Lovie Jan 02 2021 From 1950 to 2001, Lovie Beard Shelton practiced midwifery in eastern North Carolina homes, delivering some 4,000 babies to black, white, Mennonite, and hippie women; to those too poor to afford a hospital birth; and to a few rich enough to have any kind of delivery they pleased. Her life, which was about giving life, was conspicuously marked by loss, including the untimely death of her husband and the murder of her son. *Lovie* is a provocative chronicle of Shelton's life and work, which spanned enormous changes in midwifery and in the ways women give birth. In this artful exploration of documentary fieldwork, Lisa Yarger confronts the choices involved in producing an authentic portrait of a woman who is at once loner and self-styled folk hero. Fully embracing the difficulties of telling a true story, Yarger is able to get at the story of telling the story. As *Lovie* describes her calling, we meet a woman who sees herself working in partnership with God and

who must wrestle with the question of what happens when a woman who has devoted her life to service, to doing God's work, ages out of usefulness. When I'm no longer a midwife, who am I? Facing retirement and a host of health issues, Lovie attempts to fit together the jagged pieces of her life as she prepares for one final home birth.

Flannery Apr 24 2020 A spellbinding story about chasing love, fighting family, losing friends and starting all over again, from the internationally acclaimed Lisa Moore. Sixteen-year-old Flannery Malone has it bad. She's been in love with Tyrone O'Rourke since the days she still believed in Santa Claus. But Tyrone has grown from a dorky kid into an outlaw graffiti artist, the rebel-with-a-cause of Flannery's dreams, literally too cool for school. Which is a problem, since he and Flannery are partners for the entrepreneurship class that she needs to graduate. And Tyrone's vanishing act may have darker causes than she realizes. Tyrone isn't Flannery's only problem. Her mother, Miranda, can't pay the heating bills, let alone buy Flannery's biology book. Her little brother, Felix, is careening out of control. And her best-friend-since-forever, Amber, has fallen for a guy who is making her forget all about the things she's always cared most about — Flannery included — leading Amber down a dark and dangerous path of her own. When Flannery decides to make a love potion for her entrepreneurship project, rumors that it actually works go viral, and she suddenly has a hot commodity on her hands. But a series of shattering events makes her realize that real-life love is far more potent — and potentially damaging — than any fairy-tale prescription. Written in Lisa Moore's exuberant and inimitable style, Flannery is by turns heartbreaking and hilarious, empowering and harrowing — often all on the same page. It is a novel whose spell no reader will be able to resist.

See No Stranger Aug 09 2021 An urgent manifesto and a dramatic memoir of awakening, this is the story of revolutionary love. Finalist for the Dayton Literary Peace Prize • “In a world stricken with fear and turmoil, Valarie Kaur shows us how to summon our deepest wisdom.”—Elizabeth Gilbert, author of *Eat Pray Love* How do we love in a time of rage? How do we fix a broken world while not breaking ourselves? Valarie Kaur—renowned Sikh activist, filmmaker, and civil rights lawyer—describes revolutionary love as the call of our time, a radical, joyful practice that extends in three directions: to others, to our opponents, and to ourselves. It enjoins us to see no stranger but instead look at others and say: You are part of me I do not yet know. Starting from that place of wonder, the world begins to change: It is a practice that can transform a relationship, a community, a culture, even a nation. Kaur takes readers through her own riveting journey—as a brown girl growing up in California farmland finding her place in the world; as a young adult galvanized by the murders of Sikhs after 9/11; as a law student fighting injustices in American prisons and on Guantánamo Bay; as an activist working with communities recovering from xenophobic attacks; and as a woman trying to heal from her own experiences with police violence and sexual assault. Drawing from the wisdom of sages, scientists, and activists, Kaur reclaims love as an active, public, and revolutionary force that creates new possibilities for ourselves, our communities, and our world. *See No Stranger* helps us imagine new ways of being with each other—and with ourselves—so that together we can begin to build the world we want to see.

