This innovative volume focuses on tourism through the twin lenses of cultural theory and cultural geography. Presenting a set of innovative case studies on tourist places around the world, the contributors explore the paradoxes of the tourist experience and the implications of these paradoxes for our broader understanding of modern identity as simultaneously grounded and mobile. The book examines how tourism reveals the paradoxical ways that places are both mobile and rooted, real and fake, inhabited by those who are simultaneously insiders and outsiders, and both subjectively experienced and objectively viewed. This rich blend of empirical and theoretical analysis will be invaluable for cultural geographers, anthropologists, and sociologists of tourism. "Aware of the risks involved, but determined to explore what he could of the Afghan people and culture, Elliot leaves the relative security of the capital, Kabul. A guide to the beliefs and practices of India. The book introduces some of India's leading saints, sadhus and gurus, while chapters of Buddhist, Sufi and Christian India demonstrate the variety and complexity of religious traditions. In this irresistible marriage of watercolorist's sketchbook and traveler's guide, Virginia Johnson lovingly captures the magic of one of the world's most storied regions, the French Riviera. We walk the Promenade des Anglais in Nice. Shop for handmade sandals at Rondini in Saint-Tropez. Visit the Madoura workshop in Antibes, where Picasso discovered his genius for pottery. Meet legendary characters like Pierre Grunberg, a swimming instructor who taught Jean Cocteau, Brigitte Bardot, Paul McCartney, and many others. Saturated with the limpid colors of sea and sun, the dazzling greens of verdant gardens, and the rose and ochre of sunbaked villas and joyous with paisleys and blue-striped sailor's shirts and the riotous look of a patisserie window filled with confections, *Travels Through the French Riviera* is a gift book of visual wonder, the souvenir every Francophile will want. But it is also a quirky yet singularly useful travel guide, whether showing how to order coffee like a local, plan a beach day at Menton, or hike the Cap Ferrat peninsula or where to taste the best ice cream in Antibes (at Amarena—try the mint). Excerpt from *Travels Through the Southern Departments of France: Performed in the Years 1804 and 1805* It was my wish to enable the Reader to become acquainted, by means of this Work alone, with every object of curiosity in the fine countries through which I passed, and I have, in consequence, pointed out such things as will be worth the attention of travellers who may pass over the same ground I have successively described all the circumstances that fell under my observation; and how various they were will be seen from the heads of the chapters. Of such as are well known I have only given brief notices, but. Have referred the Reader to those works in which he will find them described at length; but, on the other

hand, I have given, in an elaborate manner, such as have never been described or published. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. From the crowds of Tokyo to the bears of the far North, from the jungle of the tropical islands to the blooming cherry trees in Kyoto, eventually arriving at the big emptiness left by the devastating 2011 tsunami and nuclear disaster. Patrick Colgan, journalist and traveller, immerses himself in Japanese culture, nature and cuisine and writes about his discovery of a seemingly incomprehensible country. A place, Japan, where feeling a little lost can be fascinating, and trips never really end. A group of traders huddles around a pile of dried shark fins on a gleaming white floor in Hong Kong. A Papua New Guinean elder shoves off in his hand-carved canoe, ready to summon a shark with ancient magic. A scientist finds a rare shark in Indonesia and forges a deal with villagers so it and other species can survive. In this eye-opening adventure that spans the globe, Juliet Eilperin investigates the fascinating ways different individuals and cultures relate to the ocean's top predator. Along the way, she reminds us why, after millions of years, sharks remain among nature's most awe-inspiring creatures. From Belize to South Africa, from Shanghai to Bimini, we see that sharks are still the object of an obsession that may eventually lead to their extinction. This is why movie stars and professional athletes go shark hunting in Miami and why shark's fin soup remains a coveted status symbol in China. Yet we also see glimpses of how people and sharks can exist alongside one another: surfers tolerating their presence off Cape Town and ecotourists swimming with sharks that locals in the Yucatán no longer have to hunt. With a

