Yeah, reviewing a ebook **Fraternity Gang Rape Sex Brotherhood And Privilege On Campus Feminist Crosscurrents Series 1st Edition By Sanday Peggy Reeves Published By New York University Press Paperback** could build up your close contacts listings. This is just one of the solutions for you to be successful. As understood, completion does not recommend that you have wonderful points.

Comprehending as skillfully as pact even more than other will have enough money each success. bordering to, the broadcast as with ease as sharpness of this Fraternity Gang Rape Sex Brotherhood And Privilege On Campus Feminist Crosscurrents Series 1st Edition By Sanday Peggy Reeves Published By New York University Press Paperback can be taken as well as picked to act.

If you ally habit such a referred **Fraternity Gang Rape Sex Brotherhood And Privilege On Campus Feminist Crosscurrents Series 1st Edition By Sanday Peggy Reeves Published By New York University Press Paperback** books that will manage to pay for you worth, acquire the agreed best seller from us currently from several preferred authors. If you want to droll books, lots of novels, tale, jokes, and more fictions collections are also launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every ebook collections Fraternity Gang Rape Sex Brotherhood And Privilege On Campus Feminist Crosscurrents Series 1st Edition By Sanday Peggy Reeves Published By New York University Press Paperback that we will agreed offer. It is not more or less the costs. Its very nearly what you dependence currently. This Fraternity Gang Rape Sex Brotherhood And Privilege On Campus Feminist Crosscurrents Series 1st Edition By Sanday Peggy Reeves Published By New York University Press Paperback, as one of the most effective sellers here will entirely be in the middle of the best options to review.

This is likewise one of the factors by obtaining the soft documents of this **Fraternity Gang Rape Sex Brotherhood And Privilege On Campus Feminist Crosscurrents Series 1st Edition By Sanday Peggy Reeves Published By New York University Press Paperback** by online. You might not require more mature to spend to go to the book creation as skillfully as search for them. In some cases, you likewise attain not discover the statement Fraternity Gang Rape Sex Brotherhood And Privilege On Campus Feminist Crosscurrents Series 1st Edition By Sanday Peggy Reeves Published By New York University Press Paperback that you are looking for. It will extremely squander the time.

However below, considering you visit this web

page, it will be thus very simple to get as without difficulty as download lead Fraternity Gang Rape Sex Brotherhood And Privilege On Campus Feminist Crosscurrents Series 1st Edition By Sanday Peggy Reeves Published By New York University Press Paperback

It will not put up with many mature as we run by before. You can realize it even if performance something else at house and even in your workplace. correspondingly easy! So, are you question? Just exercise just what we offer under as capably as evaluation **Fraternity Gang Rape Sex Brotherhood And Privilege On Campus Feminist Crosscurrents Series 1st Edition By Sanday Peggy Reeves Published By New York University Press Paperback** what you behind to read!

Thank you completely much for downloading **Fraternity Gang Rape Sex Brotherhood And Privilege On Campus Feminist Crosscurrents Series 1st Edition By Sanday Peggy Reeves Published By New York University Press Paperback**. Most likely you have knowledge that, people have see numerous period for their favorite books subsequently this Fraternity Gang Rape Sex Brotherhood And Privilege On Campus Feminist Crosscurrents Series 1st Edition By Sanday Peggy Reeves Published By New York University Press Paperback, but stop happening in harmful downloads.

Rather than enjoying a fine ebook afterward a cup of coffee in the afternoon, on the other hand they juggled as soon as some harmful virus inside their computer. **Fraternity Gang Rape Sex Brotherhood And Privilege On Campus Feminist Crosscurrents Series 1st Edition By Sanday Peggy Reeves Published By New York University Press Paperback** is easy to use in our digital library an online access to it is set as public appropriately you can download it instantly. Our digital library saves in multipart countries, allowing you to acquire the most less latency epoch to download any of our books behind this one. Merely said, the Fraternity Gang Rape Sex Brotherhood And Privilege On Campus Feminist Crosscurrents Series 1st Edition By Sanday Peggy Reeves Published By New York University Press Paperback is universally compatible afterward any devices to read.

