We are leap-frogging from the familiar to the new at an accelerated pace. We are in a time of big shifts, big change and rapid innovation, all of which means that the future is difficult to predict and is like a rollercoaster to navigate. So how do you stay ahead of the career curve, remain nimble, agile and ensure you don't fall into career decline? In this action-orientated, how-to book you can design a career management success strategy that works. *You Can & You Must* is a thought-provoking self-help tool for career management in modern times.
