White Cottage, White House examines how Classical Hollywood cinema developed and deployed Irish American masculinities to negotiate, consolidate, and reinforce hegemonic whiteness in midcentury America. Largely confined to discriminatory stereotypes during the silent era, Irish American male characters emerge as a favored identity with the introduction of sound, positioned in a variety of roles as mediators between the marginal and mainstream. The book argues that such

characters function to express hegemonic whiteness as ethnicity, a socio-racial framing that kept immigrant origins and normative American values in productive tension. It traces key Irish American male types—the gangster, the priest, the cop, the sports hero, and the returning immigrant—who navigated these tensions in maintenance of an ethnic whiteness that was nonetheless "at home" in America, transforming from James Cagney's "public enemy" to John Wayne's "quiet man" in the process. Whether as figures of Depression-era social disruption, avatars of presidential patriarchy and national manhood, or allegories of postwar white flight and the nuclear family, Irish American masculinities occupied a distinctive and unrivaled visibility and role in popular American film.

Waypoints Along the Book Mountains is an historical glimpse of the Little Book Cliff range in western Colorado extending to Utah as the Book Cliffs. People living along this range enjoy watching the sun cast the alpenglow on the cliffs as the sun sets. Ute people, ranchers, settlers even hermits have occupied the cedar, pinion and oak brush-covered slopes. Old and new coal mines dot the mountain from Palisade to Price . The

Ute people leaving Colorado at the time of the Meeker Massacre used most of the state for hunting. They also used the numerous hot springs in the mountains for medicinal purposes. Forced to go to the reservation in Utah they are now trying to bridge the gaps with pow-wows at Meeker and Montrose.

Traveling to other reservations for the Bear Dance. If you're seriously interested in taking Borland's 32-bit visual development environment to its extremes and beyond, then KickAss Delphi Programming is your guide.

JAMAICA-1,600 murders a year-200 gangs in activity-the third most dangerous country in the world in 2012! Crime down there is closely linked to political corruption, that's why it is so hard to fight it. The author was granted the rare authorization to follow some police patrols in the most volatile areas; he also met several gang leaders (Dons), including one who was murdered a few weeks later, and he gives a dreadful insight into the Jamaican society at large. Thibault Ehrengardt is the former chief editor of Natty Dread Magazine, and

the current head of DREAD Editions; he's written several books about Jamaica. www.jamaica-insula.com This book presents a rethink on the significance of Thai Buddhism in an increasingly complex and changing post-modern urban context, especially following the financial crisis of 1997. Defining the cultural nature of Thai 'urbanity'; the implications for local/global flows, interactions and emergent social formations, James Taylor opens up new possibilities in understanding the specificities of everyday urban life as this relates to perceptions, conceptions and lived experiences of religiosity. Changes in the centre are also reverberating in the remaining forests and the monastic tradition of forest-dwelling which has sourced most of the nation's modern saints. The text is based on ethnography taking into account the rich variety of everyday practices in a *mélange* of the religious. In Thailand, Buddhism is so intimately interconnected with national identity and social, economic and ethno-political concerns as to be inseparable. Taylor argues here that in recent years there has been a marked reformulation of important conventional cosmologies through new and challenging Buddhist ideas and

practices. These influences and changes are as much located outside as inside the Buddhist temples/monasteries. "[A] remarkably absorbing, supremely entertaining joint biography" (The New York Times) from bestselling author Scott Eyman about the remarkable friendship of Henry Fonda and James Stewart, two Hollywood legends who maintained a close relationship that endured all of life's twists and turns. Henry Fonda and James Stewart were two of the biggest stars in Hollywood for forty years, but they became friends when they were unknown. They roomed together as stage actors in New York, and when they began making films in Hollywood, they were roommates again. Between them they made such classic films as *The Grapes of Wrath*, *Mister Roberts*, *Twelve Angry Men*, and *On Golden Pond*; and *Mr. Smith Goes to Washington*, *The Philadelphia Story*, *It's a Wonderful Life*, *Vertigo*, and *Rear Window*. They got along famously, with a shared interest in elaborate practical jokes

and model airplanes, among other things. But their friendship also endured despite their differences: Fonda was a liberal Democrat, Stewart a conservative Republican. Fonda was a ladies' man who was married five times; Stewart remained married to the same woman for forty-five years. Both men volunteered during World War II and were decorated for their service. When Stewart returned home, still unmarried, he once again moved in with Fonda, his wife, and his two children, Jane and Peter, who knew him as Uncle Jimmy. For his "breezy, entertaining" (Publishers Weekly) Hank and Jim, biographer and film historian Scott Eyman spoke with Fonda's widow and children as well as three of Stewart's children, plus actors and directors who had worked with the men—in addition to doing extensive archival research to get the full details of their time together. This is not just another Hollywood story, but "a fascinating...richly documented biography" (Kirkus Reviews, starred review) of an extraordinary friendship that lasted through war, marriages, children, careers, and everything else. (Book). Ampeg: The Story Behind the Sound tells the tale of this extraordinary company on its 50th anniversary, weaving

