The song *White Christmas* was first performed by Bing Crosby on Dec. 25, 1941, during the darkest days of WW2. Throughout the war, Bing's singing of a white Christmas, of snow-covered trees, of children, & of sleigh bells often brought tears to the eyes of soldiers far away from home. The movie *White Christmas* was first released in 1954, & even today it makes us think about what's really meaningful in life. A White Christmas in South Texas is a short story that takes place in the

North Pole, where the temperature is always cold, and South Texas, where the winters are very mild, and snow is rare. It is almost Christmas, and Santa has gone missing from the North Pole. The elves, with the help of Santa's reindeer, find him far from home in South Texas, but they have a dilemma. In an unexpected turn of events, Santa remembers who he is in time to deliver gifts to all the boys and girls, and the people in South Texas get a big surprise. One of the most well known holiday songs of all time, Irving Berlin's "White Christmas" depicts the dream of a perfect Christmas—one filled with snow. And in the hands of fantasy artist Michael Hague, it's also filled with snow fairies, reindeer, woodland creatures, sleigh rides, Santa Claus, and more. As you turn the pages and read the lyrics, you'll be swept away into a magical Christmas fairyland that is sure to make your holiday merry and bright. The classic Yuletide ballad that has been spreading Christmas spirit since the 1940s is made new again in this enchanting holiday picture book with illustrations as fresh and beautiful as a winter snowfall. Meldrick has not had the easiest year in the world. First, his husband left him for someone barely legal. Then he had to take over the management of the family farm in Chino Valley after his elderly parents were no longer able to tend to it. As if those life events were not taxing enough, his eight-year-old son's biggest wish for a gift from Santa Claus is to have a white Christmas-in Arizona. When Evan makes the wish, Meldrick knows he needs to find a way to make it true, knowing that the boy has suffered just as much as he has during the past year. The problem is that Arizona is in the middle of a drought, and the expectation is that there will not even be rain for the holidays, much less snow, but Meldrick

vows to find a way to make it happen, and he soon finds a partner in crime through his new ranch hand, Jesse. Together, Meldrick and Jesse vow to make the Christmas wish come true, even though they have no inkling how to change the weather. As they figure out a way to give Evan what he really wants, the pair find out that the desire for snow is not the only wish that needs fulfilling this holiday season. *An Off-White Christmas* features a dozen stories all set on or around Christmas, though with little to no clear religious emphasis. Instead, these stories explore life changes and choices and chaos in times of heightened drama, when family and friends and life partners merge to form cohesive units, happy or otherwise. The stories range from a gambling spree in Las Vegas to a caravan traveling to Baraboo; from a teepee hotel in Kentucky to a retro movie theatre in Arizona; from a jolly Santa lookalike to a frustrated Dickensian actor; from students to retirees. Christmas, in these stories, is a character as much as a setting—it acts upon and with plot to create tension, but each story is unique. It's hardly all sugar plums and pure white flakes, but always there's that hope. Just as the notion of a "white Christmas" evokes well worn traditions of the holiday, these dozen "un-white Christmas" stories introduce potential traditions that could expand and augment the Christmas spirit. Christmas is coming, and one little girl wants nothing more than a hippopotamus to play with and enjoy. But will Santa Claus and her parents make her Christmas wish come true? As shown in his best-selling titles *The Night Before Christmas* and *Here Comes Santa Claus*, no one can portray the holidays better than Bruce Whatley; and he does it again with *I Want a Hippopotamus For Christmas*. The song "I Want a Hippopotamus for Christmas"

was written in 1950 by John Rox and became a nationwide hit in 1953 when ten-year-old Oklahoma native Gayla Peevey sang the song as a way to raise money for the Oklahoma City Zoo's first hippopotamus. In December of that year the city received Matilda the hippo for Christmas. The Alcot family encounters many obstacles when they move to a small, rural Michigan community. An old Chippewa Indian named Okeemakeequid helps them renew their faith in the magic of Christmas. "Two talented song-and-dance men team up after the war to become one of the hottest acts in show business. One winter, they join forces with a sister act and trek to Vermont for a white Christmas ..." [box cover note]. In this second edition of *Orchestral "Pops" Music: A Handbook*, Lucy Manning brings forward to the present her remarkable compendium of information about this form of orchestral music. Since the appearance of the first edition in 2008, this work has proven critical to successful "pops" concert programming. With changes in publishers and agents, the discontinuation of the publication of certain original material or, worst of all, presses going out of business, music directors, orchestra conductors, and professional instrumentalists face formidable challenges in tracking down accurate information about this vast repertoire. This revised handbook alleviates the time-consuming task of researching these changes by offering a list of works for orchestral "pops" concerts that is comprehensive, informative, and current. Manning's emphasis on clarity and accuracy gives users an indispensable tool for gathering vital information on the style, instrumentation, and availability of the repertoire listed, as well as notes on its performance. The user-friendly appendices include expanded instrumentation choices, easy-to-find durations, and handy title cross-references. In addition to corrections and updates, this new edition of *Orchestral "Pops" Music* includes at least 1,000 new title listings. *Orchestral "Pops" Music: A Handbook* is the ideal tool for working conductors and orchestral librarians, as well as music program directors at colleges,

conservatories, and orchestras. More than any other person, Deke Sharon is responsible for the current success of pop a cappella. Founder of the House Jacks (the original “ rock band without instruments ” ), Deke continues to influence through his work with The Sing-Off, Pitch Perfect, Pitch Perfect 2, and Vocalosity. Combine Deke ’ s expertise with that of directors Ben Spalding and Brody McDonald, add a foreword by Ben Folds, throw in advice from contributors like Peter Hollens, and you have the most comprehensive volume ever created on the subject of contemporary a cappella singing. Sections include: \* Setting the Stage \* Getting the Band Together \* Arranging \* Preparing \* Technology \* Making a Name \* and more!