The past quarter-century has witnessed a dramatic upsurge of violent crime in the United States and abroad. In this country, the rise in violent criminal activity has been consistently documented in such published accounts as the Uniform Crime Reports and the Statistical Handbook on Violence in America, published by the FBI and the Violence Research Group, respectively. Further, social scientists-particularly those working in the fields of sociology and psychology-have provided a convergence of findings attesting to the

magnitude of one of today's most significant social problems: domestic violence (e. g. , spouse, child, and elder abuse). Such efforts have served as the impetus for heightened clinical and investigative activity in the area of violent behavior. Indeed, a wide range of mental health experts (such as psychologists, psychiatrists, social workers, counselors, and rehabilitation specialists) have endeavored to focus on strategies and issues in research and treatment for violent individuals and their victims. The purpose of this book is to provide a comprehensive and timely examination of current psychological approaches with violent criminal offenders. Despite the fact that we continue to have much to learn about perpetrators of violent acts, in recent an increasingly large body of empirical data have been adduced about this years issue. However, these data generally have appeared in disparate journals and books. That being the case, it is our belief that such a handbook now is warranted. The study of gender is deservedly a major focus of research in the discipline of psychology in general and social psychology in particular. Interest in the topic increased sharply in the 1970s with the flowering of the feminist movement, and research has continued to advance since that time. In 1987, Alice Eagly formulated Social Role Theory to explain the behavior of women and men as well as the stereotypes, attitudes, and ideologies that are relevant to sex and gender. Enhanced by several extensions over the intervening years,

this theory became one of the pre-eminent, if not the central, theory of gender in social psychology. Also, over the last decades, social psychologists have developed a variety of related approaches to understanding gender, including, for instance, theories devoted to stereotyping, leadership, status, backlash, lack of fit to occupational roles, social identity, and categorization. Reflecting these elements, this e-Book includes articles that encompasses a wide range of themes pertaining to sex and gender. In these papers, the concept of social roles appears often as central integrative concept that links individuals with their social environment. These articles thereby complement social role theory as the authors reach out to build an extended theoretical foundation for gender research of the future. Contrary to the declarations of some anthropologists, matriarchies do exist. Peggy Reeves Sanday first went to West Sumatra in 1981, intrigued by reports that the matrilineal Minangkabau--one of the largest ethnic groups in Indonesia--label their society a matriarchy. Numbering some four million in West Sumatra, the Minangkabau are known in Indonesia for their literary flair, business acumen, and egalitarian, democratic relationships between men and women. Sanday uses her repeated visits to West Sumatra in the closing decades of the twentieth century as the basis for a new definition of matriarchy. From the vantage point of daily life in villages, especially one where she developed close personal ties,

Sanday's narrative is centered on how the Minangkabau conceive of their world and think humans should behave, along with the practices and rituals they claim uphold their matriarchate. Women at the Center leaves the reader with a solid sense of the respect for women that permeates Minangkabau culture, and gives new life to the concept of matriarchy. This authoritative, balanced resource examines the problem of sexual violence in our society, exploring the various factors that contribute to these crimes and the difficulty of prosecuting many offenses. It discusses who is being victimized, who is perpetrating the offenses, and what can be done (and is being done) to reduce rape, sexual assault, and sexual harassment. The volume also explores the role that both poor prosecutorial leadership and rape culture have played in facilitating sexual assault and abuse and how shifts in attitude and policy could work to prevent the assaults from occurring. One of the most valuable aspects of the book is that it surveys the history of rape and sexual assault in a manner that helps the reader identify key issues in an easy-to-understand fashion. In addition, the volume's Perspectives section presents a broad range of voices on important aspects of sexual assault and recovery, allowing crucial, diverse perspectives to round out the author's expertise. Popular culture portrays college Greek organizations as a training ground for malevolent young aristocrats. Films such as Animal House, Revenge of the Nerds, Old

