Addressing topics from the opening days of school to planning activities, assessments and reflections, these chapters offer teachers and administrators helpful tips on how to build meaningful, professional relationships with students. Keep today's learners at the center of their educational experience and they will grow beyond expectation. Customer Service is one of those things that most companies claim they have, but very few understand it. Some even claim they have the best and hire uneducated people to operate it. Customer Service is actually the easiest thing to perform and most companies treat it as being the hardest. The mind set of most business people is that the main part of a business is selling goods or a service and making a profit. Its true that these need to be accomplished, but how to get people to buy your goods or services may very well depend on the kind of customer service you offer. The 1970s were the era of the three-day week, the Troubles in Northern Ireland, the winter of discontent, trade union Bolshevism and wildcat strikes.

Through sitcoms, Raising Laughter provides a fresh look at one of our most divisive and controversial decades. Aside from providing entertainment to millions of people, the sitcom is a window into the culture of the day. Many of these sitcoms tapped into the decade's sense of cynicism, failure and alienation, providing much-needed laughter for the masses. Shows like Rising Damp and Fawlty Towers were classic encapsulations of worn-out, run-down Britain, while the likes of Dad's Army looked back sentimentally at a romanticised English past. For the first time, the stories behind the making of every sitcom from the 1970s are told by the actors, writers, directors and producers who made them all happen. This is nostalgia with a capital N, an oral history, the last word, and an affectionate salute to the kind of comedy programme that just isn't made anymore. The bestselling business book from award-winning restaurateur Danny Meyer, of Union Square Cafe, Gramercy Tavern, and Shake Shack Seventy-five percent of all new restaurant ventures fail, and of those that do stick around, only a few become icons. Danny Meyer started Union Square Cafe when he was 27, with a good idea and hopeful investors. He is now the co-owner of

a restaurant empire. How did he do it? How did he beat the odds in one of the toughest trades around? In this landmark book, Danny shares the lessons he learned developing the dynamic philosophy he calls Enlightened Hospitality. The tenets of that philosophy, which emphasize strong in-house relationships as well as customer satisfaction, are applicable to anyone who works in any business. Whether you are a manager, an executive, or a waiter, Danny's story and philosophy will help you become more effective and productive, while deepening your understanding and appreciation of a job well done. Setting the Table is landmark a motivational work from one of our era's most gifted and insightful business leaders. Violent crime in New York City had grown too much for the state's criminal justice system to follow through with death penalties bogged down by the appeals process. Often, prisoners convicted of first-degree murder were given cushiony jobs while waiting for their cases to be heard. Lower-court judges were especially frustrated when they noted that several repeated offenders were "back on the street." And it was primarily out of frustration that a secret organization was formed. The Concerned Citizens Group (CCG) was

composed of twelve New Yorkers whose prime purpose was to decrease the percentage of violent crimes. And the method that the CCG chose caused it to be targeted by the NYPD, the FBI, and the mafia. Over just eighteen months, the organization publicly announced—and carried out—the execution of prisoners convicted of murder in the first degree. However, when a crime boss was also executed, a \$2.5 million reward was offered for the identity of CCG members. Does the reward work, or does it solidify the membership even more? I have been living in silence with pain for 14 years. Never could understand why I was treated so unfair and unjust, in the court of law, after the murder of my son. My experience in the court system, have left me staggering, I have lost my faith in the justice system. I am just a nobody trying to tell somebody, about the way I was treated, in the court of law, by high powerful people who you would look up to, for Justice To Be Served. I think my story will make a great spiritual movie, I think my story will inspire and give so much of inspiration to someone in need for someone to hear their silent cry in their voice. I think my story will make a great true crime movie along with, how to get away with murder, why the truth

