What if you had one chance to rescue a falsely convicted man from execution and redeem your own tortured past at the same time? Jessa Carter thinks she can do just that. But she has no idea how thin the line is between good and evil, and how high the stakes are in this life-and-death game. The eighth CSC book provides information about forensic footwear analysis, while it keeps readers clinging to every clue. When a Halloween Party turns deadly, it falls to Hercule Poirots to unmask a murderer in Agatha Christie's classic murder mystery, Hallowe'en Party. At a Halloween party, Joyce—a hostile thirteen-year-old—boasts that she once witnessed a murder. When no one believes her, she storms off home. But within hours her body is found, still in the house, drowned in an apple-bobbing tub. That night, Hercule Poirot is called in to find the 'evil presence'. But first he must establish whether he is looking for a murderer or a double-murderer... Dame Agatha Mary Clarissa Christie is the best-selling author of all time. She wrote 66 crime novels and story collections, fourteen plays, and six novels under a pseudonym in Romance. Her books have sold over a billion copies in the English language and a billion in translation. According to Index Translationum, she remains the most-translated individual author, having been translated into at least 103 languages. She is the creator of two of the most enduring figures in crime literature-Hercule Poirot and Miss Jane Marple-and author of *The Mousetrap*, the longest-running play in the history of modern theatre. Agatha Mary Clarissa Miller was born in Torquay, Devon, England, U.K., as the youngest of three. The Millers had two other children: Margaret Frary Miller (1879–1950), called Madge, who was eleven years Agatha's senior, and Louis Montant Miller (1880–1929), called Monty, ten years older than Agatha. Before marrying and starting a family in London, she had served in a Devon hospital during the First World War, tending to troops coming back from the trenches. During the First World War, she worked at a hospital as a nurse; later working at a hospital pharmacy, a job that influenced her work, as many of the murders in her books are carried out with poison. During the Second World War, she worked as a pharmacy assistant at University College Hospital, London, acquiring a good knowledge of poisons which feature in many of her novels. Her first novel, *The Mysterious Affair at Styles*, came out in 1920. During her first marriage, Agatha published six novels, a collection of short stories, and a number of short stories in magazines. In late 1926, Agatha's husband, Archie, revealed that he was in love with another woman, Nancy Neele, and wanted a divorce. On 8 December 1926 the couple quarreled, and Archie Christie left their house, Styles, in Sunningdale, Berkshire, to spend the weekend with his mistress at Godalming, Surrey. That same evening Agatha disappeared from her home, leaving behind a letter for her secretary saying that she was going to Yorkshire. Her disappearance caused an outcry from the public, many of whom were admirers of her novels. Despite a massive manhunt, she was not found for eleven days. In 1930, Christie married archaeologist Max Mallowan (Sir Max from 1968) after joining him in an archaeological dig. Their marriage was especially happy in the early years and remained so until Christie's death in 1976. Christie frequently used familiar settings for her stories. Christie's travels with Mallowan contributed background to several of her novels set in the Middle East. Other novels (such as *And Then There Were None*) were set in and around Torquay, where she was born. Christie's 1934 novel *Murder on the Orient Express* was written in the Hotel Pera Palace in Istanbul, Turkey, the southern terminus of the railway. The hotel maintains Christie's room as a memorial to the author. The Greenway Estate in Devon, acquired by the couple as a summer residence in 1938, is now in the care of the National Trust. Christie often stayed at Abney Hall in Cheshire, which was owned by her brother-in-law, James Watts. She based at least two of her stories on the hall: the short story *The Adventure of the Christmas Pudding*, and the novel *After the Funeral*. Abney Hall became Agatha's greatest inspiration for country-house life, with all the servants and grandeur which have been woven into her plots. To honour her many literary works, she was appointed Commander of the Order of the British Empire in the 1956 New Year Honours. The next year, she became the President of the Detection Club. Hercule Poirot doesn't need all his detective skills to realize something is troubling his secretary, Miss Lemon—she has made three mistakes in a simple letter. It seems an outbreak of kleptomania at the student hostel in which her sister works is distracting his usually efficient assistant. Deciding that desperate times call for desperate measures, the great detective agrees to investigate. Unknown to Poirot, however, desperation is a motive he shares with a killer. . . . What reason would an amiable dentist like Dr. Morely have for committing suicide? He didn't have emotional difficulties, money problems, or love trouble. What he did have was an appointment with Hercule Poirot, who is not persuaded by the suicide story and has therefore taken it upon himself to question the good doctor's patients, partners, and friends. All he's come up with is the numbing fear that Dr. Morely wasn't an unlikely victim at all. Nor the first A young lady, soon to be married, is being blackmailed and pleads for Poirot's help. The blackmailer threatens to send to her future husband an old love letter she wrote. Poirot is determined to find the letter, but will he have to turn to crime to do so? A brand new three-in-one Poirot omnibus, featuring the world-renowned detective's wartime adventures. Includes *One, Two Buckle My Shoe*, *Five Little Pigs*, *Taken at the Flood*. It seems Hitler's Luftwaffe aren't the only ones responsible for the deaths of innocent people as World War II rages — it seems plenty of murderers are willing to help them reduce Britain's war-torn population even further. And it's up to Hercule Poirot to stop them! **ONE, TWO, BUCKLE MY SHOE** The dentist was found with a blackened hole below his right temple. A pistol lay on the floor near his outflung right hand. Later, one of his patients was found dead from a lethal dose of anaesthetic. A clear case of murder and suicide — but why would a dentist commit a crime in the middle of a busy day of appointments? A show buckle holds the key to the mystery. Now — in the words of the rhyme — can Poirot pick up the sticks and lay them straight? **FIVE LITTLE PIGS** Beautiful Caroline Crale was convicted of poisoning her husband, yet there were five other subjects: Philip Blake (the stockbroker) who went to market; Meredith Blake (the amateur herbalist) who stayed at home; Elsa Greer (the three-time divorcee) who had roast beef; Cecilia Williams (the devoted governess) who had none; and Angela

