South African Language Rights Monitor 2011 / Suid-Afrikaanse Taalregtemonitor 2011 Jan 11 2022 The SALRM 2011 provides a rich source of information on a range of language-related subjects. A prominent issue remains the changing of street and place names, including the Pretoria/Tshwane and Louis Trichardt/Makhado sagas. Language in education remains a thorny issue; as medium of instruction at school and tertiary level, and the proposal that passing an African language should be a requirement in order to obtain a tertiary degree in South Africa. In terms of language legislation, the draft version of the National Language Act was proposed. The language of record in courts also received attention in the media.

Gewone Taal Mar 01 2021 Gewone Taal: ‘n Oorsig is ‘n boek oor hoe skrywers skryf en lesers lees. Die inhoud van die boek betrek skryf- en leesprobleme op woord-, sins- en teksvlak. Die boek fokus merendeels, maar nie uitsluitlik nie, op regstekste omdat hierdie tekstipes vir ontoeganklikheid en ondeursigtigheid vir nie spesialislesers berug is. Een groot bydrae is die kontrolelys wat leiding aan skrywers bied oor watter konstruksies hulle liefste moet vermy en watter konstruksies hulle met groot nut kan gebruik. Hierbenewens word heelwat praktiese toepassingsvoorbeelde voorsien, wat demonstreer hoe komplekse konstruksies op verskillende teksvlakke herskryf kan word om leesbegrip te verhoog. Hoewel die boek ‘n sterk teoretiese begroning het, gaan dit ook om die toepassing daarvan in die praktyk, met die uiteindelige doel om gewone mense te bemagtig en sodoende hulle basiese reg op toegang tot inligting te verwesenlik.

Oxwagon Sentinel Jun 04 2021 This new approach to the social history of Afrikaner nationalism looks into the diverse causes for the rise of a political movement which was to shape South African history profoundly during the 20th Century. In the 1930s Afrikaner nationalism transformed itself from a

populist into a cultural nationalism, becoming politically radicalised at the same time. The nationalist symbol of the oxwagon was used not only by the National Party, but also by the extra- and antiparliamentarian mass movement Ossewabrandwag, which was founded in 1939. Drawing on a broad range of archival resources the social history of this extremist organisation is analysed, showing local and regional differences. The Ossewabrandwag as a nationalist movement counted a considerable part of the Afrikaans white population among its members. Therefore, the Ossewabrandwag can be understood appropriately only in the context of radical Afrikaner nationalism. Given that the potential for political radicalisation in the white South African population was considerable, ideological influences from overseas played merely an additional role. The book looks into the reasons for the mass participation in the Ossewabrandwag. In addition it analyses the organisation's fight with the National Party and its illegal and treasonable activities. In this context the book discusses which ideological influences on the apartheid policy can be identified as coming from organised right wing extremism.