School, and Legally Blonde reinforce this stereotype, but they fail to depict the enduring influence of these organizations on their members. *Inside Greek U.* provides an in-depth investigation of how fraternities and sororities bolster traditional, and potentially damaging, definitions of gender and sexuality. Using evidence gathered in hundreds of focus group sessions and personal interviews, as well as his years of experience as a faculty advisor to Greek organizations, Alan D. DeSantis offers unprecedented access to the world of fraternities and sororities. DeSantis, himself once a member of a fraternity, shows the profoundly limited gender roles available to Greeks: "real men" are taught to be unemotional, sexually promiscuous, and violent; "nice girls," to be nurturing, domestic, and pure. These rigid formulations often lead to destructive attitudes and behaviors, such as eating disorders, date rape, sexual misconduct, and homophobia. *Inside Greek U.* shows that the Greek experience does not end on graduation day, but that these narrow definitions of gender and sexuality impede students' intellectual and emotional development and limit their range of choices long after graduation. Ten percent of all college students join a Greek organization, and many of the nation's business and political leaders are former members. DeSantis acknowledges that thousands of students join Greek organizations each year in search of meaning, acceptance, friendship, and engagement, and he illuminates

the pressures and challenges that contemporary college students face. *Inside Greek U.* demonstrates how deeply Greek organizations influence their members and suggests how, with reform the worst excesses of the system, fraternities and sororities could serve as a positive influence on individuals and campus life. *Women, Crime, and Justice: Balancing the Scales* presents a comprehensive analysis of the role of women in the criminal justice system, providing important new insight to their position as offenders, victims, and practitioners. *Draws on global feminist perspectives on female offending and victimization from around the world* Covers topics including criminal law, case processing, domestic violence, gay/lesbian and transgendered prisoners, cyberbullying, offender re-entry, and sex trafficking *Explores issues professional women face in the criminal justice workplace, such as police culture, judicial decision-making, working in corrections facilities, and more* Includes international case examples throughout, using numerous topical examples and personal narratives to stimulate students' critical thinking and active engagement This book brings together leading researchers and practitioners from psychology, sociology and law to consider the proposed causes and contexts of multiple perpetrator rape and the many ways in which we can improve how we tackle this social problem. This book explains why countries have adopted different policies for working parents through a

comparative historical study of four nations: France, the Netherlands, Sweden, and the United States. This annotated bibliography reviews scholarly work on acquaintance and date rape. Works specifically on acquaintance or date rape are included, as well as earlier works that led to the emergence of the separate conceptual category of acquaintance rape. Each annotation includes a statement of the purpose, the method, and the major findings of the work. This volume in the acclaimed feminist companion to the bible series, edited by Athalya Brenner, draws together a range of leading biblical commentators to discuss one of the most challenging and fascinating biblical texts for feminist interpretation, the book of Genesis. *Campus Sexual Violence: A State of Institutionalized Sexual Terrorism* conceptualizes sexual violence on college campuses as a form of sexual terrorism, arguing that institutional compliance and inaction within the neoliberal university perpetuate a system of sexual terrorism. Using a sexual terrorism framework, the authors examine a myriad of examples of campus sexual violence with an intersectional lens and explore the role of the institution and the influence of neoliberalism in undermining sexual violence prevention efforts. The book utilizes Carole Sheffield's five components of sexual terrorism (ideology, propaganda, amorality, perceptions of the perpetrator, and voluntary compliance) to describe how the "ivory tower stereotype" and adoption of neoliberal values into education

contribute to an environment where victimization is painfully common. Cases such as those from Michigan State University and Baylor University are used as examples to highlight institutional culpability and neoliberal value systems within higher education, as well as illustrating the pervasiveness of rape culture that contributes to a system of sexual terrorism. Crucially, the book focuses on systems of inequality and oppression, and uses an intersectional perspective that recognizes victimization experienced by multiple marginalized groups including women, LGBTQ+, and racially minoritized people. Building on campus violence research and institutional harm research, the authors define campus sexual violence as a serious social problem based in structural inequality and advocate for civic responsibility at the institutional level and the development of institutional advocates. Weaving together theoretical and practical perspectives, the book will be of great interest to students and scholars of sociology, criminal justice, women's and gender studies, social/political policy, victimology, and education. It will also be of use to those working in higher education administration and other student life and student health professions. This widely acclaimed and meticulously documented volume illustrates, in painstaking and disturbing detail, the nature of fraternity gang rape. Drawing on interviews with both victims and fraternity members, Peggy Reeves Sanday