Wired for Story Mar 04 2021 This guide reveals how writers can utilize cognitive storytelling strategies to craft stories that ignite readers’ brains and captivate them through each plot element. Imagine knowing what the brain craves from every tale it encounters, what fuels the success of any great story, and what keeps readers transfixed. *Wired for Story* reveals these cognitive secrets—and it’s a game-changer for anyone who has ever set pen to paper. The vast majority of writing advice focuses on “writing well” as if it were the same as telling a great story. This is exactly where many aspiring writers fail—they strive for beautiful metaphors, authentic dialogue, and interesting characters, losing sight of the one thing that every engaging story must do: ignite the brain’s hardwired desire to learn what happens next. When writers tap into the evolutionary purpose of story and electrify our curiosity, it triggers a delicious dopamine rush that tells us to pay attention. Without it, even the most perfect prose won’t hold anyone’s interest. Backed by recent breakthroughs in neuroscience as well as examples from novels, screenplays, and short stories, *Wired for Story* offers a revolutionary look at story as the brain experiences it. Each chapter zeroes in on an aspect of the brain, its corresponding revelation about story, and the way to apply it to your storytelling right now.

Manifeste pour une architecture douce Nov 24 2022 This publication, in conjunction with the exhibition of the same name, is the result of a very special collaboration between Artspeak (Vancouver) and Dazibao. With this project, Dazibao sought to provoke encounters between practices and reflections exploring photography's increasing links with other media. The *Soft Architecture: A Manifesto* project brings together works by Josée Bernard and Sharyn Yuen, along with a text by the author and poet Lisa Robertson. In spite of cultural differences and geographic distance, all three artists chose childhood and fleeting memories to explore notions of discomfort.

The Asset Economy May 06 2021 Rising inequality is the defining feature of our age. With the lion’s share of wealth growth going to the top, for a growing percentage of society a middle-class existence is out of reach. What exactly are the economic shifts that have driven the social transformations taking place in Anglo-capitalist societies? In this timely book, Lisa Adkins, Melinda Cooper and Martijn Konings argue that the rise of the asset economy has produced a new logic of inequality. Several decades of property inflation have seen asset ownership overshadow employment as a determinant of class position. Exploring the impact of generational dynamics in this new class landscape, the book advances an original perspective on a range of phenomena that are widely debated but poorly understood – including the growth of wealth inequalities and precarity, the dynamics of urban property inflation, changes in fiscal and monetary policy and the predicament of the “millennial” generation. Despite widespread awareness of the harmful effects of Quantitative Easing and similar asset-supporting measures, we appear to have entered an era of policy “lock-in” that is responsible for a growing disconnect between popular expectations and institutional priorities. The resulting polarization underlies many of the volatile dynamics and rapidly shifting alliances that dominate today’s headlines.

The Sorcerer's Apprentices Jul 28 2020 “Kitchen Confidential” meets “Heat” in the first behind-the-scenes portrait of the world's best restaurant and the aspiring chefs who toil to make it so exceptional. Elected best restaurant in the world by *Restaurant* magazine an unprecedented five times, El Bulli is the laboratory of Ferran Adria, the maverick creator of molecular gastronomy. Behind each of the thirty or more courses that make up a meal at El Bulli is a small army of young cooks who do the work of executing Adria's vision in exchange for nothing more than the chance to learn at his hands. Granted unprecedented access to this guild system, Lisa Abend follows the thirty-five stagiaires of the 2009 season as they struggle to master the grueling hours, cutting-edge techniques, and interpersonal tensions that come with working at the most revered restaurant on earth.

How to Be an Anticapitalist in the Twenty-First Century Jul 08 2021 What is wrong with capitalism, and how can we change it? Capitalism has transformed the world and increased our productivity, but at the cost of enormous human suffering. Our shared values—equality and fairness, democracy and freedom, community and solidarity—can provide both the basis for a critique of capitalism and help to guide us toward a socialist and democratic society. Erik Olin Wright has distilled decades of work into this concise and tightly argued manifesto: analyzing the varieties of anticapitalism, assessing different strategic approaches, and laying the foundations for a society dedicated to human flourishing. *How to Be an Anticapitalist in the Twenty-First Century* is an urgent and powerful argument for socialism, and an unparalleled guide to help us get there.

Another world is possible. Included is an afterword by the author's close friend and collaborator Michael Burawoy.

