The Destructive War Jan 22 2020 As he reconstructs crucial battles and delves into the testimonies of both Sherman and Jackson, Royster presents a penetrating re-examination of the American Civil War--the aims of both sides, the justifications, and the violence totally out of control. 22 photographs; 6 maps.

Useless Papers in the Departments. Letter from the Secretary of War, Relating to Useless Papers in the Departments, with Accompanying Documents Feb 21 2020

The Wartime Papers Of Robert E. Lee Aug 21 2022 This monumental contribution to the literature of the Civil War brings together Lee's official correspondence—letters, orders, dispatches, battle reports—with his touching letters to his family, thus providing a previously unavailable view of Lee's life during the war. From the more than 6,000 items, the editors have chosen to reprint many letters in full for the first time, so that Lee is seen complete, self-revealed, in all his

dignity and purpose. Short narratives connect each section—on the mobilization of Virginia, Chancellorsville and Gettysburg, and the siege of Petersburg and Appomattox. Sponsored by the Virginia Civil War Commission to commemorate the Civil War Centennial, this expert work of scholarship dramatizes Lee's life as only his own correspondence could. As Lee himself said: " Letters are good representatives of our minds. They certainly present a good criterion for judging of the character of the individual. "

War: How Conflict Shaped Us Sep 29 2020 Is peace an aberration? The New York Times bestselling author of *Paris 1919* offers a provocative view of war as an essential component of humanity. NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW " Margaret MacMillan has produced another seminal work. . . . She is right that we must, more than ever, think about war. And she has shown us how in this brilliant, elegantly written book. " —H.R. McMaster, author of *Dereliction of Duty* and *Battlegrounds: The Fight to Defend the Free World* The instinct to fight may be innate in human nature, but war—organized violence—comes with organized society. War has shaped humanity ' s history, its social and political institutions, its values and ideas. Our very language, our public spaces, our private memories, and some of our greatest cultural treasures reflect the glory and the misery of war. War is an uncomfortable and challenging subject not least because it brings out both the vilest and the noblest aspects of humanity. Margaret MacMillan looks at the ways in which war has influenced human society and how, in turn, changes in political organization, technology, or ideologies

have affected how and why we fight. *War: How Conflict Shaped Us* explores such much-debated and controversial questions as: When did war first start? Does human nature doom us to fight one another? Why has war been described as the most organized of all human activities? Why are warriors almost always men? Is war ever within our control? Drawing on lessons from wars throughout the past, from classical history to the present day, MacMillan reveals the many faces of war—the way it has determined our past, our future, our views of the world, and our very conception of ourselves.

Socialism and War Jul 20 2022 This volume draws on Hayek's shorter articles for weeklies, and his reviews, as well as academic papers and articles. It also includes a substantial introduction, providing full background and outlining the significance of this period for Hayek's intellectual development. The material is divided into three sections:

- *Hayek's contributions to the famous market socialism debate
- *Hayek's responses to the onset of war, including his response to Keynes' *How to Pay for the War*
- *his papers on the relationship between economic planning and freedom

War and Democracy Mar 24 2020 Originally published in 1938, this book consists of a group of papers considering widely different subjects, but all bearing upon one social problem – the causation and prevention of war. The authors all occupy the same general political position, they are democratic socialists and active members of the Labour Party. The book falls into three rough divisions, although all the papers are self-contained. The first part of the book is psychological and attempts to summarise and analyse the non-historical evidence (ecological, psychological, and

anthropological) about the causes of fighting. The second part is historical. It surveys the different causes of international war in the nineteenth century and then discusses the relation between nationalism and capitalism during the same period. The third part is political and first considers the relation of the use of force to the preservation of peace. Then analyses the choices of foreign policy for a pacific power confronted by the threat of aggressive military dictatorship. It concludes with a review and assessment of the various available policies for the prevention of war in general and under the specific contemporary conditions of the time.

The Afghanistan Papers Dec 25 2022 "The groundbreaking investigative story of how three successive presidents and their military commanders deceived the public year after year about the longest war in American history"--

Policy and Opinion in the Gulf War Dec 21 2019 The Persian Gulf crisis may well have been the most extensively polled episode in U.S. history as President Bush, his opponents, and even Saddam Hussein appealed to, and tried to influence, public opinion. As well documented as this phenomenon was, it remains largely unexplained. John Mueller provides an account of the complex relationship between American policy and public opinion during the Gulf crisis. Mueller analyzes key issues: the actual shallowness of public support for war; the effect of public opinion on the media (rather than the other way around); the use and misuse of polls by policy makers; the American popular focus on Hussein's ouster as a central purpose of the War; and the War's short-lived impact on voting. Of particular interest is Mueller's conclusion that Bush succeeded in leading the country to war by increasingly

convincing the public that it was inevitable, rather than right or wise. Throughout, Mueller, author of *War, Presidents, and Public Opinion*, an analysis of public opinion during the Korean and Vietnam wars, places this analysis of the Gulf crisis in a broad political and military context, making comparisons to wars in Panama, Vietnam, Korea, and the Falklands, as well as to World War II and even the War of 1812. The book also collects nearly 300 tables charting public opinion through the Gulf crisis, making *Policy and Opinion in the Gulf War* an essential reference for anyone interested in recent American politics, foreign policy, public opinion, and survey research.