reconstructs daily life in the fraternity, highlighting the role played by pornography, male bonding, and degrading, often grotesque, initiation and hazing rituals. In a substantial new introduction and afterword, Sanday updates the incidences of fraternity gang rape on college campuses today, highlighting such recent cases as that of Duke University and others in the headlines. Sanday also explores the nature of hazing at sororities on campus and how Greek life in general contributes to a culture which promotes the exploitation and sexual degradation of women on campus. More broadly, Sanday examines the nature of campus life today and the possibility of creating a rape-free campus culture. In a society where sexualized media has become background noise, we are frequently discouraged from frank and open discussions about sex and offered few tools for understanding sexual behaviors and sexualities that are perceived as being out of the norm. This book encourages readers to establish new ways of thinking about stigmatized peoples and behaviors, and to think critically about gender, sex, sexuality and sex crimes. *Sexual Deviance and Society* uses sociological theories of crime, deviance, gender and sexuality to construct a framework for understanding sexual deviance. This book is divided into four units: Unit I, *Sociology of Deviance and Sexuality*, lays the foundation for understanding sex and sexuality through sociological frameworks of deviance. Unit II, *Sexual Deviance*, provides an in depth dialogue

to its readers about the sociological constructions of sexual deviance with a critical focus on contemporary and historical conceptualizations. Unit III, *Deviant Sexual Acts*, explores a variety of deviant sexual acts in detail, including sex in public, fetishes, and sex work. Unit IV, *Sex Crimes and Criminals*, examines rape and sexual assault, sex crimes against children, and societal responses to sex offenders and their treatment within the criminal justice system. Utilizing an integrative approach that creates a dialogue between the subjects of gender, criminology and deviance, this book is a key resource for students interested in crime and deviance, gender and sexuality, and the sociology of deviance. An updated edition of the groundbreaking anthology that explores the proliferation of gendered violence From Harvey Weinstein to Brett Kavanaugh, accusations of gender violence saturate today's headlines. In this fully revised edition of *Gender Violence*, Laura L. O'Toole, Jessica R. Schiffman, and Rosemary Sullivan bring together a new, interdisciplinary group of scholars, with up-to-date material on emerging issues like workplace harassment, transgender violence, intersectionality, and the #MeToo movement. Contributors provide a fresh, informed perspective on gender violence, in all of its various forms. With twenty-nine new contributors, and twelve original essays, the third edition now includes emerging contemporary issues such as LGBTQ violence, sex work, and toxic masculinity. A trailblazing

text, *Gender Violence, Third Edition* is an essential read for students, activists, and others. This first-ever study of rape in modern American drama examines portrayals of rape, raped women and rapists in 36 plays written between 1970 and 2007, the period during which the feminist movement made rape a matter of public discourse. These dramas reveal much about sexuality and masculine and feminine identity in the United States. The author traces the impact of second-wave feminism, antifeminist backlash, third-wave feminism and postfeminism on the dramatic depiction of rape. The prevalence of commonly accepted rape myths--that women who dress provocatively invite sexual assault, for example--is well documented, along with equally frequent examples which dispute these myths. Social and cultural anthropology and archaeology are rich subjects with deep connections in the social and physical sciences. Over the past 150 years, the subject matter and different theoretical perspectives have expanded so greatly that no single individual can command all of it. Consequently, both advanced students and professionals may be confronted with theoretical positions and names of theorists with whom they are only partially familiar, if they have heard of them at all. Students, in particular, are likely to turn to the web to find quick background information on theorists and theories. However, most web-based information is inaccurate and/or lacks depth. Students and professionals need a

source to provide a quick overview of a particular theory and theorist with just the basics—the "who, what, where, how, and why," if you will. In response, SAGE Reference plans to publish the two-volume *Theory in Social and Cultural Anthropology: An Encyclopedia*. Features & Benefits: Two volumes containing approximately 335 signed entries provide users with the most authoritative and thorough reference resource available on anthropology theory, both in terms of breadth and depth of coverage. To ease navigation between and among related entries, a Reader's Guide groups entries thematically and each entry is followed by Cross-References. In the electronic version, the Reader's Guide combines with the Cross-References and a detailed Index to provide robust search-and-browse capabilities. An appendix with a Chronology of Anthropology Theory allows students to easily chart directions and trends in thought and theory from early times to the present. Suggestions for Further Reading at the end of each entry and a Master Bibliography at the end guide readers to sources for more detailed research and discussion. From Allison Leotta, the "highly entertaining storyteller" (George Pelecanos) who writes "in a style that's as real as it gets" (USA TODAY), a ripped-from-the-headlines novel featuring prosecutor Anna Curtis at the center of a national story involving campus rape and the disappearance of a young woman. Emma, a freshman at a Michigan university, has gone missing. She was last seen leaving a