You Need a Manifesto Sep 29 2020 An essential how-to for crafting a guiding motto that sets intentions, increases creativity, and helps accomplish your goals, from Stanford University's world-renowned Hasso Plattner Institute of Design, aka the d.school. We all need agency to feel the power and joy of acting in the face of challenge and opportunity. But we also need humility and restraint to ensure that we guard against hubris and harm. We need trusted and testable navigation tools to give us confidence in our creative power and cautiousness in carrying out our work. Instead of looking for answers, what we are all seeking are tools for navigating the increasingly complex, noisy, conflicted culture that we inhabit. A personal manifesto is one of those tools. In *You Need a Manifesto*, Charlotte Burgess-Auburn, the d.school's director of community, first defines the challenges of information overload we all experience today. Then she explains the importance of creating a personal mantra or motto to use in the face of daily tasks and roadblocks, walking you through the steps of creating more purpose in your work. Explanations and hands-on design-based exercises are interwoven with vibrant quotes and excerpts from a curated collection of designers, artists, writers, scientists, and social activists. These quotes serve both as inspiration and material for the activities. Each chapter of the book is also preceded by a graphic by artist and letterpress printer Rick Griffith, who created his illustrations in response to the material in each chapter, to guide and inspire you to see what you can produce for yourself.

We: A Manifesto for Women Everywhere Jun 26 2020 Explores how women can use psychological and spiritual tools to create a more fulfilling way of life and to attain happiness and freedom from the have-it-all superwoman culture.

Abolish the Family Sep 22 2022 What if we could do better than the family? We need to talk about the family. For those who are lucky, families can be filled with love and care, but for many they are sites of pain: from abandonment and neglect, to abuse and violence. Nobody is more likely to harm you than your family. Even in so-called happy families, the unpaid, unacknowledged work that it takes to raise children and care for each other is endless and exhausting. It could be otherwise: in this urgent, incisive polemic, leading feminist critic Sophie Lewis makes the case for family abolition. *Abolish the Family* traces the history of family abolitionist demands, beginning with nineteenth century utopian socialist and sex radical Charles Fourier, the Communist Manifesto and early-twentieth century Russian family abolitionist Alexandra Kollontai. Turning her attention to the 1960s, Lewis reminds us of the anti-family politics of radical feminists like Shulamith Firestone and the gay liberationists, a tradition she traces to the queer marxists bringing family abolition to the twenty-first century. This exhilarating essay looks at historic rightwing panic about Black families and the violent imposition of the family on indigenous communities, and insists: only by thinking beyond the family can we begin to imagine what might come after.

Story Genius Jan 14 2022 Following on the heels of Lisa Cron's breakout first book, *Wired for Story*, this writing guide reveals how to use cognitive storytelling strategies to build a scene-by-scene blueprint for a riveting story. It's every novelist's greatest fear: pouring their blood, sweat, and tears into writing hundreds of pages only to realize that their story has no sense of urgency, no internal logic, and so is a page one rewrite. The prevailing wisdom in the writing community is that there are just two ways around this problem: pantsing (winging it) and plotting (focusing on the external plot). Story coach Lisa Cron has spent her career discovering why these methods don't work and coming up with a powerful alternative, based on the science behind what our brains are wired to crave in every story we read (and it's not what you think). In *Story Genius* Cron takes you, step-by-step, through the creation of a novel from the first glimmer of an idea, to a complete multilayered blueprint—including fully realized scenes—that evolves into a first draft with the authority, richness, and command of a riveting sixth or seventh draft.

Act as a Feminist Jun 07 2021 *Act as a Feminist* maps a female genealogy of UK actor training practices from 1970 to 2020 as an alternative to traditional male lineages. It re-orientates thinking about acting through its intersections with feminisms and positions it as a critical pedagogy, fit for purpose in the twenty-first century. The book draws attention to the pioneering contributions women have made to actor training, highlights the importance of recognising the political potential of acting, and problematises the inequities for a female majority inspired to work in an industry where they remain a minority. Part One opens up the epistemic scope, shaping a methodology to evaluate the critical potential of pedagogic practice. It argues that feminist approaches offer an alternative affirmative position for training, a *via positiva* and a way to re-make mimesis. In Part Two, the methodology is applied to the work of UK women practitioners through analysis of the pedagogic exchange in training grounds. Each chapter focuses on how the broad curriculum of acting intersects with gender as technique to produce a hidden curriculum, with case studies on Jane Boston and Nadine George (voice), Niamh Dowling and Vanessa Ewan (movement), Alison Hodge and Kristine Landon-Smith (acting), and Katie Mitchell and Emma Rice (directing). The book concludes with a feminist manifesto for change in acting. Written for students, actors, directors, teachers of acting, voice, and movement, and anyone with an interest in feminisms and critical pedagogies, *Act as a Feminist* offers new ways of thinking and approaches to practice.

