How Do We Know Ourselves? May 15 2021 “Each chapter is a gem of insight into the human experience, cut and polished to perfection by the renowned psychologist David Myers. Better than any book I can recall, this book answers questions about why we think, feel, and act as we do—but also makes us curious to learn more.” —Angela Duckworth A delightful tour of the wonders of our humanity from David G. Myers, the award-winning professor and author of psychology’s bestselling textbook. Over the past three decades, millions of students have learned about psychology from textbooks by David G. Myers. To create these books and to satisfy his own endless curiosity about the human mind, Myers monitors the leading journals to discover the most extraordinary developments in psychological science. *How Do We Know Ourselves?* is a compendium of the most wondrous verities that Myers has found, revealing thought-provoking insights into our everyday lives. His astute observations and sharp-witted wisdom enable readers to think smarter and live happier. Myers’s subjects range from why we so often fear the wrong things to how simply going for a walk with someone can increase rapport and empathy. He reveals why we repeatedly mishear song lyrics and how the color of President Obama’s suits aided in his decision-making. Myers also explores the powers and perils of our intuition, explaining why anything can seem obvious once it happens. These forty essays offer fresh insight into our sometimes bewildering but ever-fascinating lives. Myers is engaging and intellectually provocative, and he brings a wealth of knowledge from more than fifty years of teaching and writing about psychology to this lively and informative collection. He inspires us to ponder timeless questions, including what might be the most intriguing one of all: How do we know ourselves?

*Exploring Psychology* Apr 25 2022

*Social Psychology* Oct 08 2020 Reflecting your students and their world. How many of the students in your Social Psychology course are Psychology majors? Business? Sociology? Education? In the 10th edition of *Social Psychology*, David Myers once again weaves an inviting and compelling narrative that speaks to ALL of your students regardless of background or intended major. Through examples and applications as well as marginal quotations from across the breadth of the liberal arts and sciences, Myers draws students into the field of social psychology. At the same time, Myers is also in tune with the ever-changing state of social psychology research. Boasting over 650 new citations in the 10th edition, *Social Psychology* is as current as it is captivating. *Research Close-Up* and *Inside Story* features

throughout the book provide deeper exposure to key research and researchers. Marginal quotations, examples and applications throughout each chapter, and the concluding "Applying Social Psychology" chapters all ensure that regardless of your students' interests and future plans, Social Psychology will engage them. This 10th edition also features the contributions of Jean Twenge, author of *Generation Me* and *The Narcissism Epidemic*, further bolstering the direct connection to today's students.

*Psychology, Eighth Edition in Modules* Mar 25 2022 This modular version of Myers's full-length text, *Psychology*, reflects the author's research-supported belief that many students learn better using a text comprised of brief modules, as opposed standard-length chapters. *Psychology, Eighth Edition, in Modules* breaks down the 18 chapters of *Psychology* into 58 short modules, retaining that acclaimed text's captivating writing, superior pedagogy, and wealth of references to recent cutting-edge research. The modular version has its own extensive media and supplements package, with content organized to match its table of contents.

*Psychology* Apr 06 2023 David Myers' bestselling *Psychology* has reached a wider audience of students and instructors with each new edition. Myers and his team lead the field in being attuned to psychology's research and the needs of the instructors and students in the course today. Ten million student class testers and thousands of adopting instructors can attest to the quality of this project. True to form, this landmark new 11th Edition is another vigorous, deeply considered revision.

*Pursuit of Happiness* Dec 02 2022 Social psychologist David G. Myers has reviewed thousands of recent scientific studies conducted worldwide in search of the key to happiness. With wit and wisdom, he explodes some of the popular myths on the subject and presents specific techniques for finding true joy in living: Are most people happy? What are the inner traits of happy people? Are extroverts happier than introverts? Are men happier than women? Does religious faith promote inner peace and joy? Does well-being come with being well-off? Are happy children more likely to become happy adults? What part do friends play in personal happiness? Is age a factor in feeling happy? What can you do to improve your own sense of well-being? and much more

Exploring Psychology with Updates on DSM-5 Feb 09 2021 This new edition provides a state-of-the-art introduction to psychology that merges the rigor of science with a broad human perspective. All the Myers' hallmarks are here—the vivid presentation, intense attention to detail and currency in the field, research-based study aids and media learning tools, and above all, the inviting, authorial voice of David Myers that speaks to the life experiences of all kinds of students. *DSM 5 Updates Available for Fall 2014 classes*, this update version features new content from David Myers in response to the release of the DSM-5. This new content is integrated into the text without changing pagination or the structure of the chapters. A special *DSM 5 Supplement* by the David Myers is available for Fall 2013 and Spring and Summer 2014 courses. View the *Page-Referenced Guide to the DSM-5 updates for Exploring Psychology*.

