Can you really get paid just to be yourself? That's the question Cassie Howard set to find out as she built business after business. Through many ups and downs, and a true finding of herself, Cassie discovered that the only way to truly do business and life on

your terms, was if you were willing to brave the storm along the way of truly finding yourself. In this life-altering book of ignoring all the rules, going against the grain, and getting paid to be you, you'll discover the strategies that will help you take your business (and your earning potential) to the next level, without sacrificing yourself in the process. You were born to live free by God's grace. For some people freedom means walking away from a terrible memory or experience such as a divorce, rape, or other emotional trauma. For others freedom means getting unstuck from life-sapping thoughts or behaviors that keep them from flourishing in their relationships and walk with Christ. Nancy Alcorn's practical and effective teaching, *Ditch the Baggage, Change Your Life*, shows you how to walk in freedom, no matter what you have been through or what issues you have faced in your past. You can redefine your life and release thoughts, feelings, and

habits that have dragged you down. Then you will begin to live life as it is supposed to be lived in Christ. Learn seven keys to lasting freedom including:

- Committing fully to Christ
- Choosing to forgive
- Renewing your mind
- Breaking generational patterns
- Healing life's hurts
- Conquering oppression
- Learning principles of lifelong success

When an Earth-shattering secret has two legs, a big mouth, and a blinkered determination to get home by any means necessary, it's up to Daisy and Aidan to stop it happening... by any means necessary! "One of the best cozy mystery series I've ever read!" Come and meet our feisty R.E.D. heroine, and find out why she's such a hit with readers! From feeling like they were back in the eighteenth century, Daisy and Aidan are thrust very much into the

twenty-first century. Answering a desperate call for help, they find themselves embroiled in a crazy chase across the county to stop a secret going public that must never hit the front pages. This time the puzzle is the whereabouts of a missing scarecrow, and the question of just how he intends getting 'home'. Our story is different in another, but just as scary a way too. Our intrepid heroes are separated, and neither knows where the other is. For Aidan, an encounter with an old friend proves frighteningly enlightening, while Daisy discovers evidence he could well be in mortal danger, and there isn't a lot of time to save his life... or the situation. Neither of them realise the secret they're chasing is hardly the secret they thought it was. As an ever-increasing number of friends and enemies join the battle for the same pot of gold, the yellow brick road starts to look more like a four-lane highway, and the end of the rainbow seems to be ever further away. Who will be the first to make Emerald City in

one piece? With the spoils just out of sight over the horizon, that's anyone's guess! 'The Terrifying Tale of the Homesick Scarecrow' is the fifth book in the hilarious Daisy series, and like the others, is not exactly what you might expect! Check out the whole series, and everything else we create, on the [rt green website](#). And enjoy! It's no secret that college doesn't prepare students for the real world. Student loan debt recently eclipsed credit card debt for the first time in history and now tops one trillion dollars. And the throngs of unemployed graduates chasing the same jobs makes us wonder whether there's a better way to "make it" in today's marketplace. There is—and Dale Stephens is proof of that. In *Hacking Your Education*, Stephens speaks to a new culture of "hackademics" who think college diplomas are antiquated. Stephens shows how he and dozens of others have hacked their education, and how you can, too. You don't need to be a genius or especially motivated to succeed

outside school. The real requirements are much simpler: curiosity, confidence, and grit. *Hacking Your Education* offers valuable advice to current students as well as those who decided to skip college. Stephens teaches you to create opportunities for yourself and design your curriculum—inside or outside the classroom. Whether your dream is to travel the world, build a startup, or climb the corporate ladder, Stephens proves you can do it now, rather than waiting for life to start after “graduation” day. Nutritional consultants and documentary filmmakers James Colquhoun and Laurentine ten Bosch have teamed up with the world’s leading experts in nutrition and natural medicine to create *Hungry for Change*—a groundbreaking documentary film and a practical, prescriptive companion volume to help you transform your eating habits and change your life.
