Large ships transporting hazardous cargoes, notorious marine accidents, and damage to marine ecosystems from tanker spills have heightened public concern for the safe navigation of ships. This new volume offers a complete, highly readable assessment of marine navigation and piloting. It addresses the application of new technology to reduce the probability of accidents, controversies over the effectiveness of waterways management and marine pilotage, and navigational decisionmaking. The book also explores the way pilots of ships and tugs are trained, licensed, and held accountable. Minding the Helm approaches navigational safety from the perspectives of risk assessment and the integration of human, technological, and organizational systems. Air and marine traffic regulation methods are compared, including the use of vessel traffic services. With a store of current information and examples, this document will be indispensable to federal and state pilotage and licensing authorities and marine traffic regulators, the Coast Guard, pilot associations, and the shipping and towing industries. It will also interest individuals involved in waterway design, marine education, and the marine environment. A two-time National Book Award finalist delivers a stirring tale of the passions - tender, obsessive, even murderous - that are unleashed by a wartime love triangle. Seventeen-year-old Wyatt Hillyer is suddenly orphaned when his parents, within hours of each other, jump off two different bridges - the result of their separate involvements with the same compelling neighbor, a Halifax switchboard operator and aspiring actress. The suicides cause Wyatt to move to small-town Middle Economy to live with his uncle, aunt, and ravishing cousin Tilda. Setting in motion the novel's chain of life-altering passions and the wartime perfidy at its core is the arrival of the German student Hans Mohring, carrying only a satchel. Actual historical incidents - including a German U-boat's sinking of the Nova Scotia-Newfoundland ferry Caribou - lend intense narrative power to Norman's uncannily layered story. Wyatt's account of the astonishing events leading up to his fathering of a beloved daughter spills out twenty-one years later. What Is Left the Daughter is Howard Norman at his celebrated best.

The novel follows the character Pelle Karlsson, who immigrates to Denmark from Sweden in 1877 at age eight. At 18, he moves from Bornholm to Copenhagen, and becomes a leader in the labour movement in Denmark, motivated by poor working conditions. Follow the Brotherband in a battle against an Iberian pirate raiding ship in the latest exciting tale in the Brotherband Chronicles from John Flanagan, author of the internationally bestselling Ranger's Apprentice series! The Herons are home in Skandia—preparing to celebrate two of their own and working on sea trials in the newly constructed Heron. But during a short excursion, they encounter an Iberian pirate ship raiding the coast of Sonderland, so Hal and his crew take action. Though the Herons quickly triumph, the Iberians voice their fury at the Herons, vowing to take revenge. And soon they do—raiding the harbor and stealing or destroying as many ships as they can. Though there is little proof the Iberians are behind it, the Herons take their ship, the only one that has survived the raid—and race after their enemy in hot pursuit. They will take down these pirates and get justice—no matter what. Climb aboard with the Herons in *The Stern Chase*, the exciting ninth installment of the Brotherband Chronicles! When the Dragon Ships began to tear through the trade lanes and ravage coastal towns, the hopes of the archipelago turned to the Windspeakers on Tash. The solemn weather-shapers with their eyes of stone can steal the breeze from raiders' sails and save the islands from their wrath. But the Windspeakers' magic has been stolen, and only their young apprentice Shina can bring their power back and save her people. Tazir has seen more than her share of storms and pirates in her many years as captain, and she's not much interested in getting involved in the affairs of Windspeakers and Dragon Ships. Shina's caught her eye, but that might not be enough to convince the grizzled sailor to risk her ship, her crew, and her neck. PRAISE FOR THE DROWNING EYES "The Drowning Eyes is a magic- and wind-filled adventure, peopled with excellent and strong characters. The story made me want to sail the coastline on a boat of my own and see if I could call up a storm. In Emily Foster's debut novella, apprentice Windspeaker Shina must return her people's power to them before the Dragon Ships destroy everything . . . unless Shina destroys it by accident first. So vividly rendered, you'll be tempted to wash the salt-spray from your clothing after reading *The Drowning Eyes*." - Fran Wilde, author of *Updraft* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Vols. 5-6, 9- include the Proceedings of the annual meeting. Including more than two hundred vintage photographs and illustrations, Portsmouth Harbor's Military and Naval Heritage chronicles the history of the Piscataqua River's naval shipyard and harbor defenses. Long before it became home to one of the U.S. Navy's first federal shipyards, the harbor at Portsmouth, New Hampshire, and Kittery, Maine, was protected by gun batteries, mainly at Fort Point, New Castle, New Hampshire. By the end of World War II, modern concrete batteries mounting guns of ever longer range had been constructed at this and three other forts straddling the river's mouth. These fortifications reflected the increasingly important role of the shipyard,