**Psychology** May 07 2023 David Myers' bestselling *Psychology* has reached a wider audience of students and instructors with each new edition. Myers and his team lead the field in being attuned to psychology's research and the needs of the instructors and students in the course today. **Myers' Psychology for the AP® Course** Jan 29 2020 Thus begins market-leading author David Myers' discussion of developmental psychology in Unit 9 of his new *Myers' Psychology for AP® Second Edition*. With an undeniable gift for writing, Dr. Myers will lead your students on a guided tour of

psychological science and poignant personal stories. Dr. Myers teaches, illuminates, and inspires. Four years ago, we published this ground-breaking text which is correlated directly to the AP® course. Today, we build on that innovation and proudly introduce the 2nd AP® Edition. Whether you are new to AP® psychology or have many years under your belt, this uniquely AP® book program can help you achieve more.

**Loose-leaf Version for Psychology** Apr 13 2021 David Myers' new partnership with coauthor C. Nathan DeWall matches two dedicated educators and scholars, each passionate about teaching psychological science through writing and interactive media. With this new edition of the #1 bestselling Psychology, Myers and DeWall take full advantage of what an integrated text/media learning combination can do. New features move students from reading the chapter to actively learning online: How Would You Know puts students in the role of scientific researcher and includes tutorials on key research design principles; Assess Your Strengths self-tests help students learn a little more about themselves, and include tips about nurturing key strengths. These and other innovations rest on the same foundations that have always distinguished a new David Myers edition—exhaustive updating (hundreds of new citations), captivating writing, and the merging of rigorous science with a broad human perspective that engages both the mind and heart.

**Exploring Psychology** Jan 03 2023

Intuition Mar 13 2021 How reliable is our intuition? How much should we depend on gut-level instinct rather than rational analysis when we play the stock market, choose a mate, hire an employee, or assess our own abilities? In this engaging and accessible book, David G. Myers shows us that while intuition can provide us with useful—and often amazing—insights, it can also dangerously mislead us—Publisher's description.

**Psychology, Eighth Edition, in Modules Visual Concept Reviews** Dec 30 2019 This full-color booklet—available for free when shrink-wrapped with the book or Study Guide—offers fill-in-the-blank style concept charts that allow students to apply their understanding of the concepts to real-life situations (with answers in an appendix). Some of the Concept Reviews focus on the biopsychosocial approach, thus extending the levels of analysis theme that David Myers has further applied in the text, for this edition.

*Psychology in Modules* Feb 21 2022 In this version of Psychology, Twelfth Edition, David Myers and Nathan DeWall break down the new edition's 16 chapters into 53 modules, assignable in any sequence and brief enough to be read in one sitting. It's a format favored by a wide range of students and instructors, one that's supported by substantial research showing that students working with shorter reading assignments develop a deeper understanding of the material. The new edition of Modules includes the same new features and content of Psychology, Twelfth Edition, including hundreds of new citations and new infographics. And like Psychology, Twelfth Edition is more than ever a fully integrated text/media learning package, with the modular edition's LaunchPad now featuring dozens of new Concept Practice activities.

**Exploring Psychology** May 03 2020 Always on top of the latest news in psychology, always tuned in to what's happening in the classroom, David Myers' Exploring Psychology is far and away the best-selling brief introduction to psychology. Thoroughly reexamined page by page, line by line, and reference by reference, each new edition is both refreshingly innovative and reassuringly Myers. The new Seventh Edition is both classic Myers and cutting-edge psychology, a rich presentation of ideas and applications featuring hundreds of new research citations, over 40% new photos, and state-of-the-art media and supplements. But its most compelling feature remains the inimitable Myers' voice—a voice that speaks directly to the curiosities and experiences of all kinds of students. Myers' writing keeps students reading...and learning.

