[My Guide to American English](#) Aug 25 2022 Lets face it: There's no time like the present to learn English. It's the worlds most widely spoken language. It permeates nearly every aspect of our daily lives. Mastering pronunciation, figures of speech, and idioms are just a few of the challenges students may face. Even so, learning to actually use American English comfortably isn't among the easiest of tasks, Author Jeannie Yang hopes to help with that. Numbered lessons and regimented exercises only serve to make an already daunting task seem impossible. They don't help, so they aren't welcome in this book. Professor Jeannie Yang has taken a new approach to learning conversational English: inviting you to the conversation! Written in the form of a movie screenplay, these fictional scenarios innovatively invite you to actively engage in conversations on a variety of subjects and in a variety of settings. As you speak their words, you can imagine that you are one of the characters and you'll be learning at the same time. You'll meet Mi Hee, a sweet and spunky young woman from Korea who dreams of studying at an American university. Kenyan, an intellectual from Hong Kong who's lived and studied in the United States for years. Roy, Kenyan's best friend, whose liberal use of slang is in stark contrast to Kenyan's esoteric vocabulary. Whether you are going on a cruise or heading for a job interview, this book serves as a practical and entertaining guide to getting more comfortable with conversational American English.

Make Your Mind Up May 29 2020 From tips on life, love, and everything in between; to original DIYs, recipes, and style hacks; to the incredible story of a girl next door turned Internet sensation, *Make Your Mind Up* is the ultimate guide to rocking your look and ruling your world—from inspirational YouTuber, designer, entrepreneur, and digital influencer, Bethany Mota. When Bethany first propped her camera on a stack of books and pressed record on her family's handheld camera in 2009, she didn't realize her life was about to change—forever. After uploading her first video to YouTube at just thirteen years old, Bethany quickly became one of the Internet's go-to beauty, style, and lifestyle vloggers. Since then, she has filmed countless room tours and tutorials, traveled the world, experimented with hundreds of DIYs, designed her own clothing line, gone on an international tour, competed on *Dancing with the Stars*, and created health, beauty, and wellness content for multiple platforms. But before Bethany found her #MotaFam online, life wasn't looking so great: After being intensely bullied in school, the already shy Bethany retreated further into her shell, suffering from crippling anxiety and a lack of self-confidence she just couldn't shake. From growing up on a dairy farm in small-town Los Banos, California, to figuring out how to overcome anxiety and find her voice, to finally breaking out of her shell and learning to forge her own positive path, *Make Your Mind Up* is more than just a heartwarming memoir or lifestyle guide—this is a portrait of Bethany's life, exactly how she lives it.

My Mentor, My Guide Jan 30 2023 Thank you for taking the time to choose this book. I hope you enjoy reading it as much as I enjoyed the experience of putting it together. The book was a labor of love and even though it started off very fast, it took much longer than expected to finish. But I believe all good things come in their own time, so even with all of life's adventures seeming to get in the way, I knew it would all come together at the right place and time. Now for the big question, what drew you to this book? Are you looking for something? If you chose it in the hope of finding some answers then you're in the right place. For every book or place that you look always has a golden nugget of wisdom hidden somewhere inside. The trick is to have an open mind so you can find them when they present themselves. With that in mind, I'm going to tell you what you won't find in this book. If you're looking for some kind of how-to book about how to set up your own dungeon or how to use some easy come-on lines to score a date then you may want to keep looking. This book explains the deep core issues of male bonding in the BD/SM fetish setting. So why did I write this book? I wrote it for a number of reasons, some were personal and others spiritual but mostly I wrote it for you. To offer you a new view on where our culture is heading and to offer a map to help navigate through treacherous waters as safely as possible. In these pages you'll find truths that will free you in ways you won't expect. I presented the information in a simple format and added some stories to make the reading more interesting. My goal is for you to be better able to fully enjoy your sexuality and understand how close the bonds run between two people when respect, trust and understanding are present. As for me I'm always looking for answers. I'm always changing and always growing. I believe that you never stop evolving. There's always something new to learn or experience. Life just works that way. You can fight it or be an element of change. The choice is yours.

The Afterlife Jun 10 2021 Do you believe in life after death? Author Prudence A. Smith, MD, does. After facing a devastating loss, the California physician set out on a mission to find answers, so that she could be assured of our continued survival outside of the physical realm. In her book, "The Afterlife," Smith shares her discoveries with anyone else who has questions about the other side--whether as a result of grief and personal loss, or from simple

curiosity. What is the afterlife like? How do spirits communicate? Will we be reunited with loved ones after we die? The author provides answers to these questions and more, through her own experiences, channeling her spirit guide, and comparing her notes with those of other mediums. Dedicated to anyone who has suffered the loss of a loved one, this inspiring account of spirit contact will also show how mediumship is an ability or gift that can be learned, just like anything else. While some pick it up more quickly than others, it is possible (and encouraged) for anyone to develop their own communication with loved ones who have crossed over to the other side.
