Innovative and Intelligent Technology-Based Services For Smart Environments - Smart Sensing and Artificial Intelligence Proceedings of the 5th International Conference on Rehabilitation and Maintenance in Civil Engineering ICSTIAMI 2019 Proceedings of the International Conference on Sustainable Innovation on Humanities, Education, and Social Sciences (ICOSI-HESS 2022) Proceedings of the 1st Annual Conference of Islamic Education (ACIE 2022) BISIC 2020 Proceedings of the International Conference on Sports Science and Health (ICSSH 2022) Proceedings of the International Conference on Global Innovation and Trends in Economics and Business (ICOBIS 2022) Proceedings of the International Conference on Educational Management and Technology (ICEMT 2022) ICBAE 2020 Proceedings of the 12th International Conference on Green Technology (ICGT 2022) ICESC 2019 Proceedings of the International Conference on Sustainable Innovation on Health Sciences and Nursing (ICOSI-HSN 2022) Biogas Proceedings of the International Conference on Intellectuals' Global Responsibility (ICIGR 2022) ICEBE 2020 ICoSMI 2020 Historical Reconstructions of Marine Fisheries Catches: Challenges and Opportunities ICONECT 2019 Pedoman Fakultas Ilmu Sosial dan Ilmu Politik Undip 2020 REGIONAL ECONOMIC DEVELOPMENT, INFORMATION TECHNOLOGY, AND SUSTAINABLE BUSINESS: CURRENT ISSUES AND RESEARCH CHALLENGES - Jejak Pustaka Proceedings of the International Conference on Sustainable Environment, Agriculture and Tourism (ICOSEAT 2022) Kesenjangan Penerapan Pidana Mati Dalam Penegakan Hukum Di Indonesia BUNGA RAMPAI AKUNTANSI PUBLIK Kebijakan Perpajakan: Optimalisasi Insentif dan Kesenambungan Fiskal International Handbook of Universities Psychoeducation dan Mind Mapping sebagai Upaya Preventif Pernikahan Dini Kerja Sama Internasional Melawan Terorisme MANAJEMEN MITIGASI BENCANA ALAM DAN NON ALAM Metabolisme Zat Gizi Proses Pengolahan Limbah (G)old in 40's Ilmu Gizi dan Pangan (Teori dan Penerapan) ANTROPOMETRI GIZI: Penggunaan, Pemeliharaan dan Kalibrasi Alat Ekonomi Sirkular dan Pembangunan Berkelanjutan Organisasi Internasional: Menyelidik Jejak Aksi dan Partisipasi NKRI KONSEP DASAR KEPERAWATAN The Future of Organizational Communication In The Industrial Era 4.0 STUNTING DAN PENCEGAHANNYA Panduan Lengkap Stroke

As recognized, adventure as well as experience not quite lesson, amusement, as competently as covenant can be gotten by just checking out a ebook **Ejournal S1 Undip Ac Id** plus it is not directly done, you could agree to even more not far off from this life, vis--vis the world.

We come up with the money for you this proper as without difficulty as simple mannerism to get those all. We offer Ejournal S1 Undip Ac Id and numerous ebook collections from fictions to scientific research in any way. among them is this Ejournal S1 Undip Ac Id that can be your partner.

If you ally need such a referred **Ejournal S1 Undip Ac Id** books that will have the funds for you worth, get the very best seller from us currently from several preferred authors. If you want to comical books, lots of novels, tale, jokes, and more fictions collections are plus launched, from best seller to one of the most current released.

You may not be perplexed to enjoy all books collections Ejournal S1 Undip Ac Id that we will utterly offer. It is not approximately the costs. Its very nearly what you craving currently. This Ejournal S1 Undip Ac Id, as one of the most operational sellers here will enormously be along with the best options to review.

Yeah, reviewing a books **Ejournal S1 Undip Ac Id** could grow your close contacts listings. This is just one of the solutions for you to be successful. As understood, success does not recommend that you have astounding points.

Comprehending as skillfully as union even more than supplementary will have the funds for each success. bordering to, the message as well as insight of this Ejournal S1 Undip Ac Id can be taken as with ease as picked to act.

Eventually, you will utterly discover a supplementary experience and execution by spending more cash. yet when? attain you believe that you require to get those every needs in imitation of having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will guide you to comprehend even more with reference to the globe, experience, some places, gone history, amusement, and a lot more?

It is your agreed own time to perform reviewing habit. among guides you could enjoy now is **Ejournal S1 Undip Ac Id** below.

