**Understanding Karl Rahner** May 26 2022 Karl Rahner, who died in 1984 at the age of eighty, is recognized as one of the greatest of twentieth-century Roman Catholic theologians, but his works are forbidding in their extent (the list of his writings numbers over 4000 titles!) and his language has often been found extremely difficult by his readers. Moreover, many of those who never had the opportunity to meet him know little about his personality and his life. In this attractive study, Herbert Vorgrimler, a former pupil and lifelong friend, demonstrates that Rahner's work is not as unapproachable as it is made out to be. He begins by producing a portrait of Rahner, his personal characteristics, his main interests, his style, his language, his audience and his spirituality, so that without having specific details of his work and career, we feel that we know the man we are to meet. Then he traces the course of Rahner's life, setting his major writings in a personal context and against the background of the development of Roman Catholic theology in the twentieth century, before and after the Second Vatican Council. An appendix illuminates the Council from letters by Rahner to the author, some of which appear for the first time.

*The Great Church Year* Oct 07 2020 Unlike Rahner's theological writings, which can be obscure, these sermons provide a smooth entrance for those who are just beginning to read this fine contemporary theologian and preacher.

Karl Rahner, S.J. Jun 02 2020

**Karl Rahner** May 14 2021 Karen Kilby has successfully taken the difficult and obscure work of Karl Rahner and presented it in a clear, fascinating way that explains the man and his religious quest.

**Karl Rahner** Dec 09 2020 Karl Rahner has been the most influential Catholic theologian in this century. His writings helped to prepare the way for Vatican II and did much to shape the Church in the post-conciliar period. In this book, a former student of Rahner and fellow Jesuit interweaves passages from Rahner's writings.

Eternity in Time May 02 2020

The Practice of Faith Sep 05 2020

**The Foundations of Karl Rahner** Nov 19 2021 Karl Rahner is one of Catholicism's most influential theologians. Yet his *Foundations of Christian Faith*, the basic course that he intended as his most systematic and comprehensive work, remains difficult reading. In *The Foundations of Karl Rahner*, Mark F. Fischer offers a page-by-page explanation of Rahner's masterwork, showing its overall design and the interconnections among its 368 sections and subsections. Designed for beginning theology students and scholars alike, and with topic, name, and Bible indices to help readers navigate the Rahnerian basic course, *The Foundations of Karl Rahner* is an indispensable addition to every theological library.

**A Gadamerian Reading of Karl Rahner's Theology of Grace and Freedom** Aug 05 2020 In *A Gadamerian Reading of Karl Rahner's "Theology of Grace and Freedom,"* Gadamer's philosophical hermeneutics are compared with Rahner's transcendental anthropology. It discusses grace, and freedom, as foundational experiences, and examines scholastic and other traditions in the light of Gadamer's thought. It provides a thorough discussion of Rahner's critique of the Augustinian understanding of grace and freedom by relating it to Greek Patristic Pauline understandings.

**The Theological Method of Karl Rahner** Mar 04 2023

*Silence, Love, and Death* Dec 29 2019 One of the central elements of Karl Rahner's theology is the affirmation that God offers salvation to every human being and, in so doing, empowers each of us to say "yes" to this holy vocation. This divine-human dialogue of offer and response is the heart of Rahner's understanding of Christian faith. In this book, Shannon Craigo-Snell explores what it means to say "yes" to God in Rahner's theology. Drawing on a variety of his writings, Craigo-Snell focuses on three moments in human freedom that Rahner repeatedly points to in describing how we say "yes" to God: silence, love, and death. In Rahner's theology, the theme of silence is often used to mark a posture of openness to the mysterious other, both human and divine, which is a primary characteristic of what it is to be human. This openness to the other is concretely realized in love, such that human identity is both gift received and task accomplished. Further, this self-possessing openness to the other is fully actualized in an eternal inter-communion. Rahner's discussions of eschatology do not center on an affirmation of the immortality of the individual soul, but rather paint a portrait of communally sanctified humanity that draws us forward into ourselves, our community, and God. Attending to these three ways of saying "yes" to God generates an understanding of Rahner's theology as neither modern nor postmodern, but rather a challenging alternative vision that can be a vital resource for contemporary feminist theologies.

