional, aspiring leader or experienced manager, *Practical Lessons* offers a wealth of insight and direction for succeeding in this most challenging of professions during a period in time when leadership talent is increasingly viewed as a strategic asset. Jack Stahl became President of two global companies, The Coca-Cola Company and Revlon, before the age of 50. Now Stahl offers down-to-earth approaches, frameworks, and practical solutions to successfully capture business opportunities and manage the critical organizational issues leaders face every day. Stahl lays out seven “Frameworks for Success”: Leadership and Management, Creating a High-Capability Organization, Developing People, Brand Positioning with Consumers, Customer Relationship Management, Financial Strategy, and Influencing People. Written in Stahl’s accessible and conversational style with illustrative examples, *Lessons on Leadership* provides immediately usable and proven action frameworks for a leader requiring a fast start to drive value in these important areas. This book offers a systematic look at the connections between learning and leading and the use of learning to inspire and organize for change. It explores two interrelated dimensions of learning leadership: the ways leaders themselves learn about leadership practice, and the way leaders foster the learning of those they work with. The book focuses on a number of important leadership activities and adopts a case study approach to illuminate how leaders themselves learn, how they impart knowledge to others, and how they support others in becoming more effective and enduring learners. “Drawing universal truths from urgent battlefield crises, the author provides a terrific guide and training tool for leaders at all levels” (Ralph Peters, New York Times—bestselling author). The odds were against the Allies on June 6, 1944. The task ahead of the paratroopers who jumped over Normandy and the soldiers who waded ashore onto the beaches, all under fire, was colossal. In such circumstances, good leadership can be the deciding factor of victory or defeat. This book is about the extraordinary leadership of seven men who led American soldiers on D-Day and the days that followed. Some of them, like Eisenhower, Theodore Roosevelt Jr., and Lt. Dick Winters, are well known, while others are barely a footnote in the history books. This book is not a full history of D-Day, nor does it cover the heroic leadership shown by men in the armies of the Allies or members of the French Resistance, who also participated in the Normandy assault and battles for the lodgment areas. It is, however, a primer on how you can lead today, no matter what your occupation or role in life, by learning from the leadership of these seven figures. A critical task for every leader is to understand what leadership is. Socrates once said that you cannot understand something unless you can first define it in your own words. This book provides the reader with the means to define leadership by telling seven dramatic, immersive, and memorable stories that the reader will never forget. “Nobody tells a story better than John Antal and nobody knows better how to root out the lessons of history.” —James Jay Carafano, author of *Wiki at War* Can we design organizations in a way that creates a space where employees, the organization, and the larger community all thrive? And if so, where can we go for inspiration to help us achieve this goal? In a time of volatile and complex uncertainty, it is time to learn the lessons that nature has compiled from 3.8 billion years of research and development. Nature is an interdependent, dynamic and living system – just like today’s organizations and communities. Kathleen Allen uses nature as a model, mentor, and muse to rethink how leadership is practiced today. *Leading from the Roots* takes nature as a source of inspiration to help organizations see a new way of leading and designing workplace structure, applying the generous framework found in mature ecologies to human organizations. Kathleen Allen helps shift assumptions, practices, structures, and processes of organizations to become more resilient and nourishing for all, and, along the way, design the way out of workplace dysfunction and drama. “Leading from the Roots provides a powerful new way of thinking about organizations as living systems and delivers practical leadership frameworks for individuals to learn how to unleash the energy and create innovative, effective teams. –Anne Boneparte, CEO Appthority This book is a must read for organizational leaders who are not only committed to their mission, but equally to creating a workplace that attracts and retains the brightest and the best professionals fully enabled to meet that mission. –Caryl Stern, President & CEO UNICEF USA SPECIAL INTRODUCTORY PRICING: Enjoy first-week pricing of \$18.95 on paperback books! Regular retail pricing of \$23.95 becomes effective on July 22nd. It all began with the initial chance meeting of this book’s author, Katie Anderson, and the book’s subject, Isao Yoshino. She was an American leadership coach and consultant in her mid-career, with a newfound love of Japanese culture. He was an accomplished Japanese people-centered leader at the end of his corporate career, with a lifelong love for American culture and 40 years of inside experience with the Toyota Way. During the next five years, Anderson and Yoshino spent countless hours learning from each other, reflecting on the past, and envisioning the future. The resulting book – written by Anderson and focused on the profound lessons offered by her mentor Yoshino -- is a beautiful, one-of-a-kind tapestry. Much like the weaving of fabric -- where the beginning work