did not set me free? Episodes of a soap opera, I am a fan of the Young and Restless. Black on black crimes and murders. A six month job, a six month resident and a short term relationship that ended in a DNA testing landed me in a court room, a court room where I felt discrimination, I was misled, deceived and the presence of court house scam was there. Creditably and morale values meant nothing in that court of law I was in. So, here I am, speaking out and pray that I touch someone, to help me, bring my story back into to the light with life once again. A dream I can feel about to come to reality. Oh yes, my Jesus is getting me ready to say, Justice Have Been Served. Eight and a half million viewers watched the Are You Being Served? on BBC 1 on Saturday nights when it was rescreened in Spring/Summer 1998, in the silver jubilee year of the series first transmission. Sky Gold is continually re-running episodes and in the US it is one of the most popular cable TV programmes on the West Coast. Are You Being Served? is not only a TV classic it is also a cult. To celebrate the show we are publishing this 'official' celebration book contributed to and endorsed by the writers David Croft and Jeremy Lloyd who have made available original scripts and behind the scenes

photographs as well as personal anecdotes. The book reviews the history of programme including how the original idea was developed. There are character and main actor profiles, and first hand interviews with John Inman, Molly Sugden, Trevor Banister, Arthur Brough, Frank Thornton, and Wendy Richard (now a key actress in Eastenders). This is followed by an episode-by-episode guide including a cast-list and original transmission date, features on the secretaries of young Mr Grace who became famous - and who could forget Joanna Lumley?- and quotes and memories from special guests. Finally there will be a special section on the feature film. Read the book that inspired the movie! Sixteen-year-old Starr lives in two worlds: the poor neighbourhood where she was born and raised and her posh high school in the suburbs. The uneasy balance between them is shattered when Starr is the only witness to the fatal shooting of her unarmed best friend, Khalil, by a police officer. Now what Starr says could destroy her community. It could also get her killed. Inspired by the Black Lives Matter movement, this is a powerful and gripping novel about one girl's struggle for justice. The US Department of Justice's National Institute of Justice (NIJ) asked the Institute of Medicine

(IOM) of The National Academies to conduct a workshop that would examine the interface of the medicolegal death investigation system and the criminal justice system. NIJ was particularly interested in a workshop in which speakers would highlight not only the status and needs of the medicolegal death investigation system as currently administered by medical examiners and coroners but also its potential to meet emerging issues facing contemporary society in America. Additionally, the workshop was to highlight priority areas for a potential IOM study on this topic. To achieve those goals, IOM constituted the Committee for the Workshop on the Medicolegal Death Investigation System, which developed a workshop that focused on the role of the medical examiner and coroner death investigation system and its promise for improving both the criminal justice system and the public health and health care systems, and their ability to respond to terrorist threats and events. Six panels were formed to highlight different aspects of the medicolegal death investigation system, including ways to improve it and expand it beyond its traditional response and meet growing demands and challenges. This report summarizes the Workshop presentations

and discussions that followed them. The Necropolitical Theater: Race and Immigration on the Contemporary Spanish Stage demonstrates how theatrical production in Spain since the early 1990s has reflected national anxieties about immigration and race. Jeffrey K. Coleman argues that Spain has developed a “necropolitical theater” that casts the non-European immigrant as fictionalized enemy—one whose nonwhiteness is incompatible with Spanish national identity and therefore poses a threat to the very Europeanness of Spain. The fate of the immigrant in the necropolitical theater is death, either physical or metaphysical, which preserves the status quo and provides catharsis for the spectator faced with the notion of racial diversity. Marginalization, forced assimilation, and physical death are outcomes suffered by Latin American, North African, and sub-Saharan African characters, respectively, and in these differential outcomes determined by skin color Coleman identifies an inherent racial hierarchy informed by the legacies of colonization and religious intolerance. Drawing on theatrical texts, performances, legal documents, interviews, and critical reviews, this book challenges Spanish theater to develop a new theatrical space. Jeffrey

