Graded Lessons in English for Italians Oct 09 2020

Vivaldi Feb 10 2021 Since 1978, the 300th anniversary of Vivaldi's death, there has been an explosion of serious writing about his music,

life and times. Much of this has taken the form of articles published in academic journals or conference proceedings, some of which are not easy to obtain. The twenty-two articles selected by Michael Talbot for this volume form a representative selection of the best writing on Vivaldi from the last 30 years, featuring such major figures in Vivaldi research as Reinhard Strohm, Paul Everett, Gastone Vio and Federico Maria Sardelli. Aspects covered include biography, Venetian cultural history, manuscript studies, genre studies and musical analysis. The intention is to serve as a 'first port of call' for those wishing to learn more about Vivaldi or to refresh their existing knowledge. An introduction by Michael Talbot reviews the state of Vivaldi scholarship past and present and comments on the significance of the articles. [Archivio Glottologico Italiano](#) Apr 02 2020

APM - Archeologia Postmedievale, 18, 2014 - Archeologia dei relitti postmedievali / Archaeology of Post-Medieval Shipwrecks Nov 21 2021 *Archeologia dei relitti postmedievali / Archaeology of Post-Medieval Shipwrecks*, a cura di Carlo Beltrame Il volume, che raccoglie undici contributi di archeologi marittimi di molti paesi, ha l'obiettivo di accendere i riflettori sulle enormi potenzialità dei relitti di età storica, mettendo a confronto, da un lato, approcci diversi (di ambito mediterraneo ma anche statunitense, australiano e nord europeo), dall'altro, contesti archeologici con caratteristiche altrettanto diverse per l'ambiente di giacitura e per l'impiego civile o militare dell'imbarcazione. Gli studi, diacronici ma incentrati sul Cinquecento e sull'Ottocento, coprono le varie sfaccettature dell'indagine storica dei relitti di età postmedievale quali la costruzione navale, il commercio e la vita di bordo, ma anche aspetti di tipo squisitamente metodologico quali l'archeologia sperimentale navale. Si tratta di una novità assoluta per l'editoria scientifica italiana in cui questo particolare, ma molto promettente, ambito della ricerca archeologica non aveva ancora trovato adeguato spazio.

Deliciae Fictiles V. Networks and Workshops Dec 11 2020

Temples are the most prestigious buildings in the urban landscape of ancient Italy, emerging within a network of centres of the then-known Mediterranean world. Notwithstanding the fragmentary condition of the buildings[] remains, these monuments [] and especially their richly decorated roofs [] are crucial sources of information on the constitution of political, social and craft identities, acting as agents in displaying the meaning of images. The subject of this volume is thematic and includes material from the Eastern Mediterranean

(including Greece and Turkey). Contributors discuss the network between patron elites and specialized craft communities that were responsible for the sophisticated terracotta decoration of temples in Italy between 600 and 100 BC, focusing on the mobility of craft people and craft traditions and techniques, asking how images, iconographies, practices and materials can be used to explain the organization of ancient production, distribution and consumption. Special attention has been given to relations with the Eastern Mediterranean (Greece and Anatolia). Investigating craft communities, workshop organizations and networks has never been thoroughly undertaken for this period and region, nor for this exceptionally rich category of materials, or for the craftspeople producing the architectural terracottas. Papers in this volume aim to improve our understanding of roof production and construction in this period, to reveal relationships between main production centres, and to study the possible influences of immigrant craftspeople.

[Ancient Greek Linguistics](#) Apr 14 2021 The volume assembles about 50 contributions presented at the Intenational Colloquium on Ancient Greek Linguistics, held in Rome, March 2015. This Colloquium opened a new series of international conferences that has replaced previous national meetings on this subject. They embrace essential topics of Ancient Greek Linguistics with different theoretical and methodological approaches: particles and their functional uses; phonology; tense, aspect, modality; syntax and thematic roles; lexicon and onomastics; Greek and other languages; speech acts and pragmatics.

Empress Marie Therese and Music at the Viennese Court, 1792-1807 Jul 30 2022

This is a study of the musical activities of Empress Marie Therese, one of the most important patrons in the Vienna of Haydn and Beethoven. Building on extensive archival research, including many documents published here for the first time, John A. Rice describes Marie Therese's activities as commissioner, collector and performer of music, and explores the rich and diverse musical culture that she fostered at court. This book, which will be of interest to musicologists, historians of artistic patronage and taste, and practitioners of women's studies, elucidates this remarkable woman's relations with a host of professional musicians, including Haydn, and argues that she played a significant and hitherto unsuspected role in the inception of one of the era's greatest masterpieces, Beethoven's *Fidelio*. Other composers discussed include Domenico Cimarosa, Joseph Eybler, Michael Haydn, Johann Simon Mayr, Ferdinando Paer, Antonio Salieri, Joseph Weigl and Paul Wranitzky.

