PM is the ultimate guide to our high-tech lifestyle. The hard-to-find information, sources, and addresses that collectors need for repairing, caring for, and finding buyers for antiques and collectibles are all in this book. To gather the information for this book, Ralph and Terry Kovel contacted more than 3,000 suppliers, clubs, auctions, services, and other industry sources around the country, making this the most up-to-date and complete reference of its kind. Winner of the Montreal Jewish Public Library's J. I. Segal Prize Originally published in 1991. In the eighteenth century, more than half of the world's Jewish population lived in Polish private villages and towns owned by magnate-aristocrats. Furthermore, roughly half of Poland's entire urban population was Jewish. Thus, the study of Jews in private Polish towns is central to both Jewish history and to the history of Poland-Lithuania. The Jews in a Polish Private Town seeks to investigate the social, economic, and political history of Jews in Opatów, a private Polish town, in the context of an increasing power and influence of private towns at the expense of the Polish crown and gentry in the eighteenth century. Hundert recovers an important community from historical obscurity by providing a balanced perspective on the Jewish experience in the Polish Commonwealth and by describing the special dimensions of Jewish life in a private town.