bar near the prestigious and secretive fraternity known on campus as "the rape factory." The main suspect is Dylan Brooks, the son of one of the most powerful politicians in the state. But so far the only clues are pieced-together surveillance footage of Emma leaving the bar that night...and Dylan running down the street after her. When Anna discovers the video diary Emma kept over her first few months at college, it exposes the history she had with Dylan: she had accused him of rape before disappearing. Emma's disappearance gets media attention and support from Title IX activists across the country, but Anna's investigation hits a wall. Now Anna is looking for something, anything she can use to find Emma alive. But without a body or any physical evidence, she's under threat from people who tell her to think hard before she ruins the name of an "innocent young man." Inspired by real-life stories, *The Last Good Girl* shines a light on campus rape and the powerful emotional dynamics that affect the families of the men and women on both sides. Since footballer sexual assault became top news in 2004, six years after the first case was reported, much has been written in the news media about individual cases, footballers and women who have sex with them. Deb Waterhouse-Watson reveals how media representations of recent sexual assault cases involving Australian footballers amount to "trials by media", trials that result in acquittal. The stories told about footballers and women in the news media evoke

stereotypes such as the "gold digger", "woman scorned" and the "predatory woman", which cast doubt on the alleged victims' claims and suggest that they are lying. Waterhouse-Watson calls this a "narrative immunity" for footballers against allegations of sexual assault. This book details how popular conceptions of masculinity and femininity inform the way footballers' bodies, team bonding, women, sex and alcohol are portrayed in the media, and connects stories relating to the cases with sports reporting generally. Uncovering similar patterns of narrative, grammar and discourse across these distinct yet related fields, Waterhouse-Watson shows how these discourses are naturalised, with reports on the cases intertwining with broader discourses of football reporting to provide immunity. Despite the prevalence of stories that discredit the alleged victims, Waterhouse-Watson also examines attempts to counter these pervasive rape myths, articulating successful strategies and elucidating the limitations built into journalistic practices, and language itself. A study of how rape stereotypes are used by defence lawyers to gain acquittals in the USA. The author also presents reform proposals, consistent with feminist theories of justice, designed to improve both the American adversary system in general and the way in which the system handles rape cases. 2011 Edition with a New Afterword by the author

The venerable and often misquoted phrase "Hell hath no fury like a woman scorned"

continues to haunt American women who accuse men of sexual harassment and rape. In this bracing study of American sexual culture and the politics of acquaintance rape, anthropologist Peggy Reeves Sanday identifies the sexual stereotypes that continue to obstruct justice and diminish women. Beginning with a harrowing account of the St. John's rape case, Sanday reaches back through British and American landmark rape cases to explain how, with the exception of earliest colonial times, rape has been a crime notable for placing the woman on trial. Whether she is charged as a false accuser, gold digger, loose or scorned woman, stereotypes prevail. American jurisprudence and the public at large remain divided on acquaintance rape. With the passage of the Violence Against Women Act—one of the most important legislation for women—a new breed of antifeminists stepped up to the plate to subordinate women's bid for sexual autonomy and freedom. A groundbreaking, classic work of scholarship that coherently challenges the anti-rape backlash and its rhetoric, *A Woman Scorned* continues to bring a broad perspective to our understanding of acquaintance rape, even if its original vision of a new paradigm for female sexual equality awaits implementation. This two-volume set provides an authoritative overview of rape and other forms of sexual violence, containing the latest information about victims and perpetrators; events, laws, and trends related to sexual violence; and attitudes toward it.