K. Coleman proposes a “convivial theater” that portrays immigrants as contributors to the Spanish state and better represents the multicultural reality of the nation today. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Jennifer Szalai, The New York Times • The New York Times Book Review • NPR • Publishers Weekly “This absorbing and important book recounts the titanic struggle over the implications of the Civil War amid the impeachment of a defiant and temperamentally erratic American president.”—Jon Meacham, Pulitzer Prize-winning author of The Soul of America When Abraham Lincoln was assassinated and Vice-President Andrew Johnson became “the Accidental President,” it was a dangerous time in America. Congress was divided over how the Union should be reunited: when and how the secessionist South should regain full status, whether former Confederates should be punished, and when and whether black men should be given the vote. Devastated by war and resorting to violence, many white Southerners hoped to restore a pre-Civil War society, if without slavery, and the pugnacious Andrew Johnson seemed to share their goals. With the unchecked power of executive orders, Johnson

ignored Congress, pardoned rebel leaders, promoted white supremacy, opposed civil rights, and called Reconstruction unnecessary. It fell to Congress to stop the American president who acted like a king. With profound insights and making use of extensive research, Brenda Wineapple dramatically evokes this pivotal period in American history, when the country was rocked by the first-ever impeachment of a sitting American president. And she brings to vivid life the extraordinary characters who brought that impeachment forward: the willful Johnson and his retinue of advocates—including complicated men like Secretary of State William Seward—as well as the equally complicated visionaries committed to justice and equality for all, like Thaddeus Stevens, Charles Sumner, Frederick Douglass, and Ulysses S. Grant. Theirs was a last-ditch, patriotic, and Constitutional effort to render the goals of the Civil War into reality and to make the Union free, fair, and whole. Praise for The Impeachers “In this superbly lyrical work, Brenda Wineapple has plugged a glaring hole in our historical memory through her vivid and sweeping portrayal of President Andrew Johnson’s 1868 impeachment. She serves up not simply food for thought but a veritable feast of

observations on that most trying decision for a democracy: whether to oust a sitting president. Teeming with fiery passions and unforgettable characters, The Impeachers will be devoured by contemporary readers seeking enlightenment on this issue. . . . A landmark study.”—Ron Chernow, Pulitzer Prize-winning author of Grant This publication presents tools and techniques for measuring service delivery in health and education and people's experiences from the field in deploying these methods. It begins by providing an introduction to the different methodological tools available for evaluating the performance of the health and education sectors. Country specific experiences are then explored to highlight lessons on the challenges, advantages and disadvantages of using different techniques to measure quality in a variety of different contexts and of using the resulting data to affect change. This book is a valuable resource for those who seek to enhance capacity for the effective measurement of service delivery in order to improve accountability and governance and enhance the quality of service delivery in developing countries. You can find answers to life's questions, gain an assurance of your purpose and self-worth, and face personal and family challenges with faith. In The Mikado to Matilda: British Musicals on the New York Stage, Thomas Hischak provides an overview of British musicals that made their way to Broadway, covering their entire history up to the present day. This is the first book to look at the British musical theatre with reference to those London musicals that were also produced in New York City. The book covers 110 British musicals, ranging from 1750 to the present day, including the popular Gilbert and Sullivan comic operettas during the Victorian era, the Andrew Lloyd Webber mega-musicals of the late twentieth century, and today's biggest hits such as Matilda. Each London musical is discussed first as a success in England and then how it fared in America. The plots, songs, songwriters, performers, and producers for both the West End and the Broadway (or Off Broadway) production are identified and described. The discussion is sometimes critical, evaluating the musicals and

