**Jacob's Ladder, Grade 5** Jan 21 2022 The Jacob's Ladder Reading Comprehension Program targets reading comprehension skills in high-ability learners by moving students through an inquiry process from basic understanding to critical analyses of texts, using a field-tested method developed by the Center for Gifted Education at William & Mary. Students in grade 5 will learn to comprehend and analyze any reading passage after completing the activities in Jacob's Ladder, Grade 5 (2nd ed., previously published as Level 3). Research conducted by the Center for Gifted Education with Title 1 students demonstrated that the Jacob's Ladder Reading Comprehension Program delivers results related to improved reading comprehension, increased critical thinking, and an enhanced interest in reading. Using skill ladders connected to short stories, poetry, essays, and nonfiction, students move from lower order, concrete thinking skills to higher order, critical thinking skills. The ladders include multiple skills necessary for academic success, covering language arts standards such as sequencing, determining cause and effect, classifying, inferencing, and recognizing main ideas. The second edition of the book builds off the previous Level 3 edition, including new readings and ladders for student use. This book provides teachers with an explanation of the nature of supplementary tasks that scaffold reading comprehension. Also included is an overview of the goals and objectives of the Jacob's Ladder tasks and suggestions for implementation, giving every teacher the tools needed to promote successful reading comprehension. Optional Student Workbook Packs In addition to this teacher's guide, companion student workbooks are available for Poetry, Short Stories, and Nonfiction and Essays/Speeches. The student workbooks feature ample room for student responses and notes, make reviewing and providing feedback on student work easier than ever, provide students with an easy-to-use reference to use during discussions, and save time, as there is no need to reproduce student handouts. Grade 5

**Math Expressions, Grade 5** Dec 28 2019 This research-based K-6 program is built to provide instruction on the Common Core Standards, and includes special emphasis on the Mathematical Practices and Learning Progressions at every grade level. Based on the NSF-funded Children's Math Worlds project and over 10 years of research, Math Expressions is proven to be effective in raising student achievement. Hands-on and inquiry driven, Math Expressions Common Core teaches students how to represent solutions and explain their answers. This approach helps develop problem-solving and reasoning skills. The strong emphasis in Math Expressions on representation and discussion opens up the world of mathematics to all learners. Every lesson includes intervention, on-level, and challenge differentiation to support classroom needs.--Publisher.

**Standards Based Grammar, Grade 5** Apr 04 2023 \* For volume pricing, go to CreateBetterWriters.com. Standards Based Grammar is a daily grammar program that systematically teaches your students every grammar skill required at the fifth grade level. The purpose of Standards Based Grammar is to give the students the spoken and written rules of the English language in an easy, step-by-step program. It seeks to teach, assess, and add to prior knowledge. Standards Based Grammar doesn't just ask students to identify grammar errors. They learn grammar rules and apply them immediately into their writing. Furthermore, it provides the teacher the exact knowledge of the strengths and weaknesses of each student and allows the teacher to communicate that information to the parents. Standards Based Grammar shows your students how to become grammar experts. Not only will they be able to understand each grammar rule, they will be able to articulate the logic behind each rule. Best of all, it's easy to teach and simple to administrate. The Student Edition does not contain tests or answer keys. For more information go to CreateBetterWriters.com