- Explains the many types

of rape and sexual violence

- Discusses what organizations and nations are doing to help victims and survivors and to convict perpetrators, and provides insights into what has worked and what has failed—and why
- Covers sexual violence committed globally against people of all genders and ages and in a variety of conditions, including prisons, nursing homes, over the internet, and in wartime, so that readers may understand the universality of the issue
- Covers both U.S. and international topics in primary documents including testimonies from rape victims given before the US Senate in relation to violence in the military, scandals in gymnastics, and human trafficking; documents concerning corrective hate in South Africa and those forced into sexual slavery by ISIS; and legislation such as the Clery Act and Title IX Criminal Violence: Patterns, Explanations, and Prevention, Fourth Edition, provides a current, comprehensive, and highly accessible overview of major topics, theories, and controversies within the field of criminal violence. Using engaging, straightforward language, Marc Riedel and Wayne Welsh consider diverse theoretical perspectives and present state-of-the-art prevention and intervention methods. In their discussions of various types of violence, the authors employ a consistent and coherent three-part framework that allows students to see the important relationships between research, theory, and application. "I have found Spade and Valentine's *Kaleidoscope of Gender*

to be the most effective reader that I have used in my undergraduate Sociology of Gender class, and I was delighted to see what promises to be an even better second edition that recently arrived." -Linda Grant, University of Georgia "In a substantial theoretical introduction, Spade and Valentine move their discussion forward by introducing their kaleidoscope metaphor which is comprised of the "prisms" of culture that intersect to produce patterns of difference and systems of privilege. Because it captures the fluidity and uniqueness of the intricate patterns, the kaleidoscope is a valuable analytical tool. Though it enters a terrain already littered with terminology, this "prismatic" understanding of gender has great potential for transforming current conceptualizations." -Jennifer Keys, North Central College Examining the elusive, evolving construct of gender in a unique text/reader format An accessible, timely, and stimulating introduction to the sociology of gender, *The Kaleidoscope of Gender: Prisms, Patterns, and Possibilities*, Second Edition, provides a comprehensive analysis of key ideas, theories, and applications in this field as viewed through the metaphor of a kaleidoscope. This collection of creative articles by top scholars explains how the complex, evolving pattern of gender is constructed interpersonally, institutionally, and culturally and challenges students to question how gender shapes their daily lives. Like the prior edition, the Second Edition maintains a focus on contemporary contributions to the

field while incorporating classical and theoretical arguments to provide a broad framework. Integrating a cross-cultural focus and intersectional inquiry, this unique text/reader vividly illustrates that gender is a malleable continuum of prisms, patterns, and possibilities. New to the Second Edition · 27 new readings, including interdisciplinary research articles as well as articles from the popular media, complement the 23 readings retained from the prior edition · Updated extensive introductions to each chapter provide a helpful framework for the readings to follow and include the most recent statistics, new concepts, and references · Increased emphasis on readings about social movements for equality (Chapter 10), a sharper focus on work (7), and new readings on domestic violence such as an article on rape on college campuses (8) · An even greater emphasis on intersectional analysis and a deeper understanding of masculinities Instructor's Resources on CD-ROM: Available to qualified instructors (contact info@sagepub.com), the CD includes ideas for class exercises, video suggestions, assignments, and more. Intended Audience This text/reader is ideal for undergraduate courses such as the Sociology of Sex and Gender, Gender and Sexuality, Race, Class, Gender, and Sexuality; and related courses in departments of sociology, women's studies, and gender studies. An in-depth treatment in two volumes of the historical and cultural contexts of rape and rape culture, this set discusses both victims and

perpetrators internationally during war and peace times and examines the treatment of survivors. • Includes case studies on a variety of sexual assault survivors in environments ranging from college campuses to war zones • Integrates the expertise of contributors, who include both academics and activists on sexual violence in different parts of the world • Represents, through case studies, incidents of rape in countries from Africa to Europe and from Asia to the United States • Compares "rape cultures" across the world *Rape Culture and Spiritual Violence* examines sexual violence against women, how religion and society contribute to a rape culture, and the extreme suffering endured by rape victims as a result. Using the testimony of women who have experienced both rape and the consequences of rape culture—from a range of religious, cultural, ethnic, and social contexts—the book explores both the suffering and healing of rape victims from World War II to today. Among the issues considered are victim invisibility, the inability to express pain, and the tendency to assume shame and self-blame. The study examines the role of society in shaping and reinforcing these responses, contributing to traumas that can lead to spiritual death. The book also explores possibilities for multiple spiritual resurrections within the practice of daily life, encouraging both individual healing and social change. *Mapping The Social Landscape* is one of the most established and widely-used readers for Introductory Sociology.