Portraying Cicero in Literature, Culture, and Politics Aug 31 2022 Cicero has played a pivotal role in shaping Western culture. His public persona, his self-portrait as model of Roman prose, philosopher, and statesman, has exerted a durable and profound impact on the educational system and the formation of the ruling class over the centuries. Joining up with recent studies on the reception of Cicero, this volume approaches the figure of Cicero from a 'biographical', more than 'philological', perspective and considers the multiple ways by which different ages reacted to Cicero and created their 'Ciceros'. From Cicero's lifetime to our times, it focuses on how the image of Cicero was revisited and reworked by intellectuals and men of culture, who eulogized his outstanding oratorical and political virtues but, not rarely, questioned the role he had in Roman politics and society. An international group of scholars elaborates on the figure of Cicero, shedding fresh light on his reception in late antiquity, Humanism and Renaissance, Enlightenment and modern centuries. Historians, literary scholars and philosophers, as well as graduate students, will certainly profit from this volume, which contributes enormously to our understanding of the influence of Cicero on Western culture over the times.

Carmina Latina Epigraphica - Developments, Dynamics, Preferences Dec 23 2021 Zeitliche und regionale Entwicklungen ebenso wie offensichtliche Präferenzen von antiken Verfassern und Auftraggebern prägen die enorme Vielfalt der Carmina Latina Epigraphica. In der römischen Republik und Kaiserzeit dominieren Grabinschriften in Versmaß, seit der Spätantike werden offensichtlich auch andere Textgruppen zunehmend attraktiver. In Republik und Spätantike waren solche eingeschriebenen Gedichte mit oder ohne Prosa-Rahmung eher ein Elitenphänomen, wohingegen die Epigramme in der Kaiserzeit eine populäre Textgruppe für breite Bevölkerungsschichten waren. Im Band werden verschiedene Aspekte von Text-Entwicklungen durch die Jahrhunderte ebenso untersucht wie regionale Veränderungen und Wechselwirkungen von Texten und

ihren Objektträgern. Oft genug lassen sich aber einzelne dieser Gedichte der Einordnung in vermeintlich regionale und zeitlich vorherrschende ‚epigraphic habits‘ nicht einordnen. Auch für solch singuläre, sehr individuell gestaltete Inschriften werden mögliche Kontextualisierung aufgezeigt, vor allem durch Verbindungen zu anderen Textgattungen und Traditionen. Mit diesem Band wird daher das die Editionen und Analysen zumeist dominierende regionale Prinzip für die Carmina Latina Epigraphica auf die Probe gestellt. *Dizionario Italiano, Ed Inglese* Apr 26 2022

All'ombra dei Lumi: Jacques-André Naigeon philosophe Jun 16 2021 [Italiano]: Il presente lavoro costituisce una biografia intellettuale di Jacques-André Naigeon (1735-1810), importante figura del secolo dei Lumi francese. Biografo e primo editore di Diderot, Naigeon fu testimone privilegiato delle innumerevoli vicende politiche, sociali e culturali che sconvolsero la società francese. Ateo convinto, editore infaticabile, fine conoscitore della letteratura clandestina, il giovane Naigeon fece in tempo a collaborare agli ultimi volumi dell'Encyclopédie e a partecipare, con il barone d'Holbach, alla propagazione di numerosi scritti eterodossi, materialisti e ferocemente anti-clericali; dopo la Rivoluzione - la quale lo spinse alla riflessione ma non ad un'attività politica propriamente detta - fu integrato nella cultura "ufficiale" tramite l'elezione presso l'Institut de France: ma nonostante alcuni lavori editoriali di grande pregio, Naigeon resterà esclusivamente la testimonianza vivente di una stagione culturale ormai irripetibile. /[English]: This work aims at being an intellectual biography of Jacques-André Naigeon (1735-1810), an important figure of French Enlightenment. Not only was he very close to Diderot - of whom he was biographer and editor - but he was also a privileged witness of the countless political, social and cultural events that led to the French Revolution. Besides being a convinced atheist, a tireless publisher, a fine connoisseur of Clandestine literature, Naigeon had the opportunity to collaborate in writing the last volumes of the Encyclopédie and to participate in the propagation of heterodox, materialistic and fiercely anti-clerical writings. After the Revolution - at the beginning of which he tried in vain to make himself heard by the Assemblée Nationale - he was then integrated into the "official" culture through the election at the Institut de France: however, even if he is the author of some prestigious works, Naigeon remains exclusively the living testimony of a now unrepeatable cultural season. *Supplemento al volume ... serie ... del Nuovo cimento* Jun 04 2020

Traditions of Theology Jul 06 2020 Articles in this volume, originally presented at the 1998 Symposium Hellenisticum in Lille, discuss theological questions that were central to the doctrines of the dominant schools in the Hellenistic age, such as the existence of the

gods, their nature, and their concern for humankind.

Hermeneutic philosophy and Plato Mar 02 2020 This volume of new essays by an international group of scholars examines the response of Hans-Georg Gadamer to Plato, especially to the Philebus. The book studies Gadamer's interpretative approach to the dialogues and unwritten doctrines of Plato. It also shows how, for Gadamer, reading Plato was intimately interconnected with formulating his own philosophical views. The volume also brings out how Gadamer influenced Donald Davidson in his reading of Plato and his philosophical thought. The volume thus explores a fascinating case-study of the creative reception of Plato by two major twentieth-century philosophers, Gadamer and Davidson, while also clarifying Gadamer's relationship to Heidegger. It will be of interest to scholars and students of Plato, especially on the Philebus, and also to scholars of twentieth-century thought.