why they were or were not a success in New York. After serving time in prison for killing a man, Boss is mostly content with his life in small town Tenillo, Texas. He's got his friends, his brothers from the club, his job working for his mentor, and pets who welcome him home at night. A single offhand comment to some friends changes his entire life. One glance at Jenn, and it changes even more. From inmate to in love, Boss is on a roller coaster that's got no chance to slow down. He'll work together with his MC and the friends they've made in the Ares Infidels MC to clean up the town they live in and avenge the attack on his mentor, Pop. At the same time, he's falling head over heels for the pretty woman in the fancy aprons who tastes like oranges and heaven. An unhappy marriage sends Jenn on a cross country journey to find her happiness. After landing in Tenillo, she makes a comfortable home there. Since she doesn't have children and never will, Jenn opens her heart to any stray that needs her love. Between working in her coffee truck and taking care of her menagerie of animals, there's not much time for anything else in her life until Boss comes along. Rather than pull her away from what she loves, he stands

beside her and becomes part of it. When Jenn is targeted by some of the unsavory characters that Boss has vowed to get rid of, she's got to fight to save herself. Two people who, at first glance, don't seem to have much in common find out that they're more alike than they'd imagined, and realize that there is such a thing as happily ever after as long as you're both willing to work for it. The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race. Citizenship and Management in Public Administration is an exciting journey into the

nexus between two separate but close worlds: citizenship orientations and citizenship behavior as reflected in political science theory on one hand, and organizational sciences, work studies, management, and public administration on the other. The authors have combined theoretical thinking with empirical findings to support their theories, and the data presented has been collected over almost a decade of field studies and surveys of public organizations. Dealing with the nature and meaning of citizenship, this book looks at behavior and involvement in modern public worksites. The interdisciplinary studies are all concerned with achieving better integration of the theories and ideas on citizenship and bureaucracies, which are more frequently treated as independent domains in the social sciences. However, the authors suggest that they are closely related and should be analyzed in relation to one another. This unique book will appeal to academics of management and organizational behavior, public administration and those involved in researching the not-for-profit, or third, sector. An epic Vegas heist. A high-octane international romance. A charismatic thief forced to orchestrate one final, treacherous job to save his family. When Alex Cassidy and Diane Alison meet at a party in Princeton, New Jersey, the chemistry between them is instant and undeniable. She's a single mother, local fixture, and owner of a successful catering company. He's a single father and weekend homeowner -- and leader of an armed-robbery crew that just pulled off a record-breaking, precision jewel heist in Las Vegas. Neither one realizes that their lives have overlapped before, and that the shared history they uncover will threaten everyone they love. Swept up in their burgeoning relationship, Diane joins Alex at his beach house in Tulum, where Alex decides to leave his life of crime behind. It begins as a postcard-perfect weekend until an entanglement with a powerful cartel forces Alex to mastermind one final and unthinkably dangerous job. What ensues is an explosive, adrenaline-soaked journey through the moneyed

landscapes of Mexico and Europe, where ghosts from the past collide with unexpected perils in the present. Propulsive, deeply suspenseful, and layered with mesmerizing twists, Love and Theft is a sophisticated thriller about the illusion of control and the high price of past transgressions "Are you being served? State, citizens and governance is the third in a series of volumes seeking to explore the future shape of Australian governance." -- p.vii. "One of my favorite things in this book is that it doesn't pull punches... If you're looking for a gritty story with a lot of heat (and I mean a lot) and real characters, I'd definitely recommend Time Served."—Dear Author, recommended read Dean Barclay had nothing to do with my decision to flee my old life, but he is 100 percent of the reason I vowed to never look back. I've never forgotten how it felt to follow Dean—dangerous, daring, determined—away from the crowd and climb into his beat-up old Trans Am. I was sixteen and gloriously alive for the first time. When I felt his hand cover my leg and move upward, it was over. I was his. Forever. Until I left. Him, my mom, and the trailer park. Without so much as a goodbye. Now Dean's back, crashing uninvited into my carefully cultivated, neat little lawyerly life. Eight

years behind bars have turned him rougher and bigger—and more sexually demanding than any man I've ever met. I can't deny him anything...and that just might end up costing me everything. 101,800 words 'Allo 'Allo and Are You Being Served? have captured millions of devoted viewers all over the world, and both were created by the writing partnership of Jeremy Lloyd and David Croft. This book is a gloriously delightful and hilarious account of one man's trials and tribulations which could only be told by Jeremy Lloyd himself. #1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME

