In addition to citing case law, Judges have traditionally used recognized legal maxims or treatise citations to support their rulings. But today's judiciary is becoming more apt to use pop culture, modern music, as well as humor in their decisions. This book gives examples of how songs and their lyrics have influenced judges, provided themes for their decisions, and helped make existing law more accessible to lay persons. Mark W. Klingensmith examines the clever ways judges have used them to enhance their judicial writings and how modern day musical lyrics that have effectively become recognized legal maxims by the courts. judicial writings. While much has been written over the years about male blues singers of the first half of the 20th century, little attention has been paid to blueswomen. These women used their songs to proclaim their pain or to speak up and protest unfair conditions and discrimination. Through their songs, they expressed a desire for freedom and equality in a time when women were almost universally subjugated. The 37 women profiled here are representative of the many blueswomen who performed in the United States through the end of World War II. Some are well known (e.g., Lucille Bogan and Sippie Wallace), but many are obscure (such as Lil Johnson, Liza Brown and Margaret Whitmire). Biographical profiles are followed by a sampling of the performers' lyrics. This book provides a practical introduction to researching and performing early Anglo-American secular music and dance with attention to their place in society. Supporting growing interest among scholars and performers spanning numerous disciplines, this book contributes quality new scholarship to spur further research on this overshadowed period of American music and dance. Organized in three parts, the chapters offer methodological and interpretative guidance and model varied approaches to contemporary scholarship. The first part introduces important bibliographic tools and models their use in focused examinations of individual objects of material musical culture. The second part illustrates methods of situating dance and its music in early American society as relevant to scholars working in multiple disciplines. The third part examines contemporary performance of early American music and dance from three distinct perspectives ranging from ethnomusicological fieldwork and phenomenology to the theatrical stage. Dedicated to scholar Kate Van Winkle Keller, this volume builds on her legacy of foundational contributions to the study of early American secular music, dance, and society. It provides an essential resource for all those researching and performing music and dance from the revolutionary era through the early nineteenth century. One of the most distinguished lyric-writers of his time, Ira Gershwin wrote for his brother George as well as Jerome Kern, Kurt Weill, Harold Arlen and others. Limelight presents a selection of stage and screen lyrics written for sundry situations and now arranged in arbitrary categories, to which have been added many informative annotations and disquisitions on their why and wherefore, their whom-for, their how, and matters associative. "Gershwin's comments, witty and irreverent, and his anecdotes about the making of many favorites, are invariably interesting and frequently surprising." An intense expression of subjective experience? The fictive speech of a specifiable persona? Examining ancient and modern poems from Sappho to Ashbery, Jonathan Culler reveals the limitations of these two models—the Romantic and the modern—and challenges the assumption that poems exist to be interpreted. To most Americans, Steve Allen is a comedian whose ground-breaking work on The Tonight Show and The Steve Allen Show still inspires comics and writers. But Steve Allen is also a tremendously prolific and passionate composer and lyricist who has written some 8,000 songs. Here are collected the lyrics to 100 of his favorites, including "This Could Be the Start of Something Big, " "Gravy Waltz, " "The South Rampart Street Parade, " and the themes to Picnic, On the Beach, and Bell, Book, and Candle. From Dixieland to jazz to blues, Allens lyrics resonate with romance and insight, often punctuated by humor. Allen provides a commentary for each song. The foreword is contributed by noted author, critic, and jazz historian Gene Lees. Some vols. include supplemental journals of "such

proceedings of the sessions, as, during the time they were depending, were ordered to be kept secret, and respecting which the injunction of secrecy was afterwards taken off by the order of the House". Known for his growling vocals and for the distinct poetry of his lyrics, Tom Waits has amassed over the course of three decades a devoted cult following. The *Early Years* collects the lyrics—formative and classic—from the first ten albums of this true bard of hard living. A celebration of both his words and of the artist himself, this lyrical biography charts the course from Wait's emotional debut album, *Closing Time* (1977), to the experimental stirrings in *Heartattack and Vine* (1991) and *One from the Heart* (1992). Here the words achieve a new potency, adding further dimension to this singularly gifted artist.
