A treasury of unusual weather tales reports such oddities as tornadoes that have plucked chickens of their feathers, lightning that has stripped victims of their clothing, and hailstorms that have ended or prevented wars. Original. A bid for freedom... The lush, misty island of Madeira seemed a perfect escape from an unwanted bridegroom for shy, bookish heiress Eliza Thoroughgood. Ambushed by desire... But barely

have they arrived when she and her frail young cousin Aubrey find themselves captive on the exotic vessel of Cyprian Dare—a man whose bold hands and even bolder mouth arouse a tiny, wicked part of Eliza. An exquisite revenge... Cyprian never forgave the man who abandoned his mother and made him a bastard. Now that man's heir, the boy Aubrey, will be his instrument of revenge—however furiously the beautiful Eliza guards him. Foiled by an ecstatic love... For Cyprian, it will be an easy matter to tame this lovely innocent in the sweet, dark seaswept night...until Eliza's passionate heart challenges him to a choice he could never have foreseen. In 1912, fearing for the safety of her beloved Newfoundland dog Sirius because of a new law outlawing non-shepherding dogs in her Newfoundland village, twelve-year-old Maggie tries to save him by keeping him hidden. Unnatural storms rage above the rugged frontier town of Pridon's Hearth far-flung Sargava's latest push to claim the lands jungle wilds.

Alongside the lashing rains and cascade of lightning comes a more terrestrial threat: lizardfolk. To survive, or even escape, the heroes must rally the entire community to weather the brutal press of the storm and establish themselves as local heroes before delving into unexplored jungle. Who built the strange ruins inland from the colony, and what significance do they hold to the lizardfolk that now prey upon Pridon's Hearth? Who are the mysterious Storm Kindlers? What role does the profiteering Aspis Consortium play in all this? And most importantly, who can the heroes trust as their investigations uncover dark truths about the secluded colony's past? *Ire of the Storm* is a deluxe adventure for 1st-level characters, and includes 64 action-packed pages of exciting battles, harrowing mysteries, and new monstrous foes, plus a gorgeous double-sided regional and miniatures-scale tactical map! "It is a day in the country, and everything is hot and still. Then the hazy sky begins to shift.

Something is astir, something soundless. The creator of the award-winning podcast series *The History of Rome and Revolutions* brings to life the bloody battles, political machinations, and human drama that set the stage for the fall of the Roman Republic. The Roman Republic was one of the most remarkable achievements in the history of civilization. Beginning as a small city-state in central Italy, Rome gradually expanded into a wider world filled with petty tyrants, barbarian chieftains, and despotic kings. Through the centuries, Rome's model of cooperative and participatory government remained remarkably durable and unmatched in the history of the ancient world. In 146 BC, Rome finally emerged as the strongest power in the Mediterranean. But the very success of the Republic proved to be its undoing. The republican system was unable to cope with the vast empire Rome now ruled: rising economic inequality disrupted traditional ways of life, endemic social and ethnic prejudice led to

clashes over citizenship and voting rights, and rampant corruption and ruthless ambition sparked violent political clashes that cracked the once indestructible foundations of the Republic. Chronicling the years 146-78 BC, *The Storm Before the Storm* dives headlong into the first generation to face this treacherous new political environment. Abandoning the ancient principles of their forbearers, men like Marius, Sulla, and the Gracchi brothers set dangerous new precedents that would start the Republic on the road to destruction and provide a stark warning about what can happen to a civilization that has lost its way. Your inner storms show you what's really going on inside, reveal what you really believe, and actually make you stronger. In this powerful book Walsh will help you see that by standing on God's words and promises, we can fight the chaos, redefine our failures as new beginnings, and create positive declarations of hope. Third in the 'Tales that Tell the Truth' series comes *The Storm that Stopped Based on*