The Gefilte Manifesto Nov 12 2021 Jeffrey Yoskowitz and Liz Alpern are two of the leaders of the movement to revolutionise Ashkenazi cuisine. Together, they co-founded The Gefilteria in 2012, a Brooklyn-grown business that sets out to reimagine Jewish classics while championing Old World slow food techniques. Here in their first-ever cookbook including 100-plus recipes pulled deep from the culinary histories of Eastern Europe and the diaspora community of North America, they draw inspiration from the legacies of Jewish pickle shops, bakeries, appetising shops, dairy restaurants, delicatessens, and holiday kitchens. Tapping into the zeitgeist of rediscovering Old World food traditions like pickling, fermenting, and baking, at the heart of which are the values of resourcefulness and seasonality, The Gefilte Manifesto encourages anyone and everyone to incorporate healthy and vital Ashkenazi recipes into their everyday repertoire.

The Dating Manifesto Apr 29 2023 Your attitudes about marriage and the path to marriage are wrong. Some you've inherited, some you've simply bought—hook, line, and sinker—and some you've made up yourself. They have translated into bad action (or no action) in dating and relationships. But it's not too late; you can break the cycle of dating dysfunction and learn to honor marriage, marry well, and live intentionally while you wait. Lisa Anderson proves it's possible. The Dating Manifesto is neither a cheesy formula for finding a spouse nor a feel-good book about how the person for you is “out there” if you only “believe.” Instead, it's a challenge to wise up, own your junk, and chart a bold new course for your relationship future.

But when Bree is told she needs to stop shutting the world out and start living a life worth writing about, The Manifesto on How to Be Interesting is born. A manifesto that will change everything... ..but the question is, at what cost?

Glitch Feminism Dec 01 2020 The divide between the digital and the real world no longer exists: we are connected all the time. How do we find out who we are within this digital era? Where do we create the space to explore our identity? How can we come together and create solidarity? The glitch is often dismissed as an error, a faulty overlaying, but, as Legacy Russell shows, liberation can be found within the fissures between gender, technology and the body that it creates. The glitch offers the opportunity for us to perform and transform ourselves in an infinite variety of identities. In Glitch Feminism, Russell makes a series of radical demands through memoir, art and critical theory, and the work of contemporary artists who have travelled through the glitch in their work. Timely and provocative, Glitch Feminism shows how the error can be a revolution.

VOX Dec 13 2021 This book examines VOX, the first major and electorally successful populist radical right-wing party to emerge in Spain since the death of General Franco, and the restoration of parliamentary democracy in the late 1970s. In December 2018, VOX, a new party on the populist radical right, entered the Andalusian regional parliament, and played the role of kingmaker in the ensuing government formation discussions. Since then, under the leadership of Santiago Abascal, VOX has earned political representation in numerous local, regional and national elections. The party attracted more than 3.6 million votes in the November 2019 general election, making VOX the third largest party in the Spanish Congress. In two years, the party has become a key political challenger and an important player in Spanish politics. This book explains the origins of the party, its ideology and relationship with democracy, its appeal with voters, and its similarities with (and differences from) other populist radical right parties in Europe. It draws upon a rich source of domestic as well as cross-national survey data and a systematic analysis of party manifestos which provide a detailed account of the rise of VOX and what its emergence means for Spanish politics. This volume will be of interest to scholars of comparative politics, political parties, voters and elections, Spanish politics, the populist radical right and populism in general.

The Matheny Manifesto Oct 11 2021 St. Louis Cardinals manager Mike Matheny's New York Times bestselling manifesto about what parents, coaches, and athletes get wrong about sports; what we can do better; and how sports can teach eight keys to success in sports and life. Mike Matheny was just forty-one, without professional managerial experience and looking for a next step after a successful career as a Major League catcher, when he succeeded the legendary Tony La Russa as manager of the St. Louis Cardinals in 2012. While Matheny has enjoyed immediate success, leading the Cards to the postseason four

times in his first four years? a Major League record? people have noticed something else about his life, something not measured in day-to-day results. Instead, it's based on a frankly worded letter he wrote to the parents of a Little League team he coached, a cry for change that became an Internet sensation and eventually a "manifesto." The tough-love philosophy Matheny expressed in the letter contained his throwback beliefs that authority should be respected, discipline and hard work rewarded, spiritual faith cultivated, family made a priority, and humility considered a virtue. In *The Matheny Manifesto*, he builds on his original letter by first diagnosing the problem at the heart of youth sports? it starts with parents and coaches? and then by offering a hopeful path forward. Along the way, he uses stories from his small-town childhood as well as his career as a player, coach, and manager to explore eight keys to success: leadership, confidence, teamwork, faith, class, character, toughness, and humility. From "The Coach Is Always Right, Even When He's Wrong" to "Let Your Catcher Call the Game," Matheny's old-school advice might not always be popular or politically correct, but it works. His entertaining and deeply inspirational book will not only resonate with parents, coaches, and athletes, it will also be a powerful reminder, from one of the most successful new managers in the game, of what sports can teach us all about winning on the field and in life.