Salah satu tantangan utama pemerintah dalam pengelolaan keuangan negara saat ini adalah penghimpunan pendapatan negara yang berasal dari pajak dan bukan pajak. Rendahnya tax ratio menunjukkan bahwa pemerintah masih harus bekerja keras meningkatkan kemampuan menghimpun penerimaan negara melalui perbaikan sistem administrasi, peningkatan kepatuhan wajib pajak, dan perumusan kebijakan yang tepat. Penyusunan suatu kebijakan yang kredibel haruslah berdasarkan hasil pengkajian, penelitian (research based policy), dan proses public hearing melalui diskusi yang melibatkan para pemangku kepentingan dan akademisi. Selanjutnya, kebijakan disosialisasikan dan dikomunikasikan kepada publik untuk memastikan partisipasi aktif seluruh elemen yang terdampak oleh kebijakan tersebut. Buku ini menggambarkan diskusi yang terjadi dalam proses perumusan sebuah kebijakan. Analisis dari sisi teori, ekonomi makro, praktik-praktik yang berlaku umum, hingga analisis data mikro dilakukan untuk memastikan bahwa pemerintah telah mempertimbangkan berbagai aspek dan dampak yang mungkin terjadi dalam pelaksanaan suatu kebijakan. Hasil pemikiran para peneliti dan pegawai Pusat Kebijakan Pendapatan Negara, Badan Kebijakan Fiskal ini tentu dapat memperkaya diskusi perumusan kebijakan publik di tanah air dan menjadi sumber rujukan bagi para mahasiswa dan akademisi, serta sumber informasi bagi para pelaku usaha dan masyarakat umum. Karakteristik Limbah Cair, Studi Karakteristik Limbah, Laju Air Limbah, Analisis Dan Reduksi Laju Air Limbah, Sasaran, Metode Dan Implementasi Pengolahan Limbah Cair, Pemilihan Proses, Teknologi Pengolahan Limbah Lanjut, Pemisahan Secara Gravitasi, Pengendapan Secara Kimia, Adsorpsi Dan Sterilisasi Buku ini menjelaskan mengenai konsep dasar tumbuh kembang anak, gizi balita, stunting dan pencegahannya, serta jejawut sebagai pangan lokal sebagai makanan tambahan dalam pencegahan stunting. Penjelasan dalam buku ini akan mempermudah pemahaman pembaca mengenai masalah gizi khususnya stunting. This is an open access book. This proceedings consists of research presented in ICOSI UMY, on 20-21 July 2022 at Universitas Muhammadiyah Yogyakarta. The conference covers the topic of health sciences and nursing. The key lesson from the COVID-19 pandemic is that the goal of health innovation should be Health for All. To achieve this goal, health innovations must be regulated in such a way as to benefit as many people globally as possible. Some critical issues in the scope of improving medical education and medicine, biomedical science innovation, and increasing quality of public health for better life are discussed. The proceedings include articles from Dental sciences, Pharmaceutical sciences, and Nursing sciences. As technology developers focused on providing impactful solutions to global development challenges, we have learnt that technology alone cannot be a solution to the problem. It has to be seen in the context where the solution is applied. The world crisis should spur us all to explore a new form of globalization for the future years, one that prioritize collective investment in global public goods -including technological and ethical goods- to the benefit of all.

Such global integration must enable diverse stakeholders from across the public, private, and non-profit sectors worldwide to work more effectively and sustainably together. The 6th International Conference on Sustainable Innovation 2022 brings out the issues of the Sustainable Innovation and Global Society. With the main theme of ““Optimizing Global Benefit for Future Wellbeing”, this conference is trying to play a role as a vehicle of showcasing scientific works from around the world, not only from researchers, lecturers, government officers, students and all parties with the same interests alike. Finally, all 51 papers published in this proceedings are expected not only as research output but can be developed further into prototypes or evidence for policy making.

