ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME • NEW YORK TIMES BESTSELLER A modern-day classic from Newbery Medalist Jerry Spinelli, this beloved celebration of individuality is now an original movie on Disney+! And don't miss the author's highly anticipated new novel, *Dead Wednesday!* *Stargirl*. From the day she arrives at quiet Mica High in a burst of color and sound, the hallways hum with the murmur of "Stargirl, Stargirl." She captures Leo Borlock's heart with just one smile. She sparks a school-spirit revolution with

just one cheer. The students of Mica High are enchanted. At first. Then they turn on her. Stargirl is suddenly shunned for everything that makes her different, and Leo, panicked and desperate with love, urges her to become the very thing that can destroy her: normal. In this celebration of nonconformity, Newbery Medalist Jerry Spinelli weaves a tense, emotional tale about the perils of popularity and the thrill and inspiration of first love. Don't miss the sequel, *Love, Stargirl*, as well as *The Warden's Daughter*, a novel about another girl who can't help but stand out. "Spinelli is a poet of the prepubescent. . . . No writer guides his young

characters, and his readers, past these pitfalls and challenges and toward their futures with more compassion." —The New York Times Américas Award Winner "An achingly beautiful story." —Kirkus (starred review) "Eloquent." —Booklist (starred review) "Lovely and lyrical." —School Library Journal This powerful and resonant Américas Award-winning novel tells the story of a young girl's struggle to find her place in the world and to become a writer in a country where words are feared. Seamlessly interweaving both poetry and prose, Lynn Joseph's acclaimed debut is a lush and lyrical journey into a

landscape and culture of the Dominican Republic. *The Color of My Words* explores the pain and poetry of discovering what it means to be part of a family, what it takes to find your voice and the means for it to be heard, and how it feels to write it all down. From the New York Times bestselling author of *Parable of the Sower* and MacArthur "Genius" Grant, Nebula, and Hugo award winner The visionary time-travel classic whose Black female hero is pulled through time to face the horrors of American slavery and explores the impacts of racism, sexism, and white supremacy then and now. "I lost an arm on my last trip home. My left arm." Dana's

torment begins when she suddenly vanishes on her 26th birthday from California, 1976, and is dragged through time to antebellum Maryland to rescue a boy named Rufus, heir to a slaveowner's plantation. She soon realizes the purpose of her summons to the past: protect Rufus to ensure his assault of her Black ancestor so that she may one day be born. As she endures the traumas of slavery and the soul-crushing normalization of savagery, Dana fights to keep her autonomy and return to the present. Blazing the trail for neo-slavery narratives like Colson Whitehead's *The Underground Railroad* and Ta-Nehisi Coates's *The Water*

Dancer, Butler takes one of speculative fiction's oldest tropes and infuses it with lasting depth and power. Dana not only experiences the cruelties of slavery on her skin but also grimly learns to accept it as a condition of her own existence in the present. "Where stories about American slavery are often gratuitous, reducing its horror to explicit violence and brutality, *Kindred* is controlled and precise" (*New York Times*). "Reading Octavia Butler taught me to dream big, and I think it's absolutely necessary that everybody have that freedom and that willingness to dream." —N. K. Jemisin Developed for television by writer/executive

producer Branden Jacobs-Jenkins (*Watchmen*), executive producers also include Joe Weisberg and Joel Fields (*The Americans*, *The Patient*), and Darren Aronofsky (*The Whale*). In the United States, some populations suffer from far greater disparities in health than others. Those disparities are caused not only by fundamental differences in health status across segments of the population, but also because of inequities in factors that impact health status, so-called determinants of health.

