Handbook of Natural Gas Transmission and Processing Jan 25 2023
Written by an internationally-recognized team of natural gas industry experts, the fourth edition of Handbook of Natural Gas Transmission and Processing is a unique, well-researched, and comprehensive work on the

design and operation aspects of natural gas transmission and processing. Six new chapters have been added to include detailed discussion of the thermodynamic and energy efficiency of relevant processes, and recent developments in treating super-rich gas, high CO₂ content gas, and high nitrogen content gas with other contaminants. The new material describes technologies for processing today's unconventional gases, providing a fresh approach in solving today's gas processing challenges including greenhouse gas emissions. The updated edition is an excellent platform for gas processors and educators to understand the basic principles and innovative designs necessary to meet today's environmental and sustainability requirement while delivering acceptable project economics. Covers all technical and operational aspects of natural gas transmission and processing. Provides pivotal updates on the latest technologies, applications, and solutions. Helps to understand today's natural gas resources, and the best gas processing technologies. Offers design optimization and advice on the design and operation of gas plants.

K.D. Malaviya and the Evolution of India's Oil Policy Dec 24 2022
Management of Permanent Change Feb 26 2023 In the current times of more frequent crises and ever shortening innovation cycles, the management of change has become a crucial task of survival. While it is not a new topic in business research, the developments of the last decade have posed many new challenges for the change management of firms and organizations and have thus also raised many new questions for academic research in business administration, which the present book turns to deepen. Its particular focus is on disruptive change including its driving forces as well as effective and sustainable management. This publication constitutes a collection of articles that discuss change and innovation processes across different sectors of the economy (industry, banking, and retail), the role of leadership and corporate governance for the effectiveness and sustainability of organizational change.

ONGC Oct 22 2022 ONGC: The Untold Story is essentially a narrative of its early days, how, when and where it was born, what were its labour pains, what was it like in its infancy, and finally how did it overcome its teething troubles and growing pains. Who were those early stalwarts who built ONGC brick-by-brick and who were the young pioneers who later became the nucleus of what was to grow into the largest crude oil and natural gas company in the country. Who were those ordinary young gents who overnight became extraordinary men demonstrating astonishing skills and undaunted courage in traversing through sandy deserts, swamp and marsh lands and dense jungles in search for hydrocarbon deposits? Who was the patron saint and who was the founding father of India's only public sector company to feature in Fortune's 'Most Admired Energy Companies' list? How did they overcome the determined opposition mounted by the vested western oil cartels who did not want India to have a national petroleum industry? The typically obstructive Indian 'babu' too supported these western oil cartels. Raj Kanwar deftly reveals these stories and much more. If you're looking for answers to the oft-asked question, 'Why Dehra Dun was chosen as the headquarters of India's first exploration and production oil company in the public sector,' this is the book for you.

Axes of Sustainable Development and Growth in India Apr 04 2021 This book is written by prominent academics and practitioners, exploring problems and opportunities of growth in different aspects of sustainable development. The overarching themes running throughout the book are energy access, policy, climate change, human development and resource allocation in the context of India. The book will benefit policymakers and researchers with its inclusion of new evidence and solutions to meet developmental challenges.

Catalog of Papers by ONGC Officers Mar 27 2023 Bibliographical index of articles written by the staff of ONGC.

Adapting to Shifting Government Priorities Nov 30 2020 The state-owned company Oil and Natural Gas Corporation Limited (ONGC) is India's largest company devoted to exploration and production (E&P). This paper attempts to unpack the dynamic of the government-ONGC relationship. Focusing specifically on how government ownership and control has influenced ONGC's performance and strategy, this paper makes four main arguments. First, ONGC exists, just as with national oil companies in many other countries, because of a legacy of suspicion about outsiders. It performed well when it was tasked with things that were not that difficult and when it had help for the more difficult ventures, such as frontier E&P and development. Second, ONGC has run into trouble as it matured, and the roots of its troubles are mainly in its interactions with the GoI and secondarily in its management. Third, a slew of reforms instituted since the mid 1990s have fundamentally changed the landscape of the E&P sector in India and the dynamic of government-ONGC relationship. Targeted at improving corporate governance, enhancing competition in E&P, and eliminating price controls, those reforms have had a mixed impact on ONGC's performance and strategy. They also highlight the difficulties the government has had in encouraging higher efficiencies in ONGC and the oil and gas sector. Fourth, given the deep interconnects of the oil and gas sector with India's political economy, fixing the oil and gas sector essentially entails fixing the larger political economy within which the sector is embedded.

MAT 23 years Topic-wise Solved Papers (1997-2019) 8th Edition May 17

2022 MAT 20 years Topic-wise Solved Papers (1997-2016) consists of detailed solutions of the past 20 years of MAT question papers distributed in 55 topics. The book is divided into 5 sections MATHEMATICAL SKILLS, LANGUAGE COMPREHENSION, DATA ANALYSIS AND SUFFICIENCY, INTELLIGENCE AND CRITICAL REASONING and INDIAN AND GLOBAL ENVIRONMENT. These 5 sections are further divided into 55 chapters. The book is also helpful for other exams like CMAT, NMAT, ATMA, IRMA, SNAP, Bank PO, Bank Clerk, SSC, Railways, etc. To summarise, the book is aimed to serve as one stop solution for all major Competitive Exams. The book contains 5800+ Milestone problems for the major Competitive Exams. The book is fully solved and provides detailed explanation to each and every question. The layout of the book is so simple that a student can prepare/ revise a topic and then solve the previous year questions of that topic from this book.