the account of Jesus calming the storm from Mark chapter 4, this dramatic storybook will teach children about who Jesus really is, as they witness his power over nature. Stunningly illustrated by Catalina Echeverri, author and illustrator of several bestselling children's books as well as the first two storybooks from the 'Tales that Tell the Truth' series: The Christmas Promise and The One O'Clock Miracle. Written by Alison Mitchell, author of The Christmas Promise and several of our children's tracts. This book is perfect for children aged 3-6 years old and makes a beautiful gift. A tornado, a blizzard, a forest fire, and a hurricane are met, in turn, with resilience and awe in this depiction of nature's power and our own. In the face of our shifting climate, young children everywhere are finding themselves subject to unfamiliar and often frightening extreme weather. Beloved author Jane Yolen and her daughter Heidi Stemple address four distinct weather emergencies (a tornado, a blizzard, a forest fire,

and a hurricane) with warm family stories of finding the joy in preparedness and resilience. Their honest reassurance leaves readers with the message: nature is powerful, but you are powerful, too. Illustrated in rich environmental tones and featuring additional information about storms in the back, this book educates, comforts, and empowers young readers in stormy or sunny weather, and all the weather in between. Provides a study of the transition from slavery to freedom that was experienced by four million Black men and women. The life and death saga of one of history's greatest storm chasers: a tour-de-force tale of obsession, ingenuity, and the race to understand nature's fiercest phenomenon—the tornado. "An instant classic of Americana." —Hampton Sides "Many a novel is not written this memorably." —The Philadelphia Inquirer "Masterful. This is what man versus nature is all about." —Skip Hollandsworth "Hargrove is one today's great science writers." —The Washington Post At the turn of the twenty-

first century, the tornado was one of the last true mysteries of the modern world. It was a monster that ravaged the American heartland a thousand times each year, yet science's every effort to divine its inner workings had ended in failure. Researchers all but gave up, until the arrival of an outsider. In a field of PhDs, Tim Samaras didn't attend a day of college in his life. He chased storms with brilliant tools of his own invention and pushed closer to the tornado than anyone else ever dared. When he achieved what meteorologists had deemed impossible, it was as if he had snatched the fire of the gods. Yet even as he transformed the field, Samaras kept on pushing. As his ambitions grew, so did the risks. And when he finally met his match—in a faceoff against the largest tornado ever recorded—it upended everything he thought he knew. Brantley Hargrove delivers a masterful tale, chronicling the life of Tim Samaras in all its triumph and tragedy. He takes readers inside the thrill of the chase, the captivating science of

tornadoes, and the remarkable character of a man who walked the line between life and death in pursuit of knowledge. Following the tradition of *Into Thin Air* and *The Perfect Storm*, Hargrove's debut offers an unforgettable exploration of obsession and the extremes of the natural world. Seekers of the Wild Realm meets *My Diary from the Edge of the World* in this poignant and "action-packed" (School Library Journal) story of a lonely girl who befriends a kitten that might be much more—the first in a new series from author of *Mrs. Smith's Spy School for Girls*, Beth McMullen! Twelve-year-old Cassie King's father always told her the universe was on her side. All she had to do was work hard and things would go her way. But then Cassie's father died, her mom retreated into herself, and her best friend traded her in for the popular crowd at school. The only thing Cassie still has is the volunteer work she does at the local library, a place where she can leave her troubles behind. Unfortunately, classmate and

school outcast Joe Robinson is always there doing the same thing. One day, while Cassie and Joe are leaving the library, a bizarre storm hits, trapping them in a narrow alley. In the storm's aftermath, Cassie discovers a bedraggled little kitten abandoned in a smelly dumpster. Cassie feels an immediate connection to the kitten and takes him home. But the kitten—who Cassie names Albert—is a little odd, with impossible strength and agility for a creature his size. At one point, Cassie swears she sees plumes of smoke rising from his water bowl, and one afternoon, while Albert is alone in her room, a strange symbol appears on the closet door. With new friend Joe's help, Cassie figures out the symbol is a map. But a map to what? The friends soon discover that Albert is much more than he appears and is in grave danger. He needs Cassie's help in ways she never could have imagined. Keeping him safe is the first thing Cassie has believed in for a long time. But is she strong enough to face down a sinister enemy

