"César E. Chávez came to Oxnard, California, in 1958, twenty years after he lived briefly in the city as a child with his migrant farmworker family during the Great Depression. This time Chávez returned as the organizer of the Community Service Organization to support the unionization campaign of the United Packinghouse Workers of America. Together the two groups challenged the agricultural industry's use of braceros (imported contract laborers) who displaced resident farmworkers. The Mexican and Mexican American populations in Oxnard were involved in cultural struggles and negotiations long before Chávez led them

in marches and active protests. **Curious Unions** explores the ways in which the Mexican community forged intriguing partnerships with other ethnic groups within Oxnard in the first half of the twentieth century and the resulting economic exchanges, cultural practices, and labor and community activism. Frank P. Barajas examines how the Oxnard ethnic Mexican population exercised its agency in alliance with other groups and organizations to meet their needs before large-scale protests and labor unions were engaged. **Curious Unions** charts how the cultural negotiations that took place in the Oxnard ethnic Mexican community helped shape and empower farm labor organizing."--Résumé de l'éditeur. "This book documents an encounter between Venezuelan President Hugo Chavez, and Aleida Guevara, daughter of the legendary revolutionary Che Guevara and a prominent figure in the antiglobalization movement. Over the course of an extended, exclusive interview, Chavez explained his fiercely nationalist vision for Venezuela, the worldwide significance of the Bolivarian revolution and his commitment to a united Latin America. Their conversation, which was at times remarkably intimate, also covered Chavez's personal political formation and the legacy of Che's ideas and example in Latin America today. Included as an appendix is an exclusive interview with Jorge Garcia Carneiro, Venezuela's minister for defense, who played a key role in defeating the April 2002 coup. Today he is in the forefront of the project to transform Venezuela's army into an army of the people."--BOOK JACKET. "Describes the life and work of labor leader and organizer Cesar Chavez"-- Provides a brief biography on some of the more dynamic Hispanic

Americans of the day. Combines archival photographs of Cesar Chavez and the people with whom he worked with information about his life and accomplishments. In *Latino Professionals in America*, Maria Chávez combines rich qualitative interviews, auto-ethnographic accounts, and policy analysis to explore the converging oppressions that make it difficult for Latinos to become professionals and to envision themselves as successful in those professions. Recounting her own story, Chávez interviews 31 Latino professionals from across the nation in a variety of occupations and careers, contextualizing their experiences amid family struggles and ongoing racism in the United States. She addresses gender inequality within the Latino community, arguing that by defending, rationalizing, or ignoring patriarchy within the Latino community perpetuates systems of oppression—especially for women; gay, lesbian, bisexual, transgender, and queer individuals; and others at the intersections. The experiences of these Latino professionals and the author’s analysis provide a blueprint for what works—one, both pragmatic and hopeful, that uses real lives to illustrate how a combination of public policies, people, and perseverance increases the presence of America’s fastest-growing demographic group in the professional class. Traces the accomplishments of the labor leader who fought to improve the lives of Mexican American farm workers in California. Best known as the leader of the farm workers' struggle and of the Latino civil rights movement, Chávez, like Ghandi and Dr. Martin Luther King, was a deeply religious figure whose faith and spirituality guided his public life. The Gospel of César Chávez uses the prolific leader... Seminar paper from the year 2020 in the subject Biographies, grade: 1,3, University of Erfurt, language: English, abstract: This paper will introduce the Mexican American labour organizer Cesar Chavez to the reader. Since he was an important and inspiring person for the marginalized labour movement in the United States in the 1960s and 70s, his organization United Farm Workers Organization Committee (UFWOC), his achievements, beliefs and methods will be closely examined in this paper. His understanding of social change and shifting the power relations between workers and employers was closely linked with nonviolent action. Furthermore, the reasons for the non-violent actions will be analysed through the Ration Action Theory. The paper consists of two parts: The first part will elaborate on the problems for foreigner field workers, how the organization and the social worker movement La Causa could be a solution to that and the meaning of Chavez persona and his methods. The second part of the paper follows the research question: Why is non-violence an adequate strategy to fight injustice on the farm fields?

