**River and Desert Plants of the Grand Canyon May 03 2020 The
Grand Canyon's isolation, great elevational range, and position at
the convergence of three North American deserts--the Mojave,
Sonoran, and Great Basin--have created unique habitats for an
unusual assemblage of plants. Some grow only at seeps and
springs, others emerge from cracks in the bedrock, and some live
only in the Grand Canyon--for example, Roaring Springs prickly
poppy and Grand Canyon flaveria. River and Desert Plants of the
Grand Canyon, the first comprehensive field guide devoted to
plants that live below the canyon rims, is bursting with beautiful
color photographs and detailed line drawings of more than 250
ferns, grasses, forbs, shrubs, and trees. Narratives organized by
life form and common family name describe each plant and its**

natural history, and thumbnail photographs arranged by flower color and shape offer a key for easy identification. Essays by contributing experts explore such topics as Grand Canyon ecology, desert-plant adaptations, biological soil crusts, plant pollination, invasive species, and domesticated plants of the canyon's indigenous people.

That Deadman Dance Jan 29 2020 Throughout Bobby Wabalanginy's young life the ships have been arriving, bringing European settlers to the south coast of Western Australia, where Bobby's people, the Noongar people, have always lived. Bobby, smart, resourceful and eager to please, has befriended the settlers, joining them as they hunt whales, till the land, and work to establish their new colony. He is welcomed into a prosperous white family and eventually finds himself falling in love with the daughter, Christine. But slowly - by design and by hazard - things begin to change. Not everyone is so pleased with the progress of the white colonists. Livestock mysteriously starts to disappear, crops are destroyed, there are 'accidents' and injuries on both sides. As the Europeans impose ever-stricter rules and regulations in order to keep the peace, Bobby's Elders decide they must respond in kind, and Bobby is forced to take sides, inexorably drawn into a series of events that will for ever change the future of his country. That Deadman Dance is haunted by tragedy, as most stories of first contact between European and native peoples are. But through Bobby's life, this novel exuberantly explores a moment in time when things might have been different, when black and white lived together in amazement

rather than fear of the other, and when the world suddenly seemed twice as large and twice as promising.

The River of Consciousness Sep 06 2020 From the best-selling author of Gratitude, On the Move, and Musicophilia, a collection of essays that displays Oliver Sacks's passionate engagement with the most compelling and seminal ideas of human endeavor: evolution, creativity, memory, time, consciousness, and experience. Oliver Sacks, a scientist and a storyteller, is beloved by readers for the extraordinary neurological case histories (Awakenings, An Anthropologist on Mars) in which he introduced and explored many now familiar disorders--autism, Tourette's

syndrome, face blindness, savant syndrome. He was also a memoirist who wrote with honesty and humor about the remarkable and strange encounters and experiences that shaped him (Uncle Tungsten, On the Move, Gratitude). Sacks, an Oxford-educated polymath, had a deep familiarity not only with literature and medicine but with botany, animal anatomy, chemistry, the history of science, philosophy, and psychology. The River of Consciousness is one of two books Sacks was working on up to his death, and it reveals his ability to make unexpected connections, his sheer joy in knowledge, and his unceasing, timeless project to understand what makes us human.

Sarah Thornhill Mar 05 2023 The Orange Prize–Winning author of The Secret River delivers “brilliant fiction and illuminating personal history” in the finale of her Australian trilogy (The Independent). With The Secret River, Kate Grenville dug into her own family’s history to create an unflinching tale of frontier violence in early Australia. She continued her bold exploration of Australia’s beginnings in The Lieutenant. Now Sarah Thornhill brings this acclaimed trilogy to an emotionally explosive conclusion. Sarah is the youngest daughter of William Thornhill, an ex-convict from London. Unknown to Sarah, her father has built his fortune on the blood of Aboriginal people. With a fine stone house and plenty of money, Thornhill has reinvented

himself, teaching his daughter to never look back or ask about the past. Instead, Sarah fixes her eyes on handsome Jack Langland, whom she's loved since she was a child. Their romance seems idyllic, but the ugly secret in Sarah's family is poised to ambush them both. Driven by the captivating voice of the illiterate Sarah—at once headstrong, sympathetic, curious, and refreshingly honest—this is an unforgettable portrait of a passionate woman caught up in a historical moment that's left an indelible mark on the present.