moving ever closer and protect everything she loves? Archer Le Veq owes his life to the woman who rescued him from certain death at the height of the Civil War...a woman known only as "the Butterfly." Now, in the dark, waning days of Reconstruction, he needs the courageous and beautiful former spy...in more ways than before! Zahra Lafayette thinks her days of intrigue are far behind her, until she is asked to go on one more mission. Posing as an infamous madam in New Orleans, Zahra must gather information to ensure the safety of the South's freedmen. The last thing she expected was to see Archer Le Veq again. He is as arrogant as he is handsome, but there is something about this dusky and debonair hotelier that sends her senses singing. Zahra knows she will need to guard her secrets, but no peril awaiting her compares with the treachery of Zahra's own heart—for, Lord help her, she burns to taste the man and to lose herself in his powerful embrace. From internationally bestselling author and celebrated

actress Celia Imrie, an epic novel set against the backdrop of the sinking of the Titanic. Nice, France, 1911: After three years of marriage, Marcella Navratil has finally had enough. Her husband, Michael, an ambitious tailor, may have charmed her during their courtship, but their few years of marriage have revealed a cruel and controlling streak. The 21-year-old mother of two is determined to get a divorce. But while awaiting the Judges' decision on the custody of their children, Michael receives news that changes everything. Meanwhile fun-loving New York socialite Margaret Hays is touring Europe with some friends. Restless, she resolves to head home aboard the most celebrated steamer in the world. But as the ship sets sail for America, carrying two infants bearing false names, the paths of Marcella, Michael and Margaret cross and nothing will ever be the same again. Orphans of the Storm dives into the waters of the past to unearth a sweeping, epic tale of the sinking of the Titanic that radiates with

humanity and hums with life. She can't lose him again... One look at his warm brown eyes and Kate Jackson knows she's found her husband. It's been twenty years since Daniel went missing in a refinery explosion and was finally declared dead, but Kate never gave up hope, convinced he was somewhere out there, suffering from amnesia. Then, on a trip to Buckhorn, Montana, she sees him—working as a carpenter, scarred, but still her Danny. Yet Jon Harper, as he calls himself, insists he's a stranger. Jon is certain he's not the man Kate's looking for. Though some of his memories are lost in shadow, how could he ever forget a woman like that? One thing Jon's instinct does tell him is that she's in danger from the very person she should trust most. Helping loyal, lovely Kate will mean exposing his own perilous past...but it's the only way to protect her and this new chance at forever. Don't miss Before Buckhorn, the next title in B.J. Daniels Buckhorn, Montana series where small towns can house big secrets. A

Buckhorn, Montana Novel Book 1: Out of the Storm Book 2: From the Shadows Book 3: At the Crossroads Book 4: Before Buckhorn “An intense, immersive deep dive into a wild, dangerous, and unknown world, written with the pace and appeal of a great thriller. This is nonfiction at its very best.”—Lee Child The true story of two doomed ships and a daring search-and-rescue operation that shines a light on the elite Coast Guard swimmers trained for the most dangerous ocean missions In late September 2015, Hurricane Joaquin swept past the Bahamas and swallowed a pair of cargo vessels in its destructive path: El Faro, a 790-foot American behemoth with a crew of thirty-three, and the Minouche, a 230-foot freighter with a dozen sailors aboard. From the parallel stories of these ships and their final journeys, Tristram Korten weaves a remarkable tale of two veteran sea captains from very different worlds, the harrowing ordeals of their desperate crews, and the Coast Guard’s extraordinary battle against a

storm that defied prediction. When the Coast Guard received word from Captain Renelo Gelera that the Minouche was taking on water on the night of October 1, the servicemen on duty helicoptered through Joaquin to the sinking ship. Rescue swimmer Ben Cournia dropped into the sea—in the middle of a raging tropical cyclone, in the dark—and churned through the monstrous swells, loading survivors into a rescue basket dangling from the helicopter as its pilot struggled against the tempest. With pulsating narrative skill in the tradition of Sebastian Junger and Jon Krakauer, Korten recounts the heroic efforts by Cournia and his fellow guardsmen to haul the Minouche’s crew to safety. Tragically, things would not go as well for Captain Michael Davidson and El Faro. Despite exhaustive searching by her would-be rescuers, the loss of the vessel became the largest U.S. maritime disaster in decades. As Korten narrates the ships’ fates, with insights drawn from insider access to crew members,

