It also features an educational afterword for grown-ups which explains how the book helps children, and how to get the most out of it. Growing up, I was all about sports - football, soccer, baseball, you name it. If it wasn't sports related, I wasn't interested. My love for sports is a passion that has shaped my entire life. I am fortunate to play soccer for a living, but it's bigger than that. My most cherished childhood memories are centered around watching a big game; my relationship with my wife sparked by a mutual love for Penn State football, and my passion for Tampa Bay sports keeps me close to home, even though we've moved all over the country. I owe so much of my life to sports. The idea to tell these stories came about after the birth of my daughter, Remy. I wanted to create a vehicle that I could share my love of sports with her, in a way that would hopefully build a bond we'd share forever. Reading together provides a way for parents and their children to share in special moments, but I want these stories to do even more. I want to reach the kids like me, the ones more likely to grab a ball than a book. It is so important for a growing mind to fall in love with reading and I hope these stories can bridge a love for sports with a newfound passion for reading. Mike Pascale (mikepascale.com) is a storyboardist, artist, writer, comic book creator (Bru-Hed), and former award-winning ad agency copywriter/senior art director.

Between storyboarding films and drawing this children's book, he writes and draws the world's longest-running football webcomic, "Game BUZZ!," every week at gamebuzzcomic.com. A Californian born and raised in metro Detroit, he had a lot to learn about the Cubs, and found all of it fascinating, frustrating, fun, funny, interesting and incredible. He only hopes he was able to entertain Cubs fans and do justice to their team's titanic tale—and that we don't wait another century for their next well-deserved WS win! GO CUBBIES! ***NSTA Outstanding Science Trade Book 2015***

When a mother puma, an attempt to steal a chicken, she is caught in a trap and dies. The search is on for orphaned cubs. Will the scientists be able to find the cubs before their time runs out? In this "Biography in Text and Art," Harvill takes original photos as references to create accurate wildlife illustrations. These aren't generic cats, but one particular individual in detail.

Pattison's careful research, vetted by scientists in the field, brings to life this true story of an infant cub that must face a complicated world alone—and find a way to survive. Cutting Edge Environmental Science Today, scientists are working to create corridors, places for wildlife to safely travel from one wild place to another. The survival of this puma may depend on how fast scientists can develop corridors in the midst of a heavily populated area. This story shows the results of spreading population and loss of habitat on wild animals.

Praise for WISDOM THE MIDWAY ALBATROSS: SURVIVING THE JAPANESE TSUNAMI AND OTHER DISASTERS FOR OVER 60 YEARS ". . .Pattison writes crisply and evocatively. . ." "Harvill contributes carefully detailed and naturalistic illustrations. . ." Publisher's Weekly Starred Review The New York Times Bestseller With inside access and reporting, Sports Illustrated senior baseball writer and FOX Sports analyst Tom Verducci reveals how Theo Epstein and Joe Maddon built, led, and

inspired the Chicago Cubs team that broke the longest championship drought in sports, chronicling their epic journey to become World Series champions. It took 108 years, but it really happened. The Chicago Cubs are once again World Series champions. How did a team composed of unknown, young players and supposedly washed-up veterans come together to break the Curse of the Billy Goat? Tom Verducci, twice named National Sportswriter of the Year and co-writer of *The Yankee Years* with Joe Torre, will have full access to team president Theo Epstein, manager Joe Maddon, and the players to tell the story of the Cubs' transformation from perennial underachievers to the best team in baseball. Beginning with Epstein's first year with the team in 2011, Verducci will show how Epstein went beyond "Moneyball" thinking to turn around the franchise. Leading the organization with a manual called "The Cubs Way," he focused on the mental side of the game as much as the physical, emphasizing chemistry as well as statistics. To accomplish his goal, Epstein needed manager Joe Maddon, an eccentric innovator, as his counterweight on the Cubs' bench. A man who encourages themed road trips and late-arrival game days to loosen up his team, Maddon mixed New Age thinking with Old School leadership to help his players find their edge. *The Cubs Way* takes readers behind the scenes, chronicling how key players like Rizzo, Russell, Lester, and Arrieta were deftly brought into the organization by Epstein and coached by Maddon to outperform expectations. Together, Epstein and Maddon proved that clubhouse culture is as important as on-base-percentage, and that intangible components like personality, vibe, and positive energy are necessary for a team to perform to their fullest potential. Verducci chronicles the playoff run that culminated in an instant classic Game Seven. He takes a broader look at the history of baseball in Chicago and the almost supernatural element to the team's repeated losses that