Psychology for High School Mar 05 2023 David Myers' bestselling Psychology has reached a wider audience of students and instructors with each new edition. His new partnership with coauthor C. Nathan DeWall matches two dedicated educators and scholars, each passionate about teaching psychological science through writing and interactive media. With this new edition of the #1 bestselling Psychology, Myers and DeWall take full advantage of what an integrated text/media learning combination can do. New features move students from reading the chapter to actively learning online: How Would You Know puts students in the role of scientific researcher and includes tutorials on key research design principles; Assess Your Strengths self-tests help students learn a little more about themselves, and include tips about nurturing key strengths. These and other innovations rest on the same foundations that have always distinguished a new David Myers edition—exhaustive updating (hundreds of new citations), captivating writing, and the merging of rigorous science with a broad human perspective that engages both the mind and heart.

Myers' Psychology for AP® Feb 04 2023 Thus begins market-leading author David Myers' discussion of developmental psychology in Unit 9 of his new Myers' Psychology for AP® Second Edition. With an undeniable gift for writing, Dr. Myers will lead your students on a guided tour of psychological science and poignant personal stories. Dr. Myers teaches, illuminates, and inspires. Four years ago, we published this ground-breaking text which is correlated directly to the AP® course. Today, we build on that innovation and proudly introduce the 2nd AP® Edition. *Exploring Psychology* Aug 30 2022 Do you want your students to engage with and retain psychology's key principles, and to work toward becoming better students and better people in the process? Best-selling Exploring Psychology offers creative ways to help make it happen. The new edition of Exploring Psychology offers outstanding currency on the research, practice, and teaching of psychology. Myers and DeWall inspire students with fascinating findings and applications, effective new study tools and technologies, and a compassionate and compelling storytelling voice. Their presentation is based on the same guiding principles that made David Myers the world's bestselling introductory psychology author. Facilitate learning by teaching critical thinking and helping students at every step. Present psychology as a science, emphasizing the process of inquiry and putting facts in the service of concepts. Make sure students come away with an appreciation of psychology's big ideas, and with a deeper respect for humanity--what drives us, distinguishes us, unifies us.

**Social Psychology** Mar 01 2020 The European edition of Social Psychology builds on the work of the original US book, thoroughly revised and updated to include the most up-to-date research from Europe and North America as well as more international research.

**Myers' Psychology for AP\*** Nov 01 2022 Already The Bestselling AP\* Psychology Author, Myers Writes His First Exclusive AP\* Psych Text Watch Dave G. Myers introduce this new text here. David G. Myers is best known for his top-selling college psychology texts, used successfully across North America in thousands of AP\* courses. As effective as Myers' college texts have been for the AP\* course, we believe his new text will be even better, because Myers' Psychology for AP\* has been written especially for the AP\* course!

*Psychology In Modules (Spiral)* Jun 27 2022 Why Myers? David Myers has become the world's best-selling introductory psychology author by serving the needs of instructors and students so well. Each Myers textbook offers an impeccable combination of up-to-date research, well-crafted pedagogy, and effective media and supplements. Most of all, each Myers text demonstrates why this author's style works so well for students, with his signature compassionate, companionable voice, and superb judgment about how to communicate the science of psychology and its human impact. Why Modules? This modules-based version of Myers' best-selling, full-length text, Psychology (breaking down that

book's 16 chapters into 59 short modules) is yet another example of the author's ability to understand what works in the classroom. It comes from Myers' experiences with students who strongly prefer textbooks divided into briefer segments instead of lengthier chapters, and with instructors who appreciate the flexibility offered by the modular format. Modular organization presents material in smaller segments. Students can easily read any module in a single sitting. Self-standing modules. Instructors can assign modules in their own preferred order. The modules make no assumptions about what students have previously read. Illustrations and key terms are repeated as needed. This modular organization of short, stand-alone text units enhances teacher flexibility. Instead of assigning the entire Sensation and Perception chapter, instructors can assign the module on vision, the module on hearing, and/or the module on the other senses in whatever order they choose. Watch our new videos from David Myers here, including our animation on THE TESTING EFFECT narrated by David Myers.

**Exploring Social Psychology** Apr 01 2020

**Exploring Psychology in Modules** Oct 20 2021 The new edition of Exploring Psychology in Modules offers outstanding currency on the research, practice, and teaching of psychology. Myers and DeWall inspire students with fascinating findings and applications, effective new study tools and technologies, and a compassionate and compelling storytelling voice.

[Psychology Through the Eyes of Faith](#) Nov 08 2020 Identifies the major ideas that college and university students will encounter in a basic psychology course and explores connections with Christian belief.

