*The best American English learner's dictionary is better than ever, with new words and new features. Based on the world's largest corpus of written and spoken American English, it includes up-to-date vocabulary ("blog," "podcast," "wiki"), usage notes that help learners avoid common mistakes, frequency information that identifies the words learners need to know, easy-to-understand definitions, and full-sentence examples that show how English is really used. The new fifth edition of the Collins COBUILD Advanced Learner's English Dictionary offers up-to-date coverage of today's English in a clear, attractive format. The increasing popularity of the study of Persian (also known as Farsi, Tajiki or Dari) in the English speaking world, has created a need for a bi-directional Persian-English dictionary geared towards English speakers who are learning Persian. The features of the Persian-English / English-Persian Learner's Dictionary which make it unique are: **BI-DIRECTIONAL:** This is the first and only Persian-English/English-Persian dictionary in one volume which features both Persian and transliteration. **ALPHABET:** The alphabet used in Persian is completely different from the English. This can be a major barrier in the early stages of learning the language. This dictionary provides a simple transliteration of the Persian word along with its equivalent in the Persian alphabet. **ALPHABETICAL ORDER:** In this dictionary, the alphabetical order in the Persian-English section is based on the English spelling. This makes it easy for the user who is not familiar with the Persian alphabet to find a word. **CORRECT USE OF WORDS:** This dictionary gives synonyms in various contexts allowing the student to easily choose the correct meaning. **ENTRIES:** Approximately 18,000 entries covering both day-to-day and more specialized vocabulary. The Audience for this dictionary is: English speaking students of Persian. English speakers who are seeking to communicate with Persian speakers. Children of Iranians, Afghans and Tajiks outside their homeland who wish to learn their mother language. Persian speakers who wish to learn English. This new edition of the Oxford Student's Dictionary is fully revised, with new curriculum vocabulary and up-to-date meanings. This is a comprehensive dictionary for students aged 14+ who need clear and straightforward definitions for vocabulary that they encounter at school and when preparing for exams. It includes subject specific language as well as everyday words and phrases. The new supplement gives spelling, punctuation and grammar tips for exam success, how to interpret exam command words and tips on what you can do to make a difference when checking through the exam paper. Contains definitions of 100,000 words and*

phrases for advanced learners of English, and includes pronunciation guides, as well as over 160,000 example sentences. The 3rd edition of the Collins COBUILD American Learner's Dictionary is packed with features for intermediate-level students who want to build their vocabulary and increase their fluency in English. It is particularly suitable for students who are studying at English-medium schools. The dictionary is ideal for intermediate-level learners of American English. With full-sentence definitions written in simple, natural English, this dictionary is easy to use and understand. The examples, taken from the 4.5-billion-word Collins Corpus, show learners how the words are really used in authentic contexts. This dictionary covers all the essential words, phrases, and idioms that students at this level need to master in order to speak and write effective American English. It also includes a wide range of curriculum terms for students whose first language is not English, but who are studying other subjects at school through the medium of English. A wide range of vocabulary-building features, many of them with full-colour illustrations, encourage students to learn new words and improve their fluency. The dictionary also includes a Visual Thesaurus, which provides alternatives to the 50 most over-used words in English; an Activity Guide, which helps students learn dictionary skills; a Grammar reference which explains key points in English grammar; a Writer's Handbook, which provides guidance on spelling, punctuation, letter-writing and CVs; and a Speaker's Handbook, which includes advice on the best set phrases to use in key situations. The Collins COBUILD American Learner's Dictionary contains invaluable guidance on the English language and is the complete reference tool for learners of English. Over 17,000 synonyms and opposites are explained Alphabetical and topic index make it easy to find the word you are looking for 16 study pages focus on different topics with exam-style exercises Unique topic maps bring together subject-related vocabulary 9-page Trainer helps users make the best use of the Thesaurus CD-ROM with complete Thesaurus and over 250 practice