is but a glimpse of the final pattern -- this book was created from many layers of intertwined conversations and reflections. If you’ve ever been mentored -- in business or in life -- by someone whose words, experiences, and perspectives changed you for the better, you know that an entire book of such selfless generosity and deep wisdom could change the world. For today’s business professionals -- dedicated to continuous learning and people-centered leadership -- this is that book. *Learning to Lead, Leading to Learn* is a leadership book that defies generational or cultural divides, offering a refreshing, proven perspective for all those who dare to lead. *The Best Leaders Never Lose the Humility for Learning* Learning to Lead, Leading to Learn is much more than a collection of Isao Yoshino’s personal stories and insights. It’s a memorable, entertaining, and poignant way to highlight important leadership lessons, to record pivotal moments in Toyota’s history, and to create something to help veteran and aspiring leaders reflect and learn about themselves. Yoshino’s experiences help us understand how Toyota intentionally developed the culture of excellence for which it is renowned today, and how one person “learned to lead” so that he could lead with an intention to learn ... every day and in every way. “The only secret to Toyota is its attitude toward learning.” -- Isao Yoshino *Let the Past Inform the Future: The Role of Reflection in Leadership* By looking back at the past, we can learn and therefore shape our future. Through each story in this unique and inspiring book, Anderson shares Yoshino’s experiences with leadership and learning, and his efforts at self-improvement while empowering others. Through those stories, you’ll hear his reflections on what he learned then ... and what he is re-learning now with a different perspective as he looks back at the totality of his career. A must-read for those who: -- Want to become more people-centered leaders -- Currently practice lean or continuous improvement methods -- Serve in leadership, coaching, or operational management roles -- Want to learn more about Toyota’s history and culture -- Are inspired by heartwarming stories of personal discovery and leadership With a foreword by John Shook, Chairman of the Lean Global Network. Get leadership lessons that illuminate challenges and solutions from top CEOs and companies around the world. A timely and hands-on resource informed by lessons learned from Fortune 500 CEOs and executives *Leading at a Distance* provides executives with the necessary skills to successfully lead in the new virtual workplace, backed by the research and expertise of global leadership firm Spencer Stuart. Although working remotely is not new, the global pandemic has placed virtual work at the center of everyday life. And it has thrust workforce strategies to the core of business operations globally. As the shift towards large-scale virtual work continues to grow and become a permanent fixture—by some estimates, 30% of the workforce will be working virtually – leaders must understand how to build virtual work environments that foster connected, engaged, and high-performing teams. Although some forward-thinking companies and not-for-profit organizations have made significant investments in technology and virtual collaboration, many others have simply joined the “Zoom culture” without fully appreciating what it takes to operate effectively at a distance on a sustained basis. *Leading at a Distance* is a timely, research-based, and highly practical

guide for developing and implementing strategies for conducting high-impact virtual work, building trust, and enhancing team unity. Designed to help leaders shape organizational culture remotely, this must-have resource demonstrates how to conduct virtual onboarding for senior leaders, build top teams from a distance, manage accountability in the new virtual environment, and much more. A hands-on toolkit filled with compelling examples, expert insights, and invaluable advice, this book: Provides clear guidance on establishing effective leadership in the virtual workplace Offers practical approaches for establishing strong relationships, increasing employee engagement, and coaching from a distance Addresses ways to keep geographically dispersed team members aligned and accountable Illustrates creative ideas for boosting team morale Features an overview of the unique challenges facing leaders in the virtual workplace Discusses often-overlooked topics such as virtual hiring and onboarding Leveraging the authors' in-depth research and consulting experience, *Leading at a Distance* is required reading for anyone needing to adapt to a virtual way of working and develop their virtual leadership skills to maximize organizational effectiveness and performance. The instant New York Times bestseller *Remarkable lessons in leadership and team building* from one of the greatest football coaches of our time. Urban Meyer has established himself as one of the elite in the annals of his sport, having led his players to three national championships. In *Above the Line*, he offers readers his unparalleled insights into leadership, team building, and the keys to empowering people to achieve things they might never have thought possible. Meyer shares his groundbreaking game plan—the game plan followed every day in the Ohio State Buckeyes' championship season—for creating a culture of success built on trust and a commitment to a common purpose. Packed with real life examples from Meyer's storied career, *Above the Line* delivers wisdom and inspiration for taking control and turning setbacks into victories for a team, a family, or a Fortune 500 company. Leadership has