***The New View from Cane River* Dec 22 2021 *The New View from Cane River* features ten in-depth essays that provide fresh, diverse perspectives on Kate Chopin's first novel, *At Fault*. While much critical work on the author prioritizes her famous, groundbreaking second book, *The Awakening*, its 1890 predecessor remains a fascinating text that presents a complicated moral universe, including a plot that involves divorce, alcoholism, and murder set in the aftermath of the Civil War. Edited by Chopin scholar Heather Ostman, the essays in *The New View from Cane River* provide multiple approaches for understanding this complex work, with particular attention to the dynamics of the post-Reconstruction era and its effects on race, gender, and economics in Louisiana. Original perspectives introduced by the contributors include discussions of Chopin's treatment of privilege, sexology, and Unitarianism, as well as what *At Fault* reveals about the early stages of literary modernism and the reading audiences of late nineteenth-century America. This overdue reconsideration of an overlooked novel gives enthusiastic readers, students, and instructors an opportunity for new encounters with a cherished American author.**

As the River Runs Jul 17 2021 In the Kimberley region of Australia, water is plentiful, but in the city, it is precious and

political. Government minister Michael Money has cooked up a secret plan to bring water from the monsoonal north of Australia to the south, but he needs to find out what opposition he might face around the river valley. He sends his chief of staff Kate Kennedy - young, focused, and well-versed in power play - and political fixer Jack Cole on a 'fact-finding' trip. Ex-greenie Dylan Ward is their guide; well-regarded by both the mining industry and Aboriginal elder Vincent Yimi. Dylan is unaware that he has been compromised until their journey takes some unexpected turns. As they travel through the wild river country, Kate begins to see Dylan in a new light. When she changes sides to be with Dylan and safeguard a precious and sensitive area that she has so quickly come to love, her political edge comes into play. As the River Runs is a powerful ode to one of Australia's most stunning regions. The story is written by Stephen Scourfield, who knows the landscape intimately and writes with red dust in his veins. The book is hopeful for change, both in people and in government policy, and is highly relevant, covering issues such as: water shortages, the environment, resourcing remote communities, solar power, politics, Aboriginal culture, mining, etc. [As the River Runs is a loose sequel to Scourfield's previous novel, Other Country (ISBN 978 1 74258 503 1), which sold 7,000 copies. Other Country won the Western Australian Premier's Book Award in 2007, was shortlisted in the Commonwealth Writers Prize, and was longlisted for the 2009 International IMPAC Dublin Literary Award. Scourfield is also a recipient of a United Nations Media Award.]

River, Cross My Heart Apr 13 2021 The acclaimed bestseller--a selection of Oprah's Book Club--that brings vividly to life the

Georgetown neighborhood of Washington, DC, circa 1925, a community reeling from a young girl's tragic death. Five-year-old Clara Bynum is dead, drowned in the Potomac River in the shadow of a seemingly haunted rock outcropping known locally as the Three Sisters. River, Cross My Heart, which marks the debut of a wonderfully gifted new storyteller, weighs the effect of Clara's absence on the people she has left behind: her parents, Alice and Willie Bynum, torn between the old world of their rural North Carolina home and the new world of the city, to which they have moved in search of a better life for themselves and their children; the friends and relatives of the Bynum family in the Georgetown neighborhood they now call home; and, most especially, Clara's sister, ten-year-old Johnnie Mae, who must come to terms with the powerful and confused emotions stirred by her sister's death as she struggles to decide what kind of woman she will become. This highly accomplished first novel resonates with ideas, impassioned lyricism, and poignant historical detail as it captures an essential part of the African-American experience in our century.