Coast Guard teams, and their families, he delivers a moving and propulsive story of men in peril, the international brotherhood of mariners, and the breathtaking power of nature. Praise for *Into the Storm* “The story [Tristram] Kortzen tells is impressively multifaceted, exploring everything from timely issues such as climate change to timeless themes such as man’s struggle against the ocean’s fury.”—Miami New Times “*Into the Storm* is a triumph of reporting and you-are-there writing that becomes a deeper tale—with more implications about our own lives—with every chapter.”—Robert Kurson, New York Times bestselling author of *Shadow Divers* The New Yorker’s award-winning war correspondent returns to his own country to chronicle its accelerating civic breakdown, in an indelible eyewitness narrative of startling explanatory power After years of living abroad and covering the Global War on Terrorism, Luke Mogelson went home in early 2020 to report on the social discord that the pandemic was

bringing to the fore across the US. An assignment that began with right-wing militias in Michigan soon took him to an uprising for racial justice in Minneapolis, then to antifascist clashes in the streets of Portland, and ultimately to an attempted insurrection in Washington, D.C. His dispatches for *The New Yorker* revealed a larger story with ominous implications for America. They were only the beginning. This is the definitive eyewitness account of how—during a season of sickness, economic uncertainty, and violence—a large segment of Americans became convinced of the need to battle against dark forces plotting to take their country away from them. It builds month by month, through vivid depictions of events on the ground, from the onset of COVID-19 to the attack on the US Capitol—during which Mogelson followed the mob into the Senate chamber—and its aftermath. Bravely reported and beautifully written, *The Storm Is Here* is both a unique record of a pivotal moment in American history

and an urgent warning about those to come. The creator of the award-winning podcast series *The History of Rome and Revolutions* brings to life the bloody battles, political machinations, and human drama that set the stage for the fall of the Roman Republic. The Roman Republic was one of the most remarkable achievements in the history of civilization. Beginning as a small city-state in central Italy, Rome gradually expanded into a wider world filled with petty tyrants, barbarian chieftains, and despotic kings. Through the centuries, Rome's model of cooperative and participatory government remained remarkably durable and unmatched in the history of the ancient world. In 146 BC, Rome finally emerged as the strongest power in the Mediterranean. But the very success of the Republic proved to be its undoing. The republican system was unable to cope with the vast empire Rome now ruled: rising economic inequality disrupted traditional ways of life, endemic social and ethnic prejudice led to

clashes over citizenship and voting rights, and rampant corruption and ruthless ambition sparked violent political clashes that cracked the once indestructible foundations of the Republic. Chronicling the years 146-78 BC, *The Storm Before the Storm* dives headlong into the first generation to face this treacherous new political environment. Abandoning the ancient principles of their forbearers, men like Marius, Sulla, and the Gracchi brothers set dangerous new precedents that would start the Republic on the road to destruction and provide a stark warning about what can happen to a civilization that has lost its way. In the blockbuster bestselling tradition of *Heir to the Empire* comes this thrilling addition to the *Star Wars(r)* saga, as peace gives way to a new threat... It is a time of tranquillity for the New Republic. The remnants of the Empire now lie in complete disarray, and the reemergence of the Jedi Knights has brought power and prestige to the fledgling government on Coruscant. Yesterday's Rebels have become

today's administrators and diplomats, and the factions that fought against imperial tyranny seem united in savoring the fruits of peace. But the peace is short-lived. A restless Luke must journey to his mother's homeworld in a desperate and dangerous quest to find her people. An adventurous Lando must seize a mysterious spacecraft that has weapons of enormous destructive power and an unknown mission. And Leia, a living symbol of the New Republic's triumph, must face down a ruthless leader of the Duskhan League, an arrogant Yevetha who seems bent on a genocidal war that could shatter the fragile unity of the New Republic...and threaten its very survival. An account of the war on terror by a former CIA director traces the author's intelligence career, offers insight into the agency's inner workings, and discusses how America was both prepared and unprepared for the September 11 attacks. For fans of Maggie Stiefvater and Laini Taylor, a perfect storm lies ahead in this riveting fantasy