Atheism and Salvation Sep 29 2022 *Atheism and Salvation* is an original and unique work that explores in detail Karl Rahner's understanding of atheism within the context of anonymous Christianity. In light of Vatican II, Rahner contends that atheism cannot simply be understood as ignorance or willful rebellion against God. Instead, he argues that one can be an atheist on a categorical level and still be a person of supernatural faith and a Christian, albeit in an implicit or anonymous way. In addition to masterfully

explaining anonymous Christianity and modern atheism, *Atheism and Salvation* provides a succinct summary of the traditional proofs for the existence of God. Intended for those who have an interest in the future of theology, religion and philosophy, this insightful work will leave its readers seeing reality in a new light.

**Humble Confidence** Oct 31 2022 The influential German Jesuit theologian, Karl Rahner (1904–84), famously claimed that the more scientific theology is the more spiritually and pastorally relevant it will be. This book attempts to demonstrate the truth of this claim by drawing together resources scattered throughout Rahner's voluminous writings in order to make his wisdom more available for people seeking a deeper spirituality and a more effective pastoral ministry. The book also provides summaries of Rahner's main ideas on anthropology, God, Christ, and the Church, with an emphasis on their practical significance. Finally, it serves as a response to those critics who claim that Rahner is passé by emphasizing the power of his theology to illumine contemporary issues with the light of the Gospel.

*Karl Rahner and Ignatian Spirituality* Jul 04 2020 Karl Rahner SJ (1904-1984), perhaps the most influential figure in twentieth-century Roman Catholic theology, believed that the most significant influence on his work was Ignatius Loyola's Spiritual Exercises. This book casts significant new light on Rahner's achievement by presenting it against the background of the rediscovery of Ignatian spirituality in the middle decades of the twentieth century. It offers a fresh and contemporary theological interpretation of Ignatian retreat-giving, illuminating the creative new departures this ministry has taken in the last thirty years, as well as contributing to the lively current debate regarding the relationship between spirituality and speculative theology.

*Karl Rahner* Jan 02 2023 This bold and original book explores the relationship between Rahner's philosophy and his theology, which reveal it as much more progressive and open-ended than previously considered.

**Theology and Discovery** Jul 16 2021

*The Reality of Love* Jan 22 2022 Love is one, and love is "all we need." This book argues against the traditional theological view that God's love differs from human love. If God is love and love is one, we will find God embodied in all kinds of genuine love experiences. By analyzing Karl Rahner's theology of love, the author explores how God penetrates and embraces the whole of reality, suggesting implications for Christian spirituality and spiritual direction.

**The Cambridge Companion to Karl Rahner** Mar 24 2022 Karl Rahner (1904–84) was one of the most significant theological voices of the twentieth century. For many his theology has come to symbolise the Catholic Church's entry into modernity. Part of his enduring appeal lies in his ability to reflect on a whole variety of issues in theology and spirituality and concentrate this plurality into a few basic convictions. This Cambridge Companion provides an accessible introduction to the main themes of Rahner's work. Written by an international array of experts, it will be of interest to both students and scholars alike. Each chapter serves as a guide to its topic and recommends further reading for additional study. The contributors also assess Rahner's significance for contemporary theology by bringing his thought into dialogue with many current concerns including: religious pluralism, spirituality, postmodernism, ecumenism, ethics and developments in political and feminist theologies.

*Karl Rahner* Feb 03 2023 Karl Rahner's (1904-84) creative proposals in theological areas made him one of the giants of 20th-century theology. The depth of his contributions has made study of Rahner's writings difficult, but Kelly's anthology of Rahner's writings overcomes the obstacles beautifully. A select bibliography neatly organizes the vast work by and on Rahner. Part of The Making of Modern Theology Series.