games and activities My World Learner's Dictionary es un diccionario de inglés, especialmente pensado para estudiantes españoles de inglés de nivel elemental o intermedio. Su enfoque CLIL garantiza que todos los términos de las asignaturas de inglés están incluidos en el diccionario, con el objetivo de que las dudas léxicas que le surgen al estudiante en estas asignaturas las pueda resolver fácilmente con su diccionario. Además, se incluyen 60 páginas de ilustraciones temáticas, especialmente diseñadas para ayudar a aprender el vocabulario de forma significativa y contextualizada y reforzar los conceptos y vocabulario clave que estudian en sus libros de texto. The Oxford Learner's Dictionary of Academic English helps students learn the words and phrases used in academic writing, and how to use them in their own academic written work. With Oxford Academic iWriter on CD-ROM. The Workbook helps students get the most out of the Dictionary. Designed to help advance students master spoken and written English as it is actually used, this groundbreaking new dictionary provides in-depth and up-to-date coverage of basic English vocabulary, grammar, and usage. Outstanding features include nearly 100,000 words and phrases, more than 160,000 usage examples, more than 22,000 idioms, verbal collocations, and commonly used phrases, and more than 1,000 original drawings--including 16 pages of full color art. Abundant supplemental information includes 25 pages of grammar. The Beginning Learner's Russian Dictionary is designed for beginning learners of the Russian language, including those who are going to take the Test of Russian as a Foreign Language (TORFL) at the elementary (A1) level. Bonus: Free audio tracks available to download and stream from [www.lingualism.com/blrd](http://www.lingualism.com/blrd). The dictionary is based on the official Lexical Minimum for the standardized test, which was developed by the Russian Ministry of Education and Science and includes 780 items that learners are expected to know at the A1 level. To these, the names of countries, common Russian personal names, and grammatical terms have been added, bringing the total number of headwords in the dictionary to just over 1,000. Whether or not you plan to take the TORFL test, this selection of vocabulary will provide a solid base upon which to build your competency in Russian. This dictionary offers many advantages for beginning learners over other Russian-English dictionaries. It offers a reader-friendly, uncluttered layout. Only senses appropriate to the A1 level appear in the entries. Grammatical information is presented clearly in tables along with invaluable usage notes. Example sentences contain only A1-level vocabulary. Beginning learners may find other dictionaries overwhelming, as entries contain multiple senses, many of which are uncommon and make it difficult to determine which sense is intended. Such dictionaries present limited grammatical information, often in abbreviated form, under the assumption that the reader is proficient in Russian grammar. Likewise, example sentences may contain too many higher-level vocabulary words to be of use to beginning learners. An English-

*Russian index makes it easy to locate the Russian word you need and learn more about it pronunciation, grammar, and usage. The Beginning Learner's Russian Dictionary is meant to be more than a reference in which to look up unknown words. It is a study tool to expand your lexicon and build a solid base in both vocabulary and grammar. You are encouraged to read through entry after entry, studying the structure of the example sentences, noticing the inflections of nouns, adjectives, and verbs, and practicing your listening skills and pronunciation while listening to the accompanying audio tracks. &"Oxford student&'s dictionary&" è stato elaborato a partire da un corpus che offre le parole necessarie alla preparazione di studenti che studiano con il CLIL e a livello universitario. Il CD-ROM contiene il dizionario completo, consultabile dalla A alla Z e per argomenti. Gli studenti possono crearsi i propri glossari tematici nella sezione &"My topics dictionary&".*

*"Specially designed to meet the needs of ESL students ... [covers] American English ..."