kept fans suffering, but also served to strengthen their loyalty. The Cubs Way is a celebration of an iconic team and its journey to a World Championship that fans and readers will cherish for years to come. This is a fun story about three young bear cubs who, after a night of rain, want to go outside and play in the puddles that were left behind. Then they learn what happens when they do not do as they are told. They make a mess. They clean the mess. During the summer of 2003, two life-long fans of the Chicago Cubs realized that their favorite team is really cursed. They, and their adult sons, become obsessed with undoing this curse, lest it undermine their team's march to its first World Series in almost sixty years and its first Major League Championship since 1908. Unbeknownst to them, the curse had its origins in an Old Testament prophesy that has had a profound effect on both the history of the world and the game of baseball. In the process, it traces a dark, forbidding path from the Holy Land, through the Roman Empire, medieval Europe, West Africa, and pre-Columbian America, before leaving an imprint on the United States and its national pastime. A story about friends, family, freedom and faith, the reader won't know until the final pages how these die-hard Cub fans were able to solve the mystery of Merkle's Curse. This stunning tribute to "the one and only," written by Pulitzer Prize-winning journalist Ira Berkow, is timed to coincide with the 100th anniversary of Wrigley Field in 2014. Wrigley Field brilliantly and beautifully documents the stadium's entire career through a decade-by-decade account, a priceless collection of historical photographs and memorabilia, and vivid first-person reminiscences of the people to whom this great place has meant so much. Notable fans interviewed for this book include Barack Obama, Scott Turow, Joe Mantegna, Sara Paretsky, Jim Bouton, and George F. Will, among others. Rounded out by a foreword by former player Kerry Wood and an afterword by associate justice John Paul Stevens, this is a book that no Cubs fan--and no baseball fan--will be able to resist. The Chicago Cubs are

undoubtedly one of major league baseball's most storied and historic franchises. Despite their complete lack of success since last appearing in a World Series in 1945, they remain one of baseball's most popular teams, with millions of fans throughout the United States and all over the world. The Cubs are one of baseball's longest continually running major league baseball teams, tracing their origins to the beginning of the National League in 1876. While the National Association - founded in 1871 - included the Boston (Atlanta) Braves, both teams have been in existence since the official beginning of the National League in 1876. However, the Cubs are the longest continually-running franchise in the same city in the history of baseball, since the Braves have played in Boston, Milwaukee, and Atlanta. Despite this overall lack of success since 1945, the Chicago Cubs have fielded some of the best baseball players in the history of major league baseball. Players like A.G. Spalding, Cap Anson, Mordecai Brown, and Tinker to Evers to Chance are featured in this book along with the more recent Cub greats that include Ernie Banks, Billy Williams, Ron Santo, and Ryne Sandberg. This book will cover those specific players rather than the team as a whole, focusing of course on their years as a member of the Chicago Cubs. Originally called Weeghman Park, Wrigley Field hosted its first game in 1914, and the 2014 season marks the 100th anniversary of baseball's second oldest ballpark. In Wrigley Field: The Centennial, Les Krantz tells the story of Wrigley's first 100 years—from the origins of the ivy on the outfield walls and ballpark traditions such as throwing back home run balls to Ruth's called shot in the 1933 World Series and unforgettable moments featuring stars Ernie Banks, Ron Santo, Billy Williams, Ryne Sandberg, Greg Maddux, and more. Featuring numerous photographs, Wrigley's first century is beautifully documented and an originally produced DVD narrated by Lou Boudreau Jr. and Ron Santo