—Daniel James Brown, #1 New York Times bestselling author of The Boys in the Boat From the author of The Ghost Ships of Archangel, one of the last unheralded heroic stories of World War II: the U-boat assault off the American coast against the men of the U.S. Merchant Marine who were supplying the European war, and one community's monumental contribution to that effort Mathews County, Virginia, is a remote outpost on the Chesapeake Bay with little to offer except unspoiled scenery—but it sent an unusually large concentration of sea captains to fight in World War II. The Mathews Men tells that heroic story through the experiences of one extraordinary family whose seven sons (and their neighbors), U.S. merchant mariners all, suddenly found themselves squarely in the cross-hairs of the U-boats bearing down on the coastal United States in 1942. From the late 1930s to 1945,***

virtually all the fuel, food and munitions that sustained the Allies in Europe traveled not via the Navy but in merchant ships. After Pearl Harbor, those unprotected ships instantly became the U-boats' prime targets. And they were easy targets—the Navy lacked the inclination or resources to defend them until the beginning of 1943. Hitler was determined that his U-boats should sink every American ship they could find, sometimes within sight of tourist beaches, and to kill as many mariners as possible, in order to frighten their shipmates into staying ashore. As the war progressed, men from Mathews sailed the North and South Atlantic, the Caribbean, the Gulf of Mexico, the Mediterranean, the Indian Ocean, and even the icy Barents Sea in the Arctic Circle, where they braved the dreaded Murmansk Run. Through their experiences we have eyewitnesses to every danger zone, in every kind of ship. Some died horrific deaths. Others fought to survive torpedo explosions, flaming oil slicks, storms, shark attacks, mine blasts, and harrowing lifeboat odysseys—only to ship out again on the next boat as soon as they'd returned to safety. The Mathews Men shows us the war far beyond traditional battlefields—often the U.S. merchant

mariners' life-and-death struggles took place just off the U.S. coast—but also takes us to the landing beaches at D-Day and to the Pacific. “When final victory is ours,” General Dwight D. Eisenhower had predicted, “there is no organization that will share its credit more deservedly than the Merchant Marine.” Here, finally, is the heroic story of those merchant seamen, recast as the human story of the men from Mathews. Presented in full color, Engineering Production-Grade Shiny Apps helps people build production-grade shiny applications, by providing advice, tools, and a methodology to work on web applications with R. This book starts with an overview of the challenges which arise from any big web application project: organizing work, thinking about the user interface, the challenges of teamwork and the production environment. Then, it moves to a step-by-step methodology that goes from the idea to the end application. Each part of this process will cover in detail a series of tools and methods to use while building production-ready shiny applications. Finally, the book will end with a series of approaches and advice about optimizations for production.

Features Focused on practical matters: This book does not cover Shiny concepts, but practical tools and methodologies to use for production. Based on experience: This book is a formalization of several years of experience building Shiny applications. Original content: This book presents new methodologies and tooling, not just a review of what already exists. Engineering Production-Grade Shiny Apps covers medium to advanced content about Shiny, so it will help people that are already familiar with building

apps with Shiny, and who want to go one step further. The popular British television actress recalls her success in television comedy but also discusses her failed marriages and fight with cancer. This is a book about Courage and Patriotism. It tells the dramatic stories of a number of American politicians of various political and regional allegiances whose one overriding loyalty was to the United States and to the right as God gave them to see it. They range from born aristocrats to self-made men. Some are well-known, some almost forgotten. But all of them, in the face of dreadful consequences, exhibited a special kind of greatness. These stories about them remind us sharply that there is, in addition to a courage with which men die, a courage by which men must live. —Print Ed.
