to explain to a 3 year old child that they can no longer sleep in your bed. How do you explain to a child that love is what guides you, even when it doesn't seem that way? In this fun children's book, parents get the opportunity to explain that all we do, is Because we Love You. As parents, we all want our kids to know how much we love them. We want them to know that no matter what it seems like, we provide structure and care because we love them. In this colorful Children's book, this Dad explains to his children "the why" that seems so hard to do on a day to day basis. By the end of this book, children will understand that love is what drives every decision made by parents. Eight weeks after sixteen-year-old Andie Hamilton gives her virginity to her best friend, "the stick" says she's pregnant. Her friends treat her like she's carrying the plague, her classmates torture and ridicule her, and the boy she thought loved her doesn't even care. Afraid to experience the next seven months alone, she turns to her ex-boyfriend, Neil Donaghue, a dark-haired, blue-eyed player. With him, she finds comfort and the support she desperately needs to make the hardest decision of her life: whether or not to keep the baby. Then a tragic accident leads Andie to discover Neil's keeping a secret that could dramatically alter their lives, and she's forced to make a choice. But after hearing her son's heartbeat for the first time, she doesn't know how she'll ever be able to let go. A long time ago a wise man named Shaddai built a wonderful village for children to live in. He talked to them and sang for them and told them stories. He gave them everything they needed. And with his own hands Shaddai built a protective wall around their village, rock by rock. He did all of this for just one reason—because he loved them. One day Paladin, the village's most curious child, discovers something troubling about the wall. Something that makes him wonder about Shaddai's love. Could there be a mistake? Young Paladin is about to discover the answer. And when he does, he will come to understand just how deeply he is loved. And so will you. Everything God does for your children, He does because of love. He protects them. He listens to their prayers. He provides for their needs. He even gives warnings and sets boundaries—for no other reason than love. As an adult you already know this. Now your children can know it too through this captivating tale, which was first published in the award-winning children's bestseller Tell Me the Story. Let this timeless story of a curious boy's choice and a caring man's sacrificial response help you make the infinite love of their Heavenly Father as real to your kids as your own love. A heart-warming celebration of love in all its forms by the multi-award winning illustrator of Julian is a Mermaid and Julian at the Wedding I love you because you tell the best stories. Because I love you, my best story is you. This powerful picture book from Jessica Love, award winning illustrator of Julian is a Mermaid and Julian at the Wedding, shares all the reasons - big and small - why we love those we love. Joyful, life-affirming, and overflowing with love, this is a book to be treasured as you celebrate the special bond you share with your loved ones. This is what love looks like. Dreams and aspirations, triumphs, and failures are aspects of family life that we normally encounter. The way we react and interpret those moments are greatly influenced by societal standards. But what if our family mechanics do not conform to the "norm" of our society? What are we going to do? Where do we start? How do we face the perception of other people? How do we counter our own biases? Living with a family member with Autism Spectrum Disorder (ASD) does not conform to the norm of society. Cultural practices and traditions do not include autism in its design. The confusion and struggles of the members of the family is greatly magnified by the environment which is supposed to shelter and support it. This book is a simple record of an autism parents' journey of discovery, struggles, and hard-earned triumphs to conquer an adversary that they cannot see but has a profound effect on the very foundation of their family. This book will give you a glimpse of the live observations and some background literature on the characteristics of a child with ASD. It will include:

- Terms about ASD and their

corresponding operational definitions • Proactive and creative approaches in solving obstacles • Practical teaching methods and behavioral modification techniques that may work for you • Reflections on philosophical thoughts on education related to ASD • Stories on ups and downs of taking care of a child diagnosed with ASD • Realizations on the different approaches that were used in addressing some of the profound characteristics of a child with ASD Experts are always saying that every child with ASD has unique fixations and manifestations thus there is no “one size fits all” approach. In line with this, this book may provide you with an idea or guide in approaching ASD. Although every child with ASD is unique, it may be inferred that they share similar characteristics but only different in degree of expression. Living with autism surely changes the mechanics of a family’s life but does not mean that it may hinder it to be a happy one. Give Your Husband a Personalized Gift he’ll Love! Psychologists have told him he’s a psychologist. Philosophers have told him he’s a philosopher. Religious groups have invited him to speak. He had a cult following as a cartoonist. But, above all else, Tim Kreider is an essayist—one whose deft prose, uncanny observations, dark humor, and emotional vulnerability have earned him deserved comparisons to David Sedaris, Sarah Vowell, and the late David Foster Wallace (who was himself a fan of Kreider’s humor). “Beautifully written, with just enough humor to balance his spikiness” (Booklist), I Wrote This Book Because I Love You focuses Tim’s unique perception and wit on his relationships with women—romantic, platonic, and the murky in-between. He talks about his difficulty finding lasting love and seeks to understand his commitment issues by tracking down the John Hopkins psychologist who tested him for a groundbreaking study on attachment when he was a toddler. He talks about his valued female friendships, one of which landed him on a circus train bound for Mexico. He talks about his time teaching young women at an upstate New York college, and the profound lessons they wound up teaching him. And in a hugely popular essay that originally appeared in The New York Times, he talks about his nineteen-year-old cat, wondering if it’s the most enduring relationship he’ll ever have. “In a style reminiscent of Orwell,

E.B. White and David Sedaris" (The New York Times Book Review), each of these pieces is "heartbreaking, brutal, and hilarious" (Judd Apatow), and collectively they cement Kreider's place among the best essayists working today. #1 NEW YORK TIMES BESTSELLER • A special 25th anniversary edition of the beloved book that changed millions of lives—with a new afterword by the author "A wonderful book, a story of the heart told by a writer with soul."—Los Angeles Times

Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He rediscovered Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class": lessons in how to live. Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world. "Gavin Scott's illustrations of pairs of cute animals perfectly capture the joy of friendship, from playing together and knowing which gifts will be most-loved to keeping secrets and laughing at the same things, and much more."--Amazon.com

In this illuminating book, Deborah Tannen, the linguist and bestselling author of *You Just Don't Understand* and many other books, reveals why talking to family members is so often painful and problematic even when we're all adults. Searching for signs of acceptance and belonging, we find signs of disapproval and rejection. Why do the seeds of family love so often yield a harvest of criticism and judgment? In *I Only Say This Because I Love You*, Tannen shows how important it is, in family talk, to learn to separate word meanings, or messages, from heart meanings, or metamessages —unstated but powerful meanings that come from the history of our relationships and the way things are said. Presenting real conversations from people's lives, Tannen reveals what is actually going on in family talk, including how family conversations must balance the longing for connection with the desire for control, as we struggle to be close without giving up our freedom. This eye-opening book explains why grown women so often feel criticized by their mothers; and why mothers feel they can't open their mouths around their grown daughters; why growing up male or female, or as an older or

younger sibling, results in different experiences of family that persist throughout our lives; and much, much more. By helping us to understand and redefine family talk, Tannen provides the tools to improve relationships with family members of every age. ☐☐☐ A personalized gift for PAPA from the ☐☐☐ A personalized gift for YOUR GIRLFRIEND from the ☐☐ HEART ☐☐!
