The Pulitzer Prize-winning epic of the Great Depression, a book that galvanized—and sometimes outraged—millions of readers. First published in 1939, Steinbeck's Pulitzer Prize-winning epic of the Great Depression chronicles the Dust Bowl migration of the 1930s and tells the story of one Oklahoma farm family, the Joads—driven from their homestead and forced to travel west to the promised land of California. Out of their trials and their repeated collisions against the

hard realities of an America divided into Haves and Have-Nots evolves a drama that is intensely human yet majestic in its scale and moral vision, elemental yet plainspoken, tragic but ultimately stirring in its human dignity. A portrait of the conflict between the powerful and the powerless, of one man's fierce reaction to injustice, and of one woman's stoical strength, the novel captures the horrors of the Great Depression and probes into the very nature of equality and justice in America. At once a naturalistic epic, captivity narrative, road novel, and transcendental gospel, Steinbeck's powerful landmark novel is perhaps the most American of American Classics. This Centennial edition, specially designed to commemorate one hundred years of Steinbeck, features french flaps and deckle-edged pages. Anne of Green Gables by Lucy Maud Montgomery This FULL COLOR book contains fifty differentiated art lessons for K-12 students, with extensions for advanced classes. Many include links within lessons that will connect to mini-video tutorials. Most explorations in his book can be done with different kinds of media. Don't have oil pastels? Use crayons, colored pencils, or just about any drawing media. Taking a drawing project and re-tooling it to be a painting lesson is often possible. Use what you have on hand. These are lessons I have developed over my thirty year art teaching career. I specifically chose these fifty, because the root of each can be simplified for younger students, and beefed up for the more advanced. This is also helpful while working in an integrated classroom where special needs students work alongside their peers. While a class works on a particular lesson, the simplified version can be used as well so that all can work on the same root concepts. These lessons appear in our other book "Extended Sub Plans For Art Teachers." However, this book is designed with the classroom art teacher in mind, so it does not include media tutorials needed for a sub. This book ends with critique worksheets, grading rubrics, classroom resources, and enough sub plans for 25 days of absences! Many additional free resources, videos, plans, and more can be found on the author's blog at Artedguru.com. Some people were born great, some genealogically inherited greatness, and some human beings right from the wombs had the predestinations of greatness upon their lives. But there are these peculiar sorts of humans who clambered the Ladder to Greatness by their own painstaking and indomitable efforts. This inspirational book, Ladder To Greatness, will titillate your mind, until you propel your way to the acme of Greatness! Book Excerpt: to be made and received, being pleasant or otherwise, according to whether callers and called-upon were heartily in sympathy with Anne's hopes, or thought she was too much puffed-up over going to college and that it was their duty to "take her down a peg or two." The A.V.I.S. gave a farewell party in honor of Anne and Gilbert one evening at the home of Josie Pye, choosing that place, partly because Mr. Pye's house was large and convenient, partly because it was strongly suspected that the Pye girls would have nothing to do with the affair if their offer of the house for

the party was not accepted. It was a very pleasant little time, for the Pye girls were gracious, and said and did nothing to mar the harmony of the occasion -- which was not according to their wont. Josie was unusually amiable -- so much so that she even remarked condescendingly to Anne, "Your new dress is rather becoming to you, Anne. Really, you look ALMOST PRETTY in it." "How kind of you to say so," responded Anne, wit Read More "Stuff Happens" and you need to be covered. If you are having a baby, on sabbatical, need to take an extended medical leave, or deal with a family crisis, you need plans for your substitute. An informal Facebook poll of art teachers show a few interesting facts:1. Most people take 3 months of leave or less.2. Only about HALF of the substitutes have an art background or certification.3. Those who took 1- 8 weeks were less likely to have an art certified substitute. 4. Those who took 4 months or more were more likely to have an art certified substitute.This FULL COLOR book is designed for up to a year of coverage by a non-art specialist with 50 lessons that span kindergarten through 12th grade. Links within lessons will connect with video tutorials. Certified instructors should be allowed more freedom within your classroom. Be clear about what materials you want to be used, and lock up anything you know is too expensive, messy, or special that you have set aside for lessons you have planned for your return.Many explorations in his book can be done with different kinds of media. As you review the projects, make notes, check what you wish to be used, and cross off items you do not. Using This Book: You may find it beneficial to cut the binding of this book, and put the pages through a hole puncher so everything can be added into a binder for your substitute. In the tradition of The Four Agreements and lifelong rabbinical student and scholar Jeffrey Katz reveals the essential wisdom of unconditional love and charity to our fellow man.