reporter's instinct for a good story and a scientist's curiosity, Eilperin offers us an up-close understanding of these extraordinary, mysterious creatures in the most entertaining and illuminating shark encounter you're likely to find outside a steel cage. An intimate journey across America, as told by one of its most beloved writers A Penguin Classic In September 1960, John Steinbeck embarked on a journey across America. He felt that he might have lost touch with the country, with its speech, the smell of its grass and trees, its color and quality of light, the pulse of its people. To reassure himself, he set out on a voyage of rediscovery of the American identity, accompanied by a distinguished French poodle named Charley; and riding in a three-quarter-ton pickup truck named Rocinante. His course took him through almost forty states: northward from Long Island to Maine; through the Midwest to Chicago; onward by way of Minnesota, North Dakota, Montana (with which he fell in love), and Idaho to Seattle, south to San Francisco and his birthplace, Salinas; eastward through the Mojave, New Mexico, Arizona, to the vast hospitality of Texas, to New Orleans and a shocking drama of desegregation; finally, on the last leg, through Alabama, Virginia, Pennsylvania, and New Jersey to New York. Travels with Charley in Search of America is an intimate look at one of America's most beloved writers in the later years of his life—a self-portrait of a man who never wrote an explicit autobiography. Written during a time of upheaval and racial tension in the South—which Steinbeck witnessed firsthand—Travels with Charley is a stunning evocation of America on the eve of a tumultuous decade. This Penguin Classics edition includes an introduction by Jay Parini. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. Bartram's Travels is one of the earliest and most important books of American natural history. For four years (1773-1777)

William Bartram wandered through the virgin forests, valleys, and wetlands of the Carolinas, Georgia, and Florida. His lyrical descriptions of the American wilderness influenced the work of literary figures while also becoming recognized as a classic of natural history writing. Journey into the world of book collecting with the Goldstones—rediscover the joy of reading, laugh, and fall in love with books all over again. The idea that books had stories associated with them that had nothing to do with the stories inside them was new to us. We had always valued the history, the world of ideas contained between the covers of a book or, as in the case of *The Night Visitor*, some special personal significance. Now, for the first time, we began to appreciate that there was a history and a world of ideas embodied by the books themselves. Part travel story, part love story, and part memoir, Lawrence and Nancy Goldstone's *Used and Rare* provides a delightful love letter to book lovers everywhere. Book may have numerous typos, missing text, images, or index. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. 1829. Excerpt: ... In merely passing along the road, it was of course difficult to form any conjecture as to how much of the country was cleared; especially as new settlers naturally cling to canals, roads, and lakes, and it was such settlers only that we saw. Sometimes our track lay through a thick forest for a mile or two; . though, generally speaking, the country for some; distance on both sides of the road was thickly strewn with houses. Every now and then we came to villages, consisting of several hundred houses; and in the middle I observed there were always several churches surmounted by spires, painted with some showy colour, and giving a certain degree of liveliness or finish to scenes in other respects rude enough. In general, however, it must be owned, there prevailed a most uncomfortable appearance of bleakness or rawness, and a total absence of picturesque beauty in these villages; whose dreary aspect was much heightened by the black sort of gigantic wall formed of the abrupt edge of the forest, choked up with underwood, now for the first time exposed to the light of the sun. The cleared spaces, however, as they are called, looked to our eyes not less desolate, being studded over with innumerable great black stumps; or, which was more