Ketika buku ini ditulis, posisi ISIS di pusatnya, Suriah dan Irak, semakin tersudut akibat serangan militer secara kontinu yang dilancarkan pasukan koalisi Barat di bawah koordinasi AS dan negara-negara Eropa, serta pasukan koalisi Pemerintah Suriah, Iran, dan Rusia. Para pengikut ISIS kian tersudut posisinya di wilayah satelitnya, di kawasan Asia Tenggara, setelah kota Marawi direbut oleh angkatan bersenjata Filipina. Tetapi itu bukan berarti ancaman terorisme yang diciptakan ISIS telah berakhir, sebab kampanye dan perekrutan baru tetap berlangsung, begitu juga aksi-aksi terorisme mereka masih dilakukan di berbagai negara. Modus operandi ISIS mengalami perubahan, disesuaikan dengan perkembangan situasi yang tengah mereka hadapi. Kehadiran buku ini diharapkan dapat membantu pembaca, untuk memperoleh deskripsi dan pemahaman yang lebih jelas dan komprehensif mengenai ancaman terorisme internasional, khususnya di Indonesia. Berbagai perspektif atau sudut pandang penulisan dan analisis dibuat dalam buku ini, baik secara luas (global), kawasan (regional), maupun terbatas fokus pada nasional (domestik). Kehadiran buku ini diharapkan dapat membantu pemerintah dan masyarakat dalam bersinergi memerangi bahaya terorisme internasional yang tidak hanya mengancam negara Indonesia, tetapi juga masyarakat internasional dan negara-negara lain. Untuk tujuan itulah, penulisan buku ini dibuat dari berbagai perspektif, dari penulis dengan latar belakang yang beragam, termasuk dari aktivis dan peneliti Hak Asasi Manusia dan hukum internasional, selain hubungan internasional dan keamanan internasional, serta peneliti profesional lain, yang memiliki keprihatinan yang sama. Buku yang berjudul (G)old in 40's: Sehat dan Bahagia di Usia 40 Tahun merupakan buku karya Muhammad Nasir Ruki. Buku ini akan mengkaji beberapa hal yang erat kaitannya dengan proses penuaan pada usia 40 tahun ke atas. Dalam buku ini dibahas tentang bagaimana pentingnya tetap sehat, bugar, dan bahagia pada usia 40 tahun dan pada usia-usia kelanjutannya. Kondisi kesehatan setiap orang berbeda-beda. Gangguan kesehatan yang dihadapi seiring bertambahnya usia pun dapat bervariasi pada setiap individu. Begitu pun ketika menginjak usia 40 tahun. Banyak orang masih dalam kondisi bugar pada usia 40 tahun, tetapi sebagian lainnya sudah sering masuk rumah sakit atau punya kondisi kesehatan yang kurang baik. Sehingga butuh kewaspadaan terhadap sejumlah risiko gangguan kesehatan. Daftar isi buku ini meliputi : Bab 1 Hakikat Usia 40 Tahun Bab 2 Penuaan (Aging) Bab 3 Penyakit di Usia 40 Tahun Bab 4 Pencegahan Penyakit Sebelum Memasuki Usia 40 Tahun dan lainnya dapat dibaca pada ebook ini. Spesifikasi buku ini meliputi : Penulis : Muhammad Nasir Ruki E-ISBN : 978-623-8138-33-3 Ukuran : 14x20 cm Halaman : 264 Tahun Terbit : 2023 Penerbit Bukunesia adalah bagian penerbit Deepublish yang dapat membantu menyebarkan Inspirasi, Keberanian, dan Warisan literasi untuk kalangan Anda. Buku ini tersedia juga dalam versi cetak. Dapatkan buku-buku berkualitas dengan pilihan terlengkap hanya di Toko Buku Online Deepublish : deepublishstore.com dan bukunesia.com. The complex problems of education and technological development and information demands, then takes its main innovations in learning. The purpose of this Education is Innovation in order to improve the quality, effectiveness, efficiency, relevance and productivity, making the learning process more meaningful and fun for children. Innovation can be performed in all subjects, learning methods, media and evaluation. Innovation-based learning local culture values will yield the superior character that will benefit children in the face of a globalized world. So is innovation technology-based learning, make learning be fun so that children become active and creative ideas, thoughts, research related to the innovation of education can be presented in International Conference Education, Culture and technology is preferred. The theme of this Conference: Innovation of Education to Improve Character Value for Childern. Buku ini merupakan bentuk karya nyata dari 18 penulis muda yang mencoba menelisik setiap aksi yang dilakukan Indonesia di Organisasi Internasional. Pemaparan gagasan, legal Opini dan penelusuran mahasiswa dalam memahami dan memaparkan segala bentuk partisipasi Indonesia di dunia Internasional perlu diketahui dan dibaca oleh khalayak umum. Hal