gone through many changes in the last couple of decades. We have realized that outstanding leadership is not about being authoritarian and exercising control. It is not only about the intelligence quotient (IQ) but also about emotional intelligence. To be an exceptional leader, you need several essential skills, all of which you can learn. The skills are nuanced with emotional intelligence, which you can gain. This book is unique: the author weaves leadership ideas with the song titles of The Beatles, making this book fun, playful, thoughtful, and valuable. Each chapter is organized with the key message on a leadership attribute prompted by a Beatles' song title, tips on becoming better on the topic, a practice suggestion, questions to ask yourself to think about the message, and resources for more reading. The author begins each chapter with how and why she chose the song and includes fun facts. It's an engaging book that blends the words of perhaps the greatest rock band ever—The Beatles—with the basic principles for becoming a better leader. "An uplifting and compelling leadership book based on the hard-earned lessons learned by the author when he was head coach of the Ann Arbor Huron High School ice hockey team, about how he motivated, engaged, and empowered his players to go from being ranked as the absolute worst team in the nation to one of the country's best"—Explores what qualities make a good leader by examining lessons from past great leaders and encouraging courage, persistence, decisiveness, and communication. The process of understanding a text from the narrator's point of view is crucial for the tasks of interpreting and translating the Bible. If the translator's understanding of a narrative from the narrator's point of view is erroneous, then the whole process of translating the message into another language may also fall into error. This poses Bible translators a difficult challenge: How can we understand the narrator's point of view of the biblical stories which are culturally, geographically, and historically remote from our own? Understanding a text from the narrator's point of view must precede the translation process. In this work Hankore presents an argument for the intended utterance of Genesis 28:10-35:15 before proposing in brief how to translate it. By following this process, Hankore shows that a correct understanding of the concept of the ancient Israelite vow in the framework of a social institution is fundamental to reading and translating Genesis 28:10-35:15, and goes on to show how this same votive framework assist an explanation of the relevance of Genesis 34 to the Jacob story. Great leaders are created, not born. With hard work and inspiration, young and intimidated beginners can be shaped into impacting, successful leaders. But what does it take? With great wit and wisdom, David Lewis, author of *The Emerging Leader: Eight Lessons for Life in Leadership*, combines fascinating stories with personal experiences in eight lessons designed for the aspiring leader. Named one of the 40 most admired business leaders under age 40, David Lewis's personal story demonstrates what is possible by learning and applying the lessons that will shape personal lives and careers in *The Emerging Leader*. In this practical guide, Emmy Award-winning public broadcasting anchor Steve Aduabato teaches readers to be self-aware, empathetic, and more effective leaders at work and at home. His powerful case studies spotlighting dozens of leaders—from Pope Francis to New Jersey governor Chris Christie—are complemented by concrete tips and tools based in real-life scenarios. With *Lessons in Leadership*, readers can learn to steer others through difficult economic times, to mentor rising leaders, to provide straight talk to underperforming employees, and even how to lead a company through a significant change. *Make Every Step Count on Your Leadership Journey* How did American Military leaders in the brutal POW camps of North Vietnam inspire their followers for six, seven, or eight years to remain committed to the mission, resist a cruel enemy, and return home with honor? What leadership principles engendered such extreme devotion, perseverance, and teamwork? In this powerful and practical book, Lee Ellis, a former Air Force pilot, candidly talks about his five and a half years of captivity and the fourteen key leadership principles behind this amazing story. As a successful executive coach and corporate consultant, he helps leaders of Fortune 500 companies, healthcare executives, small business owners, and entrepreneurs utilize these same pressure-tested principles to increase their personal and organizational success. In *Leading with Honor: Leadership Lessons from the Hanoi Hilton*, you will learn: - an approximately 250-word description of the book as you'd like to see posted online, keeping in mind that this should be enticing to consumers ??? Courageous lessons from POW leaders facing torture in the crucible of captivity. How successful teams are applying these same lessons and principles. How to implement these lessons using the Coaching sessions provided in each chapter. In the book's Foreword, Senator John McCain states, "In *Leading with Honor*, Lee draws from the POW experience, including some of his own personal story, to illustrate the crucial impact of leadership on the success of any organization. He highlights lessons and principles that can be applied to every leadership situation." This book is ideal for individual or group study as a personal development, coaching, human resource development, or executive training resource. Use this team-centered approach to directly enhance teaching and learning in your school! First introduced in