Jr. features footage from throughout the stadium's history and interviews with Jack Brickhouse, Ron Santo, Ernie Banks, and others. -- First published in 1946, Warren Brown's history of the Cubs is one of the fifteen highly regarded team histories commissioned by G. P. Putnam's Sons in the 1940s and 1950s, most of which were written by Hall of Fame sportswriters. Brown's history begins with the founding of the National League -- with the Cubs as a charter member -- in 1876 and continues through the 1945 World Series, which the Cubs lost to the Detroit Tigers. Brown, of course, covers the Hall of Fame Cub infield of (Joe) Tinker to (Johnny) Evers to (Frank) Chance, the most memorable double-play combination in the history of baseball. Other legendary Cubs and their illustrious opponents include Grover Cleveland Alexander, Adrian C. (Cap) Anson, Phil Cavarretta, Ty Cobb, Mickey Cochrane, Rip Collins, Kiki Cuyler, Dizzy Dean, Joe DiMaggio, Jimmie Foxx, Lou Gehrig, Hank Greenberg, Charlie Grimm, Lefty Grove, Stan Hack, Gabby Hartnett, Rogers Hornsby, Pepper Martin, Babe Ruth, Tris Speaker, Pie Traynor, and Hack Wilson. In his final chapter, Brown discusses and compiles what he calls the "All-Time Chicago National League Baseball Squad", with two to five players listed for each position (more for pitchers). Brown also includes Cubs "statistical addenda", such as home run leaders, leading pitchers, World Series records, and the Cubs versus White Sox "city series" records. The book is illustrated with twenty-two photographs. Que s'est-il passé en 1973, durant le match de baseball qui opposa les Mets de New York à une petite équipe de l'Arkansas dont le joueur vedette, "Calico" Joe, venait de pulvériser tous les records ? Pourquoi le rêve de milliers d'Américains s'est-il brisé net ? Trente ans plus tard, Paul Tracey tente de se remémorer le plus grand traumatisme de son existence. Ce jour-là, âgé de onze ans, il était dans les gradins, et c'est son père, Warren, qui affrontait à

la batte le jeune "Calico" Joe, lanceur prodige. Choisir entre son idole et son propre père : il ne pouvait y avoir pire dilemme. Pourtant ni lui ni personne n'aurait pu prévoir la tournure tragique des événements qui ont suivi. À l'annonce de la maladie de Warren, Paul décide qu'il est temps pour eux deux d'affronter enfin la vérité. Et d'aller rechercher dans la petite ville de Calico la possibilité d'une rédemption. Incisif et poignant, un roman très personnel de John Grisham sur les liens entre père et fils, le sens de l'honneur et la force du pardon. The most thoroughly researched and coherently argued fan guide to date, "Reasons to be a Cubs Fan: An Intelligent Guide" is a fan dissertation sure to provide vital data to help you make an educated fan decision. Lawmakers require that we state the book is mostly blank and contains precisely 1600 words. In other 'words,' it's a gag gift, but also a must-have addition to any fan or hater's coffee table. Find Max online: www.MaxHater.com Find Max on Twitter: @MaxHater1 Find Max on Facebook: @MaxHater1 Find Max on Instagram: @MaxHater Based on dozens of personal interviews with players, coaches, fans, and personnel, an oral history of the Chicago Cubs and Wrigley Field recounts the 1871 founding of the Chicago franchise and the team's ongoing quest for a World Series championship. A hilarious tribute to baseball and to the fathers and sons who share the love of the game. Are We Winning? is built around a trip to Wrigley Field to watch the St. Louis Cardinals play the Chicago Cubs--the "lovable losers" to most fans but the hated enemy to the Leitch men. Along for the ride are both Will's father, the gregarious but not-exactly demonstrative Midwestern titan who, despite being a die-hard Cards fan and living his whole life just 200 miles south of Chicago, had never been to Wrigley Field before this game, and Will's college friend, a lifelong Cubs fan. The Cardinals have recently fallen out of the pennant race, and the Cubs, as it

turns out, are attempting to clinch the division on this Saturday afternoon in September. The pitchers are Ted Lilly for the Cubs and Joel Pineiro for the Cardinals. It's just a regular game. Play ball. The book unfolds in half-inning increments where Will gives one-of-a-kind insight on the past, present, and future of the game--from Pujols' unrivaled greatness to the myth that steroids have ruined baseball. Along the way, he shares memories of his father and growing up in the small town of Mattoon, including the year his dad coached his Little League team and nicknamed a scrawny kid "Bulldog," and an unlikely postgame episode involving a biker bar and Mr. Holland's Opus. And there is beer. Lots and lots of beer. Are We Winning? is a book about the indelible bond that links fathers and sons. For the Leitch men it's baseball that holds them together--not that either of them would ever be so weak as to admit it. No matter how far apart they are or what's going on in their lives, they'll always be able to talk about baseball. It's the story of being a fan, a story about fathers, sons, and legacies. And one perfect game. The "Dan Carter, Cub Scout" series, written by Mildred A. Wirt (writing as Ann Wirt) follows the adventures of 10-year-old Dan Carter and the boys in Den 2 of the Cub Scouts. Dan Carter is the pack leader, and he and his friends have fun and adventures in this exciting 6-book series, originally published between 1949 and 1953. Also included is a bonus book: "The Boy Scouts Book of Campfire Stories," with classic tales by Jack London, Zane Grey, and many more. The two cubs were taken away from Mama Bear in the land of Zooilldephia. Read to learn how, through prayer and faith in God, Mama Bear is able to fight back and move closer to her dreams of being reunited with her cubs. But this doesn't work out quite how she expected. In today's fast-paced world, there are so many things teaching the opposite of how life really works. This book can be a good tool for