together the American success story of the company founder, the role of key inventors and inventions, and the development of innovative music equipment products all against the backgrounds of American pop music and corporate competition in the music industry. Many Ampeg endorsees are profiled, including: Johnny Smith, James Jamerson, Donald "Duck" Dunn, Gary Karr, Victor Wooten, Bill Wyman, Jason Newsted, Michael Anthony and more. The result provides something of interest to musicians, collectors, and those who lived part of the history. Includes more than 200 photos and a color section. Written by Kylix experts and respected software developers, this book provides readers with accurate, understandable, easy to use, and dependable programming approaches and solutions. This book is ideal for experienced Delphi programmers expanding to the Linux operating system. Its director, who went on to direct the likes of John Wayne, James Cagney, and Gary Cooper, later earned an Oscar for writing one of Hollywood's most loved (and often remade)

films, *A Star is Born*. In this first-ever biography, the director's son, William Wellman Jr., reveals the war hero, family man, occasional prankster, and underestimated visionary who changed Hollywood forever." The Korean experience changed the way Americans viewed war. The lack of a clear-cut victory inspired filmmakers to try to make sense of fighting another country's civil war and risking American lives for an unpopular cause. This filmography details more than 90 English-language films. Each entry includes complete cast and credit listings, a plot synopsis, evaluation, review snippets, and notice of video availability. This book places each film in its historical context, assesses the essential truthfulness of each film and evaluates its entertainment value, and discusses how—and why—Korean War films differ from other Hollywood war genres. Four appendices list the films by chronology; production company and studio; level of historical accuracy; and subject and theme. Additional appendices list films with incidental references to the Korean War; documentaries on the Korean War; and South Korean films about the war. Photographs, a bibliography, and an index are included. 10

PORTRAITS to draw the one of the boiling island of JAMAICA over the centuries. From Henry Morgan the buccaneer to Bob Marley to Edward Seaga. Beware! Jamaica is no fairy tale country. Lives down there can be great, bad or ugly-this is naked life! But one good thing about reading, when it hits, you feel the pain. PORTRAITS of: BOB MARLEY-MARCUS GARVEY-YABBY YOU-LEWIS HUTCHINSON (first serial killer)-TREVOR WILSON (Johnny Too Bad)-RYGHIN' (The Harder They Come)-HENRY MORGAN-CLAUDIUS HENRY-EDWARD SEAGA-TACKY(the rebellious Coromantyn slave). Hollywood director King Vidor (1894-1982) was acknowledged as a master by movie showmen and cinema critics alike, but the range of his films made him impossible to pigeonhole. With *The Big Parade* (1925), he created the first modern war film and MGM's first major hit. *The Crowd* (1928) looked at "ordinary people" in city jungles. *Hallelujah* (1929) was the first all-black major-studio feature. To the Great Depression, Vidor responded with *Our Daily Bread* (1934), the politically intricate saga of a rural cooperative. Other Vidor films spoke directly to the moviegoing public: that three-handkerchief male weepie, *The Champ* (1931); and that key women's drama, *Stella*

Dallas (1937). His high-passion postwar melodramas, spurned by contemporary reviewers, have gained champions each year: the epic western *Duel in the Sun* (1946); Ayn Rand's ultra-right-wing *The Fountainhead* (1949); and the violent and morbid *Beyond the Forest* (1949) and *Ruby Gentry* (1952). This book is the first in-depth story of Vidor's half-century-long career, from his first attempts to rival Hollywood in his home state of Texas through the complex interplay of his independent spirit with "classic" Hollywood's rules about public taste. The title *King Vidor, American*, celebrates Vidor as a representative man, full of the conflicting generosity and ferocity in the national ethos: with his violent mixture of pioneering optimism and noir torments, of transcendentalism and puritanism, of spiritual verve and physical practicality, of liberal conscience and Social Darwinist savagery, of male dominance and female conciliation. Like Whitman, he contains multitudes. Never narrowly auteurist, this book is a wide ranging integration of film history, political thought, and popular culture.--Adapted from dust jacket. *Buggin' : A Brother's Tale*, focuses on Jerome Mitchell, a college

