Play with Leonardo Da Vinci. Ediz. a Colori Apr 05 2021

Gerrit Rietveld May 18 2022

The richly illustrated and accessible monograph on the Dutch designer and world-renowned architect - now in paperback Gerrit Rietveld's simple yet dynamic style greatly influenced international furniture design and contributed significantly to the history of architecture. Following Rietveld from his humble beginnings as a cabinetmaker to his final years as a world-renowned architect, this book presents both his

lesser-known work and his most celebrated. It explores his significance in the wider context of avant-garde movements, and his influence within De Stijl and Functionalism. This highly detailed yet accessible monograph is designed by the acclaimed Dutch designer Wim Crouwel.

Pop Art - 40th Anniversary

Edition Aug 29 2020

Soup cans, Marilyn, Warhol, serial production, large-format comic-

like images--Pop Art is

probably the only art genre for which everyone has a rough

concept. Pop Art made art mainstream by taking everyday

culture as its theme and

finding its motifs in the cult of celebrity, consumerism, and

mass media. This updated and

expanded edition traces the

origins of Pop Art and

introduces its most prominent exponents alongside their key

works. About the series

TASCHEN turns 40 this year!

Since we started our work as cultural archaeologists in 1980,

TASCHEN has become

synonymous with accessible

publishing, helping bookworms around the world curate their

own library of art,

anthropology, and aphrodisia

at an unbeatable price. In

2020, we celebrate 40 years of

incredible books by staying

true to our company credo. The

40 series presents new editions

of some of the stars of our

program--now more compact,

friendly in price, and still

realized with the same

commitment to impeccable production.
