What resonated about Endroducing when it was released in 1996, and what makes it still resonate today, is the way in which it loosens itself from the mooring of the known and sails off into an uncharted territory that seems to exist both in and out of time. Josh Davis is not only a master sampler and turntablist supreme, he is also a serious archeologist with a world-thirsty passion (what Cut Chemist refers to as Josh's "spidey sense") for seeking out, uncovering and then ripping apart the discarded graces of some other generation - that "pile of broken dreams" - and weaving them back together into a tapestry of chronic bleakness and beauty. Over the course of several long conversations with Josh Davis (DJ Shadow), we learn about his early years in California, the friends and mentors who helped him along the way, his relationship with Mo'Wax and James Lavelle, and the genesis and creation of his widely acknowledged masterpiece, Endroducing. "You are not thinking, you are merely being logical." -Niels Bohr, Danish physicist and Nobel Laureate Analysis and Assessment of Gateway Process is a document prepared in 1983 by the US Army. This document was declassified by the CIA in 2003. This brief report focuses on the so-called "Gateway Experience," a training program originally designed by the Monroe Institute, a Virginia-based institute for the study of human consciousness. The Gateway experience uses sound tapes to manipulate brainwaves with a goal of creating an altered state of consciousness, which includes out-of-body experiences, energy healing, remote viewing, and time travel. The report concluded that the Gateway Experience is 'plausible' in terms of physical science, and that while more research was needed, it could have practical uses in US intelligence. Students of US intelligence, and anyone interested in the cross-roads between consciousness and reality will find this report fascinating reading. "Aural tests are an integral part of all ABRSM graded music exams. The Specimen Aural Tests provide teachers and students with many practice examples of the tests and are ideal for use when preparing for an exam. This volume covers Grade 7 and includes: practice examples for each test in a range of musical styles; the examiner rubrics (the exact words that will be used by the examiner to deliver the tests), so that candidates can be fully prepared for what will happen on the day; descriptions of the tests as they appear in the syllabus; model answers, where appropriate, as a guide to the sort of responses that would be successful in the exam... The new edition of Aural training in practice (2011) offers valuable support to teachers and students preparing for aural tests, and includes comprehensive information on the assessment, teaching hints and further practice examples..."--Back cover. The lives, loves, adventures and trailblazing musical careers of four extraordinary women from a stunning debut biographer. 'Fabulous.' Sunday Times 'A rare gift.' Financial Times 'Passionate ... Vivid ... Timely.' Telegraph 'Readable and inspiring.' Guardian 'Compelling ... Ambitious ... Poignant.' Spectator 'Magnificent.' Kate Mosse 'Riveting.' Antonia Fraser 'A breath of fresh air.' Kate Molleson 'Fascinating.' Alexandra Harris 'Wonderful.' Claire Tomalin 'Splendid.' Miranda Seymour 'Remarkable.' Fiona Maddocks 'Pioneering.' Andrew Motion 'Brilliant' Helen Pankhurst Ethel Smyth (b.1858): Famed for her operas, this trailblazing queer Victorian composer was a larger-than-life socialite, intrepid traveller and committed Suffragette. Rebecca Clarke (b.1886): This talented violist and Pre-Raphaelite beauty was one of the first women ever hired by a professional orchestra, later celebrated for her modernist experimentation. Dorothy Howell (b.1898): A prodigy who shot to fame at the 1919 Proms, her reputation as the 'English Strauss' never dented her modesty; on retirement, she tended Elgar's grave alone. Doreen Carwithen (b.1922): One of Britain's first woman film composers who scored Elizabeth II's coronation film, her success hid a 20-year affair with her married composition tutor . In their time, these women were celebrities. They composed some of the century's most popular music and pioneered creative careers; but today, they are ghostly presences, surviving only as muses and footnotes to male contemporaries like Elgar, Vaughan Williams and Britten - until now. Leah Broad's magnificent group biography resurrects these forgotten voices, recounting lives of rebellion, heartbreak and ambition, and celebrating their musical masterpieces. Lighting up a panoramic sweep of British history over two World Wars, Quartet revolutionises the canon forever. Offers valuable support to teachers preparing students for ABRSM Practical exams.