professor in Charlotte, NC, who finds himself one third of a triangle including Yolanda Walker and Bernard Fox; a triangle of narcissism, obsession and passion. Beginning with Jerome's divorce from his wife of 12 years, the story catapults he, Yolanda and Bernard toward a confrontation on the battlefield of love, longing and desire. Jerome struggles with understanding his place in a world he's been away from for over 12 years. Through trial and error, Jerome picks his way, never knowing how close he is to a war he can't win. Hollywood films about Asians and interracial sexuality are the focus of Gina Marchetti's provocative new work. While miscegenation might seem an unlikely theme for Hollywood, Marchetti shows how fantasy-dramas of interracial rape, lynching, tragic love, and model marriage are powerfully evident in American cinema. The author

begins with a discussion of D. W. Griffith's *Broken Blossoms*, then considers later films such as *Shanghai Express*, *Madame Butterfly*, and the recurring geisha movies. She also includes some fascinating "forgotten" films that have been overlooked by critics until now. Marchetti brings the theoretical perspective of recent writing on race, ethnicity, and gender to her analyses of film and television and argues persuasively that these media help to perpetuate social and racial inequality in America. Noting how social norms and taboos have been simultaneously set and broken by Hollywood filmmakers, she discusses the "orientalist" tensions underlying the construction of American cultural identity. Her book will be certain to interest readers in film, Asian, women's, and cultural studies. Poems and short prose. Contributors include Doug Blazek, Charles Bukowski, Don Cauble, Guy Davenport, Allen De Loach, George Dowden, Lawrence Ferlinghetti, Tom Kryss, James Laughlin, Denise Levertov, Robert Lowell, Walter Lowenfels, Michael McClure, Brown Miller, bp Nichol, Charles Olson, RJS, Gilbert Sorrentino, Kent Taylor, D.R. Wagner, William Wantling, Carl Weissner, Jonathan Williams, and D.A. Levy. From D.W.

Griffith's *Birth of a Nation* in 1915 to the recent *Get Out*, audiences and critics alike have responded to racism in motion pictures for more than a century. Whether subtle or blatant, racially biased images and narratives erase minorities, perpetuate stereotypes, and keep alive practices of discrimination and marginalization. Even in the 21st century, the American film industry is not "color blind," evidenced by films such as *Babel* (2006), *A Better Life*, (2011), and *12 Years a Slave* (2013). The *Encyclopedia of Racism in American Film* documents one facet of racism in the film industry, wherein historically underrepresented peoples are misrepresented—through a lack of roles for actors of color, stereotyping, negative associations, and an absence of rich, nuanced characters. Offering insights and analysis from over seventy scholars, critics, and activists, the volume highlights issues such as: Hollywood's diversity crisis White Savior films Magic Negro tropes The disconnect between screen images and lived realities of African Americans, Latinos, Native Americans, and Asians A companion to the ever-growing field of race studies, this volume opens up a

critical dialogue on an always timely issue. The Encyclopedia of Racism in American Film will appeal to scholars of cinema, race and ethnicity studies, and cultural history. From live productions of the 1950s like *Requiem for a Heavyweight* to big budget mini-series like *Band of Brothers*, long-form television programs have been helmed by some of the most creative and accomplished names in directing. *Encyclopedia of Television Film Directors* brings attention to the directors of these productions, citing every director of stand alone long-form television programs: made for TV movies, movie-length pilots, mini-series, and feature-length anthology programs, as well as drama, comedy, and musical specials of more than 60 minutes. Each of the nearly 2,000 entries provides a brief career sketch of the director, his or her notable works, awards, and a filmography. Many entries also provide brief discussions of key shows, movies, and other productions. Appendixes include Emmy Awards, DGA Awards, and other accolades, as well as a list of anthology programs. A much-needed reference that celebrates these often-neglected artists, *Encyclopedia of Television Film Directors* is an indispensable resource for anyone interested

in the history of the medium. Here is the simplest explanation ever of how to create your own Delphi custom VCL components. The text offers an early look at the groundbreaking new Delphi 32 product for Windows 95 and Windows NT, and gives detailed instructions for enabling drag-and-drop file actions from Windows File Manager to a Delphi program. Perhaps no other American city is so defined by an indigenous architectural style as Baltimore is by the rowhouse, whose brick facades march up and down the gentle hills of the city. Why did the rowhouse thrive in Baltimore? How did it escape destruction here, unlike in many other historic American cities? What were the forces that led to the citywide renovation of Baltimore's rowhouses? The Baltimore Rowhouse is the fascinating 200-year story of this building type. It chronicles the evolution of the rowhouse from its origins as speculative housing for immigrants, through its reclamation and renovation by young urban pioneers thanks to local government sponsorship, to its current occupation by a new cadre of wealthy professionals. The Baltimore Rowhouse was winner of the 2000 Maryland Historical Trust Heritage Book Award for outstanding books of

scholarly or general interest.
