The "thoroughly fun . . . [and] crazy good" memoir about one man's life and how it was changed by the legacy of a rockabilly legend (Chicago Sun-Times). Buddy Holly, icon: black horn-rimmed glasses, blue jeans, a white T-shirt, white socks, loafers, and "Peggy Sue." Not so much to Gary W. Moore. Admitting he "grew up in a Rock & Roll vacuum," Gary favored jazz. He couldn't name a single Buddy Holly song. Buddy Rich? Yes. But that changed in a single evening when Gary was dragged along to a Winter Dance Party in Cedar Falls, Iowa—a tribute to Buddy's final, tragic 1959 tour. It was headlined by musician extraordinaire John Mueller, whose uncanny recreation of the legend was hailed by Buddy's own brother Travis as "the best I've ever seen." It took just one song to seize Gary's heart and soul. From then on, for Gary, it was everything Buddy. In this inspiring "rock-and-rollercoaster of a read", Moore shares his personal journey to learn more about Buddy's life, music, his influence, his impact, and the times in which he lived (Bill Guertin, author of Reality Sells). He'd meet Buddy's friends and family, celebrities, Buddy Holly fans, and make a new friend himself in John Mueller. The result is "as American as apple pie and as compelling as Don McLean's legendary hit about The Day the Music Died" (James Riordan, New York Times—bestselling author). The story recounts the new life of Nero Miki, who had died and reincarnated into a new world as a Halloween Cat. Nero finds himself born into

poor circumstances and must find his own way to survive in a fantasy themed world filled with magic, monsters, and prejudice. Over the last 25 years, Geoffrey Moore has established himself as one of the most influential high-tech advisors in the world—once prompting Conan O'Brien to ask "Who is Geoffrey Moore and why is he more famous than me?" Following up on the ferociously innovative ESCAPE VELOCITY, which served as the basis for Moore's consulting work to such companies as Salesforce, Microsoft, and Intel, ZONE TO WIN serves as the companion playbook for his landmark guide, offering a practical manual to address the challenge large enterprises face when they seek to add a new line of business to their established portfolio. Focused on spurring next-generation growth, guiding mergers and acquisitions, and embracing disruption and innovation, ZONE TO WIN is a high-powered tool for driving your company above and beyond its limitations, its definitions of success, and ultimately, its competitors. Moore's classic bestseller, CROSSING THE CHASM, has sold more than one million copies by addressing the challenges faced by start-up companies. Now ZONE TO WIN is set to guide established enterprises through the same journey. "For any company, regardless of size or industry, ZONE TO WIN is the playbook for succeeding in today's disruptive, connected, fast-paced business world." —Marc Benioff, CEO, Salesforce "Once again Geoffrey Moore weighs in with a prescient examination of what it takes to win in today's competitive, disruptive business environment." —Satya Nadella, CEO, Microsoft "With this book, Geoffrey Moore continues to lead us all through ever-changing times...His work has changed the game of changing the game!" —Gary Kovacs, CEO, AVG "ZONE TO WIN uses crystal-clear language to describe the management plays necessary to win in an ever-disrupting marketplace. Regardless of your level of management experience, you will find this book an invaluable tool for building long-term success for your

business." –Lip-Bu Tan, President and CEO, Cadence Design Systems Strips the veneer from the financial advice of some popular evangelical media celebrities and advocates a reintegrating of faith and finances. Moore draws on fifty years of studying the Bible, politics, and economics, and presents insights for those who want to be faithful in their finances. A father and daughter, a secret past, and a search for redemption drive this haunting novel that "celebrates the complexities of love" (Joyce Faulkner). Sandy Richards is a music teacher, wife, and mother living a comfortable life in

a small Midwestern town. But her warm smile and easy laugh hide a heavy burden. During her childhood, she was inseparable from her larger-than-life father, a World War II hero she adored. Sandy followed him everywhere, hung on his every word, and loved him with all her heart. Until, for reasons Sandy never understood, their relationship shattered—left broken to the day he died. With grief, regret, and anger, Sandy sorts through her father's belongings to learn what went wrong, and to deal with all the unresolved pain of the past. Then, as if by providence, a stranger enters Sandy life. And everything changes once more. Exploring the forces in nature that are more powerful than ourselves, *The Final Service* is "a compelling and endearing" novel about the need for forgiveness and to forgive, and to embrace what matters most in life while it's still within reach (James Riordan, New York Times—bestselling author). Abraham Lincoln's face is on the penny and the five-dollar bill. His name graces towns and schools and luxury motor cars. In Washington, he is a seated god twenty feet tall in his marble temple. He ended slavery and brought our country through a civil war. What if it all was because of a woman? Auburn-haired Ann Rutledge, feisty and fed-up with propriety, is frontier royalty, the 18-year-old daughter of the founder of the rough little frontier village of New Salem, Illinois, where the 22-year-old Abe Lincoln comes looking for work. She is lively and literate and funny, and Abe is straight off his daddy's farm with jug ears and one change of clothes. Homely and poor, but full of high ambition, Lincoln courts the dazzling red-haired woman who comes into his life like a revelation. In the spell of their feelings, the lovers question the limits in their lives and boldly dream of a better future. But she is engaged to another man. Readers who enjoyed Doris Kearns Goodwin's bestselling Lincoln book *Team of Rivals*, Steven Spielberg's blockbuster film *Lincoln*, and George Saunders' *Lincoln in the Bardo* will marvel again at this very different and compelling tale of Lincoln as a young man. Not a grand historical treatment but a lyrical telling of a deeply personal tale, *ABE & ANN* dares to give readers an