deplorable still, with tall scorched, branchless stems of trees, which had undergone the barbarous operation known by the name of girdling. An American settler can hardly conceive the horror with which a foreigner beholds such numbers of magnificent trees standing round him with their throats cut, the very Banquos of the murdered forest! The process of girdling is this: a circular cut or ring, two or three inches deep, is made with an axe quite round the tree at about five feet from the ground. This, of course, puts an end to vegetable life; and the ... A Dazzling Russian travelogue from the bestselling author of *Great Plains* In his astonishing new work, Ian Frazier, one of our greatest and most entertaining storytellers, trains his perceptive, generous eye on Siberia, the storied expanse of Asiatic Russia whose grim renown is but one explanation among hundreds for the region's fascinating, enduring appeal. In *Travels in Siberia*, Frazier reveals Siberia's role in history—its science, economics, and politics—with great passion and enthusiasm, ensuring that we'll never think about it in the same way again. With great empathy and epic sweep, Frazier tells the stories of Siberia's most famous exiles, from the well-known—Dostoyevsky, Lenin (twice), Stalin (numerous times)—to the lesser known (like Natalie Lopukhin, banished by the empress for copying her dresses) to those who experienced unimaginable suffering in Siberian camps under the Soviet regime, forever immortalized by Aleksandr Solzhenitsyn in *The Gulag Archipelago*. *Travels in Siberia* is also a unique chronicle of Russia since the end of the Soviet Union, a personal account of adventures among Russian friends and acquaintances, and, above all, a unique, captivating, totally Frazierian take on what he calls the "amazingness" of Russia—a country that, for all its tragic history, somehow still manages to be funny. *Travels in Siberia* will undoubtedly take its place as one of the twenty-first century's indispensable contributions to the travel-writing genre. An exploration of the contemporary influence of the Ottoman Empire on the wider world, as the author uncovers the new Ottoman legacy across Europe and the Middle East. Alev Scott's odyssey began when she looked beyond Turkey's borders for contemporary traces of the Ottoman Empire. Their 800 years of rule ended a century ago—and yet, travelling

through twelve countries from Kosovo to Greece to Palestine, she uncovers a legacy that's vital and relevant; where medieval ethnic diversity meets twenty-first century nationalism—and displaced people seek new identities. It's a story of surprises. An acolyte of Erdogan in Christian-majority Serbia confirms the wide-reaching appeal of his authoritarian leadership. A Druze warlord explains the secretive religious faction in the heart of the Middle East. The palimpsest-like streets of Jerusalem's Old Town hint at the Ottoman co-existence of Muslims and Jews. And in Turkish Cyprus, Alev Scott rediscovers a childhood home. In every community, history is present as a dynamic force. Faced by questions of exile, diaspora and collective memory, Alev Scott searches for answers from the cafes of Beirut to the refugee camps of Lesbos. She uncovers in Erdogan's nouveau-Ottoman Turkey a version of the nostalgic utopias sold to disillusioned voters in Europe and America. And yet—as she relates with compassion, insight, and humor—diversity is the enduring, endangered heart of this fascinating region. 'Velvet-red meat patterned with seams of fat like the finest Dali marble. Time has done its work.' Zhang Mei has always cherished the ham from her native province of Yunnan, China. Growing up in Dali on the banks of the Xi'er River, Mei relished the morsels of ham her father would toss into a dish of spicy green peppers and onions. Over time she learned that the true magic of Yunnan ham lies not just in its salty-sweet taste, produced by an intricate curing process, but also in its ability to bring people together and carry on a time-honoured way of life. Now a successful entrepreneur, Mei returns to her childhood home, finds a leg of ham and travels with it through the cultural and culinary cradle of Dali. Her edible companion becomes a calling card that takes her into the history and traditions of the region and unveils the unique stories and recipes of those who call it home. Bryson brings his unique brand of humour to travel writing as he shoulders his backpack, keeps a tight hold on his wallet and heads for Europe. Travelling with Stephen Katz--also his wonderful sidekick in *A Walk in the Woods*--he wanders from Hammerfest in the far north, to Istanbul on the cusp of Asia. As he makes his way round this incredibly varied continent, he retraces his travels as a student twenty years before

