Metropolitan Belgrade Nov 27 2022 Winner of the Mihajlo Misa Djordjevic Book Prize awarded by the North American Society for Serbian Studies Metropolitan Belgrade presents a sociocultural history of the city as an entertainment mecca during the 1920s and 1930s. It unearths the ordinary and extraordinary leisure activities that captured the attention of urban residents and considers the broader role of popular culture in interwar society. As the capital of the newly unified Yugoslavia, Belgrade became increasingly linked to transnational networks after World War I, as jazz, film, and cabaret streamed into the city from abroad during the early 1920s. Belgrade's middle class residents readily consumed foreign popular culture as a symbol of their participation in European metropolitan modernity. The pleasures they derived from entertainment, however, stood at odds with their civic duty of promoting highbrow culture and nurturing the Serbian nation within the Yugoslav state. Ultimately, middle-class Belgraders learned to reconcile their leisured indulgences by defining them as bourgeois refinement. But as they endowed foreign entertainment with higher cultural value, they marginalized Yugoslav performers and their lower-class patrons from urban life. Metropolitan Belgrade tells the story of the Europeanization of the capital's middle class and how it led to spatial segregation, cultural stratification, and the destruction of the Yugoslav entertainment industry during the interwar years.

My Alien King Oct 03 2020 Amelia Hatcher has been suffering from migraines and holes in her memory for as long as she can remember. Sometimes she'll fall asleep in the living room and then wake up in her bathtub with no recollection of how she got there at all. After years of this, she gets fed up and finally seeks out a doctor, one who tells her that she's probably not crazy and is definitely being visited by aliens. Mia's not pleased at the thought that she's being mocked by a healthcare professional who she came to for help, but it's much harder to doubt when she wakes up to find a strange man climbing through her window, and telling her that she needs to come with him right away. Of course, the fact that several definitely not human looking things make their appearance soon after does a lot to make her believe, too. She never asked to be singled out by a runaway king and his princely nephew, but she's about to be offered a stunning opportunity to change her life forever.

The Dragon's Mate Mar 20 2022 No one is quite sure who launched the app at first, but it is wildly successful. Human women are as fascinated with alien warriors as warriors are with human women. A system is set up so that they can match and meet, either on Earth or on neutral planets by mutual agreement. Aside from a few minor incidents (dates going poorly, some xenophobia, a couple of people/ aliens going missing), it's a hit. Anise, a young woman fresh out of college, gets signed up for the app by her meddling friends, and finds herself on a date with Silas, a dragon shifter warrior, who is unlike anyone she's ever met before. He's kind and thoughtful and considerate, and definitely the sort of person she could fall for. Too bad he's being hunted, and Anise is caught in the crossfire. Now Silas must protect himself and the woman he loves while hiding from his hunters. A seemingly impossible task....

Alien Rescue Feb 04 2021 Due to the circumstances of his life, Kitto is a criminal. He's a thief, a liar, and now a kin killer, which is the worst crime that can be committed by his people. As punishment, he's exiled and sent to Earth, stripped of his clan affiliations and told never to show his face again. After his shuttle crashes, he's found in the snow, hurt, half frozen, and confused and taken in by Aidan, a kind hearted young woman with a legendary soft spot for strays and the inability to leave him there to die. Kitto tells her his story, and she thinks he's just delusional or hurt worse than she'd assumed until creatures with horns show up and demand that Kitto give back a priceless jewel stolen from another planet. The only problem is that, unlike the other things he's been accused of, he didn't steal this jewel. That and the fact that the creatures kidnap Aidan with no intent to give her back until the jewel is returned. Can Kitto find out who took the jewel to get it back in time to save the woman who saved him and who he has come to care for?

Merge Sep 25 2022 "An argument for a novel binarity constraint on merge, preventing syntactic movement from relating more than two distinct positions at one time"--

Galen: Barbarian Mates Nov 03 2020 Alinsoth is, for all intents and purposes, a scrap yard. It's an abandoned moon, floating in the middle of space, where refuse and other discarded things seem to collect. It's also the base of the Amakari, barbarian people who use their weapons to speak for them and, occasionally, work as warriors for hire. They are a rough and tumble bunch, trying to keep out of sight of the Imperials, who rule most of the planets around them. It keeps them isolated, but this suits them fine. Galen, one of the barbarians, has no problems with his life. He likes the fighting, and he tries not to remember his life before he came to Alinsoth. He's brash and reckless and rude, which is perfect since he's also one of the best fighters they have. But when something crash lands on their little moon and it turns out to be a human woman who can't remember who she is or how she got there, Galen will find out that he has a softer side, once he learns to trust her, that is. He has no idea who she is or why she's so far from home, but the answers don't stay hidden for long. In fact, eventually they come calling in the form of a giant warship, and the Amakari way of life, along with the woman Galen has come to care for, are heavily threatened.