Only part of an individual's health status depends on his or her behavior and choice; community-wide problems like poverty, unemployment, poor education, inadequate housing, poor public transportation, interpersonal violence, and decaying neighborhoods also contribute to health inequities, as well as the historic and ongoing interplay of structures, policies, and norms that shape lives. When these factors are not optimal in a community, it does not mean they are intractable: such inequities can be mitigated by social policies that can shape health in powerful ways. Communities in Action: Pathways to Health Equity seeks to delineate the

causes of and the solutions to health inequities in the United States. This report focuses on what communities can do to promote health equity, what actions are needed by the many and varied stakeholders that are part of communities or support them, as well as the root causes and structural barriers that need to be overcome. Never to be looked upon. Never to be spoken to. Never to experience pleasure. And a soul. And

longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom... And as the shadow of those cursed draws closer, the line between what is forbidden and what is right becomes blurred. Poppy is not only on the verge of losing her heart and being found

Ten-year-old Ada has never left her one-room apartment. Her mother is too humiliated by Ada's twisted foot to let her outside. So when her little brother Jamie is shipped out of London to escape the war, Ada

doesn't waste a minute—she sneaks out to join him. So begins a new adventure for Ada, and for Susan Smith, the woman who is forced to take the two kids in. As Ada teaches herself to ride a pony, learns to read, and watches for German spies, she begins to trust Susan—and Susan begins to love Ada and Jamie. But in the end, will their bond be enough to hold them together through wartime? Or will Ada and her brother fall back into the cruel hands of their mother?

When Betty Friedan produced *The Feminine Mystique* in 1963, she could not have realized how the discovery and debate of her contemporaries' general malaise would shake up society. Victims of a false belief system, these women were following strict social convention by loyally conforming to the pretty image

of the magazines, and found themselves forced to seek meaning in their lives only through a family and a home. Friedan's controversial book about these women - and every woman - would ultimately set Second Wave feminism in motion and begin the battle for equality. This groundbreaking and life-changing work remains just as powerful, important and true as it was forty-five years ago, and is essential reading both as a historical document and as a study of women living in a man's world. 'One of the most influential nonfiction books of the twentieth century.' New York Times 'Feminism began with the work of a single person: Friedan.' Nicholas

Neil Josten is the newest addition to the Palmetto State University Exy team. Signing a contract with the PSU Foxes is the last thing a guy like Neil should do. The team is high profile and he doesn't need sports crews broadcasting pictures of his face around the nation. His lies will hold up only so long under this kind of scrutiny and the

truth will get him killed. But Neil's not the only one with secrets on the team. One of Neil's new teammates is a friend from his old life, and Neil can't walk away from him a second time. Neil has survived the last eight years by running. Maybe he's finally found someone and something worth fighting for. A wry, unvarnished chronicle of a career in the rare book trade during its last Golden Age. When Gary Goodman wandered into a run-down, used-book shop that was going out of business in East St. Paul in 1982, he had no idea the visit would change his life. He walked in as a psychiatric counselor and walked out as the store's new owner. In *The Last Bookseller* Goodman describes his sometimes desperate, sometimes hilarious career as a used and rare book dealer in Minnesota—the early

struggles, the travels to estate sales and book fairs, the remarkable finds, and the bibliophiles, forgers, book thieves, and book hoarders he met along the way. Here we meet the infamous St. Paul Book Bandit, Stephen Blumberg, who stole 24,000 rare books worth more than fifty million dollars; John Jenkins, the Texas rare book dealer who (probably) was murdered while standing in the middle of the Colorado River; and the eccentric Melvin

McCosh, who filled his dilapidated Lake Minnetonka mansion with half a million books. In 1990, with a couple of partners, Goodman opened St. Croix Antiquarian Books in Stillwater, one of the Twin Cities region's most venerable bookshops until it closed in 2017. This store became so successful and inspired so many other booksellers to move to town that Richard Booth, founder of the "book town" movement in Hay-on-Wye in Wales, declared Stillwater the First Book Town in North

America. The internet changed the book business forever, and Goodman details how, after 2000, the internet made stores like his obsolete. In the 1990s, the Twin Cities had nearly fifty secondhand bookshops; today, there are fewer than ten. As both a memoir and a history of booksellers and book scouts, criminals and collectors, *The Last Bookseller* offers an ultimately poignant account of the used and rare book business during its final Golden Age.