earnest but untutored Lincoln whose humanity every reader can share, who was weak before he was strong, frightened before he was bold, and deeply in love with a woman whose admiration confirmed his belief in the greatness within him. Matching folio, including: Story Of The Blues * Separate Ways * The Hurt Inside * Nothing's The Same * and more. Includes all the bells and whistles you and your students have come to expect It's hard to imagine a book more innovative and groundbreaking than Living with the Earth: Concepts in Environmental Health Science, Third Edition. Gary Moore - Dark Days in Paradise Includes 11 songs in standard notation and tab: Afraid of Tomorrow * Always There for You * Business as Usual * Cold Wind Blows * Dark Days in Paradise * I Have Found My Love in You * Like Angels * One Fine Day * One Good Reason * What Are We Here For? * Where Did We Go Wrong?. Also includes photos and a bio of Gary Moore, and a separate lyric section. The message of "Look Up America" is precisely what the title recommends. Our nation has become dispirited and divided because we are looking the wrong direction for help. Some are looking to the right, even as far as the Tea Party. Others are gazing to the left toward those behind the Occupy moments. Many of the remainder are looking toward a future where their children and grandchildren will have a lower standard of living. The reason for such poor vision is that we have stopped looking up to the truth. Gary Moore, Wall Street

veteran, commentator, and founder of The Financial Seminary skillfully uses Scripture, an experienced understanding of the economy, and artful insight into the political environment to issue the call that help comes when we look up. Tony Campolo says Gary Moore "transcends the easy answers of what is wrong with America being provided by those on the political right and finds that real sources of trouble lie in a moral deficit that has emerged in our nation over the past fifty years. Tapping into the rich treasure house of scripture he endeavors to explore what Jesus prescribed as the cures for our economic maladies." "Look Up America" will give you hope. You will realize that, even though it is a concern, the federal debt is not on the verge of bankrupting our nation. You will be encouraged to look at what God has done for us rather than fearing what we are doing to ourselves. The information found in "Look Up America" should be read and understood by every candidate running for office and every politician who purports to comprehend our nation's economic needs. It is a book of refreshing good news. Never one to shy away from controversial matters, Gary Moore also offers a valuable word to the church about the failure to teach and practice real stewardship. He calls the church to move beyond the singular emphasis of getting out of debt and begin to proclaim a message that he calls "stewardism." This simply means that we should build an economy and practice on morality rather than corporate profit alone. Financial expert Jim Blasingame says, "America needs the wisdom Gary Moore delivers in his new book, Look Up America. As you're drawn into these pages, here's what you will learn about my friend: He's an intellectual, delivering these big ideas in plain English. He's a devout Christian proposing real world solutions for the real lives of all Americans." (Guitar Play-Along). The Guitar Play-Along series will help you play your favorite songs quickly and easily! Just follow the tab, listen to the audio to hear how the guitar should sound, and then play along using the separate backing tracks. The melody and lyrics are also included in the book in case you want to sing, or to simply help you follow along. 8 songs:

*Cold Day in Hell * Empty Rooms * The Loner * Oh Pretty Woman * Since I Met You Baby * Still Got the Blues * Texas Strut * Walking by Myself.* A memoir of fathers and sons, baseball, a world at war, and second chances. "I loved [it]. You will, too" (Jim Morris, author of *The Oldest Rookie*). Gene Moore was a small-town Illinois farm boy whose passion for "America's Pastime" made him a local legend. It wasn't long before word spread, and the Brooklyn Dodgers came calling on the teenage phenom who could hit a ball a country mile. Headed for stardom, and his dream within reach, Gene's future in the majors was cut short by World War II. In 1944, after joining the US Navy, Gene found himself on a top-secret mission: guarding German sailors captured from U-505, a submarine carrying one of the infamous Enigma decoders. Stuck with guard duty, he decided to bide the time by doing what he loved. Gene taught the POWs how to play baseball. It was a decision that would change Gene's life forever. The story of a remarkable man told by his inspired son, "Gene's journey from promise to despair and back again, set against a long war and an even longer post-war recovery . . . [is] a 20th-century epic that demonstrates how, sometimes, letting go of a dream is the only way to discover one's great fortune" (*Publishers Weekly*, starred review). The Rosewood atrocity of January 1-7, 1923, destroyed the rural African American community of Rosewood, Florida, in an act of mob violence, but went officially unrecorded. Under pressure from cultural denial, it became a bizarre secret by the time it was unearthed in 1982 by journalist Gary Moore, who publicized it first in the *St. Petersburg Times*, where he was on staff, and then took it to "60 Minutes," where he served as background reporter on a television segment airing in 1983. Tracing the previously uninterviewed Rosewood survivors, witnesses and other informants, Moore has become acknowledged as the authority on the Rosewood evidence, assigned as consultant in 1994 by separate investigations by the Florida Attorney General's Office and the Florida Department of Law Enforcement during the Rosewood claims case of 1991-1994 in the Florida Legislature. He was contracted to provide a summary of the events in an inquiry

by the Florida State University System, and presently receives information referrals from the Southeastern Regional Black Archives at Florida A & M University and University Press of Florida. The Rosewood case has emerged as a landmark not only in racial injustice but in mass psychology, revealing the workings of mass denial and mass media distortion. Its witness pool, whose evidence helps reveal the ways that public truth was warped, may be the largest such body of informants ever consulted in a retrospective of a rural enigma from the "Lynching Era." The case has also produced the nation's first governmental financial award in belated compensation for a Lynching Era atrocity (May 4, 1994: \$2.1 million). Rosewood: The Full Story seeks to place the complicated body of Rosewood evidence before the public for the first time, adhering to narrative form but without violating the picture that the evidence presents. This necessarily means addressing and debunking a body of various myths that have arisen around a highly controversial subject. An informant pool of more than 100 individuals, including eyewitnesses, secondary informants and local authorities, is supplemented and tested by a large body of background documentation from the community, such as records of births, deaths, marriages, property deeds, criminal indictments and other documentation--though the "racial cleansing" of 1923 did not itself become a subject of any official record and was effectively excised from surviving governmental and law enforcement files. The result--a plethora of peripheral records, local legends and post-traumatic narratives--presents a deep challenge to the expositor attempting to bring the full picture clearly and readably to the public. Rosewood: The Full Story uses this evidence to trace a picture of the secretive mob violence that destroyed the community of Rosewood, noting the classic features of that violence, as well as patterns of false pleading and myth that have tended to obscure the reality. The fury that swelled suddenly to consume an isolated settlement had the appearance, once the evidence is known, of what might be called human weather. In journalism and as an employee of

the United Nations and investigator of atrocities in the Balkans and Latin America, the author has seen the ways that such storms not only crush lives but devastate public truth as their truths hide behind illusions. This book is moved by a hope that the "storms" of mass violence may be more systematically understood. (Guitar Recorded Versions). 14 of this blues/rock axe master's transcriptions, from his Thin Lizzy days as well as his solo career. Songs: Bad for You Baby * Cold Day in Hell * Empty Rooms * The Loner * Midnight Blues * Oh Pretty Woman * Out in the Fields * Over the Hills and Far Away * Parisienne Walkways * Since I Met You Baby * Still Got the Blues * Texas Strut * Victims of the Future * Walking by Myself. Billy Graham has called Sir John M. Templeton, a mutual fund manager, "a legend in our time". Now Gary Moore shares the secrets of Templeton's incredible success with these ten life-changing principles that will enrich those around you as well as yourself. What Daddy Do is a delightful tale highlighting the joys of Fatherhood! Many young people enter social, business, non-profit, or other organizations without the skills they need to be effective...or help move the organization (and themselves) forward. Often they don't even know what the skills are. With Navigating in Organizations, you'll learn tactics to navigate and help your organization meet its objectives while accomplishing your own goals. The book offers specifics on how to build personal and professional relationships; sell your ideas; effectively run meetings; impact meetings others are running; and six more critical how-to tactics. It includes 11 Don'ts—actions counterproductive to your and the organization's effectiveness, such as "Don't take things personally...but assume everyone else does." The book also outlines 9 critical skills, such as public speaking and conflict management, and most chapters end with specific "Get Started" actions to implement the topic's principles, along with a list of helpful resources. Throughout the book the principles discussed are illustrated with Real-World Experiences—short vignettes from author Gary Moore's 50-plus-year career of "getting things done" in organizations!