My Alien Warrior Dec 05 2020 Khaos has been fighting in the arena since he was old enough to hold a war axe and not hurt himself with it. He has risen through the ranks with a speed otherwise unheard of, and after winning enough consecutive battles to catch the eye of the leader of his kind, he is now the champion. But the fights aren't just to prove the skill and strength of one warrior over another or to provide entertainment for the people. The truth, Khaos comes to find out, is that his people are dying at an alarming rate. Infants, males, females, whatever is in their blood that has stricken them is killing them off faster than the Vekosh rebels. As champion Khaos proves that he's vital enough to be a savior to his people. To scour the galaxy and others for some hope of a cure. When his search takes him to earth, he meets Kayla Abernathy, a young doctor with a quick mind and not much of a life outside of her work. She's never studied anything like the plague wiping out Khaos' people, or Khaos himself even, but for some reason she can't say no to his request for help, or the romance blooming between them, even if it means getting caught up with the Vekosh who want to stop her from completing her cure at any cost.

Reformulation and Acquisition of Linguistic Complexity Oct 27 2022 *Reformulation and Acquisition of Linguistic Complexity* proposes a new answer to the question of the appropriation or acquisition of a mother tongue - a complex object, one that is both stable and perpetually evolving. This answer is based on the reformulating principle that children spontaneously apply; a principle that is illustrated here with children retelling the same story. These children are all 6, 8 or 10 years old and speak French, Italian, Croatian or Polish as a first language. This book demonstrates that the acquisition of any mother tongue is explained by the application of various reformulation procedures between source predications and reformulated predications. These procedures are comparable from one language to another, and different from one age group to another. This book also studies certain complex phenomena at the lexical and syntactical levels, and analyzes how children, depending on their age, treat these phenomena. Finally, we show that the acquisition of a mother tongue is a fundamentally linguistic activity.

Chosen by the Alien Jan 06 2021 Atlas has long watched his friends and fellow warriors find their mates. He's heard all about how it's supposedly the most magical thing that can happen, how you feel complete and happy and whole, and he's tried not to be bitter over the fact that he still hasn't found his mate. It hasn't been for lack of trying, either. With his skill on the battlefield, he's highly sought after by the females of his kind and other kinds as well, but there has never been that spark. When he's chosen to accompany the princess of their people to Earth, he thinks nothing of it. It'll be a good distraction from things that aren't going the way he wants them to, if anything. Certainly he doesn't anticipate any kind of foul plot afoot with consequences that reach far beyond their own kind. He definitely doesn't expect to meet Katlyn Pierce, bartender by night, student by day, with her sharp eyes and sharper tongue. By the end of his escort duty, Atlas is honestly not sure which is more surprising: that he's fighting his own people to save a planet he barely understands or that he's fairly sure he's found the other half of his soul. But the princess isn't above exploiting his newfound connection, and Atlas just might find himself fighting to save his mate as well as the rest of the world.

Judaizam od nastanka do moderne pravoslavne struje Jan 24 2020 Podrijetlo židovstva prema sadašnjem povijesnom pogledu, suprotno religioznom opisu opisanom u tekstu hebrejske Biblije, leži u brončanom dobu usred politeističkih drevnih semitskih religija, posebno razvijenih iz drevnog kanaanskog politeizma, koji je tada postojao s babilonskom religijom i sinkretiziranjem elemenata babilonskog vjerovanja u štovanje Jahve, što se odražava u ranim proročkim knjigama hebrejske Biblije. Moderni pravoslavni židovstvo (također moderno pravoslavno ili moderno pravoslavlje) pokret je unutar pravoslavnog židovstva koji pokušava sintetizirati židovske vrijednosti i poštivanje židovskog zakona sa sekularnim, modernim svijetom. Moderno se pravoslavlje oslanja na nekoliko učenja i filozofija i poprima različite oblike. U Sjedinjenim Državama, i općenito u zapadnom svijetu, prevladava centrističko pravoslavlje utemeljeno na filozofiji Tore Umadde (Tora i znanstveno znanje). U Izraelu modernim pravoslavljem dominira religijski cionizam; međutim, iako nisu identični, ovi pokreti dijele mnoge iste vrijednosti i mnoge iste pristaše.