duology opener from award-winning author Elle Cosimano. One cold, crisp night, Jack Sommers was faced with a choice—live forever according to the ancient, magical rules of Gaia, or die. Jack chose to live, and in exchange, he became a Winter—an immortal physical embodiment of the season on Earth. Every year, he must hunt the Season who comes before him. Summer kills Spring. Autumn kills Summer. Winter kills Autumn. And Spring kills Winter. Jack and Fleur, a Winter and a Spring, fall for each other against all odds. To be together, they'll have to escape the cycle that's been forcing them apart. But their creator won't let them go without a fight. A follow-up to the best-selling *The Storm Whale*, winner of the 2014 inaugural Oscar's First Book Prize in association with the Evening Standard. It's winter time and Noi's island is covered in a blanket of snow. Even the sea is icing over. Noi is worried about the little whale he saved last summer: Can he survive the harsh conditions? Little does Noi know that it's the little whale's

turn to save him. A magical and touching story about a lasting friendship. A truly beautiful work packing a real emotional punch. 'At the heart of this emotionally charged story is the joy of a lasting friendship, tender and true' Fiona Noble for The Bookseller, Children's Book of the Month

Other books from the World of the Storm Whale: The Storm Whale Grandma Bird Also by Benji Davies: Grandad's Island On Sudden Hill, written by Linda Sarah When the Dragons Came, written by Naomi Kefford and Lynne Moore Jump on Board the Animal Train, written by Naomi Kefford and Lynne Moore "Seamlessly interweaves five love stories that, together, chronicle sixty years of Bangladeshi history. Shahryar, a recent PhD graduate and father of nine-year-old Anna, must leave the US when his visa expires. In their last remaining weeks together, we learn Shahryar's history, in a village on the Bay of Bengal, where a poor fisherman and his wife are preparing to face a storm of historic proportions. That story

intersects with those of a Japanese pilot, a British doctor stationed in Burma during World War II, and a privileged couple in Calcutta who leaves everything behind to move to East Pakistan following the Partition of India. Inspired by the 1970 Bhola cyclone, in which half a million-people perished overnight, the structure of this riveting novel mimics the storm itself. Building to a series of revelatory and moving climaxes, it shows the many ways in which families love, betray, honor, and sacrifice for one another. At once grounded in history and fantastically imaginative, The Storm explores the humanity that connects us beyond the surface differences of race, religion, and nationality. It is an epic novel in the tradition of Khaled Hosseini's The Kite Runner and Rohinton Mistry's A Fine Balance, by a singularly gifted and perceptive new writer.-- Continuing the story of the origins of the Clan and their discovery of how to travel through and draw upon the power of the M'hir, Riders of the Storm

focuses on Om'ray Aryl Sac, who is gifted with this forbidden Talent. Aryl and her companions have found a new home in the mountains, but before long, their haven becomes a magnet for conflict. While trying to rebuild the divided village of Sona, Aryl must also safeguard the secret of her Talent from other arriving Om'ray who seek to use her power. Aryl becomes Clan Speaker to negotiate the peace, but tensions escalate, blood is spilled, and her fate—as well as Sona's—hangs in the balance. In this haunting, suspenseful debut novel, John Mantooth takes readers to a town in rural Alabama where secrets are buried deep, reality is relative, and salvation requires a desperate act of faith. When Danny was fourteen, his mother and sister disappeared during a violent storm. The police were baffled. There were no clues, and most people figured they were dead. Only Danny still holds out hope that they'll return. Months later, a disheveled Vietnam vet named Walter Pike shows up at Danny's front door, claiming to