tersebut sangat penting karena akan menimbulkan rasa bangga atas bangsa Indonesia bahwa Indonesia memiliki peran aktif bahkan prestasi dalam pergaulan organisasi internasional. Segala bentuk aksi dan andil Indonesia dalam Organisasi Internasional dipaparkan dalam buku ini yang merupakan bentuk implementasi Indonesia atas piagam atau perjanjian yang mengikat bagi seluruh anggotanya. Indonesia merupakan negara kepulauan dan berdasarkan letak geografisnya, Indonesia termasuk kedalam negara yang rawan akan bencana alam seperti gempa bumi, tsunami, gunung meletus, tanah longsor, angin puting beliung dan bencana alam lainnya. Disamping bencana alam, juga terdapat bencana non alam dengan contoh gagal teknologi, gagal modernisasi, epidemi, dan wabah penyakit serta bencana sosial dengan contoh konflik sosial antar kelompok atau antar komunitas masyarakat, dan teror. Indonesia memiliki potensi munculnya kegawatdaruratan bencana. Namun hingga kini manajemen kebencanaan dan upaya untuk mengurangi frekuensi serta besarnya bencana masih sangat sulit dilakukan. Literasi mitigasi bencana yang ada saat ini banyak membahas tentang bencana alam, sedangkan bencana non alam, khususnya Covid-19 yang baru terjadi pada tahun 2019 masih sedikit yang tersedia. Upaya penanganan bencana pada saat ini mengalami perubahan paradigma maupun tindakan. Penanganan bencana sekarang menitikberatkan pada partisipasi masyarakat dalam penanggulangan bencana. Masyarakat bukan hanya sekedar menjadi korban/objek dari bencana namun juga sebagai pelaku dari penanggulangan bencana, maka dari itu sangat penting meningkatkan pengetahuan tentang bencana itu sendiri karena mitigasi bencana tentunya berbeda-beda menurut jenis bencana dan ketersediaan sumberdaya. Dalam buku ini dibahas tentang mitigasi bencana alam dan non alam berdasarkan rujukan hasil studi ilmiah baik dalam maupun luar negeri diantaranya adalah mitigasi bencana pandemi Covid-19, bencana banjir, bencana gempa bumi, bencana tsunami, bencana gunung meletus, bencana tanah longsor, bencana angin puting beliung dan bencana kebakaran. The Proceeding book presented the International Conference of Economics, Business & Entrepreneurship (ICEBE), which is an international conference hosted by Faculty of Economics & Business Universitas Lampung (FEB-UNILA) in collaboration with Magister Manajemen Teknologi Universitas Multimedia Nusantara. Total 50 full papers presented were carefully reviewed and selected from 85 submissions with the topics not limited to Finance, Accounting, Marketing and Digital Innovation. The ICEBE 2020 Conference was conducted virtually, on 01 October 2020 which had been attended by academics and researchers from various universities worldwide including practitioners with the theme Innovation and Sustainability in the Digital Age. Buku pedoman ini sudah cukup lengkap, dengan memuat tentang sejarah perkembangan FISIP UNDIP, nama-nama pimpinan fakultas, visi-misi fakultan dan program studi, struktur organisasi fakultas, mekanisme pendaftaran mata kuliah, kurikulum masing-masing program studi, jumlah program studi, daftar nama dosen dan karyawan dan lain-lain. Buku ini merupakan kumpulan tulisan dari berbagai hasil riset dengan tiga isu akuntansi publik yaitu isu akuntansi pemerintah daerah, isu organisasi publik (nirlaba), dan isu akuntansi bumdes. Dari ketiga isu tersebut menjadi 22 sub judul yang menarik untuk dibaca. Hadirnya buku ini diharapkan dapat menambah literatur bagi yang berminat mendalami dan meneliti ilmu akuntansi (sektor) publik. Sebuah peristiwa penting yang menjadi milestone perkembangan Akuntansi Publik terjadi di FEB UGM pada tanggal, 1 Desember 2018 yaitu perubahan nama dari Akuntansi Sektor Publik (ASP) menjadi Akuntansi Publik (AP) pada acara Workshop Akuntansi Publik “Posisi dan Teori Dasarnya” yang dihadiri oleh 200 peserta dari berbagai PTN/PTS se Indonesia. Penyebutan kata “sektor” menempatkan akuntansi untuk organisasi nirlaba ini sebagai subordinat atau cabang dari akuntansi yang lebih besar, dalam hal ini adalah akuntansi untuk organisasi bisnis. Oleh karena itu penggunaan kata yang tepat adalah Akuntansi Publik (tanpa sector). Akuntansi Publik adalah akuntansi yang memiliki hulu sendiri yang terpisah dari hulu Akuntansi Bisnis. Beberapa argument yang mendukung diantaranya: adanya perbedaan latar belakang pembentukan organisasi, tujuan pendirian organisasi dan cara pencapaian tujuan organisasi, serta sumber dan sifat pendanaan organisasi. Perbedaan-perbedaan ini memberikan konsekuensi perbedaan yang signifikan di antara kedua dunia akuntansi tersebut pada aspek perencanaan dan penganggaran, sistem pelaporan keuangan (akuntansi keuangan), maupun akuntansi manajemen. This is an open access book. ICOSEAT 2022 was held on July 21-23, 2022 in Bangka Island, one of the wonderful places of Indonesia. Articles in the field of Agroindustry and Appropriate Technology 4.0; Environmental and Mining Engineering; Sustainable Development and Tourism Management; Agriculture and Food Engineering; and Marine, Aquaculture and Biological Science.