dedicated after 1917 to building submarines that contributed significantly to the World War II victory. Reports for 1980-19 also include the Annual report of the National Council on the Arts. A young Englishman embarks on history's most daring naval assault Thomas Spyre wields his rapier like an expert, but his blade has never drawn blood. A surgeon's apprentice in Elizabethan London, young Thomas spends his days learning the most modern medical techniques—from amputation to bloodletting—and by night he tries to keep his master from gambling away their earnings at bear fights. When a bad bet leaves their purse emptier than ever before, Thomas fears they are destined for the poorhouse. But a strange stroke of luck is about to whisk them away from England toward one of the greatest adventures of all time. Thomas and his master are called upon by Sir Francis Drake, the legendary swashbuckler, to accompany him on a daring raid of the Spanish port of Cadiz. As a surgeon aboard the ship, Thomas will have to learn the nature of manhood, medicine, battle, and espionage—all while the cannons fire. The fifth book in the internationally bestselling Septimus Heap series by Angie Sage, featuring the funny and fantastic adventures of a wizard apprentice and his quest to become an ExtraOrdinary Wizard. New York Times Bestselling Series "In Sage's most thrilling book yet, a new host of characters appear, giving the complex plot even more sparkle." —VOYA (starred review) "Once again, Sage's tale combines humor, adventure, and inventive storytelling and is sure to please her many fans."—ALA Booklist "Syren is Sage at her best; it's full of fun, adventure, humor, irony, friendship, loyalty and nonstop action" —School Library Journal In this epic Magyk installment, Septimus ends up on a captivatingly beautiful island, one of seven set in a sparkling sea. He's stranded there with his badly injured dragon, Spit Fyre, along with Jenna and Beetle. There are some strange things about the island, including a Magykal girl named Syrah, a cat-shaped lighthouse that has lost its Light, and an eerie presence that sings to Septimus—can he escape the persistent call? Trouble is also brewing for Lucy and Wolf Boy, who have become entangled with some nefarious sailors at sea, and for Milo Banda, Jenna's father, who is harboring a mysterious treasure chest in his ship's hold. Charismatic storyteller Angie Sage continues Septimus Heap's Magykal journey with more laugh-out-loud adventures, more enchanting charms and spells, and an ever-deepening understanding of the interior life of a young hero. A follow-up to Cyador's Heirs finds Cigoerne's Mirror Lances commander Lerial leading three troops on a mission to protect Afrit and Cigerne from a Helya invasion, an effort that is complicated by Lerial's troubled past. Degree-earning apprenticeships are becoming recognized as legitimate programs of study at community colleges. This book analytically describes the role of apprenticeship as an instructional methodology in post-secondary technical education. Cantor looks at programs that work in the linkage between business and industry. Fans of Angie Sage's internationally bestselling Septimus Heap series will be delighted with this digital original addition: *The Darke Toad*, a 96-page novella packed with action, humor, and magic! New York Times Bestselling Series "A fresh take on the world of magic."—Child magazine *DomDaniel* returns in a hilarious escapade with the witches of the Port Witch Coven. In this tale that takes place between the stories told in *Magyk* and *Flyte*, the witches want *DomDaniel*'s powerful *Darke Toad*—and will go to ridiculous lengths to get their hands on it. But first, Simon Heap must get his master to the Port Witch Coven's door, which may require a bit more *Darke Magyk*—and a much stronger stomach—than he bargained for. Is Simon up to the task? Meanwhile, ExtraOrdinary Wizard Marcia Overstrand has taken her young Apprentice, Septimus Heap, on a field trip to the Port. But what Marcia had hoped would be a fun yet educational outing quickly turns chaotic, for it slipped Marcia's mind that tonight is *Hallowseeth*—the perfect night for *Darke* mischief to go unnoticed among the revelers. With Angie Sage's characteristic humor, beloved characters, and Magykal setting, *Septimus Heap: The Darke Toad* is a must-read for every Septimus fan. A good thief barter in goods. A great one deals in shadows. *A Shadow all of Light* is a stylish, elegant, episodic fantasy novel by award-winning author and former poet laureate Fred Chappell. Falco, a young man from the country, arrives in the port city of Tardocco with the ambition of becoming an apprentice shadow thief. Falco's tests and adventures teach him to break through ingenious security traps and drop him among con men, monsters, pirates, and the King of Cats.
