Originally published under the title The Book of the Suzuki by John Thorpe, this book is one of The Motorcyclist's Library series published in the USA by Floyd Clymer by arrangement with the original publishers Pitman Ltd. of London, England. It includes complete technical data, service and maintenance information and detailed instructions for the repair and overhaul of the major mechanical and electrical components for all 50cc & 80cc Suzuki mopeds and motorcycles up to, and including, the 1966 models. There is adequate detailed text and diagrams to assist in major refurbishing such as an engine rebuild or even a complete renovation. Applicable to all 50cc M12, M15, M15D, M30 Suzy and 80cc K10 & K11 models through 1966. This publication has been Out-of-print and unavailable for many years and is becoming increasingly more difficult to find on the secondary market and we are pleased to be able to offer this re-print as a service to all Suzuki enthusiasts worldwide.
