A Textbook of Legal Studies for Class XII Jul 27 2020 A Textbook of Legal Studies for Class XII In the last few decades, India has not only showcased itself as the world's largest democracy but also exhibited the resilience of its institutions and the fortitude of its governance benchmarks. As India pursues a leadership position in the world community, the need for a rule-of-law society has become a necessary pre-condition. A compliant and law-abiding citizenry alone can build the requisite ecosystem for a nation to surge ahead. This calls for a greater legal literacy amongst its masses to enhance their understanding of public affairs as well their entitlements and duties as citizens. In the long run, this can also potentially eradicate the ethics deficit in society. Structured training in law not only helps the youth challenge their thought process and nurture analytical and negotiation skills but also prepares them for myriad opportunities and exciting career options. No wonder, in the last few years, apart from offering the traditional career in litigation, the law has established itself into fields like public service, academics, research, public policy, journalism, and various other emerging streams. To cater to this burgeoning demand for trained legal professionals, India has seen a tremendous growth of institutions like the National Law Universities and many private universities offering law courses, in addition to the expansion of the existing facilities. Central Board of Secondary Education's decision to introduce 'Legal Studies' as an elective subject, in the year 2013-14 for the Class XI students and in the year 2014-15 for the Class XII students, could not have come at a better time. It is a testimony to the realisation that the introduction of an important subject like Legal Studies at an early stage can do wonders for the students who plan a career in the field of law. Even for those who may pursue other careers, their intellectual strength and the problem-solving abilities will be enhanced through the study of law. This book is a humble attempt to make a student's first interface with the law as a subject an elevating experience. Care has been taken to make the presentation of the text simple and reader-friendly. The various units of the book, while meeting the requirements of the prescribed syllabus, offer comprehensive coverage of the aspects of law that have been covered. Important legal terms have been meticulously explained with examples to help the students develop a clear understanding about them. All relevant cases have been duly cited, and it has been ensured that the text comprises the latest information about the incorporated content. PREFACE Authors are confident that the book shall be extremely useful for the students of Class XII in developing a clear understanding of the various critical facets of law. They can also benefit immensely from the tips given by the authors for preparing for the examinations and scoring well. The book also has the potential to become a foundational text in the hands of those seeking a basic understanding of the Indian legal system. Our sincere thanks to Dr. B.L. Babel, retired District and Sessions Judge and an acclaimed author of innumerable law books, and Dr. Anil Kaushik, former Dean, Faculty of Law, M.G.S. University, Bikaner, and presently, Principal, S.D. Law (P.G.) College, Sri Ganganagar, Rajasthan, for guiding us in the development of the text. Special thanks to Mr. Sanjay Sardana and Mr. Sankalp Sardana of the Manav Mangal Group of Schools for helping us develop a perspective about the students' expectations from the book. We would like to express our deep gratitude to Prof. Ramesh Arora and Mrs. Priyanka Sapra for their mentoring and consistent motivation in all our endeavours. We are deeply indebted to the publishers, Goyal Brothers Prakashan, particularly Mr. Suresh Goyal and his dedicated team for making this book a reality despite all the impediments posed by the pandemic. Their efforts in enhancing the presentation of the book are sincerely acknowledged. The authors shall also like to register their profound appreciation for the outstanding academic and research environment at the O.P. Jindal Global University, Sonapat, which helped in the conception and development of this book. In particular, the suggestions from a few students turned out to be invaluable in the development of this work, for which the authors shall remain indebted. Human efforts, howsoever ingenious, are at best attempts seeking excellence and are liable to suffer from infirmities. We look forward to the feedback from our readers and shall be ever so keen to learn from their views and acknowledge the same appropriately. Last but by no reckoning the least, the authors would like to thank all their friends and family members profusely for their encouragement and constant support.

Discourse and Identity Formation Oct 30 2020 The book explores eleven debates held at the Bahraini Council of Representatives (or the Parliament) over 2007-2010 to comprehend how parliamentary discourse contributes towards identity formation within Bahraini society. Within the framework of critical discourse studies, the book traces the ideological struggle over power in the linguistic content of legislative discourse through a range of discursive strategies and devices. The authors contend that the discursive choices across the political spectrum in the legislative debates reflected strong sectarian characteristics which contained in it the seeds of political unrest of 2011, the so-called 'Arab Spring' of Bahrain. Parliamentary rhetoric and its resonance in the public sphere, the authors argue, revealed the underlying contradictions in Bahraini society. The book highlights the significance of legislative discourse as a platform of social cohesion, and its instability being symptomatic of contradictions within society. Feb 14 2022