**Piety and Responsibility** Feb 08 2021 This book analyzes the writings of Karl Rahner, Karl Barth, and Vedanta Desika to disclose how each construes "piety" and "responsibility" as integral to each other. Each theologian expresses a fundamental unity of love of God and love of neighbour. Sheveland explores this unity in ecumenical and interreligious frameworks, showing how these authors privilege theology as practice, enactment, or simply as ethical. He uses the Renaissance genre of musical polyphony as a methodological tool by which to explore the aesthetic quality and the similarity-in-difference of the theological voices being compared. Polyphony's application to comparative theology includes the avoidance of caricature, domestication, and antagonism. In place of these is offered a fundamentally aesthetic paradigm by which to hear theological voices in terms of their unity-in-distinction.

*Trinity* Apr 05 2023 The ground-breaking treatment of the doctrine of the Trinity by one of the most important theologians of the century is here reprinted on the 30th anniversary of its original publication. In this treatise, Karl Rahner analyzes the place of the doctrine of the Trinity within Catholic theology and develops his own highly original and innovative reading of the doctrine, including his now-famous dictum. Copyright © Libri GmbH. All rights reserved.

*A Faith that Loves the Earth* Dec 21 2021 This book presents the argument that Karl Rahner's theology has a profoundly 'ecological' dimension. In this argument, 'ecological theology' is understood to be a kind of theology which views the natural world as a worthy object of concern, an object which demands theological interpretation. The work undertakes an analysis of four models of ecological theology: feminist, process, incarnational/sacramental, and Hegelian. The study argues that any theology which aspires to be ecological must at least address the questions of human being's relation to the world, God's relation to the world, and the place of the material world in the process of salvation. Rahner's theology is examined in light of his answers to these questions in successive chapters which deal with his theological anthropology, doctrine of God, understanding of the Incarnation, and eschatology. What emerges from this examination is a truly ecological theology, a theology which understands human being, the world, and God as fundamentally related, without reducing any one of these (especially God) to the others. In this way, this book seeks to show that working from a profoundly non-dualistic metaphysical vision rooted in an interpretation of the Incarnation, Rahner develops a thoroughly ecological position which can adequately answer the three crucial questions mentioned above. The conclusion of this book suggests ways in which Rahner's insights might be appropriated.

*The Sacrament of the Future* Jun 26 2022 *The Sacrament of the Future* is a contemporary examination of the theory and praxis of sacraments undertaken in the belief that a renewed understanding of them will shape the survival of the faith in the changed circumstances of the twenty-first century. This new perspective is the eschatological character of the sacraments: by retaining the tension between time and eternity in our present life, sacraments anticipate the future fulfilment of salvation in heaven. The association of the two classical treatises of Sacramental Theology and the doctrine of Last Things will alter our approach not only to the sacraments, but also to other important tenets of Christian theology. This book is the result of half a lifetime's work in presenting and critically analysing Karl Rahner's theological thought. Professor George Vass has not confined himself to the detailed exposition of the thought of his predecessor but, through a critical analysis of his views, tries to enter into dialogue with

him. Professor Vass, Fellow of Heythrop College, University of London, and for twenty years holder of Karl Rahner's chair at the University of Innsbruck, entered the Society of Jesus in 1946, and obtained his qualifications in Philosophy and Theology at various European universities. He taught at Heythrop College, Oxon, and the University of London, before his call to the University of Innsbruck in 1976. In 1996 he became Professor Emeritus of the chair of Dogmatic and Ecumenical Theology. Since then he has been Parish Priest within the diocese of Tyrol, Austria.