Susan J. Ferguson selects, edits, and introduces 58 readings representing a plurality of voices and views within sociology. The selections include classic statements from great thinkers like C. Wright Mills, Karl Marx, and Max Weber, as well as the works of contemporary scholars who address current social issues. In this "intelligent", "stunning", and "honest" book, Charlotte Pierce-Baker weaves together the accounts of black women who have been raped and who have felt that they had to remain silent in order to protect themselves and their race. It opens with the author's harrowing and courageous account of her rape and includes the stories of the author's own family's response, plus the voices of black men who have supported rape survivors. Authoritative and informative, *Sexual Crime: A Reference Handbook* offers a thoroughly up-to-date report on an issue of extraordinary urgency. It is an expert introduction to a variety of often misunderstood crimes. *Sexual Crime* begins with a background chapter outlining the causes and definitions of sexual crime, legal and cultural attitudes over the past three centuries, and common myths surrounding this sensitive subject. It then offers wide ranging coverage of issues, including date rape, crimes involving male victims, rape in prison, female perpetrators, medical treatments, political ramifications, and other contemporary issues. A classic. *Fraternity Gang Rape* is a fascinating analysis of how all-male groups such as fraternities or athletic teams may create a rape

culture where behavior occurs that few individuals acting alone would perpetrate. The new Introduction and Afterword shed light on how this pernicious problem continues today, insightfully illuminating the complicity of society in the failure of accountability for acquaintance rape."--Mary P. Koss, co-editor of *No Safe Haven: Male Violence Against Women at Home, at Work, and in the Community* Praise for the First Edition "A powerful and important book."--*Contemporary Psychology* "Full of insights an important contribution written in accessible prose and ideal for course use."--*Women's Review of Books* "Powerfully moving and analytically provocative...If the college or university at which AJS readers teach has a fraternity or sorority system, this book will be useful in understanding the way those organizations not only construct the gender relations between women and men on campus but also provide a map of male domination that members can take with them for the rest of their lives."--Michael S. Kimmel, *American Journal of Sociology* "Sanday draws a chilling picture of fraternity society, its debasement of women and the way it creates a looking-glass world in which gang rape can be considered normal behavior and the pressure of group-think it powerful."--*The Philadelphia Inquirer* "An important book that should be read by everyone in higher education - faculty, administrators, and students."--*Contemporary Sociology* "Very accessible...Sanday's book explores the vulnerability of college women,

and of young men seeking to prove their manhood. I read it on vacation. My daughter has just turned 12. I told her I wanted her to read. As anyone who has read Chaucer's *Canterbury Tales* knows, Middle English literature is rife with sexually explicit language and situations. Less canonical works can be even more brazen in describing illicit acts of sexual activity and sexual violence. Such scenes and language were not, however, included exclusively for titillation. In *Obscene Pedagogies*, Carissa M. Harris argues instead for obscenity's usefulness in sexual education. She investigates the relationship between obscenity, gender, and pedagogy in Middle English and Middle Scots literary texts from 1300 to 1580 to show how sexually explicit and defiantly vulgar speech taught readers and listeners about sexual behavior and consent. Through innovative close readings of literary texts including erotic lyrics, single-woman's songs, debate poems between men and women, Scottish insult poetry battles, and *The Canterbury Tales*, Harris demonstrates how through its transgressive charge and galvanizing shock value, obscenity taught audiences about gender, sex, pleasure, and power in ways both positive and harmful. She focuses in particular on understudied female-voiced lyrics and gendered debate poems, many of which have their origin in oral culture, and includes teaching-ready editions of fourteen largely unknown anonymous lyrics in women's voices. Harris's own voice, proudly witty and sharply polemical, inspires the reader to

address these medieval texts with an eye on contemporary issues of gender, violence, and misogyny. This invaluable reference text thoroughly examines the alarming epidemic of campus sexual assault, including a discussion of laws, high-profile cases, controversies, and proposed solutions. • Provides coverage of a timely topic that helps contextualize the issue by providing historical background and contemporary analysis of key events, laws, people, and controversies • Presents perspectives from individuals with firsthand experience with the issue of campus sexual assault, including a Title IX investigator, a college counselor, a sexual assault nurse, as well as community advocates and survivors • Explores strategies and changes that could serve to prevent assaults from occurring A shocking true-crime story of America's jock culture and the hidden world of unrestrained adolescent sexuality in one seemingly idyllic suburban town. In March 1989 a group of teenage boys lured a retarded girl into a basement in Glen Ridge, New Jersey, and gang-raped her. Glen Ridge was the kind of peaceful, affluent suburb many Americans dream about. The rapists were its most popular high school athletes. And although rumors of the crime quickly spread through the town, weeks passed before anyone saw fit to report it to the police. What made these boys capable of brutalizing a girl that some of them had known since childhood? Why did so many of their elders deny the rape and rally around its

