His relationship-killing "strategies" include not listening to one's significant other, keeping finances completely separate, watching porn and denigrating a spouse's family and friends. Once readers wade through the sarcasm, Page offers solid, commonsense relationship advice: make time for each other; trust each other; support, nurture and respect your significant other; and let the things that are important to him or her be important to you. INTERNATIONAL #1 BEST SELLING AUTHOR OF UPCOMING NOVEL, *THE MURDER RULE* “Compelling, unexpected twists and a hold-your breath standoff . . . Hand this one to readers of Tana French and to police-procedural fans.”
—Booklist It's been twenty years since Detective Cormac Reilly discovered the body of Hilaria Blake in her crumbling home. But he's never forgotten the two children she left behind... When Aisling Conroy's boyfriend Jack is found in the freezing black waters of the river Corrib in Ireland, the police tell her it was suicide. She throws herself into work, trying to forget—but Jack's sister Maude reappears in Ireland after years abroad,

determined to prove Jack was murdered. Meanwhile, Detective Cormac Reilly, who was recently transferred to Galway from his squad in Dublin, is assigned to dig into a cold case from twenty years ago—the seeming overdose of Jack and Maude's drug and alcohol addled mother. Other detectives are connecting Jack's death to his mother's, and pushing Reilly to arrest Maude, and fast. But instinct tells him something isn't quite what it seems... This unsettling small-town noir draws us deep into the dark heart of Ireland, where corruption, desperation, and crime run rife. A gritty look at trust and betrayal where the written law isn't the only one, *The Ruin* asks who will protect you when the authorities can't—or won't. What will you do as a parent if your fourteen-year-old comes home from school and says, “You and the teachers have been telling me Columbus discovered the Americas. You've lied to me because that isn't true. There are no such things as facts, and I decide the meaning of what is written in my textbooks. I'm the one who chooses the interpretation of any writing, including history and the stories of Columbus”? How are you going to answer, especially in light of what the *Encyclopaedia Britannica* states about Columbus? This book examines how historical Jesus scholar John Dominic Crossan has dismantled education, TV viewing (by application), and religious studies with his postmodern deconstruction of the text. His theme is “I formulate it here as I see it.” Texts and interpretations are out of the mind of Crossan. Using a hypothesis testing technique, the author challenges Crossan's perspective that Jesus's resurrection was an apparition and not a bodily resurrection. Even though he calls on others to “First, read the text,” that is not what he does. The philosophical crusher has found him out to be contradictory in his assessment of history in his autobiography and his own writings on the historical Jesus. In her unique guide, Jill Brooke reveals how to

cope with grief and turn this time of sadness into an opportunity for positive change and growth. Although they are no longer physically with us, we can keep our loved ones emotionally and spiritually close by incorporating their memories into our daily lives. As we draw comfort from their sustaining presence, we can have a positive impact on those around us. Recent research shows that the trauma of loss can stimulate creativity which leads to new opportunities for happiness and success. Katie Couric and Rosie O'Donnell are just a few people in this book who have coped with loss in unique and special ways. Including tips on how to preserve our memories, create lasting family histories, and reach out to others, *Don't Let Death Ruin Your Life* shows how the experience of grieving helps us to heal, learn, and grow. Filled with gentle guidance and practical advice, this indispensable handbook takes readers on a journey that will motivate, inspire, and transform their lives. "Should be on everyone's bookshelf . . . Charts a survival course with dignity and hope." (The New York Post) Anyone can write a book about how to get rich. The bookstores are full of them. They rarely work, though, which isn't surprising since the people who write them rarely know much about money. But it takes Ben Stein, economist, finance expert for Barron's, commentator on finance for Fox News, and (fairly) successful investor to write a book called *How to Ruin Your Financial Life*. This book is a humorous road map showing you how to make something useful of the money that comes in and out of your life. Follow the rules-in reverse gear-and you're bound to be a lot better off than you are now. Follow the rules as they're written-and you're highly likely to wind up in bankruptcy court-as million do every decade. Ruin is a thoroughly engrossing novel about a young couple's struggle back from financial catastrophe that so many of us dread. Having fled their urban life, they begin to build a new life together in a rural setting, far from former friends and colleagues—only to have it fall apart all over again in ways that could never be predicted. Frank Campbell, a thirty-something former founding owner of a high-flying New York City-based hedge fund, has gone bankrupt, losing not only all his own money but the entire inherited fortune of his artist wife, Francy. The couple take refuge in an abandoned Hudson Valley farm shared with a resident herd of congenial goats. Frank is deeply shaken by the life-changing loss that has so thoroughly ruined their life together. Frank tries to build a new microbrewery business on a shoestring but is haunted by the memory of passages from literature he revered as an undergraduate at Yale before jumping into finance. For Francy, her altered circumstances, after a lifetime of privilege, have galvanized her work as an artist and she distances herself from her struggling husband. In the midst of it all, Frank takes up fly fishing on the nearby river, aspiring to join the local fishing club. Tragedy ensues during a fishing contest, further framing Frank as a “loser loner” in life. Only when he turns to fly fishing in earnest, traveling the world in search of the ever more perfect and elusive trout (and one memorable carp), does he find his way

forward in “the yowling madness” of the world. ****FREE SAMPLER**** 'This book is a call to arms from the eye of the storm' - Emma Gannon, author of *The Multi Hyphen Method* Do you ever obsess about your body? In 1814 London, England, a lady is defined as a demure, delicate flower. Miss Francine Annesley is not that lady. If men were like plants, she would have a garden of admirers to choose from instead of the thorn in her side since childhood, Julian Beckwith. But she would make an even worse nun than she does a lady, which will be her fate if she can't dig up a husband before the Season ends. However, Julian is not an option. With only ten short days left in the Season, Francine doesn't have time to waste on petty squabbles or knee-weakening kisses, even if Julian's offer to fulfill her every wish rouses her curiosity. It seems men are more complicated than plants. Too bad love bloomed at the most inconvenient of times... Each book in the *Ladies of Passion* series is a standalone story that can be enjoyed out of order.