ICOSEAT provides a forum for Academic, Business and Government to present and discuss topics on recent development in those fields. Judul : Kesenjangan Penerapan Pidana Mati Dalam Penegakan Hukum Di Indonesia Penulis : YOGI NATANAEL CHRISTANTO, S.H. Ukuran : 14,5 x 21 cm Tebal : 192 Halaman ISBN : 978-623-497-442-3 Sinopsis Hukum pidana merupakan hukum yang mengatur tentang perbuatan-perbuatan yang dilarang oleh Undang-Undang beserta sanksi pidana yang dapat dijatuhkannya kepada pelaku. "Pidana adalah penderitaan yang sengaja dibebankan oleh negara kepada orang yang melakukan perbuatan yang dilarang (tindak pidana). Hal ini pidana mati merupakan pidana yang paling banyak diperdebatkan di Negara Indonesia. Mereka yang pro pidana mati mengemukakan alasan-alasan untuk membela pendapatnya demikian juga mereka yang kontra pidana mati mengemukakan alasan mereka antara lain bahwa nyawa adalah milik yang paling berharga bagi manusia. Dengan begitu hilangnya nyawa berarti hilangnya manusia itu sendiri. Demikian juga mengenai tata cara pelaksanaan pidana mati itu sendiri banyak diperdebatkan, karena cara pelaksanaannya di tiap-tiap negara tidak selalu sama, tetapi mempunyai cara yang berbeda-beda seperti digantung sampai mati, didudukkan disebuah kursi listrik dengan tegangan tertentu ataupun ditembak sampai mati oleh satu regu penembak sebagaimana yang dilakukan di Indonesia. Memang dalam kenyataannya, banyak negara yang sudah menghapus pidana mati dalam Kitab Undang-Undang Hukum Pidana mereka, namun ada juga beberapa negara termasuk Indonesia yang masih mempertahankan pidana mati dengan berbagai alasan dan pertimbangan. Tertentu. We are delighted to introduce the proceedings of the 1st International Conference on Engineering, Science, and Commerce (ICESC 2019). Tourism is one of the fastest growing industries and contributes a great deal to economies around the world. However, it is inevitable that activities in the development of the tourism industry have caused many problems both in local culture and the environment. What is the role of Engineering, Science, and Commerce to support Sustainable Tourism? This conference has brought researchers, academicians and practitioners to contribute to the body of knowledge and practical problem solving from the field of engineering, science, and technology that are relevant to support sustainable tourism. Engineering papers focused on the role of renewable energy, information technology, civil and mechanical engineering researches that support sustainable tourism. In the field of science, the papers discussed achievements of the latest technology in finding environmentally friendly products. The role of business and accounting systems to support the sustainable tourism was indicated by more than 20 papers. We hope that the proceedings will be an exceptional source for readers who concern to the impacts of the development of tourism on natural resources, consumption patterns, pollution and social systems. Buku ini membahas tentang konsep pokok gizi, kehamilan dan zat gizi, pertumbuhan dan penuaan, gizi dan otak, saluran gastrointestinal, sistem kardiovaskular, sistem imun dan inflamasi, fitokimia, pengendalian asupan gizi, gizi lebih, gizi kurang, antioksidan dan nitritoksida. Buku ini dapat digunakan sebagai bahan bacaan, materi pengajaran dan masukan dalam penyelenggaraan pelayanan keperawatan. Buku ini berisikan pemahaman awal penerapan konsep - dasar yang pada akhirnya digunakan sebagai bahan untuk implementasi dalam asuhan keperawatan baik bagi praktisi layanan keperawatan maupun akademisi bidang keperawatan. This is an open access book. The conferences aims to support research and development in the field of Global Innovation and Trends in Economics and Business. Another purpose is to improve scientific information exchange among researchers, developers, students, and practitioners. Every year, the conference will be organised to provide an excellent platform for individuals to discuss their perspectives and experiences in the fields of Global Innovation and Trends in Economics and Business, as well as related fields. Penerapan) ini mengacu pada pendekatan konsep teoritis dan contoh penerapan. Buku ini terdiri dari 32 BAB yaitu berisikan antara lain: konsep dasar, paradigma dan ruang lingkup ilmu gizi, prinsip - prinsip ilmu gizi, dasar- dasar ilmu gizi, gizi dalam keperawatan dan gizi kuliner, pendidikan kesehatan dan konsultasi gizi, etika moral dan profesionalisme gizi, gizi 1000 hari pertama kehidupan, manajemen sistem penyelenggaraan makanan, daftar komposisi bahan makanan dan daftar makanan penunjang, penilaian status gizi, nilai gizi, dan angka kecukupan gizi, proses asuhan gizi individu dan kelompok, korelasi gizi, kesehatan, produktivitas kerja, masalah gizi dan takhayul makanan, menghitung kebutuhan gizi dan analisis makanan/minuman. Diet fungsi dan peranan zat-zat gizi, gizi dan food waste dan loss (FWL), gizi dalam daur kehidupan dan terapi gizi, komponen gizi dan survey konsumsi makanan/minuman, kebutuhan gizi janin bayi balita dan anak, kebutuhan gizi pada ibu hamil dan ibu

