**Salt & Light; The Complete Jesus** Dec 17 2021 What did Jesus do? What did Jesus say? Who was Jesus? Salt & Light; The Complete Jesus is the highly acclaimed and award-winning definitive statement concerning Jesus of Nazareth, history's most compelling figure. The single most important book about the Historical Jesus in the last 30 years, more comprehensive than Josh McDowell's Evidence That Demands a Verdict and more powerful than C.S. Lewis' Mere Christianity. However, even today, there is still general confusion surrounding Jesus: Was (Is) Jesus God? Did Jesus even exist? Did he rise from the dead? What are we to make of the miracles? Is he Peter's Jesus or Paul's Christ? Or both? Is there evidence for Jesus outside the Bible? Should we still believe? If so, believe what? What does ALL the evidence point to? Salt & Light does not shy away from addressing these and other tough questions. For the first time ever, after years of research using the complete body of early Christian literature and recent modern scholarship, including new and exciting discoveries in many areas such as early manuscripts, science, New Testament studies, archaeology, and history, the real Jesus emerges. Dean offers an eminently readable yet powerful portrait of the authentic Jesus full of astonishing facts for both believers and sceptics alike. So come along for an utterly fascinating journey and meet the historical Jesus, learn about his mission, and discover his teaching! **The Lion Led the Way** May 10 2021 Was there a meaningful stellar sign over Bethlehem? What did it look like to someone looking up at the night sky? Did wise men really come from the East seeking Israel's Messiah sometime after the birth of Jesus? The biblical account of the wise men and the star that announced the coming of the Messiah of Israel has inspired and puzzled people for two millennia. Important aspects of Babylonian astronomy seem to be involved in understanding the star's appearing. But in addition, *The Lion Led the Way* also explores the men and events from a profoundly Jewish perspective. The traditional Jewish names of stars and planets, Jewish symbols, as well as Jewish dates, all seem to be keys to unlocking the mystery of the famous star. The star of Bethlehem was not the brightest of the heavenly lights, nor was it the most spectacular starry manifestation of all time. However, it was part of the most meaningful set of celestial events in human history. The God of Israel is surprising. His ways are not our ways; his thoughts are not our thoughts. The star gives us a concrete example of God's intervention in the universe. Book website: [www.star-of-bethlehem.info](http://www.star-of-bethlehem.info)

**The First Arabic Annals** Jun 10 2021 The earliest development of Arabic historical writing remains shrouded in uncertainty until the 9th century CE, when our first extant texts were composed. This book demonstrates a new method, termed *riwʿya-cum-matn*, which allows us to identify citation-markers that securely indicate the quotation of earlier Arabic historical works, proto-books first circulated in the eighth century. As a case study it reconstructs, with an edition and translation, around half of an annalistic history written by al-Layth b. Saʿd in the 740s. In doing so it shows that annalistic history-writing, comparable to contemporary Syriac or Greek models, was a part of the first development of Arabic historiography in the Marwanid period, providing a chronological framework for more ambitious later Abbasid history-writing. Reconstructing the original production-contexts and larger narrative frames of now-atomised quotations not only lets us judge their likely accuracy, but to consider the political and social relations underpinning the first production of authoritative historical knowledge in Islam. It also enables us to assess how Abbasid compilers combined and augmented the base texts from which they constructed their histories.

*Dr. Hand's Mind On* Dec 29 2022 Every once in a while, I get a chance to listen to broadcasts on radio or watch networking on television. And, the more and more I do this, the more and more I get deeply concerned with the quality of so-called religious material presented on such via comments, discussions, lectures, preachings, teachings, etc. Every so often, it is spiritually impressed upon me (I get led) to deal with some of the monumental misunderstandings that menaces the messianic ministry, mission, momentum, motion, motive, and movement. There are two strategies/tactics/ways to deal with this type of teaching and preaching: one is defensive and one is offensive. The offensive tactic/strategy/way to guard against it is to constantly teach and preach against it, thereby exposing it for what it is and minimizing it, if not eliminating it - this is referred to as the sword of the Spirit, which is the word of God; the defensive tactic/strategy/way to guard against it is to block or prevent it from entering your mind by literally putting a spiritual device of some-sort over your mind - this is referred to as the helmet of salvation. The material presented in this book is just a way to help us fight defensively and offensively by first knowing what we need to fight against. As a side note, the state of apostasy of the professing church is the final stage of the religious order just prior to the Rapture, which is phase one of two of our Christ's Second Coming. I strongly admonish and request that each believer in Jesus Christ adopt the same attitude and mentality that the church of Berea adopted in the word of God, especially when it comes to the word of God.