[The Squirrel Manifesto](#) May 18 2022 From acclaimed and award-winning financial adviser Ric Edelman comes a modern-day fable in the spirit of *The Ant and the Grasshopper* that teaches kids—and their parents—the value of spending money, saving for the future, and giving to charity. Financial habits form early. Children learn by observing a parent's behavior and through their own experiences. That's why it's important to make sure your children are treating money the right way. From allowances and birthday money to cash they'll one day earn babysitting or mowing lawns, *The Squirrel Manifesto* provides a platform to set your children on the path to a lifetime of fiscal responsibility. Just as a squirrel gathers nuts to prepare for the winter—eating some now and storing some for later—kids can learn the value of money by spending some of their allowance now and saving the rest for later using animals as examples.

SCUM Manifesto Jun 19 2022 Classic radical feminist statement from the woman who shot Andy Warhol "Life in this society being, at best, an utter bore and no aspect of society being at all relevant to women, there remains to civic-minded, responsible, thrill-seeking females only to overthrow the government, eliminate the money system, institute complete automation and destroy the male sex." Outrageous and violent, *SCUM Manifesto* was widely lambasted when it first appeared in 1968. Valerie Solanas, the woman who shot Andy Warhol, self-published the book just before she became a notorious household name and was confined to a mental institution. But for all its vitriol, it is impossible to dismiss as the mere rantings of a lesbian lunatic. In fact, the work has proved prescient, not only as a radical feminist analysis light years ahead of its time—predicting artificial insemination, ATMs, a feminist uprising against underrepresentation in the arts—but also as a stunning testament to the rage of an abused and destitute woman. In this edition, philosopher Avital Ronell's introduction reconsiders the evocative exuberance of this infamous text.

[Outdated](#) Oct 23 2022 Everyone wants to be loved—to find someone who will stick with them through all of life's ups and downs, someone who is in it for the long haul. But in a world where dating is increasingly based on split-second decisions and geared toward casual relationships rather than marriage, it's easy for single people to feel discouraged, used, or unworthy of true love and lasting affection. Reality just never seems to match up with our (often wildly unrealistic) expectations. Jonathan "JP" Pokluda has counseled thousands of young singles through the pain and heartbreak of dating the world's way. Now he wants to dispel the myths, misconceptions, and fairy tales you've believed about dating and replace them with the truth from the One who invented marriage, created you to crave relationship, and is the very embodiment of true love. With plenty of true stories about relationships healed and love found, this practical book explains God's purposes for singleness, dating, and marriage and covers why you should date, who you should date, and how you should date. If you're ready to trade the world's way of dating for the way that actually works, it's time to begin dating well.

[Selfish Women](#) Apr 17 2022 This book proceeds from a single and very simple observation: throughout history, and up to the present, women have received a clear message that we are not supposed to prioritize ourselves. Indeed, the whole question of "self" is a problem for women – and a problem that issues from a wide range of locations, including, in some cases, feminism itself. When women espouse discourses of self-interest, self-regard, and selfishness, they become illegible. This is complicated by the commodification of the self in the recent Western mode of economic and political organization known as "neoliberalism," which encourages a focus on self-fashioning that may not be identical with self-regard or self-interest. Drawing on figures from French, US, and UK contexts, including Rachilde, Ayn Rand, Margaret Thatcher, and Lionel Shriver, and examining discourses from psychiatry, media, and feminism with the aim of reading against the grain of multiple orthodoxies, this book asks how revisiting the words and works of selfish women of modernity can assist us in

understanding our fraught individual and collective identities as women in contemporary culture. And can women with politics that are contrary to the interests of the collective teach us anything about the value of rethinking the role of the individual? This book is an essential read for those with interests in cultural theory, feminist theory, and gender politics.
