Life is often difficult. It can be harsh, stressful, and feel like a pot of boiling hot water. The environments we find ourselves in can change, weaken, or harden us, and test who we truly are. We can be like the carrot that weakens in the pot or like the egg that hardens. Or, we can be like the coffee bean and discover the power inside us to transform our environment. *The Coffee Bean* is an inspiring tale that follows Abe, a young man filled with stress and fear as he faces challenges and pressure at school and home. One day after class, his teacher shares with him the life-changing lesson of the coffee bean, and this powerful message changes the way he thinks, acts, and sees the world. Classic Bestseller from the world's best-known vegetarian cookery writer in smart new format Jack is ready for another adventure, but what could be as exciting as tricking the giant and stealing the golden goose? A trip to the local forest superstore gives him some food for thought. Jack has a new plan, but he needs his mother's stamp of approval. After tricking the giant and stealing the golden goose, Jack's continued schemes to make his mother happy backfire, until he finds a way to prosper off of hard work and good sense. A novel of a down-and-out New England family that “seizes the reader on its opening page with . . . a knock-about country humor unmistakably its own” (Newsweek). There are families like the Beans all over America. They live on the wrong side of town in mobile homes strung with Christmas lights all year round. The women are often pregnant, the men drunk and just out of jail, and the children too

numerous to count. In this novel that “pulses with kinetic energy,” we meet the God-fearing Earlene Pomerleau, and experience her obsession with the whole swarming Bean tribe (Newsweek). There is cousin Rubie, a boozier and a brawler; tall Aunt Roberta, the earth mother surrounded by countless clinging babies; and Beal, sensitive, often gentle, but doomed by the violence within him. In *The Beans of Egypt, Maine*, Carolyn Chute—whose jobs included waitress, chicken factory worker, and hospital floor scrubber before gaining renown as a prize-winning novelist—creates “a fictional world so vivid and compelling that one feels at a loss when it ends. The Beans belong with the Snopes clan of Faulkner’s Yoknapatawpha County, with Erskine Caldwell’s white Southerners, and with the rural blacks of Alice Walker’s *The Color Purple*” (San Jose Mercury News). Caffeine is the most widely consumed mind-altering molecule in the world; we cannot get enough of it, and drinking good coffee is our delivery system. How is it that coffee has such a hold? It’s all in the chemistry; the molecular structure of caffeine and the flavour-making phenols and fats that can be lured out from the bean by roasting, grinding and brewing. Making good coffee depends on understanding the science: why water has to be at a certain temperature, what method works best with which grind, how roast affects taste, what happens when you add cream, which bean you start out with. *How to Make Coffee* lays out the scientific principles for the coffee-

loving non-scientist; stick to these and you will never drink an ordinary joe again. When Raymie and family spend the day at the amusement park, things don't always go as planned thanks to his little brother, in a tale of sibling antics from one of America's most recognizable television personalities which comes with a CD of the author reading his story. 150,000 first printing. \$150,000 ad/promo. Who is Herman the Bean? Herman is probably the nicest jelly bean you'll ever meet. He may be small, but his dreams are as big as they come. If Herman decides to do something, there's no stopping him; unless of course someone needs his help. Herman the Bean is a lot like a human being, he makes mistakes, but he knows what it means to never give up, or give in to a few setbacks. In fact, Herman's motto is included in every one of his adventurous tales, and will be a constant theme in every future book. The Motto of Herman the Bean: "CAN'T is a coward, but TRY is a king." That is the motto of Herman the Bean. Sometimes you win, and sometimes you lose, and sometimes what happens is not up to you. But trying is something you can choose to do. So why not choose trying, if that's up to you? It may seem that everything Herman Bean tries, turns out for the best in his storybook rhymes. But life doesn't always happen that way, the skies may be sunny, but sometimes they're gray. There's ups, and there's downs, and there's even sideways, and nobody's perfectly perfect always. So just keep on trying the best that you can, and if

you should fall, then get up again. And brush off the dust just like Herman would do. He never stops trying, and neither should you. The Adventures of Herman the Bean... ..is sure to inspire, encourage, entertain, and delight readers of all ages. Herman reminds us we're all human, and we all make mistakes, but that life isn't about falling down, it's about getting up and trying again. Herman's adventures are written using fun and simple rhymes which are structured to teach as well as entertain. The style has been compared to Dr. Seuss books, but with slightly easier rhyming patterns. This children's book is sure to be enjoyed by children of all ages, and probably many adults as well. We may even venture to say it will become a classic collectable.