--Back of dust jacket. This dictionary lists Russian words in order of importance, starting with the most common and finishing with words that occur about 8 times in a million. A knowledge of most or all of these words is regarded as competent for most purposes. The world's best-selling advanced learner's dictionary, now with Oxford iSpeaker to develop the skills students need for passing exams and communicating in English. The Oxford Advanced Learner's Dictionary, or OALD, is recommended by teachers and students because it defines words in language students understand, gives useful example sentences, and includes the tools learners need to succeed in English. It has over 100 million users worldwide and is the world's best-selling advanced learner's dictionary. The new 9th edition with Oxford iSpeaker and Oxford iWriter make OALD the ultimate speaking and writing tool. A fully updated edition of the best-selling Cambridge Advanced Learner's Dictionary. This paperback edition is ideal for advanced (C1-C2) learners of English and contains up-to-date vocabulary, including words from the areas of technology, media, language, society, and lifestyle, plus important words for academic study. With over 140,000 words, phrases, meanings, and examples, hundreds of pictures and illustrations, clear definitions and a new 'Focus on Writing' section, the dictionary is perfect as a reference tool and as a study companion. Informed by the Cambridge International Corpus and correlated to English Vocabulary Profile, it is also ideal for exam preparation. A version of this dictionary with CD-ROM is available to purchase separately. An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students. The fifth edition of the Collins COBUILD Learner's Dictionary has been revised and updated to include detailed coverage of today's English in a clear, attractive format. This is the first history of dictionaries of English for foreign learners from their origins in Japan and East Asia in the 1920s, to the computerized compilations of the present. Monolingual dictionaries for foreign speakers were a revolutionary development at their outset, and now represent a coming-together of intellectual, technological, and commercial forces almost unequalled in book publishing. As the author shows, the early history of EFL dictionaries was research-driven, arising directly from research in linguistic theory and language pedagogy; now it is user-driven, determined by what users require or are thought to require. The pioneering dictionaries were the work of individuals. Current dictionaries are the products of huge databases manipulated by sophisticated processing, as publishers strive to share an immense and ever growing global market. The book has both a thematic and a chronological structure. Three chapters describe the historical sequence over a period of some sixty years. These alternate with chapters dealing with phraseology, computers and corpus linguistics, and research into dictionary users and uses -- three subjects central to the development of ELT dictionaries over the last thirty years. Anthony Cowie examines the way in which availability of massive computing power has transformed the recording and analysis of current speech, and shows how the growth of research into the users and uses of dictionaries has led to developments both in ELT lexicography and method. This readable and non-technical account is directed at professionals in applied linguistics and English language teaching, and at lexicographers, but it will fascinate everyone concerned with the analysis of English and faced with the challenge of recording the subtleties of its grammar and meaning. The Cambridge Advanced Learner's Dictionary gives the vital support which advanced students need, especially with the essential skills: reading, writing, listening and speaking. In the book: \* 170,000 words, phrases and examples \* New words: so your English stays up-to-date \* Colour headwords: so you can find the word you are looking for quickly \* Idiom Finder \* 200 'Common Learner Error' notes show how to avoid common mistakes \* 25,000 collocations show the way words work together \* Colour pictures: 16 full page colour pictures On the CD-ROM: \* Sound: recordings in British and American English, plus practice tools to help*

*improve pronunciation \* UNIQUE! Smart Thesaurus helps you choose the right word \* QUICKfind looks up words for you while you are working or reading on screen \* UNIQUE! SUPERwrite gives on screen help with grammar, spelling and collocation when you are writing \* Hundreds of interactive exercises A consistent best-seller, the wide-ranging and authoritative Dictionary of Sociology was first published in 1994 and contains more than 2,500 entries on the terminology, methods, concepts, and thinkers in the field, as well as from the related fields of psychology, economics, anthropology, philosophy, and political science. For this fourth edition, Professor John Scott has conducted a thorough review of all entries to ensure that they are concise, focused, and up to date. Revisions reflect current intellectual debates and social conditions, particularly in relation to global and multi-cultural issues. New entries cover relevant contemporary concepts, such as climate change, social media, terrorism, and intersectionality, as well as key living sociologists. This Dictionary is both an invaluable introduction to sociology for beginners, and an essential source of reference for more advanced students and teachers. This title presents an in-depth treatment of over 22,000 words, phrases and meanings. Informed by the 85-million-word Oxford Corpus of academic English, which