generations to come who want to learn how to patiently fight through trusting God in Christ through prayer. In Jesus's name. Presents the inspirational stories of four major league players who overcame physical challenges to become professional athletes, including Mordecai "Three Finger" Brown, Ron Santo, Jim Abbott and Curtis Pride. By the author of Red Sox Century. Original. 10,000 first printing. A collection of stories, photos, and memories for those who love the Chicago Cubs' legendary ballpark. Wrigley Field occupies a sacred space in the hearts of Cubs fans and in the soul of Wrigleyville. With contributions from those in the stands, on the field, and behind the scenes over the years—among them Bob Costas, Rick Sutcliffe, Ferguson Jenkins, Steve Stone, and many more—this informal oral history salutes the legacy that has made Wrigley such an unforgettable part of baseball and Chicago for the last century. These one hundred stories reflect the variety of millions of Cubs fans around the world, from those whose relationship with the Friendly Confines has lasted a lifetime to those who are taking their seats up close to the ivy for the very first time. Cheetah cubs play and purr just like kittens. Someday they'll be able to run faster than any other animal in the world. Read along as cheetah cubs leap and grow in this book. The story of a lion cub that struggles with Gender Dysphoria her whole life, hiding and afraid to tell anyone, afraid of rejection and no longer loved by family and friends. She continues to struggle until one day she decides to Roar and Roar loud! A True story, very emotional and heartbreaking at the same time. The Berenstain Bears love teaching their friends new things in this action-packed addition to the classic New York Times bestselling series. Brother Bear and Sister Bear are teaching the younger bears to play T-ball. But it's tough when the cubs don't know the difference between running to home plate and running home! Will Brother Bear and Sister Bear be able to put

together a winning team? The Berenstain Bears Play T-Ball is a Level One I Can Read book, which means it's perfect for children learning to sound out words and sentences. George Altman grew up in the segregated South but was able to participate in the sport at more levels of competition than perhaps anyone else who has ever played the game, from the 1940s to the 1970s. Altman played baseball at all the kids' levels, played college baseball at Tennessee State, played for the Kansas City Monarchs during the waning days of the Negro Leagues, played for the U.S. Army in service competition, played winter league ball in Cuba and Panama, spent nine years with the Chicago Cubs, St. Louis Cardinals and New York Mets, a two-time All-Star outfielder--then played in Japan as a regular All-Star. Altman has seen it all and he offers illuminating observations about teams, fans and the game. Describes the physical characteristics and behavior of lions, as well as some of the threats they face. In the fall of 1908, no one could have guessed that the Chicago Cubs, a team that had dominated the National league three straight years, would for a century be shut out in its efforts to reclaim the world championship. Stars like Frank Chance, Ed Reulbach, and Three Finger Brown were still in their prime, and the Cubs had just emerged the winner in the most remarkable pennant race in history. In the decades since, the achievement of the 1908 Cubs has been overshadowed first by the events of the season, which included the Merkle Game and a playoff that pitted two all-time great pitchers against each other, and more recently by the calendar, as the centennial anniversary of the last Cubs championship closed in. This book rescues the 1908 team from its status as footnote to baseball history, following one of the all-time great clubs on a thrilling, season-long march toward the World Series. I have been caring for bear cubs and yearlings for years now, and I sure have gained an understanding into their

lives as I watch them grow, and develop while focusing my attention to have these bears released back to the wild eventually, where they can live their bear lives out like any other wild bear can. I have a little business and photograph the very bears I care for and observe. -Dawn L. Brown The author presents a month-by-month look at the Chicago Cubs' 1970 baseball season.