This new perspective on the colorful history of New Mexico includes the stories of many of the people who have spent their lives in the area from before the arrival of Europeans in the sixteenth century through the present day. The author's personal meditation on his cultural heritage is also a kind of spiritual autobiography of the Hispano people of New Mexico. In evoking this special closeness between the divine and the human, he returns repeatedly to the Penitentes of New Mexico—the societies of men who scourge themselves and replay the Crucifixion each Holy Week to share the sufferings of their Savior. Advancing work to effectively study, understand, and serve the fastest growing U.S. ethnic minority population, this volume explicitly emphasizes the racial and ethnic diversity within this heterogeneous cultural group. The focus is on the complex historical roots of contemporary Latino/as, their diversity in skin-color and physiognomy, racial identity, ethnic identity, gender differences, immigration patterns, and acculturation. The work highlights how the complexities inherent in the diverse Latino/a experience, as

specified throughout the topics covered in this volume, become critical elements of culturally responsive and racially conscious mental health treatment approaches. By addressing the complexities, within-group differences, and racially heterogeneity characteristic of U.S. Latino/as, this volume makes a significant contribution to the literature related to mental health treatments and interventions. News media and pundits too frequently perpetuate the notion that Latinos, particularly Mexicans, are an invading force bent on reconquering land once their own and destroying the American way of life. In this book, Leo R. Chavez contests this assumption's basic tenets, offering facts to counter the many fictions about the "Latino threat." With new discussion about anchor babies, the DREAM Act, and recent anti-immigrant legislation in Arizona and other states, this expanded second edition critically investigates the stories about recent immigrants to show how prejudices are used to malign an entire population—and to define what it means to be American. As a child, Cesar Chavez's family lost its farm. Cesar never forgot how that felt, so as an adult, he fought for the rights of farm workers. His efforts shined a light on the conditions farm workers faced. In the struggle for fair wages and labor laws to protect farm workers, Chavez had a lasting impact beyond the fields. A biography of the famous Mexican boxer who has been called the world's best fighter. Who is Cesar Chavez? What did he accomplish and how? What is his legacy? Learn about the lives of well-known Hispanic Americans who overcame tremendous odds, such as racism and poverty, and went on to leave lasting marks in the world. Conquest usually has a negative impact on the vanquished, but it can also provide the disenfranchised in conquered societies with new tools for advancement within their families and communities. This study examines the ways in which Mexican and Native women challenged the patriarchal traditional culture of the Spanish, Mexican, and early American eras in California, tracing the shifting contingencies surrounding their lives from the

imposition of Spanish Catholic colonial rule in the 1770s to the ascendancy of Euro-American Protestant capitalist society in the 1880s. *Negotiating Conquest* begins with an examination of how gender and ethnicity shaped the policies and practices of the Spanish conquest, showing that Hispanic women, marriage, and the family played a central role in producing a stable society on Mexico's northernmost frontier. It then examines how gender, law, property, and ethnicity shaped social and class relations among Mexicans and native peoples, focusing particularly on how women dealt with the gender-, class-, and ethnic-based hierarchies that gave Mexican men patriarchal authority. With the American takeover in 1846, the text's focus shifts to how the imposition of foreign legal, economic, linguistic, and cultural norms affected the status of Mexican women, male-female relations, and the family. Addressing such issues as divorce, legitimacy, and inheritance, it describes the manner in which the conquest weakened the economic position of both Mexican women and men while at the same time increasing the leverage of Mexican women in their personal and social relationships with men. Drawing on archival materials—including dozens of legal cases—that have been largely ignored by other scholars, Chávez-García examines federal, state, and municipal laws across many periods in order to reveal how women used changing laws, institutions, and norms governing property, marriage and sexuality, and family relations to assert and protect their rights. By showing that mexicanas contested the limits of male rule and insisted that patriarchal relationships be based on reciprocity, *Negotiating Conquest* expands our knowledge of how patriarchy functioned and evolved as it reveals the ways in which conquest can transform social relationships in both family and community. "Courageous." -Ilan Stavans, author of *Spanglish: The Making of a New American Language* Robert Kennedy and Cesar Chavez came from opposite sides of the tracks of race and class that still divide Americans. Both optimists, Kennedy and Chavez shared a

common vision of equality. They united in the 1960s to crusade for the rights of migrant farm workers. Farm workers faded from public consciousness following Kennedy's assassination and Chavez's early passing. Yet the work of Kennedy and Chavez continues to reverberate in America today. Bender chronicles their warm friendship and embraces their bold political vision for making the American dream a reality for all. Although many books discuss Kennedy or Chavez individually, this is the first book to capture their multifaceted relationship and its relevance to mainstream U.S. politics and Latino/a politics today. Bender examines their shared legacy and its continuing influence on political issues including immigration, education, war, poverty, and religion. Mapping a new political path for Mexican Americans and the poor of all backgrounds, this book argues that there is still time to prove Kennedy and Chavez right. Learn about the life of this outstanding American labor leader. By examining the life of this Mexican-American hero, this book traces Cesar Chavez's struggle for justice, describing how one man effected the lives of America's farm workers. Throughout this account of Chavez's life, author Doreen Gonzales also relates the history of California, its farming industry, and labor unions.