includes a broad range of textbooks and academic journals from 26 different disciplines within the subject areas of humanities, social sciences, life sciences and physical sciences. Corpus-based examples show words in genuine academic contexts and help students use words correctly. The new Collins COBUILD Learner's Dictionary of American English is a corpus-based dictionary for low to high-intermediate learners of English, and includes content-area and academic vocabulary. Also included are a Brief Speaker's Handbook, Brief Writer's Handbook, and Brief Grammar, making this dictionary the perfect, all-in-one language tool. 42,000 words, phrases, and meanings with Academic Word List words and content area vocabulary in math, science, social studies marked 3,000 keyword entries marked, showing the most important words to know in English (the Oxford 3000™) 45 Reference pages including a 16-page Oxford Writing Tutor, information on punctuation, irregular verbs, geographical names, and more 650 colour illustrations make it easy to learn related vocabulary Note boxes with extra help throughout the dictionary - thesaurus, topic collocations, Academic Word List collocations, word-building The Oxford iWriter on the CD-ROM shows students how to plan, write and check their written work. Until now, learner lexicography has been based more on lexicographic principles than on empirical knowledge of user needs. This book outlines some investigations into the use of dictionaries by intermediate learners. Research was aimed at identifying problems encountered by learners during dictionary consultation, as well as factors that help or prevent the understanding of dictionary definitions. The results show that actual user needs and reference skills do not coincide with lexicographers' assumptions, and have led to a number of specific lexicographic and pedagogical recommendations. 32-page Oxford Writing Tutor. 1,000 new words and meanings. 64-page Visual Vocabulary Builder. Oxford 3000™plus - the most important words to know in English and the most important meanings of those words. Topic Collocation notes and synonym information. Academic Word List words marked. "A critically acclaimed guide to English usage. Includes more than 2,300 entries presenting the history, analysis, and recommendations regarding noted usage controversies. Entries are illustrated with more than 20,000 quotations from prominent writers." Specifically designed for learners of Modern Standard Arabic, the Lingualism Arabic Learner's Dictionary presents the language as it is actually used by Arabs today. The dictionary includes recent additions to Modern Standard Arabic, as well as foreign borrowings. The vocabulary covered in the dictionary has been taken from a variety of sources to include words and phrases likely to appear in learners' course books, as well as modern literature and the media, for a total of over 17,000 Arabic words and phrases. One of the significant advantages of this dictionary is its user-friendliness. Although entries are arranged according to their roots, which can prove challenging for learners, various aids and strategies are presented to assist in finding the sought entry efficiently, including an alphabetical index of hard-to-find roots and a table on the back cover to assist in pinpointing a root's page number quickly. A wealth of information related to the headword is included: plural and relative forms, conjugations, grammatical structures, compound nouns, common phrases, idioms, and proverbs, as well as example sentences when required to make the usage or meaning clear. Dozens of photos illustrate cultural and religious concepts. The dictionary also contains geographical information, including maps for each Arabic-*

speaking country, as well as entries for most countries, their capitals, and large cities throughout the world. Verb entries contain table references, which can be found in the dictionary's companion book *Modern Standard Arabic Verbs Conjugation Tables*. Offers more than fifty-four thousand words and phrases defined and explained, and includes over seventy-eight thousand example sentences and phrases. The ultimate authority on the usage and meaning of English words and phrases, unparalleled in its accuracy and comprehensiveness, the *Oxford English Dictionary* is the supreme reference work for anyone who loves the language. Key features: \* Integrates the material from the original OED and the Supplement into one alphabetical sequence \* Includes over 5,000 new words and meanings \* Completely redesigned and reset to enhance readability \* Replaces James Murray's pronunciation system with the International Phonetic Alphabet \* Treats over a half-million words, illustrating definitions with over 2.4 million quotations Version 2.0 of *The Oxford English Dictionary (Second Edition)* on Compact Disc makes it easy to fully explore the resources of the most authoritative dictionary of the English language.
