In this catalogue, collectors will find details of more than 700 different antique maps of Portugal, Spain and its regions, Balearic Islands and Gibraltar, listed in date order from 1477 to 1850. The prices given are the 2014 rated values, all of which are for maps in fine condition. This enables collectors, for the first time, to compare, at a glance, the importance of all the available maps of any region. Please note that if condition was not standardized, such comparisons could not be made. There is also more information on individual maps, many of which are illustrated in colour. The signature Classic style wall map of Spain and Portugal features a bright color palette with blue oceans and the country's terrain detailed in stunning shaded relief that has been a hallmark of National Geographic wall maps for over 75 years. The map includes thousands of place names, accurate boundaries, national parks, and major infrastructure networks such as roads, highways, airports, ferry routes, and railroads. Coastal bathymetry is shown with depth curves and soundings. Spain's Balearic Islands in the Mediterranean are included. Inset maps provide detail of the Madeira Islands, Azores, and Canary Islands, as well as their location in relation to Spain and Portugal. The map is encapsulated in heavy-duty 1.6 mil laminate which makes the paper much more durable and resistant to the swelling and shrinking caused by changes in humidity. Laminated maps can be framed without the need for glass, so the frames can be much lighter and less expensive.
