Letters from the Lost Generation Dec 01 2021 "Excellent. This is a fine, and unusual, collection of literary Americana."--Atlantic "Fine comic moments of truth."--New York Times Book Review "An invaluable source of literary history."--Publishers Weekly This is the story of one of the most famous literary "sets" of the twentieth century. Gerald and Sara Murphy were at the center of a group including Ernest Hemingway and his wives, F. Scott and Zelda Fitzgerald, John Dos Passos, Archibald MacLeish, Dorothy Parker, Alexander Woollcott, Robert Benchley, Phillip Barry, and many others. They personified the jazz age and the lost generation. The Murphys have been viewed primarily as cult/pop figures. In this book Miller shows, through a sequential interweaving of letters from several correspondents, that they actually were the nucleus without which the group as we know it would not have stayed together. Miller allows the individual correspondents to tell their own stories, providing new insights into their lives and this era. It is the best sort of eavesdropping. Gerald and Sara Murphy married on December 30,

1915. Both families were moneyed and cosmopolitan. Their attraction to each other was in part based on their desire to escape the routine and predictable social rounds in which their families were immersed. Against their families' wishes, they and their three children left for Europe in 1921. They remained in France for over a decade, and quite naturally socialized with the expatriate set. They were, in part, models for Dick and Nicole Diver in *Tender Is the Night*. MacLeish wrote poems about them, their friends paid tribute to them and relied on them day to day and in correspondence, and their own letters are worth reading for their liveliness and because they so well preserve a record of the twenties and thirties. Miller provides nearly every extant letter between the Murphys and their friends during those decades. Most of them have not been published previously, and of course, they have never been presented collectively. Together, they constitute an epistolary "novel" of peculiar power and authenticity about a remarkable era. Linda Patterson Miller is associate professor of English at Pennsylvania State University at Ogontz.

Letters to the Lost Sep 10 2022 An accomplished novel from a talented writer, *Letters to the Lost* is a stunning, emotional love story. Iona Grey's prose is warm, evocative, and immediately engaging; her characters become so real you can't bear to let them go. I promised to love you forever, in a time when I didn't know if I'd live to see the start of another week. Now it looks like forever is finally running out. I never stopped loving you. I tried, for the sake of my own sanity, but I never even got close, and I never stopped hoping either. Late on a frozen February evening, a young woman is running through the streets of London. Having fled from her abusive boyfriend and with nowhere to go, Jess stumbles onto a forgotten lane where a small, clearly unloved-in old house offers her best chance of shelter for the night. The next morning, a mysterious letter arrives and when she can't help but open it, she finds herself drawn inexorably into the story of two lovers from another time. In London 1942, Stella meets Dan, a US airman, quite by accident, but there is no denying the impossible, unstoppable attraction that draws them together. Dan is a B-17 pilot flying his bomber into Europe from a British airbase; his odds of survival are one in five. In the midst of such uncertainty, the one thing they hold onto is the letters they write to each other. Fate is unkind and they are separated by decades and continents. In the present, Jess becomes determined to find out what happened to them. Her hope—inspired by a love so powerful it spans a lifetime—will lead her to find a startling redemption in her own life in this powerfully moving novel.

The Lost Letter Apr 17 2023 Sometimes, words are better left to silence. Other times, those unspoken sentiments could have made all the difference. Written with love and sealed with a promise, Dwayne proclaimed his undying devotion onto a measly sheet of paper. He sent the letter, hoping his humble message would be enough to win Lucinda's hand in marriage. He wished he could have given her a better proposal. Unfortunately, the wretched war tore them apart. He swore he would return. She vowed to wait. But by an ill stroke of fate, the letter never arrived. To some, time can be a gift or a curse. To others, it is an unsolved mystery, capable of controlling the tides, keeping secrets, and offering second chances. In our little ways, we might manage to piece together a small portion of the great puzzle of life. And if we search hard enough, some of us might be lucky to stumble upon the truth—or a lost letter. ? After decades of longing, misunderstanding, sacrifices, and new beginnings, how will Lucinda ever accept this sudden turn of events? How many lives will this letter change?

LETTERS Lost Then Found Aug 09 2022 "You are about to eavesdrop on conversations between two brothers, ages 19 and 30, during World War II. Prepare to journey within their family life and experience their frustration,

happiness, and sadness. These two brothers have a story to tell. This book was designed to engage you in a number of different ways. The letters themselves can be read sequentially from cover to cover, but there are also brief excerpts next to each letter that form a sort of poetic series when read one after the other. Freddie had served in the China Burma India Theatre, often referred to as the war's forgotten theatre, and the 'Day in History' section on each page gives you a glimpse of what was happening in World War II at the time each letter was written. Then a ticker tape, reminiscent of the Western Union Telegram, runs across the bottom of the pages, explaining why the China Burma India Theatre was such an important part of the larger conflict." -- Page 7.

