The book itself is a thing of beauty, an oversize feast of more than 1,000 all-new photographs and 544 pages, every spread and page designed to showcase these mesmerizing photographs and hold just enough of Schultz's lively text that we know why it is we're looking at them. "A wickedly witty and iridescent novel" (Time) from one of England's greatest satirists takes aim at the generation of Bright Young Things that dominated London high society in the 1920s. In the years following the First World War a new generation emerged, wistful and vulnerable beneath the glitter. The Bright Young Things of 1920s London, with their paradoxical mix of innocence and sophistication, exercised their inventive minds and vile bodies in every kind of capricious escapade. In these pages a vivid assortment of characters, among them the struggling writer Adam Fenwick-Symes and the glamorous, aristocratic Nina Blount, hunt fast and furiously for ever greater sensations and the hedonistic fulfillment of their desires. Evelyn Waugh's acidly funny satire reveals the darkness and vulnerability beneath the sparkling surface of the high life.