Marriages of Inconvenience Jun 06 2021 Marriages of Inconvenience: The politics of coalitions in South Africa is a research-based volume that collates and interprets lessons that South Africa should take to heart in managing interparty coalitions. It draws from domestic experiences as well as from case studies on the rest of the African continent and generic instances further afield. Coalitions in various iterations have been a part of the South African polity since the attainment of democracy in 1994. This started, nationally, with a 'grand coalition' in the form of a Government of National Unity as mandated in the interim constitution. Coalitions have also found expression in some of the country's provinces. After the transition, multiparty governments were sustained at national and provincial levels either as a matter of necessity due to election outcomes or for other political considerations. At local government level, coalitions have been relatively commonplace in South Africa from the onset of democratically elected municipalities in 2000, with many situations where no single party attained an absolute majority. This gained prominence from 2016 when many metropolitan governments and some large towns became sites of coalition politics.

New Jersey Constitution of 1947 Aug 08 2021 This work presents the 1947 constitution of New Jersey. It was drafted by a convention of diplomats from each county, assembled from 12 June to 10 September 1947, further strengthening the Office of the Governor and reorganizing and unifying the judicial system under the Supreme Court. Moreover, the document included new rights and protections and required the legislature to provide for "a thorough and efficient system of free public schools."

House Practice Dec 24 2022 Published by the Parliamentarian of the House of Representatives. Contains the parliamentary precedents of the United States House of Representatives. The compilation of the parliamentary precedents of the House is as important as any other function of the Office of the Parliamentarian. For each procedural decision made on the floor of the House, the Parliamentarian extracts the proceedings from the daily Congressional Record and writes a parliamentary syllabus. These "headnotes" must be precise, stating the real substance of the decision and its legal rationale in suitably narrow terms. To bridge the span between a digest of decisions and formally published precedents, the Parliamentarian publishes *House Practice: A Guide to the Rules, Precedents and Procedures of the House*, a condensed compilation of procedures of current application. The New Jersey State Constitution Sep 21 2022 The New Jersey State Constitution is a thoroughly revised new edition that provides an extensive historical account and constitutional analysis of the state's governing charter. In addition to an overview of New Jersey's constitutional history, it provides an in-depth, section-by-section analysis of the entire constitution, detailing the many significant changes that have been made since its initial drafting. This treatment, along with a table of cases, index, and bibliography is an essential resource for students, scholars, and practitioners of New Jersey's constitution. State constitutions perform different functions and contain different provisions from the more-familiar U.S. Constitution. The book first outlines the historical development of New Jersey's state constitution from 1776 to the present and explains the highlights of the process of state constitutional development, leading to the current New Jersey constitution. Next, each section of the current constitution is analyzed, including its origins, general intent and purpose, and important judicial interpretations illustrating the types of situations in which the section can come into play, including references to key academic analysis of each section. Careful explanation is provided, with illustrations from cases, of the complex and evolving relationship between rights guaranteed by the U.S. Constitution and rights guaranteed by the New Jersey constitution. In many instances, New Jersey's rights can be more protective than those included in the Federal Constitution. Finally, the book provides a thorough bibliographical essay reviewing the evolution of the New Jersey constitution.

The Cambridge Handbook of Chinese Linguistics Aug 28 2020 The linguistic study of Chinese, with its rich morphological, syntactic and prosodic/tonal structures, its complex writing system, and its diverse socio-historical background, is already a long-established and vast research area. With contributions from internationally renowned experts in the field, this Handbook provides a state-of-the-art survey of the central issues in Chinese linguistics. Chapters are divided into four thematic areas: writing systems and the neuro-cognitive processing of Chinese, morpho-lexical structures, phonetic and phonological characteristics, and issues in syntax, semantics, pragmatics, and discourse. By following a context-driven approach, it shows how theoretical issues in Chinese linguistics can be resolved with empirical evidence and argumentation, and provides a range of different perspectives. Its dialectical design sets a state-of-the-art benchmark for research in a wide range of interdisciplinary and cross-lingual studies involving the Chinese language. It is an essential resource for students and researchers wishing to explore the fascinating field of Chinese linguistics.