*Being Salvation* Jan 10 2021 Karl Rahner's theory of how Jesus saves has garnered criticism. Rahner's portrayal of Jesus has been described by Hans Urs von Balthasar as merely notifying the world of God's salvific will. Others have doubted whether Rahner thinks Jesus "causes" salvation at all. Even Rahner's advocates style his Jesus as a kind of sign, albeit an effective one, the primal Sacrament. But another major and yet underappreciated dimension to Rahner's christology is his identification of Jesus as Representative—both our representative before God and God's before us. As such a Representative, Jesus is not a redemptive agent who accomplishes human salvation simply through an act, and even less is he a mere exemplar or notification. This Jesus does not only "do" our salvation—rather, he is the locus of salvation itself. He not only "opens" heaven's gates, but he creates heaven with his own resurrection. *Being Salvation* uncovers this dimension within Rahner's theology, relating it to other historical examples of representative soteriology (e.g. Irenaeus's theory of recapitulation) and to Rahner's more familiar sacramental soteriological categories. It gives special attention to Rahner's intense attention to the church fathers early in his career, including Rahner's untranslated theology dissertation, *E latera Christi* ("From the Side of Christ").

*Theological Investigations* Mar 12 2021

*Encyclopedia of Theology* Aug 29 2022 An essential and reliable reference work and manual of the Christian faith this book provides both students and interested readers with a basic text presenting the findings of modern scholarly thought and research. Ecumenical in spirit and approach, no responsible and inquiring Christian can afford to be without it.

*On the Theology of Death* Feb 29 2020 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

**Foundations of Christian Faith** Apr 12 2021 This is the translation of German Jesuit theologian Karl Rahner's brilliant synthesis of Christian faith, worked out over a lifetime of scholarly endeavor.

*Dictionary of Theology* Jan 28 2020

**Karl Rahner's Writings on Literature, Music and the Visual Arts** Aug 17 2021 This book is made up of a collection of texts unavailable in one volume until now, including six previously untranslated essays, from a major theologian of the twentieth century. Rahner's numerous writings focused on the revelation of God as mystery in the world and on the human being who has an essential openness towards the transcendent. His articles reveal an empathy and a depth of insight into the relationship between theology, faith and the arts which are remarkable and may take the reader by surprise. More recently, Rahner's contribution to the growing field of theology and the arts has been recognised by leading theologians on this subject. He asserts that theology must integrate the verbal and non-verbal arts as they are authentic means of human self-expression, of religious experience, and of God's self-communication; and therefore they are essential sources of theology. Rahner argues that theology, understood as a person's 'reflexive self-expression' about him- or herself 'in the light of divine revelation', cannot be regarded as complete until 'the arts become an intrinsic moment of theology itself'.

**Karl Rahner, an Introduction to His Theology** Dec 01 2022

*Abstracts of Karl Rahner's Theological Investigations 1-23* Apr 24 2022 Everyone familiar with Rahner's great 23-volume *Theological Investigations* knows the series is hard to use because it lacks a key. The titles often fail to describe the contents of the essays accurately; there is no cumulative index in English; the existing indices at the end of each volume are tedious and failed to distinguish significant discussions of a topic from casual references; and short of wading through an entire essay there is no way to know quickly whether it contains the material one is looking for. This book attempts to address these problems.

**Karl Rahner** Feb 20 2022 Karl Rahner (1904-1984) has been called the most important and influential Roman Catholic thinker of the twentieth century. He was a major influence at the Second Vatican Council, and his extensive writings have inspired generations of modern students of theology. Dych provides a concise introduction to Rahner's theological interests and covers his thinking from his student days to the time of his death. Rahner's writings are numerous and complex, but this volume provides a sure and accessible guide to his legacy. In addition, Dych attempts to connect Rahner's main theological teachings with those of Vatican II and with the teachings found in the Exercises of St. Ignatius Loyola. In so doing, Dych places Rahner in the context of modern Catholic doctrine and the ongoing experience of Christians anxious to explore the mysteries of God and creation.

*Karl Rahner* Oct 19 2021 A brief introduction to the life, thought, and work of Catholic theologian Karl Rahner.

