Pwr Notes & Forms Fin Acct May 30 2020 The primary goal of this text is to teach students to understand a company's financial statement information. The book's unique organization introduces students to how a business uses accounting information and then focuses on the activities of the firm. This engages students in the type of financing, investing and operating decisions that a firm

has to make. This approach is especially ideal for students who will become users of accounting information because concepts, not procedures, are emphasized.