menyusui, kebutuhan gizi pada remaja dewasa dan lansia, antropometri gizi pemeriksaan kimia gizi dan klinis gizi, metabolisme gizi gizi seimbang dan zat gizi makro/mikro, gizi dalam kesehatan reproduksi dan gizi olahraga, gizi kesehatan masyarakat dan gizi kerja, konsep dasar paradigma dan ruang lingkup ilmu pangan, bahan makanan bahan pangan dan mikrobiologi pangan, pengolahan pangan teknologi pangan dan analisis pangan, nilai gizi pangan kimia pangan dan karbohidrat pangan, terapi pangan manajemen mutu dan keamanan pangan. This is an open access book. The International Conference of Green Technology (ICGT) is an annual multidisciplinary forum for promoting and fostering interactions between researchers, scientists, academia, and related industrial communities in studying the development of science and green technology. These conferences introduce newcomers to the field, keep practitioners aware of current developments, and provide unparalleled networking opportunities. Innovative science and technology must be developed to offered solutions for new normal adaptation in Post pandemic life in all fields. Therefore, "Empowering innovative science and technology for future environmental perspective" become the main topic of The 12th ICGT 2022. Considering the uncertainty of the COVID-19 outbreak, The 12th ICGT 2022 was held fully hybrid on October 26-27, 2022. The scientific programs will include keynote lectures, plenary lectures and invited lectures in parallel sessions. All participants will have virtual access to join the conferences and all authors will have opportunities to present work either virtually or on-site, in Malang Indonesia. Buku ini merupakan angin segar bagi para penikmat buku di bidang kesehatan terutama di bidang gizi karena buku ini mengulas tentang antropometri gizi mulai dari cara menggunakan alat, interpretasi, cara pemeliharaan hingga kalibrasi alat. Buku ini menjelaskan secara detail jenis alat pengukuran, cara menggunakan hingga interpretasinya sehingga setelah melakukan pengukuran, status gizi seseorang segera dapat diketahui. Buku ini selain menyuguhkan pengukuran antropometri yang dilakukan secara langsung, juga menjelaskan cara pengukuran yang biasanya dilakukan untuk mengestimasi tinggi badan maupun berat badan seseorang, diantaranya pengukuran tinggi lutut, panjang depa/rentang lengan, setengah rentang lengan, demispan, panjang ulna, dan tinggi duduk. This book is a collection of papers presented at the 5th International Conference on Rehabilitation and Maintenance in Civil Engineering (ICRMCE 2021), held in Surakarta, Indonesia. The papers are grouped into sequential themes representing the structure of this book: o Part 1: Factors affecting building and infrastructure performance o Part 2: Testing and inspection of existing building and infrastructure o Part 3: Protection, maintenance, repair, and retrofitting of building and infrastructure o Part 4: Maintenance management of building and infrastructure o Part 5: Service life modelling of building and infrastructure o Part 6: Hazard mitigation o Part 7: Sustainability aspect in civil engineering design, process, modelling, maintenance, and rehabilitation Postgraduate students, researchers, and practitioners specializing and working in the area of protection, maintenance, repair, and retrofitting of civil engineering infrastructures will find this book very useful. The 2nd International Conference of Business, Accounting, and Economics (ICBAE) 2020 continued the agenda to bring together researcher, academics, experts and professionals in examining selected theme by applying multidisciplinary approaches. This conference is the second intentional conference held by Faculty of Economics and Business, Universitas Muhammadiyah Purwokerto and it is a bi-annual agenda of this faculty. In 2020, this event will be held in 5-6 August at Faculty of Economics and Business, Universitas Muhammadiyah Purwokerto. The theme of the 2nd ICBAE UMP 2020 is "Economics Strength, Entrepreneurship, and Hospitality for Infinite Creativity Towards Sustainable Development Goals (SDGs)". It is expected that this event may offer contribution for both academics and practitioners to conduct researches related with Business, Accounting, and Economics Related Studies. Each contributed paper was refereed before being accepted for publication. The double-blind peer reviewed was used in the paper selection. The Faculty of Economics and Business Bengkulu University (UNIB) Provinsi Bengkulu, Indonesia, organized the 3rd Beehive International Social Innovation Conference (BISIC) 2020 on 3rd- 4th Oct 2020 in Bengkulu, Indonesia. The number of participants who joined the zoom room was recorded at 450 participants. Participants came from 4 countries, namely Indonesia, Malaysia, Philippines, Thailand. BISIC 2020 is implemented with the support of a stable internet network system and a zoom application. In the implementation there were several technical obstacles encountered by the participants, namely the difficulty of joining the zoom application due to the unstable internet signal. The holding of a virtual conference felt less meaningful, due to the lack of interaction between speakers and participants. The

BICED 2020 committee 30 papers were presented and discussed. The papers were authored by researchers from Thailand, Malaysia, Philippines and Indonesian. All papers have been scrutinized by a panel of reviewers who provide critical comments and corrections, and thereafter contributed to the improvement of the quality of the papers. This book contains a collection of high-quality papers describing the results of relevant investigations and cutting-edge technologies, aimed at improving key aspects of real life, including major challenges such as the development of smart cities, smart buildings, smart grids, and the reduction of the impact of human activities on the environment. Sustainability requires the use of green technologies and techniques and good practices. Artificial intelligence seems to be an appropriate approach to optimize the use of resources. The main focus of this book is the dissemination of novel and innovative technologies, techniques and applications of artificial intelligence, computing and information and communications technologies, and new digital services such as digital marketing, smart tourism, smart agriculture, green and renewable energy sources. Besides, this book focuses on nurturing energy trends including renewable energies, smart grids, human activity impact, communication, behaviour, and social development, and quality of life improvement fields based on the innovative use of sensors, big data and the Internet of things (IoT), telecommunications and machine learning. This is an open access book. This proceeding consists of research presented in ICOSI UMY, on 20-21 July 2022 at Universitas Muhammadiyah Yogyakarta. The conference covers the topic of governance, international relations, law, education, humanities, and social sciences. The COVID-19 pandemic first time that occurred in 2019, has brought many changes that constrain all countries to adapt quickly. The crisis has shown vulnerabilities and gaps in several primary systems, including healthcare, social protection, education, value chains, production networks, financial markets, and the ecosystem. One of the efforts that each country can take to rise from the COVID-19 pandemic is through strengthening multilateralism, international solidarity, and global partnerships. Hence, this conference raises the central theme "Strengthening Global Partnership for Resilience." This theme covers sub-themes that allow prospective scholars to submit their papers for 'Virtual Conferences' presentation under the following scopes: Social Sciences, Humanities, Educations, and Religious Studies. Presented papers will also get a chance to be published in our remarkable partner publishers. Through the International Symposium on Social, Humanities, Education, and Religious Studies (ISSHERS) and Asian Conference on Comparative Laws (Asian-COL), we hope that participants will express their innovative and creative ideas to provide benefits and contribute knowledge to strengthen global partnerships among countries. Finally, all 75 papers published in this proceedings are expected not only as research output but can be developed further into prototypes or evidence for policy making. This book is the proceeding of the International Conference on Sustainable Management and Innovation (ICoSMI 2020) that was successfully held on 14-16 September 2020 using an online platform. The conference was mainly organized by the Department of Management IPB University in collaboration with Leibniz University of Hannover, Universiti Putera Malaysia, Kasetsart University, Tun Hussein Onn University of Malaysia, Tamil Nadu Teachers Education University, Deakin University, University of Adelaide, Forum Manajemen Indonesia, FE Pakuan University, FE Gajah Mada University FEB University of North Sumatra and FEB Andalas University, SBM Bandung Institute of Technology, FEB Lampung University, Perbanas Institute Jakarta, FE Bina Nusantara University, and SBE Prasetya Mulya University. This conference has brought academic researchers, business practitioners as well as graduate students together to exchange their experiences and research results about most aspects of innovation and sustainability, and discuss the practical challenges encountered and the solutions adopted. About 402 delegates across the world including Indonesia, Malaysia, Thailand, Spain, China, and India have attended and presented their research works in the conference. The proceeding consists of 80 high-quality papers that were selected from more than 250 submitted papers. The papers are classified into 12 themes, namely Finance for Sustainability, Industry 4.0 and Future Business Sustainability, Policy and Strategy for Sustainable Innovation and Supply Chain, Smart Agriculture Management for Environmental Sustainability, and Sustainable Human Resources. Finally, we would like to express the greatest thanks to all colleagues in the steering and organizing committee for their cooperation in administering and arranging the conference as well as reviewers for their academic works and commitment to reviewing papers. This is an open access book. This is the first annual conference of islamic education organized by Faculty of Tarbiyah and Teacher Training, UIN Kiai Haji Achmad Siddiq