[Papers Relating to the Navy During the Spanish War, 1585-1587](#) Mar 16 2022

[The Second World War](#) Jan 14 2022

[Columbia War Papers](#) Nov 24 2022

Admiral David Dixon Porter Apr 24 2020 "Nearly forgotten because his career and accomplishments have often been misinterpreted, David Dixon Porter takes his rightful place among the foremost naval heroes of the Civil War in this richly detailed, entertaining history. Porter rose faster through the ranks, commanded more men and ships, won more victories, and was awarded more congressional votes of thanks than any other officer in the U.S. Navy. His own postwar writings, however, were so flawed by an unquenchable ego, a thin skin, and a burning desire to vindicate his father, David Porter, a controversial naval hero in the War of 1812, that historians have neglected him."

"Drawing on the correspondence and journals of Porter's allies and enemies, both military and political, as well as official

documents and the admiral's own volume of papers, the noted naval writer Chester Hearn sets the record straight. This account brings to life the firebrand hero of New Orleans, Arkansas Post, Vicksburg, and Fort Fisher, whose unique tactics and techniques rank among the most imaginative and successful in naval history. On board Porter's flagship readers can witness daring, brilliant attacks against the punishing batteries at Vicksburg and Fort Fisher and the costly failures at Steele's Bayou and Red River. They can sit in on the critical strategy meetings with Sherman and Grant, and the thrilling chase up and down the coast of South America after Semmes on the CSS Sumter." "A talented fighter and colorful personality with a marvelous sense of humor, Porter earned respect and friendship from the likes of Lincoln, Grant, and Sherman, but drew the ire of political generals like Butler, Banks, and McClernand."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. The Pentagon Papers Jul 28 2020 “ The WikiLeaks of its day ” (Time) is as relevant today in the time of Trump as it was a in the time of Richard Nixon. “ The most significant leaks of classified material in American history. ”

–Washington Post Not Fake News! The basis for the 2018 film The Post by Academy Award-winning director Steven Spielberg, The Pentagon Papers are a series of articles, documents, and studies examining the Johnson Administration ’ s lies to the public about the extent of US involvement in the Vietnam War, bringing to light shocking conclusions about America ’ s true role in the conflict. Published by The New York Times in 1971, The Pentagon Papers riveted an already deeply divided nation with startling

and disturbing revelations about the United States' involvement in Vietnam. Their release demonstrated that our government had systematically lied to both the public and to Congress. They remain relevant today as a reminder of the importance of a free press and all First Amendment rights. This incomparable, 848-page volume includes: The Truman and Eisenhower Years: 1945-1960 by Fox Butterfield Origins of the Insurgency in South Vietnam by Fox Butterfield The Kennedy Years: 1961-1963 by Hedrick Smith The Overthrow of Ngo Dinh Diem: May-November, 1963 by Hedrick Smith The Covert War and Tonkin Gulf: February-August, 1964 by Neil Sheehan The Consensus to Bomb North Vietnam: August, 1964-February, 1965 by Neil Sheehan The Launching of the Ground War: March-July, 1965 by Neil Sheehan The Buildup: July, 1965-September, 1966 by Fox Butterfield Secretary McNamara ' s Disenchantment: October, 1966-May, 1967 by Hedrick Smith The Tet Offensive and the Turnaround by E. W. Kenworthy Analysis and Comment Court Records Biographies of Key Figures With a new foreword by James L. Greenfield, this edition of the Pulitzer Prize-winning story is sure to provoke discussion about free press and government deception, and shed some light on issues in the past and the present so that we can better understand and improve the future.

The Public Papers of Woodrow Wilson: War and peace : presidential messages, addresses, and public papers (1917-1924) May 26 2020

Civil War Hospital Newspapers Aug 29 2020 Nine of the 192 Union military hospitals during the Civil War circulated newspapers edited and printed by convalescents. The horrors of wound infection and amputation were reported in the words of surgeons, nurses and patients. Sermons cautioned against drink, tobacco and profanity while stressing patriotic sacrifice. Those who experienced the war wrote about it in simple narratives, and these are extensively quoted. Convalescent life was painful and terrifying. Bedridden for months with fever and festering wounds, disabled veterans wondered who would respond to their needs. Who would hire them? Who would marry them? This book covers the founding

and development of nine hospital newspapers, each fully explored for such topics as patriotism, politics, religion, satire, romance and marriage, battlefield experience and treatment of prisoners of war.