Warren (the disfigured sister) who cried "wee wee wee" all the way home. It is sixteen years later, but Hercule Poirot just can't get that nursery rhyme out of his head! **TAKEN AT THE FLOOD** A few weeks after marrying an attractive young widow, Gordon Cloade is tragically killed by a bomb blast in the London Blitz. Overnight, the former Mrs Underhay finds herself in sole possession of the Cloade family fortune. Shortly afterward, Hercule Poirot receives a visit from the dead man's sister-in-law, who claims she has been warned by "spirits" that Mrs Underhay's first husband is still alive. Yet, what mystifies Poirot most is the woman's true motive for approaching him. In this set of short stories, Poirot sets himself a challenge before he retires – to solve 12 cases which correspond with the labours of his classical Greek namesake... Shortly after Hercule Poirot leaves his dental appointment with Dr. Morley, the dentist is found dead—shot through the temple, the weapon on the floor beside him. The police rule it suicide, but master sleuth Poirot is certain it's murder. Also published as *The Patriotic Murders*. Copyright © Libri GmbH. All rights reserved. As instructed, stenographer Sheila Webb let herself into the house at 19 Wilbraham Crescent. It was then that she made a grisly discovery: the body of a man sprawled across the living room floor. Pagi itu adalah pagi yang tidak mungkin dilupakan oleh Hercule Poirot. Pagi ketika ia tidak mampu merasa lebih unggul daripada orang lain dalam hal apa pun. Pendeknya, pagi itu ia berkunjung ke Mr. Morley, dokter giginya. Sore harinya pun tak terlupakan. Mr. Morley ditemukan mati tertembak. Penyidikan kasus itu melalui pasien pasien lain melibatkan Poirot dengan seorang bankir kaya, seorang Yunani misterius yang tidak menyenangkan, seorang pemuda Amerika yang garang dan bertampang pembunuh, serta mantan aktris dengan sepatu bergesper yang menjadi pusat perhatiannya. A classic Agatha Christie short story, available individually for the first time as an ebook. Even the great detective Hercule Poirot harbored a deep and abiding fear of the dentist, so it was with some trepidation that he arrived at the celebrated Dr. Morley's surgery for a dental examination. But what neither of them knew was that only hours later Poirot would be back to examine the dentist, found dead in his own surgery. Turning to the other patients for answers, Poirot finds other, darker, questions.... Hastings, a houseguest, enlists the help of his friend Hercule Poirot, who is staying in the nearby village, Styles St Mary. Poirot pieces together events surrounding the murder. On the day she was killed, Mrs Inglethorp was overheard arguing with someone, most likely either her husband, Alfred, or her stepson, John. Afterwards, she seemed quite distressed and, apparently, made a new will - which no one can find. She ate little at dinner and retired early to her room with her document case. The case was later forced open by someone and a document removed. Alfred Inglethorp left Styles earlier in the evening and stayed overnight in the nearby village, so was not present when the poisoning occurred. This book focuses on how readers can be 'manipulated' during their experience of reading fictional texts and how they are incited to perceive, process and interpret certain textual patterns. Offering fine-grained stylistic analysis of diverse genres, including crime fiction, short stories, poetry and novels, the book deciphers various linguistic, pragmatic and multimodal techniques. These are skilfully used by authors to achieve specific effects through a subtle manipulation of deixis, metalepsis, dialogue, metaphors, endings, inferences or rhetorical, narratorial and typographical control. Exploring contemporary texts such as *The French Lieutenant's Woman*, *The Remains of the Day* and *We Need to Talk About Kevin*, chapters delve into how readers are pragmatically positioned or cognitively (mis)directed as the author guides their attention and influences their judgment. They also show how readers' responses can, conversely, bring about a certain form of manipulation as readers challenge the positions the texts invite them to occupy. It provides data never before published about both important and trivial facts. Dedications, time periods, and locations have been laboriously researched, and provided with "time warp" explanations. Even trivial data such as newspapers (100 in all), pubs (95) and automobiles (136) are shown as well as each story in which they are listed. English sayings totalling 259 are shown with the book(s) in which they appear, including a brief explanation of their meaning. Yet *Guide* is much more than a list of facts. It is an informative reference book about Christie's writings. As well, different perspectives on many of the perplexing mysteries within her mysteries are provided. Finally, *Guide* is not an alphabetical list of stories or characters. Instead, it lists many entrancing "errors" of sketches and text with comments explaining where possible the reasons for their existence. Most importantly, "Guide" does not betray any book's endings nor the identity of the villain, a rule that genuine Christie devotees always try to uphold. In the latter days of the First World War, Poirot and Hastings meet Captain Vincent Lemesurier and his uncle Hugo, a chemist. Cousin Roger rushes in with the news that Vincent's father has had a serious fall from a horse and is not expected to last the night. Vincent, the eldest and only of three sons to survive the war, has a strong reaction to the news -- partly due to the Lemesurier curse. No first born son has lived to inherit the family estate since the Middle Ages... Hercule Poirot is a fictional Belgian detective created by British writer Agatha Christie.