know their whereabouts. The story he tells is so incredible that Danny knows he shouldn't believe him. Others warn him about Walter Pike's dark past, his shameful flight from town years ago, and the suspicious timing of his return. But he's Danny's last hope, and Danny needs to believe... From debut author Nishita Parekh, a fresh take on the classic locked-room thriller, about a multigenerational Indian American family marooned in a house with a murderer during Hurricane Harvey Hurricane Harvey is about to hit Houston. Meanwhile, single mom Jia Shah is already having a rough week: her twelve-year-old son, Ishaan, has just been suspended from school for getting in a fight. Still reeling from the fallout of her divorce—their move to Houston, her family's disapproval, the struggle to make ends meet on her own—now Jia is worried about Ishaan's future, too. Will her solo parenting be enough? Doesn't a boy need a father? And now their apartment complex is under a mandatory

evacuation order. Jia's sister, Seema, has invited them to hunker down in her fancy house in Sugar Land, and despite Jia's misgivings—Seema's husband, Vipul, has been just a little too friendly with her lately—Jia concedes it's probably the best place to keep Ishaan safe during the hurricane. With Jia's philandering ex scrutinizing her every move, all too eager to snatch back custody of Ishaan, she can't afford to make a mistake. When Vipul's brother and his wife show up on Seema's doorstep, too, it's a recipe for disaster. Grandma, the family matriarch, has never been shy about playing favorites among her sons and their wives. As the storm escalates, tensions rise quickly, and soon someone's dead. Was it a horrible accident or is there a murderer in their midst? With no help available until the floodwaters recede in the morning, Jia must protect her son and identify the culprit before she goes down for a crime she didn't commit—or becomes the next victim. . . . \*One of

Bloomberg's Best Books of the Year\* The master geopolitical forecaster and New York Times bestselling author of *The Next 100 Years* focuses on the United States, predicting how the 2020s will bring dramatic upheaval and reshaping of American government, foreign policy, economics, and culture. In his riveting new book, noted forecaster and bestselling author George Friedman turns to the future of the United States. Examining the clear cycles through which the United States has developed, upheaved, matured, and solidified, Friedman breaks down the coming years and decades in thrilling detail. American history must be viewed in cycles—particularly, an eighty-year "institutional cycle" that has defined us (there are three such examples—the Revolutionary War/founding, the Civil War, and World War II), and a fifty-year "socio-economic cycle" that has seen the formation of the industrial classes, baby boomers, and the middle classes. These two major cycles are both converging on the late

2020s—a time in which many of these foundations will change. The United States will have to endure upheaval and possible conflict, but also, ultimately, increased strength, stability, and power in the world. Friedman's analysis is detailed and fascinating, and covers issues such as the size and scope of the federal government, the future of marriage and the social contract, shifts in corporate structures, and new cultural trends that will react to longer life expectancies. This new book is both provocative and entertaining. The second book in the critically acclaimed Obsidian and Blood trilogy: The year is Two House, and the Emperor of the Mexica has just died. The protections he afforded the Empire are crumbling, and the way lies wide open to the flesh-eating star-demons--and to the return of their creator, a malevolent goddess only held in check by the War God's power. The council should convene to choose a new Emperor, but they are too busy plotting against each other. And then someone starts summoning

star-demons within the palace, to kill councilmen... Acatl, High Priest of the Dead, must find the culprit before everything is torn apart. REVIEWS: 'Political intrigue and rivalry among a complex pantheon of divinities drive this well-paced murder mystery set at the height of the Aztec Empire in the late 15th century. De Bodard reintroduces the series hero Acatl, high priest of the dead, immediately following the death of the Tenochtitlan leader. One of the council members in charge of choosing a successor has been brutally murdered in what looks like an attempt to influence the decision. But the deaths continue and the political situation grows more complex, while the empire looks to be increasingly at risk of invasion by malignant powers. Acatl must go face-to-face with the most powerful god in his world and put the good of the empire above his antipathy for its rivals to achieve the uneasy succession. De Bodard incorporates historical fact with great ease and manages the rare feat of explaining