[Social Psychology](#) Jan 23 2022 In this edition, the author once again weaves an inviting and compelling narrative that speaks to ALL of your students regardless of background or intended major. And with Connect Social Psychology and LearnSmart, students are able to create a personalized learning plan helping them be more efficient and effective learners. With LearnSmart, students know what they know and master what they don't know and faculty are able to move to more in-depth classroom discussions. Through examples and applications as well as marginal quotations from across the breadth of the liberal arts and sciences, Myers draws students into the field of social psychology. At the same time, Myers is also in tune with the ever-changing state of social psychology research. Research Close-Up and Inside Story features throughout the book provide deeper exposure to key research and researchers. Marginal quotations, examples and applications throughout each chapter, and the concluding Applying Social Psychology chapters all ensure that regardless of your students' interests and future plans, Social Psychology will engage them.

**The Human Puzzle** Aug 06 2020

**Psychology in Everyday Life** Aug 18 2021 Creating an exceptionally student-friendly textbook in psychology isn't just about making the chapters shorter and pages more colorful. It's about using that type of format to provide a clear portrait of psychological science, concise but not oversimplified, all while continually answering the recurring student question: "What does this have to do with me?" David Myers' brief introduction to psychology, Psychology in Everyday Life, certainly does offer brief, easily manageable chapters and a colorful, image-rich design (both shaped by extensive research, class testing, and instructor/student feedback). But what makes it such an exceptional text is what flows through those chapters—rich presentations of psychology's core concepts and field-defining research, examined in context of the everyday lives of all kinds of people around the world and communicated in the captivating storyteller's voice that is instantly recognizable as Myers'. The new edition of Psychology in Everyday Life offers an extraordinary amount of new research, effective new inquiry-based study tools, and further design innovations, all while maintaining its trademark brevity and clean layout. And it is accompanied by an innovative media/supplements of the same scope as all of David Myers' more comprehensive textbooks.

**The American Paradox** Jun 03 2020 DIV For Americans entering the twenty-first century, it is the best of times and the worst of times. Material wealth is at record levels, yet disturbing social problems reflect a deep spiritual poverty. In this compelling book, well-known social psychologist David G. Myers asks how this paradox has come to be and, more important, how we can spark social renewal and dream a new American dream. Myers explores the research on social ills from the 1960s through the 1990s and concludes that the materialism and radical individualism of this period have cost us dearly, imperiling our children, corroding general civility, and diminishing our happiness. However, in the voices of public figures and ordinary citizens he now hears a spirit of optimism. The national dialogue is shifting—away from the expansion of personal rights and toward enhancement of communal civility, away from efforts to raise self-esteem and toward attempts to arouse social responsibility, away from “whose values?” and toward “our values.” Myers analyzes in detail the research on educational and other programs that deal with social problems, explaining which seem to work and why. He then offers positive and well-reasoned advice, suggesting that a renewed social ecology for America will rest on policies that balance “me thinking” with “we thinking.”/div

**Psychology In Modules** Dec 10 2020 This version of the main text breaks down the chapters into shorter modules, for more accessibility. The smaller chunks allow students to better grasp and explore psychological concepts. The modules also allow more flexibility in teaching, as cross-references to other chapters have been replaced with brief explanations.

**Study Guide for Psychology** Jul 17 2021 Longtime Myers collaborator Richard Straub provides an updated study guide for the new edition.

**Social Psychology** May 27 2022 Revised edition of the authors' Social psychology, [2016]

**Psychology** Nov 20 2021 From its beginnings to this remarkably fresh and current new edition, Myers and DeWall's Psychology has found extraordinarily effective ways to involve students with the remarkable research underlying our understanding of human behavior. But while the content and learning support evolves edition after edition, the text itself continues to be shaped by basic goals David Myers established at the outset, including to connect students to high-impact research, to focus on developing critical thinking skills, and to present a multicultural perspective on psychology, so students can see themselves in the context of a wider world. This new edition offers 2100 research citations dated 2015-2020, making these the most up-to-date introductory psychology course resources available. With so many exciting new findings, and every chapter updated with current new examples and ideas, students will see the importance and value of psychological research, and how psychology can help them make sense of the world around them. The abundant, high quality teaching and learning resources in LaunchPad and in Achieve Read & Practice, carefully matched to the text content, help students succeed, while making life easier and more enjoyable for instructors.