perpetrators? To solve this riddle, the Edgar award-winning author Bernard Lefkowitz conducted years of research and more than two hundred interviews. A New York Times Notable Book of the Year A Los Angeles Times Prize Finalist An Edgar Award Finalist Just Sex chronicles the movement to bring an end to all forms of sexual violence on campus and gives voice not only to rape victims but also to reformed rape perpetrators, who describe the twisted logic through which rape becomes "acceptable" to young males and their peers. Just Sex also gathers testimonials about homosexual rape, minorities and sexual violence, and presents the most complete collection of essays and primary documents on a movement that has altered the sexual landscape of our campuses and communities forever. Sex, Sexuality, Law, and (In)Justice covers a wide range of legal issues associated with sexuality, gender, reproduction, and identity. These are critical and sensitive issues that law enforcement and other criminal justice professionals need to understand. The book synthesizes the literature across a wide breadth of perspectives, exposing students to law, psychology, criminal justice, sociology, philosophy, history, and, where relevant, biology, to critically examine the social control of sex, gender, and sexuality across history. Specific federal and state case law and statutes are integrated throughout the book, but the text moves beyond the intersection between law and sexuality to focus just as much on

social science as it does on law. This book will be useful in teaching courses in a range of disciplines—especially criminology and criminal justice, history, political science, sociology, women and gender studies, and law. This issue of the Yale Law Journal include these contents: • Essay, "Fiduciary Political Theory: A Critique," by Ethan J. Leib and Stephen R. Galoob • Note, "The Modification of Decrees in the Original Jurisdiction of the Supreme Court," by James G. Mandilk In addition, the issue includes an extensive collection of Features by leading scholars, entitled "A Conversation on Title IX," growing out of an event sponsored by the Journal. Contributors include Michelle J. Anderson, Adele P. Kimmel, Catharine A. MacKinnon, Dana Bolger, Zoe Ridolfi-Starr, and Alyssa Peterson & Olivia Ortiz. Subjects of these essays include institutional liability, costs of liability and schools' financial obligations, transparency in campus reporting, adjudicative processes, and using Title IX for preventing the bullying of LGBT students. This is the seventh issue of academic year 2015-2016. Quality formatting includes linked notes and an active Table of Contents (including linked Contents for individual articles), as well as active URLs in footnotes and proper Bluebook style. A groundbreaking examination of a vastly unrecognized though widely prevalent form of violence. Male on Male Rape shatters the silence and offers concrete strategies for prevention and recovery. Although awareness of campus sexual assault is at a historic high,

institutional responses to incidents of sexual violence remain widely varied. In this volume, a diverse mix of expert contributors provide a critical, nuanced, and timely examination of some of the factors that inhibit effective prevention and response in higher education. Chapter authors take on one of the most troubling aspects of higher education today, bridging theory and practice to offer programmatic interventions and solutions to help institutions address their own competing interests and institutional culture to improve their practices and policies with regard to sexual violence. The Crisis of Campus Sexual Violence provides higher education scholars, administrators, and practitioners with a necessary and more holistic understanding of the challenges that colleges and universities face in implementing adequate and effective sexual assault prevention and response practices. The Relativity of Deviance is a primer on the constructivist perspective on deviance—the idea that deviance cannot be explained in terms of absolutes, nor can it be understood apart from its social setting. The book is frequently used alongside all of the major core deviance textbooks on the market. It answers such questions as: What is deviant? What is deviant behavior? How should the deviant be treated? Why is the same act sometimes praised and sometimes condemned? Readers will see that what qualifies as deviance varies from place to place, time to time, and situation to situation. The book explores some

of the most frequent contexts for deviant behavior in ways that challenge definitive or objective judgments. The Fifth Edition has been updated to include the most current developments in American society, including deviance at the highest levels of national politics and corporate life, sex abuse scandals, the opioid crisis, and the growing decriminalization of marijuana.