complex culture and political system without lecturing or boring the reader.’ —Publishers Weekly ‘Another thing that intrigues me here is the whole fact that historically we know that the real empire died out mysteriously and completely and as such there is always that thought in the back of my mind that the author could choose to bring about the end of days. That highlighted sense of possible doom is something that is missing from too many novels. The way the story is told in this book is very impressive, the plot is both mature and seductive, twisting and turning like a weather vane in a force 9 gale while the action is both bloodthirsty and imaginative. The world building is fantastic and we get to learn even more of this rich culture and the many gods and creatures of the dark. I really can’t fault this book at all and recommend it to one and all but if you haven’t yet read *Servant of the Underworld* I suggest that you get them both and read them in order, you won’t be disappointed.’ —SF Book Reviews

‘Bodard’s writing is polished and striking, as she convincingly fills in the colorful elements of the Aztec culture—even if those colors tend to be of blood and bile as well as flowers and hummingbirds... beautiful, grimy, breathtaking, and morbid. 5\*’ —Examiner ‘Alette de Bodard has done it again. *Harbinger of the Storm* is an action packed Aztec mystery opera with magic, interventions from the gods and more twists and turns than the first book. It even has a love story with amusing snippets here and there... The story is self contained and can be enjoyed standalone, but you will not want to miss out on the first. I wish it was 2012 already even if the world is going under while I read the final *Obsidian & Blood*.’ —Cybermage “A thrilling, fantastical adventure that introduces a beguiling new world . . . and then rips apart everything you think you know.” —S. A. Chakraborty, author of *The City of Brass* From city streets where secrets are bartered for gold to forests teeming with fabled beasts, a sweeping epic of forgotten

magic and violent conquests unfolds in this richly drawn fantasy inspired by the pre-colonial empires of West Africa. **IN THIS WORLD, THERE IS NO DESTINY BUT THE ONE YOU MAKE.** In the ancient city of Bassa, Danso is a clever scholar on the cusp of achieving greatness—except he doesn't want it. Instead, he prefers to chase forbidden stories about what lies outside the city walls. The Bassai elite claim there is nothing of interest. The city's immigrants are sworn to secrecy. But when Danso stumbles across a warrior wielding magic that shouldn't exist, he's put on a collision course with Bassa's darkest secrets. Drawn into the city's hidden history, he sets out on a journey beyond its borders. And the chaos left in the wake of his discovery threatens to destroy the empire. Praise for *Son of the Storm*: "A vibrant tale of betrayal, intrigue, and revolution." —Anthony Ryan, author of *The Pariah* "An original and fascinating epic fantasy full of bold characters, bloody action, and brutal

politics."—James Islington, author of *The Shadow of What Was Lost* "Set in a deftly crafted world of forbidden sorcery, magical beasts, and fractured polities, *Okungbowa* has created an original and fully conceived new world of fantasy teeming with brilliant possibilities and demanding to be explored!"—P. Djeli Clark, author of *A Master of Djinn* *The Nameless Republic* *Son of the Storm* When Weather Wizard unleashes the fury of his giant weather wand to extort money from the citizens of Central City, *The Flash* must outrun lightning to stop him. "An urban fantasy that could rival some of Holly Black's most imaginative and creepy fare" (BCCB). A year ago, Hurricane Josephine swept through Savannah, Georgia, leaving behind nothing but death and destruction—and taking the life of Dovey's best friend, Carly. Since that night, Dovey has been in a medicated haze, numb to everything around her. But recently she's started to believe she's seeing things that can't be real...including Carly

at their favorite café. Determined to learn the truth, Dovey stops taking her pills. And the world that opens up to her is unlike anything she could have imagined. As Dovey slips deeper into the shadowy corners of Savannah—where the dark and horrifying secrets lurk—she learns that the storm that destroyed her city and stole her friend was much more than a force of nature. And now the sinister beings truly responsible are out to finish what they started. A storm's rage. A woman's desire. A man with the power to set them both free. He can summon lightning at will. Emerge unscathed from the center of a tornado. Strip a woman down to her barest defenses through the sheer force of his sexuality. He's gorgeous, dangerous, and the target of parameteorologist Haley Holmes's latest mission. Haley has been dispatched to the Louisiana bayous to investigate the phenomenon known as Remy Begnaud—a man with a gift he never wanted: the ability to control a storm's fury. But even a woman trained in bizarre