Japan, lesson study has gained enthusiastic advocates in US educational circles as a powerful, collaborative approach. This "how-to" guide leads a beginning team through the lesson study cycle and provides an experienced team with new perspectives. Using examples from U.S. classrooms, this handbook: Encourages educators to generate and share knowledge Inspires a teacher-researcher stance Illustrates both the process and substance of lesson study Encourages collaboration Provides guidelines for avoiding common pitfalls Designed to challenge and inspire anyone who is seeking a deeper understanding of management, *Lessons in Leadership* provides a series of reflections on the very fundamentals of leadership as a management function. In the midst of current global concerns about the quality of leadership, this book is both a practical handbook and a vital contribution to the ongoing debate about what kind of leadership we should be encouraging in today's volatile and uncertain world. Sometimes it's easy to lose sight of the basics in this dynamic sector. To help steer both current and future leaders to greatness, John Adair has distilled his vast experience into 12 key guiding concepts, including: · Leading from the front; · Integrity; · The strategic leader; · Warmth and humanity; and · Sharing dangers and hardships. Leadership and change go hand in hand – but even during times of change, the basic building blocks of leadership remain the same. *Lessons in Leadership* offers guidance, inspiration, reassurance, and insight for anyone who is expected to lead or who wants to refresh and sharpen their current leadership practices. One of the country's most trusted leaders offers time-tested and real world advice for leading in economic hard times From business giant Bill George, the acclaimed author of *Wall Street Journal's* bestseller *True North*, comes the just-in-time guide for anyone in a leadership position facing today's unprecedented economic challenges. The former CEO of Medtronic draws from his own in-the-trenches experience and lessons from leaders (representing an array of companies) who have weathered tough economic storms. With straight talk and clear directions, George shows leaders specifically what they must do to become strong leaders and survive any crisis. His seven lessons include: Face Reality, Starting with Yourself; Never Waste a Good Crisis; and Be Aggressive: This is Your Best Chance to Win in the Market. Seven Lesson for Leading in Crisis is a survival kit for anyone in a leadership position. A concise handbook for applying proven leadership lessons in tough times Written by Bill George one of America's most trusted business leaders and author of *True North* and *Authentic Leadership* Offers realistic actions leaders can take to put their companies on the right long-term path Seven Lesson for Leading in Crisis gives leaders a solid strategy for staying the course. Taking a novel approach to the subject of leadership, this book uses its dark side as a vehicle to highlight some important leadership lessons, helping all managers to reflect on their own performance. The Impostor Leaders clarifies what is meant by genuine leadership, focusing on the fact that leading and managing go hand in hand. Based on this ability to consistently combine the leadership and management roles, this book describes in detail and practical terms, using real-world examples, the range of good and bad leader-types seen in organizations today. The Leadership Wheel is also introduced as a conceptual framework to isolate eight types of leaders across four categories. Appealing to leaders and managers across industry sectors, this book's substantial analysis of bad leadership gives readers a tangible framework against which to consider their own capabilities. More than two hundred CEOs reveal their candid insights on how to build and foster a corporate culture that encourages innovation and drives results In *Quick and Nimble*, Adam Bryant draws on interviews with more than two hundred CEOs to offer business leaders the wisdom and guidance to move an organization faster, to be quick and nimble, and to rekindle the whatever-it-takes collective spark of a start-up workplace, all with the goal of innovating and thriving in a relentlessly challenging global economy. By analyzing the lessons that these leaders have shared in his regular "Corner Office" feature in *The New York Times*, Bryant has identified the biggest drivers of corporate culture, bringing them to life with real-world examples that reflect this hard-earned wisdom. These men and women—whose ranks include Jeff Weiner of LinkedIn, Tony Hsieh of Zappos, Angie Hicks of Angie's List, Steve Case of Revolution (and formerly AOL), and Amy Gutmann of the University of Pennsylvania—offer useful insights and strategies for creating a corporate culture of innovation and building a high-performing organization that unleashes the passion and energy of its employees. As the world shifts to more of a knowledge economy, the winners will be companies that can attract and retain the best and brightest employees by creating an environment where they can grow, contribute, and feel rewarded. Through the wisdom of these leading chief executives, *Quick and Nimble* offers a keen understanding of leadership, recruiting, and the forces that shape corporate culture and a clear road map to bring success and energy to any organization. In *Leading Matters*, current Chairman of Alphabet (Google's parent company), former President of Stanford University, and "Godfather of Silicon Valley," John L. Hennessy shares the core elements of leadership that helped him become a successful tech entrepreneur, esteemed academic, and venerated