All My Rivers are Gone May 15 2021 David Brower, who has always regretted the Sierra Club's failure to save the Glen Canyon, called it The Place No One Knew. But Katie Lee was among a handful of men and women who knew the 170 miles of Glen Canyon very well. She'd made sixteen trips down the river, even named some of the side canyons. Glen Canyon and the river that ran through it had changed her life. Her descriptions of a magnificent desert oasis and its rich archaeological ruins are a paean to paradise lost. In 1963, the U.S. Government's Bureau of Reclamation (the Wreck-the-nation bureau, Katie calls it) shut off the flow of the Colorado River at Glen Canyon Dam, beginning the process of flooding this natural treasure. Two generations have been born since the dam was built, and in a few more decades there may be no one alive who will have known the place. Katie Lee won't forget Glen Canyon, and she doesn't want anyone else

to forget it either. She tells us what there was to love about Glen Canyon and why we should miss it. The canyon had great personal significance for her: She had gone to Hollywood to make her career as an actress and a singer, but the river kept calling her back, showing her a better way to live. She very eloquently weaves her personal story into her breathtaking descriptions of the trips she made down the canyon. In recent years, Katie has found allies in her struggle to restore the canyon. The Glen Canyon Institute has been joined by the Sierra Club in calling for the draining of Lake Powell (Rez Foul, in Katie's words), and the idea is being debated on editorial pages across the country and in congressional hearings. All My Rivers Are Gone celebrates a great American landscape, mourns its loss, and challenges us to undo the damage and forever prevent such mindless destruction in the future.

Benevolence Oct 20 2021 *For perhaps the first time in novel form, Benevolence presents an important era in Australia's history from an Aboriginal perspective. Benevolence is told from the perspective of Darug woman, Muraging (Mary James), born around 1813. Mary's was one of the earliest Darug generations to experience the impact of British colonisation. At an early age Muraging is given over to the Parramatta Native School by her Darug father. From here she embarks on a journey of discovery and a search for a safe place to make her home. The novel spans the years 1816-35 and is set around the Hawkesbury River area, the home of the Darug people, Parramatta and Sydney. The author interweaves historical events and characters — she shatters stereotypes and puts a human face to this Aboriginal perspective.*

For it is there that her mother still meets Gervase; there that she can talk endlessly of the golden days before 1914, of the great might-have-been. Beyond the Wild River Aug 06 2020 For fans of Kate Morton and Beatriz Williams, a highly atmospheric and suspenseful historical novel, set in the 1890s about a Scottish heiress who unexpectedly encounters her childhood friend in North America, five years after he disappeared from her family's estate the night of a double murder. Nineteen-year-old Evelyn Ballantyre has rarely strayed from her family's estate in the Scottish Borderlands, save for the occasional trip to Edinburgh, where her father, a respected magistrate, conducts his business—and affairs of another kind. Evelyn has always done her duty as a daughter, hiding her boredom and resentment behind good manners—so when an innocent friendship with a servant is misinterpreted by her father as an illicit union, Evelyn is appalled. Yet the consequence is a welcome one: she is to accompany her father on a trip to North America, where they'll visit New York City, the 1893 World's Fair in Chicago, and conclude with a fishing expedition on the Nipigon River in Canada. Now is her chance to escape her cloistered life, see the world, and reconnect with her father. Once they're on the

Nipigon, however, Evelyn is shocked to discover that their guide is James Douglas, the former stable hand and her one-time friend who disappeared from the estate after the shootings of a poacher and a gamekeeper. Many had assumed that James had been responsible, but Evelyn never could believe it. Now, in the wilds of a new world, far from the constraints of polite society, the truth about that day, James, and her father will be revealed...to stunning consequences.