The author recounts his life growing up in a small California town in the 1940s, serving in the Army and in the U.S. Foreign Service, on to Harvard University and becoming company President. Along the way he tells delightful and humorous stories about growing up, meeting and wedding the love of his life and his travels in 81 countries. He has experienced more of the world than most of us and the reader travels with the author as he experiences life and explores our world. His often-adventurous life and his thought-provoking reflections on life and history, on love and grief -- and the powerful epilogue -- provide an interesting reading experience. The author is a gifted writer who conveys the joy -- and the anguish -- of life recounted with humility and gratitude. His other books are: *A Journey Through Grief: Notes from a Foreign Country* (ISBN: 1-4140-0283-1), *A Voice of the Old West: Annie Beatrice McGee* (ISBN: 1-4208-2013-3) and *A Branch of a Tree: A McGee Family in History* (ISBN: 978-1-4275-3126-7). This evocative and lively travelogue by Isabella L. Bird lifts the veil of the culture of Colorado and the Rocky Mountains as it was in the 1870s. We find in this classic travel book an authentic and eloquent portrayal of the beautiful peaks and breath-taking landscapes of

rural North America. Braving the craggy landscape on horseback and on foot, the author manages to conquer some of the area's most awe-inspiring ranges, while also observing life in several settlements and towns around the state of Colorado. The sheer toughness of the author shines through each of her letters. Her descriptions do not flinch from accuracy, as she notes the sub-zero temperatures, fierce drafts of wind, and other perils of the untamed landscape. Most notably of all however is Isabella Bird's steely determination and doggedness in confronting, and surmounting, the Rocky Mountains. Excerpt from *Travels Through France and Italy* Of a school of professional writers, of which strange and novel class, after the Great Cham of Literature, as he called Dr. Johnson, he affords one of the first satisfactory specimens upon a fairly large scale. He is, indeed, a more satisfactory, because a more independent, example of the new species than the Great Cham himself. The late Professor Beljame has shown us how the milieu was created in which, with no subvention, whether from a patron, a theatre, a political paymaster, a prosperous newspaper or a fashionable subscription-list, an independent writer of the mid eighteenth century, provided that he was competent, could begin to extort something more than a bare subsistence from the reluctant coffers of the London book sellers. For the purpose of such a demonstration 110 better illustration could possibly be found, I think, than the career of Dr. Tobias Smollett. And yet, curiously enough, in the collection of critical monographs he so well, known under the generic title of *English Men of Letters* - a series, by the way, which includes Nathaniel Hawthorne and Maria Edgeworth - no room or place has hitherto been found for Smollett any more than for Ben Jonson, both of them, surely, considerable *Men of Letters* in the very strictest and most representative sense of the term. Both Jonson and Smollett were to an unusual extent centres of the literary life of their time and if the great Ben had his tribe of imitators and adulators, Dr. Toby also had his clan of sub-authors, delineated for us by a master hand in the pages of Humphrey Clinker. To make Fielding the centre-piece of a group reflecting the literature of his day would be an artistic impossibility. It would be perfectly easy in the case of Smollett, who was described by

critics from afar as a Colossus bestriding the summit of the contemporary Parnassus. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. "The Book of Travels is Ḥannā Diyāb's remarkable first-person account of his travels as a young man from his hometown of Aleppo to the court of Versailles and back again"-- A study of Persian travel accounts, dealing with India, Iran and Central Asia between 1400 and 1800. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork. Reproduction of the original: Travels To Discover the Source of the Nile by James Bruce of Kinnaird This is Patrick Leigh Fermor's spellbinding part-travelogue, part inspired evocation of a part of Greece's past. Joining him in the Mani, one of Europe's wildest and most isolated regions, cut off from the rest of Greece by the towering Taygettus mountain range and hemmed in by the Aegean and Ionian seas, we discover a rocky central prong of the Peloponnese at the southernmost point in Europe. Bad communications only heightening the remoteness, this Greece - south of ancient Sparta - is one that maintains perhaps a stronger relationship with the ancient past than with the present. Myth becomes history, and vice versa. Leigh Fermor's hallmark descriptive writing and capture of unexpected detail have made this book, first published in 1958, a classic - together with its Northern Greece counterpart, Roumeli.