**Creation's Ballet for Jesus** Oct 27 2022 The Stage was built long ago. Now angels, men, stars and planets take their places. The Ballet is about

to begin. This dance is not merely about interesting movements - there is a story to be told. It is not just that Jesus has come to earth, it is about why. With the Bible, the Ballet takes shape. The constellations hang the backdrops. The festivals of the Jewish year give the troupe its depth. Gestation, Circumcision, Purification and the "Blood Moon" add dramatic emphasis at key points. At Creation, the Morning Stars sang, but when Jesus "tents" among us, they dance an exquisite Ballet. Guided by the Dance above them, based upon roots laid centuries before, the Magi make their journey in faith.

*Chronology of the Old Testament* Jan 18 2022 Book and CD-ROM. The 'Chronology of the Old Testament' has one goal to accomplish: to demonstrate that every chronological statement contained in the Sacred Writ is consistent with all other chronological statements contained therein. The author carefully and thoroughly investigates the chronological and mathematical facts of the Old Testament, proving them to be accurate and reliable. This biblically sound, scholarly, and easy-to-understand book will enlighten and astound its readers with solutions and alternatives to many questions Bible scholars have had over the centuries. Were there 66, 70, or 75 'souls' in Egypt when Jacob arrived? Were the Hebrews in Egypt for 430 years, or a shorter length of time? How long did Jacob have to wait before marrying the first of Laban's daughters, and how long did he wait for the second? What year was Christ born? With reliable explanatory text, charts, and diagrams, this book provides a systematic framework of the chronology of the Bible from Genesis through the life of Christ. Wall-sized chronological charts included on CD-ROM.

The Indian Calendar With Tables Of The Conversion Of Hindu And Muhammadan Into A .D. Dates & Vice Versa Feb 28 2023 The Practical difficulties in calculating dates mentioned in inscriptions or in the colophons to manuscripts are considerable. Among the books offering help to historians and editors alike, in the works of R. Sewell stand out as excellent introductions to this intricate subject. The book reprinted here was first published in 1897. However, in spite of its age, The Indian Calendar has retained its usefulness for the benefit of scholars working on the chronology of Ancient India.

**The Mathematics of the Calendar** Jun 30 2020 This book will explain the mathematical details behind the Jewish calendar and Easter calculation with a mathematical proposal to fix the Jewish Calendar from an actuary. In addition, we will explore the mathematics behind the Mayan calendar, Islamic calendar, and our everyday calendar, the Gregorian calendar. First, I will demonstrate how the Jewish calendar works, and how to convert dates between the Jewish calendar to the Gregorian/Julian calendar. I will then explain the Easter calculation and demonstrate how to use the methods from the Easter calculation to fix the Jewish calendar so that the Jewish calendar stays consistent with the solar cycle. In 1582, there were two competing proposals to reform the Julian calendar. I will explain the mathematics behind the two proposals. I will explain the proposal that placed Washington, DC on the 77th meridian.

Chinese Lunar Calendar-Gregorian Calendar Conversion Tables Jan 06 2021 The traditional Chinese Lunar Calendar has connections to the Five Elements of ancient China: Wood, Fire, Earth, Metal and Water which in turn have given their names to the Five Planets: Jupiter, Mars, Saturn, Venus and Mercury. The Five Elements are also related to the Five Directions: East, South, Centre, West and North as well as to the Four Seasons plus the Change of Seasons. Consequently tables explaining these have been included. The 5 Elements combine with the sun and moon to give us the 7 days of the week which are still used in Japan. The 24 Solar Terms, which divide the year into 24 periods of about 15 days, are another feature of the traditional Chinese calendar. They mark the summer and winter solstices, the spring and autumn equinoxes as well as the beginnings of the seasons. These are essential for deciding on times for planting and harvesting of crops and the 12 major Solar Terms are closely related to the 12 signs of the Western Zodiac. The 12 Earthly Branches represented by 12 animals give us a 12 year period and, when they are combined with the 10 Heavenly Stems, they give us the 60 year cycle of the traditional Chinese calendar. Tables related to all of these have been included as well as 40 pages of conversion tables from the Chinese Lunar calendar to the Gregorian calendar from 1804/1805 to 2100. Readers can easily and accurately find out the Chinese year and animal of their birth as well as the birth details of their parents and grandparents. These tables are also a useful tool for looking at Chinese history. For example the Xin Hai Revolution, which ended the rule of China's emperors, occurred during the year Xin Hai between 30 Jan 1911 and 17 Feb 1912. The charts show how Xin Hai is composed of Heavenly Stem Xin and Earthly Branch Hai. Fortune telling is another function of the traditional calendar and a 13 page table related to fortune telling in marriage, derived from a wall chart in the Wan Shou Eight Immortals Temple in Xi'an, is also included.