weather phenomena has no defense against the electrifying power of the ex—Navy SEAL...a power his enemies would kill to control. With her agency monitoring their every move, Haley's job is to seduce Remy, gain his trust—and help him harness his extraordinary gift. But who will protect her from this voracious lover who's introducing her to a new world of erotic thrills—a man who grows increasingly insatiable with each new weather event? Haley knows a big storm is approaching—and with it will come unexpected delights. But so, too, will the storm unleash her greatest fears: an enemy bent on destroying Remy. And her worst fear of all—falling in love with this magnificent man, then having to betray him. Aaliyah saw her father Boogie-G killed on the park basketball courts. For a while, Aaliyah stopped talking, but after finding videos of her father rapping on stage, Aaliyah begins to rap. Two years later, she's at the top of her game on the basketball court and finding her rhythm with rap, until she

sees her father's killer again. Aaliyah considers joining her father's old gang to avenge his death, but what will it cost her? "A must-have for anyone interested in the subject, Robert Knox Sneden's *Eye of the Storm* is a permanent addition to Civil War literature and art, and a lasting achievement in human expression of the horrors of war."--BOOK JACKET. The first book in an exciting new series about Native American and European first contact by the Gears. In the not-too-distant future, huge tornadoes and monster storms have become a part of everyday life. Sent to spend the summer in the heart of storm country with her meteorological engineer father, Jaden Meggs is surprised at the strides her father's company StormSafe, has made with custom shelters that keep her family safe in even the worst of storms. At her exclusive summer science camp, *Eye On Tomorrow*, Jaden meets Alex, a boy whose passion for science matches hers. Together, they discover that her father's company is steering storms away from the

expensive neighborhoods and toward the organic farming communities that are in competition with his bio-engineered food company, NatureMade. Jaden must confront her father, but when she does, she uncovers a terrifying family secret and must call on both her scientific knowledge and her faith to save the people she loves most from one of her father's monster storms. A true story of men against the sea. In the bestselling tradition of *The Perfect Storm* and *The Finest Hours*, "an exquisitely written and dramatic book...a literary page-turner" (Doug Stanton, #1 New York Times bestselling author of *Horse Soldiers*)—the 2015 mysterious disappearance of the SS *El Faro*, a gigantic American cargo ship that sank in the Bermuda Triangle, taking with it thirty-three lives. On October 1, 2015, the SS *El Faro*, a massive American cargo ship disappeared in Hurricane Joaquin, a category 4 storm. The ship, its hundreds of shipping containers, and its entire crew plummeted to the bottom of the

ocean, three miles down. It was the greatest seagoing US merchant marine shipping disaster since World War II. The massive ship had a seasoned crew, state-of-the-art navigation equipment, and advance warning of the storm. It seemed incomprehensible that such a ship could sink so suddenly. How, in this day and age, could something like this happen? Relying on Coast Guard inquest hearings, as well as on numerous interviews, George Michelsen Foy brings us “the most insightful exploration of this unthinkable disaster” (Outside), a story that lasts only a few days, but which grows almost intolerably suspenseful as deep-rooted flaws leading to the disaster inexorably link together and worsen. We see captain, engineers, and crew fight for their lives, and hear their actual words (as recorded on the ship’s black box) while the hurricane relentlessly tightens its noose around the ship. We watch, minute by minute, all that is happening on board—the ship’s mysterious tilt to one side, worried calls to the engine room,

ship-to-shore reports, the courage of the men and women as they fight to survive, and the berserk ocean’s savage consumption of the massive hull. And through it all, the pain and ultimate resilience of the families of El Faro’s crew. Now with a new afterword, this “tour de force of nautical expertise” (Ocean Navigator) is a masterwork of stunning power.