Dear Charlie Sep 29 2021 On 3rd December 2005, 13-year-old Charlotte Thompson and her school friend were killed by a train at Elsenham station in Essex. They were crossing the tracks to catch a train to Cambridge to go Christmas shopping. There was no footbridge at the station. Following her death, Charlie's father began writing a series of remarkable letters to his lost daughter. The letters were his way of continuing to talk to Charlie, of keeping her close to him after death. In them, he writes of his terrible grief, and of family life in the wake of disaster. Through his letters he creates a powerful portrait of his beautiful, vivid and unpredictable daughter. He also describes a family struggling to survive tragedy and the challenges and triumphs of daily domestic life in a world that will never be the same again. DEAR CHARLIE is a moving family memoir, an account of mourning, and a biography of a lost girl. Above all, it is a powerful love letter from a father to his daughter.

Letter to Those Who Have Lost a Loved One Feb 15 2023 Bereavement hardly ever becomes an illness; however, it makes us feel intensely, overwhelmingly ill. The need to find understanding and empathy cannot be easily quelled through gratuitous recommendations and common sense advice, which are much more helpful in soothing the anguish of those who provide them, rather than in alleviating the mourner's suffering. The aim of this text is precisely to provide a space of understanding and identification, useful to those who personally suffer the loss of a loved one, as well as to those who propose themselves as friends.

The Lost Letter Aug 29 2021 Though unconscious and critically injured, Mike Webster is alive; at least for the short term. Dark forces were already searching for him when he was wounded, and while elaborate measures are being taken to have him disappear, there are now indications his enemies believe Webster did not die in New Orleans. Realizing that, they are taking great risks to find him. "I will cut his throat and spit in his face as he takes his last breath." These words launch a pursuit that tears across the eastern United States leaving death in its wake. The individual charged with locating Webster is particularly menacing. He is also totally void of emotion. These traits are terrifying and dangerous, yet persuasive as the killer practices his iniquitous profession. Recognizing his vulnerability, Webster prepares for an expected confrontation. He is healing and gaining strength even as his enemies close in on him and those who would harbor him . . . but will he be ready in time? There are other complications, too. Webster's physician, Dr. Irene Dunn, experiences an immediate and deep attraction to the mysterious man in her care. In many ways, he is so very like her own lost love. Though Webster finds Dr. Irene Dunn appealing, he is torn between this new possibility for a normal life and thoughts of his recent friendship with Cary Warren, the woman whose memory keeps drifting through his mind. Can he escape those thoughts and be happy with another; more importantly, does he want to? But, for now, there is no time for either. The enemy is rushing toward Webster at the only place he felt comfortable in a long time. He is standing to face whatever may come to kill or be killed; there are parallels to the hunted one that has returned to its den. An animal, when run to ground, will often turn and fight for its life, putting up a vicious struggle since there is nothing more to lose. Webster is familiar with the game . . . and will not go gently.

To the Letter Nov 12 2022 The New York Times bestselling author of *Just My Type* and *On the Map* offers an ode

to letter writing and its possible salvation in the digital age. Few things are as exciting—and potentially life-changing—as discovering an old letter. And while etiquette books still extol the practice, letter writing seems to be disappearing amid a flurry of e-mails, texting, and tweeting. The recent decline in letter writing marks a cultural shift so vast that in the future historians may divide time not between BC and AD but between the eras when people wrote letters and when they did not. So New York Times bestselling author Simon Garfield asks: Can anything be done to revive a practice that has dictated and tracked the progress of civilization for more than five hundred years? In *To the Letter*, Garfield traces the fascinating history of letter writing from the love letter and the business letter to the chain letter and the letter of recommendation. He provides a tender critique of early letter-writing manuals and analyzes celebrated correspondence from Erasmus to Princess Diana. He also considers the role that letters have played as a literary device from Shakespeare to the epistolary novel, all the rage in the eighteenth century and alive and well today with bestsellers like *The Guernsey Literary and Potato Peel Pie Society*. At a time when the decline of letter writing appears to be irreversible, Garfield is the perfect candidate to inspire bibliophiles to put pen to paper and create “a form of expression, emotion, and tactile delight we may clasp to our heart.”

The Lost Love Letter Jan 02 2022 I lost the love of my life ten years ago when she decided to go off to college when we were twenty-one. She said she'd write and call me all the time. My mistake for believing she would. I have loved Sorrow Rosenbush since I first laid eyes on her when we were just ten-years-old. My life hasn't been the same ever since she took off. I couldn't handle living in the small town of Colegrove without her, so I left. I haven't been back ever since. That all changed when I received a call from my mother about my father's health. I jumped on my bike for the two-day drive and raced back to Colegrove without a second thought. I wasn't the only one to return home. Avoiding her is nearly impossible. No matter how much I try to keep my feelings buried, I still love Sorrow. She still owns my heart.