Essays on the Civil War and Reconstruction Apr 17 2022

Excerpt from Essays on the Civil War and Reconstruction: And Related Topics OF the essays included in this volume all but one - that on The Process of Reconstruction - have been published before during the last eleven years: four in the Political Science Quarterly, one in the Yale Review, and one in the Papers of the American Historical Association. For the purpose of their present appearance all have been subjected to revision, which has resulted in some cases in considerable modifications. The first five essays are devoted immediately to various phases of the Civil War and Reconstruction. The last two, while not concerned exclusively with those topics, have nevertheless such a relation to the legal and political questions treated as to justify their inclusion in the volume. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. The Origins of the First World War Jan 02 2021 Annika Mombauer's essential source reader translates, cross-references and annotates a vast range of international diplomatic and military documents on the origins of the First World War. It collects together newly discovered or not previously available in English, drawn from a broad range of sources and countries into a single, indispensable text for students and scholars alike. The volume includes a detailed scholarly introduction which analyses the most controversial issues in the debate on the origins of the War and provides a

comprehensive overview of the history of document collections on the war's origins. The documents cover the period 1911–14, with particular emphasis on the July Crisis and immediate outbreak of war. Thoroughly cross-referenced and annotated, these fascinating sources are presented with authoritative commentary, enabling readers to make connections between the documents to illuminate how the decisions for war were taken, and why. This will be an invaluable resource for anyone studying or teaching the origins of the First World War.

Haskell of Gettysburg Dec 13 2021 All students of the Civil War are indebted to Frank Haskell for his classic description of the battle of Gettysburg. A lieutenant on the staff of John Gibbon, Haskell stood at the focus of the Confederate assault on July 3, 1863. He wrote of the battle in a letter to his brother. When it came to light after the war it became and remains probably the most read and repeated account of Civil War combat written by a participant. It captures wholly the terrible fascination that the Civil War--and Gettysburg--holds for all Americans. Haskell wrote other letters (thirty-one in this collection) and attained the rank of colonel before he was killed at Cold Harbor on June 3, 1864. This 1989 paperback reprinting of the 1970 edition contains a new preface by Frank L. Byrne.

Haiti's Paper War Jun 19 2022 Turns to the written record to re-examine the building blocks of a nation Picking up where most historians conclude, Chelsea Stieber explores the critical internal challenge to Haiti ' s post-independence sovereignty: a civil war between monarchy and republic. What transpired was a war of swords and of pens, waged in newspapers and

periodicals, in literature, broadsheets, and fliers. In her analysis of Haitian writing that followed independence, Stieber composes a new literary history of Haiti, that challenges our interpretations of both freedom struggles and the postcolonial. By examining internal dissent during the revolution, Stieber reveals that the very concept of freedom was itself hotly contested in the public sphere, and it was this inherent tension that became the central battleground for the *guerre de plume*—the paper war—that vied to shape public sentiment and the very idea of Haiti. Stieber's reading of post-independence Haitian writing reveals key insights into the nature of literature, its relation to freedom and politics, and how fraught and politically loaded the concepts of "literature" and "civilization" really are. The competing ideas of *liberté*, writing, and civilization at work within postcolonial Haiti have consequences for the way we think about Haiti's role—as an idea and a discursive interlocutor—in the elaboration of black radicalism and black Atlantic, anticolonial, and decolonial thought. In so doing, Stieber reorders our previously homogeneous view of Haiti, teasing out warring conceptions of the new nation that continued to play out deep into the twentieth century.

A Scrap of Paper Jun 26 2020 In *A Scrap of Paper*, Isabel V. Hull compares wartime decision making in Germany, Great Britain, and France, weighing the impact of legal considerations in each. She demonstrates how differences in state structures and legal traditions shaped the way the three belligerents fought the war. Hull focuses on seven cases: Belgian neutrality, the land war in the west, the occupation of enemy territory, the blockade, unrestricted submarine

warfare, the introduction of new weaponry, and reprisals. *A Scrap of Paper* reconstructs the debates over military decision-making and clarifies the role law played—where it constrained action, where it was manipulated, where it was ignored, and how it developed in combat—in each case. *A Scrap of Paper* is a passionate defense of the role that the law must play to govern interstate relations in both peace and war.

