*Creativity in Language Teaching* Oct 11 2021 Current, comprehensive, and authoritative, this text gives language teachers and researchers, both a set of conceptual tools with which to think and talk about creativity in language teaching and a wealth of practical advice about principles and practices that can be applied to making their lessons more creative. Providing an overview of the nature of creativity and its role in second language education, it brings together twenty prominent language teachers and researchers with expertise in different aspects of creativity and teaching contexts to present a range of theories on both creative processes and how these processes lead to creative practices in language teaching. Unique in the field, the book takes a broader and more critical look at the notion of creativity in language learning, exploring its linguistic, cognitive, sociocultural and pedagogic dimensions. Structured in four sections— theoretical perspectives, creativity in the classroom, creativity in the curriculum, and creativity in teacher development—each chapter is supplemented by Questions for Discussion and Suggestions for Further Research. Its accessible style makes the book relevant as both a course text and a resource for practicing teachers.

*New Interchange Level 1 Student's Book 1* Mar 04 2021 New Interchange is a multi-level series for adult and young-adult learners of English from the beginning to the high-intermediate level. *Four Corners Level 1 Student's Book with Self-study CD-ROM* Jan 22 2020 A collection of twelve lessons that teach English language grammar, vocabulary, functional language, listening and pronunciation, reading and writing and speaking.

*Beyond Training* Jan 14 2022 Beyond Training examines the nature of second language teacher development and how teachers' practices are influenced by their beliefs and principles. It seeks to move discussion of language teacher development beyond the level of "training," which reflects a technical view of specific teaching practices. Instead, it takes a more holistic approach to teacher development built on the notion of the teacher as critical and reflective thinker. The argument pursued throughout is that teacher education needs to engage teachers not merely in the mastery of techniques, but in an exploration of the knowledge, beliefs, and attitudes that underly their teaching practices.

**Methodology in Language Teaching** Jul 20 2022 This comprehensive anthology gives an overview of current approaches, issues and practices in the teaching of English to speakers of other languages at elementary, secondary, and tertiary levels.

**Error Analysis** Jan 02 2021 The eleven essays in this book cover a wide range of topics from the role of 'interlanguage' and the influence of external factors on the process of language learning, to the development of syntax and the methodology of error analysis. Collectively they provide a valuable perspective on the learning process, which both enriches our theoretical understanding of the processes underlying second language acquisition and suggests ways in which teaching practice may best exploit a learner's skills.

**Jack C Richards' 50 Tips for Teacher Development** Sep 22 2022 This book offers 50 practical ideas for teachers to use for professional development. The tips cover a wide range of activities that can be carried out individually or in collaboration with others, including self and peer observation, journal writing, on-line forums, classroom research, action research, team teaching, lesson review, materials review, lesson study, mentoring, peer coaching, reading groups, and workshops. Each tip is described in a 2 two-page format that gives the rationale for the activity and step-by-step procedures for implementing it. The Tips can be used with both novice and more experienced teachers and are intended to provide a basis for teachers to review the current state of their professional learning and to develop and implement goals for their professional development.

*Language Learning Beyond the Classroom* Apr 17 2022 This volume presents case studies of language learning beyond the classroom. The studies draw on a wide range of contexts, from North and South America to Europe and the Asia-Pacific region. Each provides principled links between theory, research and practice. While out-of-class learning will not replace the classroom, ultimately all successful learners take control of their own learning. This book shows how teachers can help learners bridge the gap between formal instruction and autonomous language learning. Although English is the primary focus of most chapters, there are studies on a range of other languages including Spanish and Japanese.

*Methodology in Language Teaching* Jul 08 2021 An overview of current approaches, issues, and practices in the teaching of English to speakers of other languages. The paperback edition provides an overview of current approaches, issues, and practices in the teaching of English to speakers of other languages. The anthology, a broad collection of articles published primarily in the last decade, offers a comprehensive overview to the teaching of English and illustrates the complexity underlying many of the practical planning and instructional activities it involves. These activities include teaching English at elementary, secondary, and tertiary levels; teacher training; language testing; curriculum and materials development; the use of computers and other technology in teaching; as well as research on different aspects of second-language learning. Organized into 16 sections, the book contains 41 seminal articles by well-known teacher trainers and researchers. Also included are two sets of discussion questions - a pre-reading background set and a post-reading reflection set. This anthology serves as an important resource for teachers wishing to design a basic course in methodology.

The Context of Language Teaching Aug 21 2022

**The Language Teaching Matrix** Oct 23 2022 For use in courses on language teaching methodology and teacher preparation, this book also serves as an invaluable source for courses in language curriculum development, materials development, and teaching practice. The author views effective language teaching as a network of interactions involving the curriculum, methodology, the teacher, the learner, and instructional materials (hence the metaphor of a matrix). Each chapter discusses and examines the theoretical and practical dimensions of a central issue in language teaching. Among the topics covered are curriculum development, designing instructional materials, teaching listening, speaking, reading and writing, the nature of effective teaching, self-monitoring in teacher development, and language and content. Richards presents key issues in an accessible and highly readable style, and shows how teachers and teachers-in-training can be involved in the investigation of classroom teaching and learning. The emphasis is not on prescriptions but rather on developing effective teaching through understanding the various factors that interact in second language learning and in the second language classroom.

Reflective Teaching in Second Language Classrooms Feb 03 2021 This text introduces teachers to techniques for exploring their own classroom experiences. The paperback edition introduces teachers to techniques for exploring their own classroom experiences. Numerous books deal with classroom observation and research, but this is the first to offer a carefully structured approach to self-observation and self-evaluation. Richards and Lockhart aim to develop a reflective approach to teaching, one in which teachers collect data about their own teaching; examine their attitudes, beliefs, and assumptions; and use the information they obtain as a basis for critical reflection on teaching practices. The approach is not linked to a particular method, but rather can be applied to a variety of methodologies and teaching situations. Each chapter includes questions and activities appropriate for group discussion or self-study.