**God in the World** May 06 2023 A century has passed since Karl Rahner's birth, and two decades have passed since his death. Yet this remarkable theologian has left a legacy of wisdom as relevant today as it was during Rahner's time. In *God in the World: A Guide to Karl Rahner's Theology*, Thomas O'Meara looks anew at Rahner's insights and theological principles. Through O'Meara's clear and engaging style, readers will discover 'or rediscover, as the case may be 'how invaluable Rahner is for the church today. Rahner's is a theology that considers both people and history as important. It is a theology that begins with grace as God's self-communication, God's gift of life shared with humankind. It is a theology that directly speaks to some of the tensions we as the church, the people of God, struggle with today: religious pluralism and salvation through Jesus Christ, the roles of priests and lay ecclesial ministers, the offices of bishops and popes, the movements of secular modernity and religious fundamentalism. O'Meara helps the reader find in Rahner a traditional revolutionary whose theology sees the depth, extent, and vitality of faith, hope and love in the hearts of all people. Thomas O'Meara, OP PhD, is the William K. Warren Professor of Theology Emeritus at the University of Notre Dame. He studied with Karl Rahner at the University of Munich and continues to receive numerous invitations to teach and speak on Rahner. Among his recent publications are *A Theologian's Journey* (Paulist,

revised 2002), Theology of Ministry (Paulist, 1999), Thomas Aquinas Theologian (University of Notre Dame Press, 1997).

**A World of Grace** Jul 28 2022 "A Crossroad book." Bibliography: p. 185-186.

**The Content of Faith** Nov 07 2020 This volume consists of 174 selections grouped under eight headings, covering the full spectrum of Christian theology from theological anthropology to eschatology. The aim of the book is "to guide people to Rahner's spirituality and thought, with as much authenticity and diversity as possible"; to present Rahner's thought, to the extent that this is humanly feasible (there are some four thousand items in his bibliography). All the essential perspectives and dimensions of his theological work have been brought into play: his unique, experimental style of thinking; his thorough (but generally unobtrusive) familiarity with Scripture, the Church Fathers, and medieval theology; his way of defining concepts precisely; his critical objections in the area of Church life and politics; and the spiritual inexhaustibility of his intimate writings on prayer. The selections themselves are introduced by a forty-one-page "portrait" of Rahner by Bishop Lehmann, providing a masterful summary of his life and the history of his thought, a profile of the basic structure of his theology, and an appreciation of his incalculable contribution to life of the Church and the course of theology in the twentieth century. [Book jacket].

**Karl Rahner's Theological Aesthetics** Jun 14 2021 This innovative book discloses Karl Rahner's foremost achievement: discovering and delineating an ethos of Catholicism, a multi-faceted and comprehensive approach to life in Christ. Karl Rahner's Theological Aesthetics does so by placing the German Jesuit and his teacher, philosopher Martin Heidegger, into a richly detailed dialogue on aesthetics. The book treats classic Rahner topics such as anthropology and Christology. But it breaks new ground by exploring themes such as angels, Mary, and the apocalypse, juxtaposed with analogous philosophical topics in Heidegger.

**The Image of the Immanent Trinity** Sep 17 2021 If the economic Trinity is the immanent Trinity, as Karl Rahner said, then what difference does it make for how we read the Bible? This book takes up the discussion that has dominated the last several decades of Trinitarian theology - that of Rahner's Rule - and brings it into dialogue with the longer history of the doctrine, particularly with the history of interpretation of scripture. The history of Trinitarianism is the history of complex interpretive moves, a long conversation in which the Christian church has sought to learn how to ask the right questions of scripture. Surveying recent theological projects and learning from their successes and failures, The Image of the Immanent Trinity argues that the eternally perfect fellowship of Father, Son, and Spirit is truly present for our salvation in Christ who, as the image of the invisible God, secures God's presence in the economy of salvation as the image of the immanent Trinity.