[The Afghanistan Papers](#) Jan 26 2023 A Washington Post Best Book of 2021 The #1 New York Times bestselling investigative story of how three successive presidents and their military commanders deceived the public year after year about America ' s longest war, foreshadowing the Taliban ' s recapture of Afghanistan, by Washington Post reporter and three-time Pulitzer Prize finalist Craig Whitlock. Unlike the wars in Vietnam and Iraq, the US invasion of Afghanistan in 2001 had near-unanimous public support. At first, the goals were straightforward and clear: defeat al-Qaeda and prevent a repeat of 9/11. Yet soon after the United States and its allies removed the Taliban from power, the mission veered off course and US officials lost sight of their original objectives. Distracted by the war in Iraq, the US military become mired in an unwinnable guerrilla conflict in a country it did not understand. But no president wanted to admit failure, especially in a war that began as a just cause. Instead, the

Bush, Obama, and Trump administrations sent more and more troops to Afghanistan and repeatedly said they were making progress, even though they knew there was no realistic prospect for an outright victory. Just as the Pentagon Papers changed the public ' s understanding of Vietnam, The Afghanistan Papers contains “ fast-paced and vivid ” (The New York Times Book Review) revelation after revelation from people who played a direct role in the war from leaders in the White House and the Pentagon to soldiers and aid workers on the front lines. In unvarnished language, they admit that the US government ' s strategies were a mess, that the nation-building project was a colossal failure, and that drugs and corruption gained a stranglehold over their allies in the Afghan government. All told, the account is based on interviews with more than 1,000 people who knew that the US government was presenting a distorted, and sometimes entirely fabricated, version of the facts on the ground. Documents unearthed by The Washington Post reveal that President Bush didn ' t know the name of his Afghanistan war commander—and didn ' t want to meet with him. Secretary of Defense Donald Rumsfeld admitted that he had “ no visibility into who the bad guys are. ” His successor, Robert Gates, said: “ We didn ' t know jack shit about al-Qaeda. ” The Afghanistan Papers is a “ searing indictment of the deceit, blunders, and hubris of senior military and civilian officials ” (Tom Bowman, NRP Pentagon Correspondent) that will supercharge a long-overdue reckoning over what went wrong and forever change the way the conflict is remembered.

The Civil War Papers of George B. McClellan May 06 2021
Articles of War Aug 09 2021 George Tilson is an eighteen-

year-old farm boy from Iowa. Enlisted in the Army during World War II and arriving in Normandy just after D-day, he is nicknamed Heck for his reluctance to swear. From summers of farm labor Heck is already strong. He knows how to accept orders and how to work uncomplainingly. But in combat Heck witnesses a kind of brutality unlike anything he could have imagined. Fear consumes his every thought and Heck soon realizes a terrible thing about himself: He is a coward. Possessed of this dark knowledge, Heck is then faced with an impossible task.

The Threat of German World-politics Oct 31 2020

The Papers of Jefferson Davis Apr 05 2021 Lynda L. Crist, Associate Editor Mary S. Dix, Assistant Editor At the end of Volume 2 Jefferson Davis had left Congress to become a colonel in the First Mississippi Regiment. The first item in this volume is a speech as he prepares to leave on a riverboat to serve in the Mexican War. The years 1846 through 1848 see Davis play a conspicuous role in the war and in the subsequent political clashes and controversies over slavery. Volume 3 details Davis' first experience in battle as an officer of a regiment as well as his initial term as a U.S. senator. He received both praise and criticism for his leadership in Mexico. In 1847 he returned to Mississippi a wounded hero of national fame, refused a brigadier generalship, and took his place in the U.S. Senate. There are several items of correspondence with Zachary Taylor that shed light on Taylor's attitude toward the proposed nomination that would lead to his election as president in 1848. Davis' first wife was Taylor's daughter; and in spite of political and family differences the two men maintained a close friendship. In a

major speech in July, 1848, Davis protested the formal prohibition of slavery from the Oregon Territory; he then voted for the Senate's compromise bill on Oregon. Volume 3 of *The Papers of Jefferson Davis* includes letters to and from Davis, his speeches in chronological order, and other documents, further illuminating Davis' character, opinions, philosophy, and personal relationships as well as continuing the development of his military career.

What the War Teaches about Education Oct 11 2021 Excerpt from *What the War Teaches About Education: And Other Papers and Addresses* That, in its several phases, is the theme of the papers and addresses in this book. They were not prepared to be brought together in this way. The reader will find repetitions for which we must ask his indulgence. They are due to the fact that the volume is a collection of papers and addresses rather than a consecutive treatment of a unitary theme. Our thanks are due to the *Educational Review* for permission to reproduce the paper on *Contemporary Ideals in Education*; to the *Yale Review* for permission to reproduce the paper *Why We Get On So Slowly*; to *School and Society* for permission to reproduce the matter in Chapters II, III, VI, VII, VIII, and IX; to *Education* for permission to reprint the paper on *General Discipline*; and to a score of friends for most helpful collaboration. About the Publisher *Forgotten Books* publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. *Forgotten Books* uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an

imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
