The Piper family is steeped in secrets, lies, and unspoken truths. At the eye of the storm is one secret that threatens to shake their lives -- even destroy them. Set on stormy Cape Breton Island off Nova Scotia, *Fall on Your Knees* is an internationally acclaimed multigenerational saga that chronicles the lives of four unforgettable sisters. Theirs is a world filled with driving ambition, inescapable family bonds, and forbidden love. Compellingly written, by turns menacingly dark and hilariously funny, this is an epic tale of five generations of sin, guilt, and redemption.

"Ruth Charney gives teachers help on things that really matter. She wants children to learn how to care for themselves, their fellow students, their environment, and their work. "Teaching Children to Care offers educators a practical guide to one of the most effective social and emotional learning programs I know of. The Responsive Classroom approach creates an ideal environment for learning—a pioneering program every teacher should know about." - Daniel Goleman, Author of Emotional Intelligence "I spent one whole summer reading Teaching Children to Care. It was like a rebirth for me. This book helped direct my professional development. After reading it, I had a path to follow. I now look forward to rereading this book each August to refresh and reinforce my ability to effectively manage a social curriculum in my classroom." - Gail Zimmerman, second-grade teacher, Jackson Mann Elementary School, Boston, MA This book represents a high-water mark in our understanding of the history of the Kuki-Chin branch of Tibeto-Burman. Nearly 1400 reconstructed cognate sets are presented, at various taxonomic levels: Proto-Kuki-Chin, Proto-Central-Chin, Proto-Northern-Chin, and Proto-Maraic. Special attention is paid to the subgrouping of this highly ramified family, based on the patterns of shared phonological innovations which the various languages display.