**Updated Myers' Psychology for the AP® Course** Dec 22 2021 Announcing a new Myers/DeWall text, created specifically for the Fall 2019 AP® course framework! You are likely familiar with the name Dr. David G. Myers. Now, he and his new co-author, Nathan DeWall, bring you a book that will allow you to use College Board's new Personal Progress Checks and Dashboard more effectively. This updated edition includes 100% of the new course content in the new nine-unit structure. All teacher and student resources will also be updated to correlate to the new student edition; this includes the TE, TRFD, TB, Strive, and LaunchPad. Everything will publish in summer 2020 such that you can use this new program for Fall 2020 classes. If you're not familiar with Myers/DeWall texts, you are in for a treat! Drs. Myers and DeWall share a passion for the teaching of psychological science through wit, humor, and the telling of poignant personal stories (individually identified in the text by the use of each author's initials [DM and ND]). Through close collaboration, these authors produce a unified voice that will teach, illuminate, and inspire your AP® students.

**Social Psychology Sep 06 2020** Adopting a multicultural approach, this text guides readers in the study of social thinking, social influence, and social relations. This edition emphasises social psychology's applications to both work and life, and uses vignettes to emphasise the relevance of social psychology research.

*Social Psychology Jul 05 2020* Reflecting your students and their world. How many of the students in your Social Psychology course are Psychology majors? Business? Sociology? Education? In the 10th edition of Social Psychology, David Myers once again weaves an inviting and compelling narrative that speaks to ALL of your students regardless of background or intended major. Through examples and applications as well as marginal quotations from across the breadth of the liberal arts and sciences, Myers draws students into the field of social psychology. At the same time, Myers is also in tune with the ever-changing state of social psychology research. Boasting over 650 new citations in the 10th edition, Social Psychology is as current as it is captivating. Research Close-Up and Inside Story features throughout the book provide deeper exposure to key research and researchers. Marginal quotations, examples and applications throughout each chapter, and the concluding "Applying Social Psychology" chapters all ensure that regardless of your students' interests and future plans, Social Psychology will engage them. This 10th edition also features the contributions of Jean Twenge, author of Generation Me and The Narcissism Epidemic, further bolstering the direct connection to today's students.

Psychology in Everyday Life Jul 29 2022 David Myers' briefest introduction to psychology speaks to all students regardless of their background or level of preparedness, with no assumptions made in the vocabulary, examples, or presentation. Students of all kinds are comfortable with Myers' manageable chapters, which include careful connections to associated visuals, comparative tables, and research-based pedagogy. For this edition, there is something completely new to a Myers text: David Myers personally selected new coauthor. Nathan DeWall's enthusiasm for teaching and writing about psychological science makes him uniquely suited to join the world's bestselling psychology textbook author. And with about 30 more pages of coverage, this edition has become an even stronger and more complete introduction to the science of psychology for courses of all kinds. What's in the LaunchPad

*Intuition Sep 30 2022* How reliable is our intuition? How much should we depend on gut-level instinct rather than rational analysis when we play the stock market, choose a mate, hire an employee, or assess our own abilities? In this engaging and accessible book, David G. Myers shows us that while intuition can provide us with useful—and often amazing—insights, it can also dangerously mislead us. Drawing on recent psychological research, Myers discusses the powers and perils of intuition when: • judges and jurors determine who is telling the truth; • mental health workers predict whether someone is at risk for suicide or crime; • coaches, players, and fans decide who has the hot hand or the hot bat; • personnel directors hire new employees; • psychics claim to be clairvoyant or to have premonitions; • and much more.

Exploring Psychology, Sixth Edition, in Modules Sep 18 2021 The success of the modular version of David Myers's bestselling brief text, Exploring Psychology, proves the author's longheld belief (supported by independent research) that for a number of students, a text comprised of 45 15-page chapters is more effective than one of 15 45-page chapters. Exploring Psychology, Sixth Edition, in Modules includes all the features and up-to-date content of the current edition of Exploring Psychology organized into 45 modules. It is accompanied by its own expansive variety of media and supplements similar to the Exploring Psychology package, also reorganized to match the modular format. This is NOT a brief version of Psychology, Seventh Edition, in Modules. Rather, this text is a MODULARIZED version of Exploring Psychology, Sixth Edition.

**Psychology, Seventh Edition, in Modules (spiral) Jan 11 2021** This breakthrough iteration of David Myers' best-selling text breaks down the introductory psychology course into 55 brief modules.
