Artificial Intelligence continues to be one of the most exciting and fast-developing fields of computer science. This book presents the 177 long papers and 123 short papers accepted for ECAI 2016, the latest edition of the biennial European Conference on Artificial Intelligence, Europe's premier venue for presenting scientific results in AI. The conference was held in The Hague, the Netherlands, from August 29 to September 2, 2016. ECAI 2016 also incorporated the conference on Prestigious Applications of Intelligent Systems (PAIS) 2016, and the Starting AI Researcher Symposium (STAIRS). The papers from PAIS are included in this volume; the papers from STAIRS are published in a separate volume in the Frontiers in Artificial Intelligence and Applications (FAIA) series. Organized by the European Association for Artificial Intelligence (EurAI) and the Benelux Association for Artificial Intelligence (BNVKI), the ECAI conference provides an opportunity for researchers to present and hear about the very best research in contemporary AI. This proceedings will be of interest to all those seeking an overview of the very latest innovations and developments in this field. Two years after the Heroes of Light calmed the Four Crystals, Luxendarc is at peace. Agnes Oblige is now Pope of the Crystal Orthodoxy, working with the Duchy of Eternia to maintain peace and prosperity in the land. But there are those who do not wish for peace. The Glanz Empire and its leader Kaiser Oblivion kidnap Pope Agnes despite the efforts of her protector Yew Geneolgia and set out to conquer Eternia. Yew survived the attack and wakes up a week later, determined to rescue his beloved Pope Agnes and stop the advancing Empire once and for all. And so your journey begins... Our guide is filled with a plethora of information to help you on your journey through Luxendarc including: - Complete start-to-finish walkthrough of the main quest. - Full coverage of the Barter Sub-Scenario System and how to obtain new asterisks. - Every other side quest explained in full. - A full examination of the job system and use of the new additions to the Bravely battle system.. - Post-game dungeons, Ba'al strategies, bosses and other content. - Details on the village-building mini-game centred around the reconstruction of Magnolia's home and much more! **Tuvalu Country Study Guide Volume 1 Strategic Information and Developments** - Everything you need to know about the country - Geography, history, politics, economy, business, etc. **Business Insider** calls **THE ENTREPRENEUR'S GUIDE** "perhaps the most useful business book you can ever read" and lists it among twenty-five must-read books for entrepreneurs. **THE ENTREPRENEUR'S GUIDE TO LAW AND STRATEGY, 5E** examines stages of starting a business -- from start-up and growth to public offering, while highlighting legal preparations and pitfalls. Cutting-edge examples show how legally astute entrepreneurs can strategically increase realizable value, deploy resources, and manage risk. The book discusses leaving a job, hiring former coworkers, competing with a former employer, workplace legislation, product liability, and bankruptcy. You examine current issues including today's workforce in the "gig" economy, "crowdsourcing" capital and social media, computer hacking and identity theft. Legal discussion integrates with core strategic concepts, such as Porter's Five Forces, the resource-based view of the firm, the value proposition, activities in the value chain and more. Key Features
Explore a step-by-step approach to designing and creating a successful DevOps environment
Understand how to implement continuous integration and continuous deployment pipelines on Azure
Integrate and implement security, compliance, containers, and databases in your DevOps strategies
Book Description The AZ-400 Designing and Implementing Microsoft DevOps Solutions certification helps DevOps engineers and administrators get to grips with practices such as continuous integration and continuous delivery (CI/CD), containerization, and zero downtime deployments using Azure DevOps Services. This new edition is updated with advanced topics such as site reliability engineering (SRE), continuous improvement, and planning your cloud transformation journey. The book begins with the basics of CI/CD and automated deployments, and then moves ahead to show you how to apply configuration management and Infrastructure as Code (IaC) along with managing databases in DevOps scenarios. As you make progress, you'll explore fitting security and compliance with DevOps and find out how to instrument applications and gather metrics to understand application usage and user behavior. This book will also help you implement a container build strategy and manage Azure Kubernetes Services. Lastly, you'll discover quick tips and tricks to confidently apply effective DevOps practices and learn to create your own Azure DevOps organization. By the end of this DevOps book, you'll have gained the knowledge needed to ensure seamless application deployments and business continuity. What you will learn

Get acquainted with Azure DevOps Services and DevOps practices
Discover how to efficiently implement CI/CD processes
Build and deploy a CI/CD pipeline with automated testing on Azure
Integrate security and compliance in pipelines
Understand and implement Azure Container Services
Effectively close the loop from production back to development
Apply continuous improvement strategies to deliver innovation at scale

Who this book is for
The book is for anyone looking to prepare for the AZ-400 certification exam. Software developers, application developers, and IT professionals who want to implement DevOps practices for the Azure cloud will also find this book helpful. Familiarity with Azure DevOps basics, software development, and development practices is recommended but not necessary.

In Destiny, you play as a Guardian--one of the only heroes left from the last city on Earth. You must explore the ancient ruins of the solar system to reclaim what was lost and fight back against the alien races that have destroyed the realms of humanity. Destiny is a shared-world first person shooter game with many RPG (Role Playing Game) like elements. Players must explore areas and participate in public events to gain new items and weapons that they can use against foes of increasing difficulty. Because of the power-fearing drafters of the U.S. Constitution, the president's tools for influencing Congress are quite limited. Presidents have had to look beyond the formal powers of the office to push a legislative agenda. In *Between the Branches*, a book of unprecedented depth, Kenneth Collier traces the evolution of White House influence in Congress over nine administrations -- from Eisenhower to Clinton. The gulf between the president and Congress is crossed by "unsung warriors", the presidential aides of the White House Office of Legislative Affairs. Collier argues that the experience of these aides -- their roles, problems, and strategies -- provides the best insight on this important relationship. Collier conducted interviews with many of these White House emissaries, as well as with members of Congress, to find the sources of presidential influence not found in broad quantitative studies. Using original documents from presidential libraries, he also provides a detailed comparative analysis of influence in every administration since the first White House office dedicated to working with Congress was established in 1953. Collier concludes that, more than anything else, it is the president's ability to affect lawmakers' chances of reelection that gets results on Capitol Hill. Collier also shows how presidents have continually had to seek out new ways to win legislative victories--including a range of public strategies like election mandates -- because of an evolving paradox: Presidents are elected to lead, but representatives get votes by showing independence from the president. *Between the Branches* will enlighten students of the presidency, Congress, and all those interested in American politics. "To this multi-administration study Collier brings a firm grasp of the existing literature, first-hand examination of the documents in presidential libraries, and elite interviews collected from both ends of Pennsylvania Avenue. The product is a thoroughly documented account of how presidents seek to influence Congress as well as how Congress register reciprocal effects on the president". Joseph A. Pika, University of Delaware

The year is 1715. Pirates rule the Caribbean and have established their own lawless Republic where corruption, greediness, and cruelty are commonplace. Among these outlaws is a brash young captain named Edward Kenway.