The Constitutional Systems of the Commonwealth Caribbean Mar 15 2022 The Commonwealth Caribbean comprises a group of countries (mainly islands) lying in an arc between Florida in the north and Venezuela in the south. Varying widely in terms of their size, population, ethnic composition and economic wealth, these countries are, nevertheless, linked by their shared experience of colonial rule under the British Empire and their decision, upon attaining independence, to adopt a constitutional system of government based on the so-called 'Westminster model'. Since independence these countries have, in the main, enjoyed a sustained period of relative political stability, which is in marked contrast to the experience of former British colonies in Africa and Asia. This book seeks to explore how much of this is due to their constitutional arrangements by examining the constitutional systems of these countries in their context and questioning how well the Westminster model of democracy has successfully adapted to its transplantation to the Commonwealth Caribbean. While taking due account of the region's colonial past and its imprint on postcolonial constitutionalism, the book also considers notable developments that have occurred since independence. These include the transformation of Guyana from a parliamentary democracy to a Cooperative Republic with an executive president; the creation of a Caribbean Single Market and Economy and its implications for national sovereignty; and the replacement of the Judicial Committee of the Privy Council by the Caribbean Court of Justice as the final court of appeal for a number of countries in the region. The book also addresses the resurgence of interest in constitutional reform across the region in the last two decades, which has culminated in demands for radical reforms of the Westminster model of government and the severance of all remaining links with colonial rule.

Constitutional Crisis in the European Constitutional Area May 17 2022 The concept of a European Constitutional Area has been used in legal scholarship to describe a common space of constitutionalism where national and international constitutional guarantees interact to maintain the common constitutional values of Europe. This concept has not yet been tested in a case where the constitutional order of a Member State of the European Union seems to develop systemic deficiencies. The present volume aims to assess recent constitutional developments in Hungary and Romania, as well as the interplay of national, international and European constitutionalism which react to the loopholes in national constitutions. Accordingly, a core part of the volume is an in-depth analysis of the situation in Hungary and Romania. Based on that, the volume offers an account of the different reaction mechanisms of the European Union and of the Council of Europe. Beyond a detailed stock-taking of these mechanisms, their legal and political frameworks are explored, as well as different ways to extend their reach. In this way, the volume contributes to a little-studied aspect of European constitutionalism.

Gender Quotas in the Post-Communist World Apr 23 2020 This is a sourcebook on gender quotas in nations that experienced multiple generations of Communist Party rule.

We built the book from a variety of sources and disciplines for use in research, teaching, and activism. We intend for the book to provide an introduction to gender quota policy and, thus, to the cross-national problem of women's political inequality of voice. This book features the voice of the parliamentarians whose job it is to write, promote, and enforce the policies that help move society from gender inequality to gender equality. Nations with a Communist past have been underrepresented in the English-language scholarship on political representation and gender inequality. This sourcebook presents new and updated information about countries of the world whose women endure political inequality in everyday life yet whose specific plight over the last two decades has been little examined by Western scholars. Among other sources, this book includes, for the first time, an English language translation of the entire parliamentary debate in Poland's Sejm on the proposed gender quota law in 2010. This book was funded by the National Science Center, Poland (project number 2016/23 / B / HS6 / 03916).

"We Are In Charge Here" Jan 25 2023 Powerful, innovative Indigenous self-governance regimes are increasingly important players in Canadian politics, but little academic work has been done on their structure, operation, and effectiveness. "We Are In Charge Here" examines the central institution of the most populous Indigenous self-governance regime in Canada, the elected Assembly of the Nunatsiavut Government. Nunatsiavut – "our beautiful land" in Inuktitut – was established in 2006 by a modern treaty between the Labrador Inuit and the Canadian state. Graham White offers a thorough observation of the Assembly, based on interviews with Assembly members and others involved in Nunatsiavut politics, observation of Assembly sessions, and a review of official documents, in order to provide a comprehensive picture of the Assembly, its members, and its operations. The book examines the Assembly's effectiveness in performing traditional legislative functions such as representation, policy making, and accountability. It addresses key concerns including executive-legislative power relations, Inuit influence on Assembly operations, and the Assembly's role in realizing self-government. Illuminating the intersection of Indigenous self-governance approaches and Western institutions, "We Are In Charge Here" will be of interest to political leaders, legislative officials, and academics concerned with the design and on-the-ground functioning of Indigenous self-governance.

Party and Procedure in the United States Congress Feb 20 2020 Understanding how Congressional political parties utilize floor procedure to advance a legislative agenda is fundamental to understanding how Congress operates. This book offers students and researchers an in-depth understanding of the procedural tools available to congressional leaders and committee chairs and how those tools are implemented in the House of Representatives, the Senate, and during negotiations between the chambers. While other volumes provide the party or the procedural perspective, this book combines these two features to create a robust analysis of the role that party can play in making procedural decisions. Additionally, the contributors provide an opportunity to take a holistic look at Congress and understand the changing dynamics of congressional power and its implementation over time. The second edition of Party and Procedure in the United States Congress includes case studies and analyses of the changes and innovations that have occurred since 2012, including the "nuclear option."