administrator. Hennessy's approach to leadership is laser-focused on the journey rather than the destination. Each chapter in *Leading Matters* looks at valuable elements that have shaped Hennessy's career in practice and philosophy. He discusses the pivotal role that humility, authenticity and trust, service, empathy, courage, collaboration, innovation, intellectual curiosity, storytelling, and legacy have all played in his prolific, interdisciplinary career. Hennessy takes these elements and applies them to instructive stories, such as his encounters with other Silicon Valley leaders including Jim Clark, founder of Netscape; Condoleezza Rice, former U.S. Secretary of State and Stanford provost; John Arrillaga, one of the most successful Silicon Valley commercial real estate developers; and Phil Knight, founder of Nike and philanthropist with whom Hennessy cofounded Knight-Hennessy Scholars at Stanford University. Across government, education, commerce, and non-profits, the need for effective leadership could not be more pressing. This book is essential

reading for those tasked with leading any complex enterprise in the academic, not-for-profit, or for-profit sector. Start with Yourself: Lessons in Leadership What if your rsum read: Calm, capable, kind, humble, and strong? You would be wildly in demand and utterly successful, and not only at work. These attributes (not degrees, money, or titles) create a true leader. And you can have this now. The art of having a successful life and career is in creating close, meaningful, authentic relationships with others. The only way to do this is to start with yourself. You have the capability of influencing more than you imagined possible and creating the life you yearn to have. Beth Taska, a highly successful leader and coach of leaders, guides you through precise methods of being the best version of yourself today. She summarizes the wisdom of philosophers, writers, cutting-edge thinkers of our time, and her own extraordinary life to forge a guide to leading a better life. With heart, truth, and wisdom, Start with Yourself shows you how to: Lead through an open mind and a way of being. Always be in demand by being an extraordinary leader and solving problems. Inspire others, teams, and your family. Succeed in your career, business, and relationships, all from the same core habits. Get what you want or always wanted. This succinct book will leave you a better leader and, more importantly, a better person. This book is about leadership. It tells the dramatic story of seven defining leadership moments from the American Revolution. On these pages you learn about real people facing historic challenges and overcoming what reasonable observers believed were insurmountable odds. More reasonable people might have surrendered or given up. Many reasonable people did. These leaders, thankfully, were unreasonable for the cause of Liberty. The leadership skills told in these stories are timeless and telling. These leadership stories tell the story of the birth of the United States as well as providing case studies that can improve your leadership at home, business, in your community, in the military or in government. If you wish to improve your personal leadership skill, this book provides the role models for you to study. Leadership is not about position, it is about influence. You can be a leader no matter what your rank or position. It is not about power, it is about selflessness. You cannot be a good leader unless you can also be a good follower. Good leaders don't shine, they reflect. Lessons like these are the core of this book. The stories in this book are about leaders who were challenged at all corners, adapted, improvised and overcame to win. Leaders like Samuel Adams, Patrick Henry, Henry Knox, Benjamin Franklin, and George Washington, to name a few, are stories you will want to know and tell. These leaders knew how to impel teams to succeed under the toughest conditions. These stories will come alive on the pages of this book to fuel your leadership fire and make you a better leader in any endeavor. Leadership is always in demand, especially in today's troubled times. Leadership is something you can learn through study, reflection and practice. A good step on the road to improving your leadership is to read this book and inculcate the lessons learned from the Founding Fathers. Their struggles are our struggles and their challenges are our challenges. Learn how they secured our Liberty so you can transform today into a better tomorrow. Bobby Herrera has a simple leadership philosophy: -We all struggle. -Inside every struggle is a gift. -Leaders share their gifts with others. In The Gift of Struggle, Bobby Herrera, cofounder and CEO of Populus Group, lives that philosophy by telling the stories of his struggles, identifying the gifts he found, and sharing those gifts with you. In this companion volume to his celebrated series Covenant & Conversation, Rabbi Jonathan Sacks mines the weekly Torah portions for insights into the nature of power, authority, and leadership. Based on the understanding that no man is born a leader, the book explores the principles, and perils, of becoming one. Profound, eloquent, and deeply inspiring, Lessons in Leadership reveals the biblical secrets of influence, as relevant now as they were three thousand years ago. Author and highly successful executive Ralph DiSibio offers a unique and engaging approach to improving leadership skills. His look at some of the Silver Screen's memorable characters is insightful and entertaining, taking the reader into the minds of real and fictional personalities, analyzing their leadership qualities. It is both a tool for self-improvement and for employee development.
