[The Cancer Journals](#) Sep 13 2021 Moving between journal entry, memoir, and exposition, Audre Lorde fuses the personal and political as she reflects on her experience coping with breast cancer and a radical mastectomy. A Penguin Classic First published over forty years ago, *The Cancer Journals* is a startling, powerful account of Audre Lorde's experience with breast cancer and mastectomy. Long before narratives explored the silences around illness and women's pain, Lorde questioned the rules of conformity for women's body images and supported the need to confront physical loss not hidden by prosthesis. Living as a "black, lesbian, mother, warrior, poet," Lorde heals and re-envision herself on her own terms and offers her voice, grief, resistance, and courage to those dealing with their own diagnosis. Poetic and profoundly feminist, Lorde's testament gives visibility and strength to women with cancer to define themselves, and to transform their silence into language and action.

Lost in the End Jan 18 2022 Harriet, Jack, and Toby are treasure hunters, searching the Minecraft world for its most valuable hidden secrets. In an abandoned mineshaft, they discovered the first of three lost journals that once belonged to William, a legendary explorer who has gone missing. The journals have taken them on a daring adventure to a secret temple deep within a desert biome, then into the perilous depths of the Nether. Now the treasure hunters are facing their greatest challenge yet. This time, they're certain they're close to finding William. They find themselves traveling deep into the ocean and atop the highest mountains, but they just can't find him anywhere. Is it possible the journals are a hoax? Is the explorer missing for good? In one last desperate attempt, the group ventures to the End. But will they survive this last-ditch effort, or have they finally gone too far? This is the third book in the new Lost Minecraft Journals series. The chapters of each book alternate between the journal entries (William's story) and the story of the treasure hunters. Fans of Minecraft won't want to miss this wild new adventure. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The Bullet Journal Method Aug 25 2022 THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal Elrod, author of The Miracle Morning In his long-awaited first book, Ryder Carroll, the creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: * TRACK YOUR PAST: using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. * ORDER YOUR PRESENT: find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. * PLAN YOUR FUTURE: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But this is much more than a time management book. It's also a manifesto for what Ryder calls "intentional living": making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. *** This book has been printed with three different colour designs, black, Nordic blue and emerald. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random. ***

Thanks joyful journal!" -Alice "I started listing 5 things a day that I am grateful for. At first, it was not that easy. The Night Journal Jan 30 2023 A mesmerizing novel of four generations of Southwestern women bound to a mythical legacy With its family secrets and hallowed texts containing explosive truths, *The Night Journal* suggests A. S. Byatt's *Possession* transplanted to the raw and beautiful landscape of the American Southwest. Meg Mabry has spent her life oppressed by her family's legacy—a heritage beginning with the journals written by her great-grandmother in the 1890s and solidified by her grandmother Bassie, a famous historian who published them to great acclaim. Until now, Meg has stubbornly refused to read the journals. But when she concedes to accompany the elderly and vipertongued Bassie on a return trip to the fabled land of her childhood in New Mexico, Meg finally succumbs to the allure of her great-grandmother's story—and soon everything she believed about her family is turned upside down.

Art Journals and Creative Healing Feb 28 2023 A beautiful, artistic offering that offers projects on challenging, but universal subjects. In follow up to *Faith Books & Spiritual Journaling*, author Sharon Soneff will continue to show that there is a richer, deeper reward to artistic, creative journals beyond the beauty they supply. In this new volume, *Art Journals & Creative Healing*, she demonstrates with real excerpts from beautiful and unusual artistic journals that the process of journaling can be a tool in navigating through some of life's more challenging seasons, as well as a tool to support personal growth and achievement. Challenging and complex experiences are treated with dignity and sensitivity, and will inspire readers dealing with their own issues, by placing the greater emphasis on the positive outcome that was yielded for the artist who is willing to be vulnerable in the process. Hope, growth, and healing are at the center of each work, and help deliver the message of the book. Additionally, the ideas, artistic approaches, and resources provided by the author and numerous contributing artists will help the reader with creative ideas for working through various situations through their reflective and artistic journal keeping. Through a marriage of beautiful imagery, uplifting and literary quotations, and other rich sources, *Art Journals & Creative Healing* offers its audience a full-bodied experience pertaining to creative journals, along with journaling worksheets and journal prompts to help readers get started with their own journals. Specific topics to be addressed would include using mediums as metaphors, journaling for cathartic expression, gaining wisdom through introspection and reflection, finding strength in the midst of suffering, and finding beauty in pain. *Art Journals & Creative Healing* is a supportive and encouraging text offered as a creative companion of sorts for those traversing over the obstacles and overcoming the challenges of life.

The Intimate Merton Mar 08 2021 In this diary-like memoir, composed of his most poignant and insightful journal entries, *The Intimate Merton* lays bare the steep ways of Thomas Merton's spiritual path. Culled from the seven volumes of his personal journals, this twenty nine year chronicle deepens and extends the story Thomas Merton recounted and made famous in *The Seven Storey Mountain*. This book is the spiritual autobiography of our century's most celebrated monk -- the wisdom gained from the personal experience of an enduring spiritual teacher. Here is Merton's account of his life's major challenges, his confrontations with monastic and church hierarchies, his interaction with religious traditions east and west, and his antiwar and civil-rights activities. In *The Intimate Merton* we engage a writer's art of "confession and witness" as he searches for a contemporary, authentic, and global spirituality. Recounting Merton's earliest days in the monastery to his journey east to meet the Dalai Lama, *The Intimate Merton* captures the essence of what makes Thomas Merton's life journey so perennially relevant.