Jember. This conference is a forum held to bring together various academics, researchers, lecturers, and practitioners, especially in the scope of Islamic education to discuss various contemporary issues related to the development of the world of Islamic education in the era of global transformation. This event can give you a valuable opportunity to share ideas, ideas, research results, theories, and various other contributions in the academic world. It can also encourage you to increase the network of collaborative relationships between researchers and other writers to build partnerships. This is an open access book. The Covid-19 pandemic has become a global issue have a great impact in almost all fields including in the economic, social, political, cultural and education, and has created social pressures community economy. Almost all over the country having trouble. However, this has consequences for declining economic growth has had an impact on social life, including in countries in ASEAN and especially in Indonesia. We are only at the beginning of the most challenging part, which is how we will emerge out of this situation and return to a "new normal. These challenges highlight the importance of science, technology, and innovation as the decisive factors in any scenario of emergence from the crisis and economic recovery. To eliminate Covid-19 and find solutions to its effects are endeavored through research in various fields of sciences. Hopefully, the cure can be found and the new situation can be adapted. This is an open access book. The year 2022 is the year when people begin to rise from the impact of the Covid 19 pandemic that occurred for approximately 2 years before this. During the pandemic there was a lot of weakening of activities in various sectors. The weakening led to the community's economy. The sports sector is also feeling the impact. Where all sports activities encounter obstacles such as sports competition activities, sports training, sports education and sports health services to the community. These obstacles have an impact on the economic decline of sports players. However, in 2022, all sporting activities are slowly restarting but still with due observance of health and safety protocols. Therefore, it is necessary to have discussions and access references to provide knowledge in starting activities in the sports sector after the Covid-19 Pandemic. Because indeed sports actors need to get mental support, knowledge and direction to start reviving sports activities in order to accelerate economic recovery. The Faculty of Sports Science, State University of Malang welcomes you to join the 6th International Conference on Sports Sciences and Health (6th ICCSH 2022). This conference focuses on how aspects of sport and health deal with issues in management, technology and innovation of sports and education as well as in scientific issues. Collaboration and knowledge sharing will be a great opportunity to overcome potential challenges that grow dynamically following the development of sports after the Covid-19 Pandemic. This is an open access book. The International Conference on Educational Technology and Management (ICEMT) is held to bring together academics, researchers, teachers, educational entrepreneurs, practitioners, and policy makers. They are responsible for implementing educational technology by leveraging resources through education management to create and enable ecosystem capabilities and access to education. The Covid-19 pandemic teaches that aspects of information and communication technology in education management are full of limitations. Inevitably, educational users have moved dramatically to online channels. Students and teachers are accustomed to learning from home. There are opportunities, as well as challenges. Although the pandemic isn't over yet, future updates are needed. This book chapters are published to disseminate some empirical studies and improve reader's knowledge regarding regional economic development and sustainable business. There are 19 empirical studies in this book chapters. These empirical studies can be explained in several ways. First, two empirical studies discuss an interesting issue on SMEs. We know that SMEs significantly contribute on domestic economy both in national and local levels. It means that a higher productivity of SMEs will lead a higher economic growth. Second, seven empirical studies elaborate poverty and unemployment. A higher rate of poverty and unemployment are not only suppressing economic growth but also interfering sustainable business. Finally, other empirical studies demonstrate some issues about business activities. This eBook is a collection of articles from a Frontiers Research Topic. Frontiers Research Topics are very popular trademarks of the Frontiers Journals Series: they are collections of at least ten articles, all centered on a particular subject. With their unique mix of varied contributions from Original Research to Review Articles, Frontiers Research Topics unify the most influential researchers, the latest key findings and historical advances in a hot research area! Find out more on how to host your own Frontiers Research Topic or contribute to one as an author by contacting the Frontiers Editorial Office:

frontiersin.org/about/contact. Pernikahan dini masih menjadi masalah yang kompleks saat ini. Pengetahuan yang merupakan domain penting yang dapat memengaruhi intensi seseorang sebelum berperilaku. Upaya-upaya yang dapat meningkatkan pengetahuan dan menurunkan intensi menikah dini harus menjadi perhatian orang tua dan masyarakat serta tenaga kesehatan. Kombinasi psikoedukasi dan pemetaan pikiran (mind mapping) dengan focus group discussion terbukti secara signifikan meningkatkan pengetahuan dan menurunkan intensi menikah dini. Optimalisasi intervensi ini diharapkan dapat menjadi intervensi yang efektif untuk mengurangi angka kejadian pernikahan dini di Indonesia. Era Industri 4.0 merupakan era teknologi yang memberikan pengaruh terhadap perkembangan suatu organisasi. Organisasi harus mampu bersaing secara globalisasi sehingga dapat melakukan perubahan ke arah yang lebih baik sesuai dengan tujuan organisasi tersebut. Kemajuan teknologi informasi di segala bidang menjadikan suatu organisasi mengalami berbagai rintangan yang harus dilaluinya. Dinamika komunikasi organisasi menjadi bagian penting yang perlu dikaji dan dianalisa sehingga mampu memberikan pengetahuan terhadap perkembangan organisasi tersebut. Book Chapter ini menjelaskan gambaran komunikasi organisasi dan perilaku organisasi yang berkaitan dengan budaya organisasi, iklim organisasi, manajemen konflik, kepemimpinan, birokrasi, kekuasaan, arus komunikasi, motivasi pada era industri 4.0. Berbagai penelitian mengenai komunikasi organisasi telah dilakukan oleh akademisi, praktisi maupun mahasiswa yang telah disusun dalam Book Chapter. Book Chapter ini memiliki peran sebagai diseminasi (penyebarluasan) informasi bidang komunikasi organisasi sehingga memberikan kontribusi bagi perkembangan ilmu pengetahuan. Berbagai artikel penelitian tersebut diharapkan dapat menggambarkan komunikasi organisasi pada era industri 4.0 ke depan sehingga organisasi yang ada di Indonesia siap menghadapi kondisi disrupsi atau perubahan secara fundamental yang berpengaruh terhadap kehidupan organisasi. Stroke adalah kehilangan fungsi otak yang diakibatkan berhentinya suplai darah ke bagian otak (Bruner dan Suddarth, 2002). Hal ini akan mengakibatkan gangguan fungsional otak sesuai dengan bagian otak yang terkena. Gangguan fungsional otak yang sering terjadi berupa gangguan fungsi pergerakan, perasaan, memori, peradaban, proses pikir dan gangguan bicara. Gangguan fungsional otak pada umumnya akan mengakibatkan kelumpuhan/kecacatan pada penderita serangan stroke. Bentuk kecacatan yang dialami dapat berupa cacat ringan dan cacat berat. We are delighted to introduce the proceedings of The International Conference on Science and Technology in Administration and Management Information 2019 (ICSTIAMI 2019). ICSTIAMI 2019 is the premier international academic conference on Science and Technology in Administration and Management Information. The theme of ICSTIAMI 2019 was held in Jakarta, Indonesia is "Sustainable Development: from Research to Actions". This conference is organized by Institut Ilmu Sosial dan Manajemen Stiarni, Jakarta, Indonesia and cooperation with, Huachiew Chalermprakit University/ HCU Thailand, Universitas Sultan Zainal Abidin/ Unisza Malaysia, Universiti Tun Hussein Onn Malaysia/ UTHM, Universitas Widya Mataram Yogyakarta Indonesia, Universitas Pakuan Bogor Indonesia, and STEBI Lampung Indonesia. IC STIAMI 2019 has brought researchers, developers and practitioners around the world to reach out to the administration and management community and to receive high quality exposure to leading and upcoming administration and management scientists from around the world. The technical program of ICSTIAMI 2019 consisted of 122 full papers. The conference tracks were: Track 1 - Public Sector Management; Track 2 - Business, Management and Accounting; Track 3 - Law and Social Humaniora. Anaerobic digestion (AD) is by far the most important technology for providing clean renewable energy to millions in rural areas of many developing countries. AD of biowastes produces both biomethane and anaerobic digestate as a byproduct that can be used further as a biofertilizer. Biowastes including sewage, food processing wastes, animal wastes, and lignocellulosic wastes typically produce biogas containing 55%-70% biomethane. In the context of energy consumption, more than 85% of the total energy consumed currently comes from non-renewable fossil resources. Biogas technology can provide sustainable, affordable, and eco-friendly energy through waste recycling. This book provides basic knowledge and recent research on biogas production, focusing on the enhancement of biomethane and production routes integrated with microalgae cultivation or agriculture. Circular Economy merupakan pendekatan sistem ekonomi melingkar dengan memaksimalkan kegunaan dan nilai bahan mentah, komponen, serta produk, sehingga mampu mereduksi jumlah bahan sisa yang tidak digunakan dan dibuang ke tempat pembuangan akhir. Penerapannya akan mampu mendorong pertumbuhan ekonomi hijau

yang lebih tinggi dibandingkan skenario "business as usual".
